MISSION STATEMENT
Grand Canyon University is a student focused institution that provides an academically challenging education in a Christian community for students from diverse backgrounds who live in a constantly changing world.

PURPOSE STATEMENT
As a private Christian Liberal Arts institution of higher education, Grand Canyon University is student focused. The University environment promotes student development intellectually, spiritually, socially, and physically. Further, it encourages exploration of leadership, vocational, and interpersonal skills. Grand Canyon University is committed to developing lifelong learners and helps all of its students reach their full potential.

Grand Canyon University offers an academically challenging curriculum at both the undergraduate and graduate levels. With its undergraduate curriculum founded on a strong core of liberal arts and sciences, Grand Canyon University provides both traditional and innovative programs that will lead today’s students to think critically, solve problems, communicate effectively, and acquire an understanding and appreciation of their own and other cultures and times. Grand Canyon University also provides graduate, professional, and continuing studies programs designed to meet the needs of students who have identified career or personal objectives requiring an advanced or specialized course of study ranging from one class to an entire degree.

Grand Canyon University is a Christian community which values the integration of faith into learning and contemporary living. The institution helps students to develop values basic for spiritual fulfillment, wholesome personal growth, and service to the larger community. The institution also serves the larger community by reaching out to meet the needs of those who wish to complete a degree or pursue graduate or professional coursework through its off-campus and distance-learning programs.

In valuing the uniqueness of each individual, Grand Canyon University welcomes students of diverse backgrounds from across the United States and around the world regardless of sex, religion, age, race, physical handicap, or national origin.

FOUNDATIONAL STATEMENT
Grand Canyon University prepares students to live, learn, and remain relevant to options in a changing world. Its programs are based upon the following assumptions:

1. Students enter higher education with individual worldviews. The essence of a strong educational program encourages inquiry and an exploration of conflicting views with fairness and integrity.
2. Students have individual goals and abilities. Some students anticipate acquiring broad, generalized competencies, while others wish to prepare for specialized professional careers or advanced study. Part of the educational process is to assist students in selecting goals that best suit their abilities.

3. Education is an active process; students are expected to participate in all phases. Active participation increases the likelihood that students will develop the joy of learning and appreciate the intrinsic value of lifelong learning habits which are essential in today's rapidly changing society. This process of developing lifelong learning habits allows changes in vocational direction as interests and commitments change or as situations demand.

4. Higher education includes both exposure to the wide range of human knowledge and endeavors as well as exploration of at least one field of study. The foundation provided by the breadth of a Christian liberal arts education encourages the integration of diverse life experiences. The selection of a particular major allows students the opportunity to learn how to acquire new knowledge through in-depth study and research.

5. The University's full-time faculty and staff have a professed personal relationship with Jesus Christ. They have a faith orientation congruent with the mission of the University and live out their faith in service to the student, University, and global community.

6. Faculty who teach at Grand Canyon University continue their own professional growth through scholarly activity, frequently involving students in their endeavors.

7. The educational experience promotes consistent and personal evaluation that leads to maturity. Some of the most significant personal growth occurs through student interaction with faculty and staff who serve as mentors and role models for students.

ACCREDITATION
The University is accredited by the Commission on Institutions of Higher Education, North Central Association of Colleges and Schools, 30 North LaSalle Street, Suite 2400, Chicago, Illinois 60602-2504, (312) 263-0456, (800) 621-7440.

The Association of Collegiate Business Schools and Programs, 7007 College Boulevard, Suite 420, Overland Park, Kansas 66211, (913) 339-9336, accredits the University for the Bachelor of Business Administration and Master of Business Administration degrees.

The Arizona State Department of Education has given formal approval of the work done at the University for the certification of elementary and secondary teachers and for the renewal of certificates.

The National League for Nursing, 61 B. Broadway, New York, New York 10006, (212) 363-5555, and the Arizona State Board of Nursing accredit the University for the Bachelor of Science in Nursing degree.

The University is a member of the Association of Southern Baptist Colleges and the Coalition for Christian Colleges and Universities.

By authorization from the Immigration and Naturalization Service of the Department of Justice, non-immigrant alien students may apply for admission to the University.

HISTORICAL SKETCH
Grand Canyon College was born in the wake of World War II — the realization of a dream long held dear by the tiny congregations of Southern Baptists that called the Arizona mission frontier their home.

Determined to quench the postwar thirst for education with Living Water, as well as a strong draught of academics, the Baptist General Convention of Arizona in the fall of 1946 voted to organize a college. A few months later, the Convention selected the first trustees for the school, who soon secured an abandoned army building in Prescott, Arizona as Grand Canyon's first campus.

The College was chartered on August 1, 1949, and set sail a few weeks later with 16 faculty and approximately 100 students, many of them veterans.

Two years later, the College moved to Phoenix, putting down roots and putting up its first permanent buildings on a 90 acre tract in west Phoenix. Grand Canyon was fully accredited in 1968, by the Commission on Institutions of Higher Education, North Central Association of Colleges and Schools, 30 North LaSalle Street, Suite 2400, Chicago, Illinois 60602-2504, (312) 263-0456, (800) 621-7440.

The College was first considered primarily a school for preachers, but that reputation expanded rapidly. Grand Canyon University early on became famous for its teacher education program, and soon developed outstanding programs in the sciences, nursing, business, music, and the arts while maintaining its excellence in Christian studies.

During the planning for the change in institutional organization and status from "Grand Canyon College" to "Grand Canyon University," the institution identified several landmark events which had been and would be pivotal during this transition. These included, but were not limited to, the organization of programs and departments into multiple colleges, the offering of graduate degree programs, the formation of the Grand Canyon University Foundation which coordinates the fundraising activities of the University, and the generosity of several individuals who pledged or gave unrestricted gifts valued at one million dollars or more to launch the University into the next decade and century.

The Grand Canyon University Foundation was formed in 1983 and subsequently received several gifts of more than one million dollars which led to the following individuals being named as University Founders:

Drs. Jerry and Sarah Smither
Dr. and Mrs. Gary J. and Donna Torbjorn
Dr. Buddy Bell
Dr. Joni Hegel

Bill R. Williams, 1978-present

GOVERNING BODY
The University is governed by a board of trustees elected by the Arizona Southern Baptist Convention.

Faculty
Grand Canyon University, as a private Christian university, selects its instructional staff to fulfill its mission, with an emphasis being placed upon character, academic competence, teaching ability, and willingness to support the institution's mission and programs. The University, under the direction of its Board of Trustees, makes decisions regarding retention and promotion of its faculty based on the areas described above and the faculty member's evident congruence with the philosophy and direction of the institution. Evidences of character include dynamic Christian living, active participation in and financial support of church affairs, maintenance of high standards of accomplishment for themselves and their students, and punctuality and dependability in meeting their responsibilities. Evidences of academic competence include acquiring advanced degrees, contributing to their fields of specialization, and displaying professional habits of study and research. Teaching ability is determined by a process which includes student, peer, and administrative evaluations. The Faculty Handbook outlines the faculty evaluation process in detail.

Alumni Association
The Alumni Association of Grand Canyon University was organized in the spring of 1953, when the first four-year class graduated. The constitution, adopted in 1955, provides for membership of graduates and those former students who have completed a minimum of 32 semester hours in residence.

UNIVERSITY CAMPUS

General Information
The University is located in the central northwest area of Phoenix, the capital city of Arizona. Phoenix is near the geographical center of the state and is a thriving industrial and agricultural city with a population of over 2.3 million in the metropolitan area. Located near places of interest such as the Grand Canyon, the Petrified Forest, Montezuma's Castle, Oak Creek Canyon, Walnut Canyon, and the Superstition Mountains, Phoenix is one of the notable winter resorts of America.
The University is thankful to the following donors for their significant contributions:
• Dave Brazel Stadium
  David and Mildred Brazel
• The Cooke Health Center
• Alumni Association
• Ethington Memorial Theatre
  Peter and Anna Ethington
• Fleming Classroom Building and Library
  Mr. and Mrs. William Fleming
• Samaritan College of Nursing
  Samaritan Foundation
• Tim Salmon Baseball Clubhouse
  Tim and Marcel Samon

• Smith Arts Complex
  C.J. and Thelma Smith
• Smitye-Parker Building
  Jerry and Sarah Smitye
  along with Bill and Joyce Parker
• Tell Science Building
  Mr. and Mrs. Andrew P. Tell

Academic Facilities
Grand Canyon University consists of 33 buildings on a 90-acre campus. The campus features the Fleming Library with holdings of 117,000 books, government documents, and audio visual materials. The library has 1,174 continuing periodical and newspaper subscriptions, is a member of the OCLC network, and is a Federal Depository. There are 18 computers for student use, 15 of which provide access to the internet. The library offers access to both CD-ROM and on-line research as well as Inter-library Loan.

The majority of classes are held in the Fleming Classroom Building, with additional classes held in the Weidenaar Classroom Building, Wallace Building, and College of Business. Ethington Memorial Theatre sets the perfect stage for drama and other productions, with more than 300 seats. The C.J. and Thelma Smith Arts Complex houses the A.P. Tell Gallery and other tailored creative spaces. The Tell Science Building and Samaritan College of Nursing are both equipped with state-of-the-art laboratory, computer, multi-media, and clinical learning spaces.

Grand Canyon University features two micro-computer laboratories utilizing IBM-compatible personal computers and a separate Macintosh laboratory.

University Publications
The Grand Canyon University Catalog is published by the University. Class Bulletins are published for the Fall and Spring semesters and the Summer sessions.

The Edge and the Canyon Alumnus are published by the University for the purpose of presenting the activities of alumni, faculty, staff members, and students; improvements and additions to the campus; and other items of interest to schools, libraries, churches, alumni, parents of students, and other friends of the University.

Student Handbook/University Calendar is published annually by the Office of Student Life and provides information, rules, policies, procedures, and a monthly calendar of campus events.

Every attempt is made to provide accurate and complete information at the time of each publication's printing. However, the University may change the requirements, programs, courses, and policies/procedures at its sole discretion. (The University has no right to change policies/procedures of another organization for which it is merely acting as an agent.)

University Seal

When the Grand Canyon College seal was adopted in 1950, two of its major components were the cross and the cactus. The saguaro cactus rises from its desert setting to signify the intellectual opportunity for Grand Canyon University students, counteracting the arid mental state of uneducated man. The cross stands prominently on the horizon as a
guide for spiritual enlightenment. Between the outer circle representing the earth and the inner circle representing the wheel of progress, the name of the University and its location are inscribed. The use of the seal is permitted only with approval of the President of the University.

University Mascot

![Lopes]

The University mascot is the antelope. Antelopes were native to the region surrounding Prescott, Arizona, near the college's first campus. The mascot reminds us of our heritage, and humble beginnings.

ADMISSION POLICIES AND PROCEDURES

General Statement

Grand Canyon University welcomes applications from qualified students at least 16 years of age with the potential to benefit from our educational programs and to contribute to the University community. Although the University seeks to integrate Christian faith and practice into all aspects of campus life, no statement of faith or religious affiliation is required of prospective students. Applications for admission are considered primarily in light of the applicant's academic and personal qualifications. Grand Canyon University does not discriminate on the basis of age, race, color, national origin, sex, or handicap in its programs and activities. The following person has been designated to handle inquiries regarding the non-discrimination policies: Legal Advisor, 3300 West Camelback Road, Phoenix, Arizona 85017, (602) 249-3300. Any qualified student willing to uphold the University's community standards and open to the possibility of spiritual as well as intellectual development is encouraged to apply.

Campus Visits

Students interested in attending Grand Canyon University are strongly encouraged to visit our campus. Campus visits are arranged through the Office of Admission, and can be tailored to suit students' individual needs. Visits may include a campus tour, admission counseling, appointments with faculty members, and opportunities to sit in on classes or attend chapel services. If possible, students should contact the Office of Admission at least one week in advance of the date they plan to be on campus, particularly if they wish to arrange an evening or weekend visit. Campus tours are conducted daily, Monday - Friday at 10:30 a.m. and 2:30 p.m. and Saturday at 10:30 a.m. (MST).

Student Orientation and Registration (SOAR)

All new incoming students have the opportunity to participate in a program to orient them to campus life, provide consultation on financial aid and money management, and facilitate their academic advancement. As a part of the SOAR program (Student Orientation and Registration), students are also able to pre-register for Spring, Summer, and Fall courses and reserve their class schedules prior to traditional walk-through registration for those terms. Students accepted on Admission with Specification are required to attend the SOAR program.

For SOAR reservation deadlines, costs, and additional information, please contact the Office of Admission. Students who choose not to take advantage of the SOAR program may register during traditional walk-through registration for the appropriate term.

General Information

Grand Canyon University operates on a rolling admission system. This means that applicants generally receive an admission decision within two weeks after all required documents are on file in the Office of Admission. Applications are accepted according to the following schedule:

- If you plan to enter Fall semester then apply September 1 - August 15
- Spring semester August 1 - January 1
- Summer session August 1 - May 1

If prospective students are in high school, they may apply for admission the summer preceding their senior year, after they have successfully completed six semesters of high school work. If they wish to transfer from another college or university, they should apply at the beginning of their final semester of attendance there. In any case, it is to their advantage to apply as early as possible. Applications for financial aid and housing cannot be completely processed, and transcripts will not be evaluated, until prospective students have applied for admission.

Undergraduate students may seek admission to the University under the following categories:
- New Freshmen or Transfer — students who wish to enter Grand Canyon University after completing high school or who plan to transfer from another college or university;
- Early Admission Program — exceptional students who wish to begin college while still in high school;
- Unclassified — non-degree-bound students planning to enroll in courses for personal enrichment or to meet other specific needs;
- Re-Admit — students previously enrolled at Grand Canyon University who have not maintained continuous attendance.

Admission requirements and application procedures for students in each category are outlined below.

International students should refer to the section entitled "International Student Admission" for specific policies and procedures which apply to them.

Important! Prospective students should be aware that acceptance for admission to Grand Canyon University does not guarantee admission to particular programs within the University. They should refer to the catalog sections describing programs in which they are interested to determine if there are specific entrance requirements for those programs in addition to the general University admission requirements.
Standards for Admission

1. FRESHMAN STUDENT
Under this classification, a high school student may be accepted for admission by meeting one of the four criteria stated below:

1. Rank in the top quarter (25%) of his or her graduating class, or
2. Have a GPA for all academic subjects of at least a 3.00 on a 4.00 scale, or
3. Score a composite of 22 on the ACT, or
4. Score a composite of 1050 on the SAT.

IN ADDITION, it is usually necessary that the student satisfactorily complete basic competency requirements; however, admission may be granted to new freshmen with one deficiency in no more than two competency areas. The competency requirements may be met by a combination of high school courses, college courses, and test scores:

- English: 4 years
- Mathematics: 3 years
- Lab science: 2 years
- Social science: 2 years

A minimum GPA of 3.00 on a 4.00 scale must be earned in the four competency areas.

English:
1. Four years of high school English (composition/literature-based), or
2. Minimum test score of 21 on the ACT English or 530 on the SAT Verbal,
3. One three-semester-hour transferable college English composition course.

(Mathematics:
1. Three years of high school mathematics courses: two years of algebra and one year of a math course that requires algebra as a prerequisite, or
2. Minimum test score of 20 on the ACT Math or 520 on the SAT Math,
3. Two transferable three-semester-hour college pre-algebra courses, or one transferable three-semester-hour college algebra course.

Laboratory Science:
1. Two years high school laboratory science; one year each from two of the following: biology, chemistry, earth science, or physics, or
2. One year high school laboratory science (biology, chemistry, earth science, or physics) plus minimum test score on one of the following: SAT II Chemistry Test - 630, SAT II Biology Test - 580, SAT II Physics Test - 650, ACT Science - 20, or
3. One transferable four-semester-hour college laboratory science course.

Social Science:
The student must meet one requirement from Section A and one requirement from Section B.
Section A:
1. One year high school American history, or
2. Minimum test score of 610 on the SAT II American History Test, or
3. One transferable three-semester-hour college American history course.
Section B:
1. One year of high school social science (European history, world history, sociology, geography, government, psychology, or anthropology), or
2. Minimum score of 630 on the SAT II World History Test, or
3. One transferable three-semester-hour college social science course.

Early Admission
A high school student with an outstanding academic record may apply for early admission to Grand Canyon University with the permission of his or her high school principal or counselor. Such a student may begin taking courses at the University during the summer preceding his or her senior year. Credit earned in this way may later be applied toward a degree program at Grand Canyon University provided the student graduates from high school, applies and is accepted for regular admission to the University, and has not used the courses to fulfill any high school graduation requirements.

Applications for Early Admission will be evaluated on an individual basis.

2. TRANSFER OR RE-ADMIT STUDENT
Students with at least 24 semester hours of completed transferable credit in academic subjects must have a cumulative GPA of at least 2.00 on a 4.00 scale to be accepted to the University. Students with less than 24 hours are subject to the same requirements as listed for freshman applicants, and must submit an official high school transcript and either ACT or SAT scores in addition to official transcripts from all colleges and/or universities attended.

If students have completed at least 24 hours of acceptable credit from a regionally accredited college or university, they do not need to submit their high school transcripts or GED scores (see the section entitled “Evaluation of Transfer Credit” for the definition of acceptable credit). However, if they plan to participate in varsity athletics, they must submit either their high school transcripts or GED certificate and scores regardless of the number of hours of credit they have completed at the collegiate level.

The Colleges of Business, Education, and Nursing require a higher GPA for admission to their particular programs. A student desiring to be admitted into these colleges should review the appropriate college section of the catalog for further details.

Students who have been asked to withdraw from another college due to poor scholarship or any other reason are considered for acceptance only if the period of suspension set by the former school has elapsed or the college from which the student was asked to withdraw reinstates him or her.

3. GRADUATE STUDENT
In addition to baccalaureate degrees, Grand Canyon University also offers master’s degrees in the following areas: Master of Business Administration, Master of Arts in Teaching, Master of Arts in Education, and Master of Education. For admission requirements for the Master of Business Administration see The College of Business (page 38). For the Master of Arts in Teaching, Master of Arts in Education, and Master of Education see The College of Education (page 58).

Standards for Admission with Specification
If a student does not meet the qualifications for admission, he or she may be accepted to the University under Admission with Specification. A student being considered for Admission with Specification may be asked to submit additional information such as personal references and a letter explaining academic history. They may need to also schedule an interview with an Admission Counselor to help clarify the student’s academic goals and to help the University make an informed decision.

Acceptance under this plan will be accompanied by an individualized program of study to increase the student’s potential for success at Grand Canyon University. For example, Admission with Specification may require a student to limit the first semester’s coursework to 12 credit hours, meet regularly with an advisor, and/or take courses designed to develop competency in areas where improvement is needed.
After the student has completed one semester full-time at Grand Canyon University, his or her academic records will be reviewed. If the student has earned at least 12 hours and achieved a GPA of 2.00 or better, the specification will be removed. If not, the student will have one more semester with specification to demonstrate his or her ability to be successful in the academic program. At the end of the latter semester, the student may be refused continued enrollment if the above criteria remain unmet.

**Standards for Unclassified Students**

Applications for Admission as an unclassified student will be evaluated on an individual basis. At such time as the student decides to apply for regular admission, the standards for the appropriate classification would apply.

**APPLICATION PROCEDURES**

**New Freshmen**

In order to be considered for admission as a freshman, prospective students will need to submit the following:

1. A completed and signed Application for Admission.

Prospective students must complete and sign the Application for Admission. It is important that they provide all the information requested. Incomplete applications may be returned.

2. A non-refundable application processing fee.

The processing fee should accompany the application. Any Application for Admission received without an application processing fee will not be considered until the fee is received.

3. Official transcript(s) and/or GED scores.

Prospective students will need to request official transcripts from their high school and from any colleges or universities they have attended; applicants are not permitted to disregard their records of enrollment at other institutions. These records must be mailed directly from the issuing school to our Office of Admission.

Transcripts mailed or hand-carried by applicants are unacceptable unless they are delivered in a sealed envelope from the issuing institution.

If prospective students did not graduate from high school but have passed the Test of General Educational Development (GED), they will need to submit their GED scores and an official transcript of all high school work they have completed. GED applicants must be at least 18 years of age and show evidence of maturity and readiness for college-level work.

If prospective students have completed work at an institution outside of the United States, they must have the work evaluated by an approved evaluation service selected by the University (see the section entitled "Evaluation of Transfer Credit").

Although applicants may be preliminarily accepted for admission on the basis of incomplete records, final records are required in order to complete the application file. If accepted as high school students, prospective students will need to submit a final transcript showing their graduation date and numerical rank in class.

Transfer students with less than 24 hours of transferable college credit earned after high school graduation and who are currently enrolled at another institution must provide a final transcript upon completion of all courses in progress and a final high school transcript.

4. American College Test (ACT) or Scholastic Aptitude Test (SAT) scores.

Test scores may be submitted to the Office of Admission from either the ACT or SAT testing organizations or with official high school transcripts. These examinations are offered on a regular basis throughout the country and in several locations overseas, and should be taken as early as possible during or after the junior year in high school. Information, test dates, and additional score report request forms are available from high school counselors. Grand Canyon University's ACT code is 0092; our SAT code is 4331.

In addition, to complete your admission file after you have been accepted for admission, you must provide:

5. A Health History form, accompanied by verification of current Measles, Mumps, and Rubella (MMR) immunization.

If born on or after January 1, 1957, prospective students must present documented evidence of immunization against or immunity to measles and rubella before they will be allowed to register for classes. University policy requires either a doctor's statement, a blood titre showing immunity, or a copy of a health department card as proof of immunization. Measles information must include two measles (MMR) records — one at 15 months of age and one after age five. If no proof of immunization is available, then two MMRs not less than 30 days apart will be required. Health History forms are available from both the Office of Admission and the University Health Center. Completed forms should be returned to the Office of Admission at least two weeks before registration.

A student's Health History and immunization records are official admission documents, and must be received before a student is allowed to register. Please submit all Health History forms to the Office of Admission. Permanent Health History forms will be placed on file at the Grand Canyon University Health Center.

6. Enrollment Deposit.

A $100 enrollment deposit is required of all new students upon written notice of their acceptance and is credited toward the first semester's tuition. This deposit is non-refundable after July 1 for the Fall semester, November 1 for the Spring semester, and May 1 for Summer sessions. Upon receipt of the enrollment deposit, students will be eligible for pre-registration opportunities and their enrollment status will be reported to the relevant University departments to facilitate planning for housing, orientation, and class scheduling.

7. Writing Proficiency Examination.

Grand Canyon University takes proficiency in basic skills very seriously. As such, all students must take the Writing Proficiency Exam (WPE) before they are allowed to register for classes.

All freshman students complete a grammar exam at Grand Canyon University, and the composite scores of the grammar exam and their ACT or SAT score determines their placement in composition. If an ACT or SAT score is unavailable, or if students wish to petition their placement, they will write a short essay. For test dates and times, students should contact the WPE Administrator or the Office of Admission.

All students must satisfy the WPE requirement to graduate from Grand Canyon University.

**Early Admission Plan**

In order to be considered for Early Admission, the following must be provided:

1. A completed and signed Application for Admission.

Prospective students must complete and sign the Application for Admission. It is important that they provide all the information requested. Incomplete applications may be returned.

2. A non-refundable application processing fee.

The processing fee should accompany the application. Any Applications for Admission received without an application processing fee will not be considered until the fee is received.
Transfer Students

In order to be considered for admission as a transfer student (with 24 or more hours of college credit; students with less than 24 hours of college credit should see "Application Procedures for New Freshmen"), prospective students will need to complete the following:

1. A completed and signed Application for Admission.

All prospective students must complete and sign the Application for Admission. It is important that they provide all the information requested. Incomplete applications may be returned.

2. A non-refundable application processing fee.

The processing fee should accompany the application. Any Application for Admission received without an application processing fee will not be considered until the fee is received.

3. Official transcript(s).

Prospective students will need to request official transcripts from all colleges or universities they have attended; applicants are not permitted to disregard their records of enrollment at other institutions. These records must be mailed directly from the issuing school to our Office of Admission. Transcripts mailed or hand-carried by applicants are unacceptable unless they are delivered in a sealed envelope from the issuing institution.

If prospective students have completed work at an institution outside of the United States, they must have the work evaluated by an approved evaluation service selected by the University (see the section entitled "Evaluation of Transfer Credit"). Although applicants may be preliminarily accepted for admission on the basis of incomplete records, final records are required in order to complete the admission file. Transfer students currently enrolled at another institution must submit a final transcript upon completion of all courses in progress.

In addition, to complete admission files after students have been accepted for admission, students must provide:

4. A Health History form, accompanied by verification of current Measles, Mumps, and Rubella (MMR) immunization.

If born on or after January 1, 1957, students must present documented evidence of immunization against or immunity to measles and rubella before they will be allowed to register for classes. University policy requires either a doctor's statement, a blood titre showing immunity, or a copy of a health department card as proof of immunization. Measles information must include two measles (MMR) records—one at 15 months of age and one after age five. If no proof of immunization is available, then two MMRs not less than 30 days apart will be required. Health History forms are available from both the Office of Admission and the University Health Center. Completed forms should be returned to the Office of Admission at least two weeks before registration.

A student's Health History and immunization records are official admission documents, and must be received before a student is allowed to register. Please submit all Health History forms to the Office of Admission. Permanent Health History forms will be placed on file at the Grand Canyon University Health Center.

5. Enrollment Deposit.

A $100 enrollment deposit is required of all new students upon written notice of their acceptance and is credited toward the first semester's tuition. This deposit is non-refundable after July 1 for the Fall semester, November 1 for the Spring semester, and May 1 for Summer sessions. Upon receipt of the enrollment deposit, students will be eligible for pre-registration opportunities and their enrollment status will be reported to the relevant University departments to facilitate planning for housing, orientation, and class scheduling.

6. Writing Proficiency Examination.

Grand Canyon University takes proficiency in basic skills very seriously. As such, all students must take the Writing Proficiency Examination (WPE) before they are allowed to register for classes. This includes undergraduate students who have taken freshman English elsewhere. All transfer students complete a grammar exam and write a short essay at Grand Canyon University. Placement is based on the student's score on both the grammar exam and short essay. For test dates and times, students should contact the WPE Administrator or Office of Admission. All students must satisfy the WPE requirement to graduate from Grand Canyon University.

Direct Transfer Plan

Students who complete a transfer-oriented Associate of Arts degree at a regionally accredited community college are considered to have fulfilled the University's Liberal Arts Foundation requirements, with the exception of the six hours of Christian Studies. The Associate of Arts degree must include at least six hours of college-level composition, and students entering under the direct transfer plan must meet all the requirements of Grand Canyon University's Writing Proficiency Examination.

The same is true of the Arizona General Education Curriculum (AGEC) from Arizona's public community colleges when it is certified as a block on the student's official transcript.

Exceptions to the Direct Transfer Plan are as follows:

Education — students planning to seek teacher certification must fulfill the liberal arts requirements listed under the College of Education section of this catalog;
Business — students planning to complete a degree program in the College of Business must complete the specified liberal arts requirements listed in the College of Business section of this catalog;
Nursing — the Associate of Arts (Applied Science) in Nursing will be accepted under the Direct Transfer Plan if the student pursues a degree in nursing. Only the Associate of Arts programs specifically designed to prepare students for transfer to a four-year college or university are acceptable for the Direct Transfer Plan. Associate of Arts degrees in Applied Sciences, General Studies, a specialized field, or any other "terminal" program (with the exception of the Associate of Arts degree in nursing) are not acceptable.

Unclassified Students

Unclassified or non-degree bound students who plan to enroll part-time at Grand Canyon University may accumulate a total of 11 hours credit; at that point, all records required for regular admission to the University must be submitted.

To be considered for admission as an Unclassified Student, the following must be provided:

1. A completed and signed Application for Admission.

All prospective students must complete and sign the Application for Admission. It is important that they provide all the required information requested. Incomplete applications may be returned.

2. A non-refundable application processing fee.

The processing fee should accompany the application. Any Application for Admission received without an application processing fee will not be considered until the fee is received.

In addition, to complete the admission file after students have been accepted for admission, they must provide:

3. A Health History form, accompanied by verification of current Measles, Mumps, and Rubella (MMR) immunization.

If born on or after January 1, 1957, students must present...
documented evidence of immunization against or immunity to measles and rubella before they will be allowed to register for classes. University policy requires either a doctor's statement, a blood titre showing immunity, or a copy of a health department card as proof of immunization. Measles information must include two measles (MMRs) records—one at 15 months of age and one after age five. If no proof of immunization is available, then two MMRs not less than 30 days apart will be required. Health History forms are available from both the Office of Admission and the University Health Center. Completed forms should be returned to the Office of Admission at least two weeks before registration.

A student's Health History and immunization records are official admission documents, and must be received before a student is allowed to register. Please submit all Health History forms to the Office of Admission. Permanent Health History forms will be placed on file at the Grand Canyon University Health Center.

Re-Admit

A student who has not maintained continuous attendance (consecutive semesters excluding Summer sessions) at Grand Canyon University can be considered for re-admission by providing the following:

1. A completed and signed Readmission Application.

A Readmission Application form may be obtained from the Office of Admission. It is important that prospective students provide all of the information requested. Incomplete applications may be returned.

2. Official transcript(s).

Official transcript(s) of all work undertaken at other institutions since leaving the University must be on file in the Office of Admission before readmission can be approved.

A student who has not been enrolled in the University for a period of one year or longer must provide the following:

3. A non-refundable application processing fee.

The processing fee should accompany the application. Any Application for Admission received without an application processing fee will not be considered until the fee is received.

4. An updated Health History form.

An updated Health History form is required and is available from both the Office of Admission and the University Health Center. Completed forms should be returned to the Office of Admission at least two weeks before registration.

Additionally, students who withdrew for medical reasons must obtain a doctor's written approval before reentering the University.

See the "Graduation Requirements" section of the catalog for information pertaining to choice of catalog.

POST-BACCALAUREATE ADMISSION

Second Degree Students

Students wishing to obtain a second bachelor's degree from Grand Canyon University can be considered for admission by providing the following:

1. A completed and signed Application for Admission.

All prospective students must complete and sign the Application for Admission. It is important that they provide all the information requested. Incomplete applications may be returned.

2. A non-refundable application processing fee.

The processing fee should accompany the application. Any Application for Admission received without an application processing fee will not be considered until the fee is received.

3. Official transcript(s).

Prospective students will need to request official transcripts from all colleges or universities they have attended; applicants are not permitted to disregard their records of enrollment at other institutions. These records must be mailed directly from the issuing school to our Office of Admission. Transcripts mailed or hand-carried by applicants are unacceptable unless they are delivered in a sealed envelope from the issuing institution.

If prospective students have completed academic courses at an institution outside of the United States, they must have the work evaluated by an approved evaluation service selected by the University (see the section entitled "Evaluation of Transfer Credit").

Although applicants may be preliminarily accepted for admission on the basis of incomplete records, final records are required in order to complete the admission file. Second degree students currently enrolled at another institution must submit a final transcript upon completion of all courses in progress.

In addition, to complete your admission file after you have been accepted for admission, you must provide:

4. A Health History form, accompanied by verification of current Measles, Mumps, and Rubella (MMR) immunization.

If born on or after January 1, 1957, students must present documented evidence of immunization against or immunity to measles and rubella before they will be allowed to register for classes. University policy requires either a doctor's statement, a blood titre showing immunity, or a copy of a health department card as proof of immunization. Measles information must include two measles (MMRs) records—one at 15 months of age and one after age five. If no proof of immunization is available, then two MMRs not less than 30 days apart will be required. Health History forms are available from both the Office of Admission and the University Health Center. Completed forms should be returned to the Office of Admission at least two weeks before registration.

A student's Health History and immunization records are official admission documents, and must be received before a student is allowed to register. Please submit all Health History forms to the Office of Admission. Permanent Health History forms will be placed on file at the Grand Canyon University Health Center.

Please refer to the catalog section entitled "Graduation Requirements" for more information regarding second degree requirements.

INTERNATIONAL STUDENT ADMISSION

General Information

An international student is defined as any student attending Grand Canyon University on a student visa issued by the United States government. In cooperation with the National Association of Foreign Student Advisors (NAFSA), an international student advisor has been designated at Grand Canyon University. Requests for information or application forms should be addressed to:

Office of Admission
Grand Canyon University
3300 West Camelback Road
PO Box 11097
Phoenix, Arizona 85061-1097, USA

International students attending the University on student visas are
required to be enrolled in at least 12 hours per semester in undergraduate programs or the University's EASE program. International students pursuing master's degrees must be enrolled in at least nine hours per semester. All international students must carry health insurance; a moderately-priced student policy is available through the University's Business Office. International students will be required to purchase the University policy when they register for classes, unless they have proof of valid insurance coverage in the United States.

Application for campus housing is a separate procedure from admission. If prospective students plan to live on campus, they should contact:

Director of Housing
Grand Canyon University
3300 West Camelback Road
PO Box 11097
Phoenix, Arizona 85061-1097, USA

International students may seek admission to the University under the following categories:

1. Pursuit of Degree.

This category is for students who desire to pursue a bachelor's or master's degree and meet the minimum qualification for admission to the University, including a minimum TOEFL score of 500.

2. EASE Program.

This category is for students desiring to study in the United States who have not attained a TOEFL score of at least 500, as required for most undergraduate programs, or higher for respective undergraduate and graduate programs in the College of Business, the College of Education, and the Samaritan College of Nursing, or students choosing to attend the University for language training.

After satisfactory completion of the EASE program, students may receive a recommendation from the EASE faculty to have their TOEFL score requirement waived for Grand Canyon University admission.

Application procedures and admission requirements for students in each category are outlined below.

International Student Application Procedures

Pursuit of Degree

In order to be considered for admission, international students must submit the following to the Office of Admission:

1. A completed and signed International Student Application for Admission.

All prospective international students must complete and sign the International Student Application for Admission. It is important that they provide all the information requested. Incomplete applications may be returned. Application deadlines are:

Fall semester (August) entry - July 1, or
Spring semester (January) entry - November 15.

It is to prospective students' advantage to complete the admission process well in advance of the deadline.

2. Official transcript(s).
   a. Secondary School — All international students must have completed a secondary school program that is equivalent to the 12th grade (high school) in the United States. An official transcript of students' secondary school work, written in English, must be sent directly from the school to the Office of Admission. In some cases, students may be asked to send their secondary school transcript to an approved evaluation service; they will be notified by the Office of Admission if this is necessary. Hand-carried copies of transcripts are not acceptable. If students have finished at least 24 semester hours of college-level work at a United States school and have a GPA of at least 2.00 on a 4.00 scale, they do not need to submit their secondary school transcript.

   b. College and/or University — Official transcripts of students' college or university work, written in English, must be sent directly from the college or university to the Office of Admission. Hand-carried copies of transcripts are not acceptable.

   In order to accurately and consistently evaluate foreign credentials, Grand Canyon University requires all international college or university transcripts to be evaluated by an approved evaluation service selected by the University. Obtaining an evaluation is an additional step to awarding college or university credit from foreign transcripts. The fee for evaluation is the student's responsibility. Brochures describing in detail the approved evaluation services and the fees incurred are available in the Office of Admission or the Office of the Registrar, and are included in the International Student Application for Admission.

   The evaluation report is advisory in nature and in no way limits Grand Canyon University from making its own decisions. Grand Canyon University will not award any transfer credit from foreign credentials without an evaluation from an approved evaluation service. Grand Canyon University requires that all international college or university transcripts be evaluated within the student's first semester in attendance.

3. TOEFL score report.

If prospective students' native languages are other than English, their official score reports for the Test of English as a Foreign Language (TOEFL) must be sent directly to the Office of Admission from the testing center. They must present a score of at least 500 to be considered for admission as an undergraduate. In order to be considered for admission into the College of Education to seek teacher certification as an undergraduate, they must present a TOEFL score of at least 550. In order to be considered for admission into the College of Education graduate program, they must present a TOEFL score of at least 550. To be considered for admission into the Teaching English as a Second Language (TESL) graduate program, they must present a TOEFL score of at least 575. In order to be considered for admission into the College of Business undergraduate programs, they must present a TOEFL score of at least 575. In order to be considered for admission into the College of Business graduate program, they must present a TOEFL score of at least 575. In order to be considered for admission into the Samaritan College of Nursing, they must present a TOEFL score of at least 550. This requirement may be satisfied by a recommendation from the EASE faculty at Grand Canyon University, upon successful completion of the EASE program. This requirement cannot be satisfied through experience in English programs at other schools. For information on TOEFL testing dates and locations in any country, write to:

   TOEFL
   PO Box 899
   Princeton, New Jersey 08540, USA

4. American College Test (ACT) or Scholastic Aptitude Test (SAT) scores.

ACT or SAT scores are required of all international students with less than 24 hours of transferable college or university credit. Test scores may be submitted to the Office of Admission from either the ACT or SAT testing organizations or with official high school transcripts. These examinations are offered on a regular basis throughout the country and in several locations overseas, and should be taken as early as possible during or after the junior year in high school. Information, test dates, and additional score report request forms are available from your high school counselor. Grand Canyon University's ACT code is 0092; our SAT code is 4331.
5. Personal References.

At least two personal references are required before prospective students can be considered for admission. A prospective student should select two people not related to him or her who are qualified to evaluate the student's academic potential and character. At least one should be a teacher or official of the student's school. These letters of reference should be mailed directly to the Office of Admission.

After all the above documents are received by the Office of Admission, applications will be reviewed and prospective students will be notified of their status.

If accepted for admission to Grand Canyon University, students will need to provide the following to the Office of Admission before their Certificate of Eligibility (I-20) can be issued.

Most international students at Grand Canyon University receive no financial assistance from the University. Therefore, international applicants must furnish evidence of full financial support while in the United States. The cost of attending the University and living in Phoenix is currently estimated at $16,000.00 (US dollars) per year, or $14,500.00 (US dollars) if a student goes home for the summer. Students must provide documented evidence that they have sufficient funds to meet these expenses. A Financial Guarantee form, completed and signed by an officer of a known bank, must be submitted to the Office of Admission.

7. A Health History form, accompanied by verification of current Measles, Mumps, and Rubella (MMR) immunization.

Students must provide a completed Health History form and documented evidence of immunization against or immunity to measles and rubella before they will be allowed to register for classes. University policy requires either a doctor's statement, a blood titer showing immunity, or a copy of a health department card as proof of immunization. Measles information must include two measles (MMRs) records — one at 15 months of age and one after age five. If no proof of immunization is available, then two MMRs not less than 30 days apart will be required. Health History forms are available from both the Office of Admission and the University Health Center. Completed forms should be returned to the Office of Admission at least two weeks before registration.

A student's Health History and immunization records are official admission documents, and must be received before a student is allowed to register. Please submit all Health History forms to the Office of Admission. Permanent Health History forms will be placed on file at the Grand Canyon University Health Center.

8. Confirmation Deposit.

As a final confirmation of intent to attend Grand Canyon University, students are required to make a $7,000.00 (US dollars) deposit which will be applied to their first semester's expenses. The deposit may be paid by check or money order, or students may telex the funds; the following is the information necessary to wire a deposit:

National Bank of Arizona
GCU — International Account
335 North Wilmont Road
Tucson, Arizona 85711, USA
ABA #12105320
Branch #100
Account #014001654
Reference Student's Name

If a student is unable to attend Grand Canyon University, his or her deposit may be refunded upon request and upon the return of his or her I-20, if one was issued.

When all of the above items (1-8) have been received, the Office of Admission will issue an I-20 to the student.

EASE Program

Grand Canyon University offers an innovative program designed for students desiring to study in the United States and who have not attained a TOEFL score of at least 500. The program, called Learning with EASE (English Adjustment Skills and Experience), is designed to assist students with learning English, cultural adjustment, and skills other than English which are necessary for success in the university environment. Students who meet the score of 500 on the TOEFL but do not meet University academic requirements may also be accepted into the EASE Program.

At the end of each semester, students will be evaluated in English proficiency and a determination will be made on their readiness to enroll in courses for academic credit. Grand Canyon University may choose to waive the TOEFL requirement for students who receive a recommendation from the EASE faculty after successful completion of the EASE program. This recommendation will satisfy Grand Canyon University's TOEFL requirement only and cannot be used as an English Skill endorsement for another school. At the discretion of the International Studies Director, some students are allowed to simultaneously enroll in EASE and academic courses.

To apply, students should complete steps 1-8 above under "Pursuit of Degree." They should indicate that they wish to enroll in the EASE program on the International Student Application for Admission.

For more information about the University's EASE program, contact:

Center for International Education

PO Box 11097
Phoenix, Arizona 85061-1097, USA

NOTE: Acceptance into the EASE Program does not guarantee acceptance into a degree program.

EVALUATION OF TRANSFER CREDIT

All students accepted to Grand Canyon University with prior college or university course credit will receive an official transfer credit evaluation from the Office of the Registrar showing how the courses they completed at each previous school will transfer. Evaluations will include the total number of credits accepted, as well as a course-by-course breakdown indicating how each class may be applied toward the University's graduation requirements. Courses may be accepted as upper or lower division general electives, upper or lower division major or minor electives, or as directly equivalent to a particular course offered at the University.

If the Office of the Registrar is unable to determine specific applicability for an acceptable course, general elective credit will be granted. It is then the student's responsibility to provide additional documentation if he or she wishes to receive specific credit for the course. If a student disagrees with the way credit was awarded on the evaluation, he or she may appeal to the faculty of the department or college in which credit is desired. The evaluation may be adjusted upon receipt of written instructions signed by the department chairperson (and dean, if applicable).

The following guidelines are used in determining acceptability of courses:

The University generally accepts courses from regionally accredited colleges and universities provided the work is not of a highly specialized nature and a grade of "C" or better was earned. Transfer Credit Practices of Designated Educational Institutions, published by the American Association of Collegiate Registrars and Admissions Officers, is used as a general guide in determining acceptability. Courses in which "D" grades were earned may be used in some cases to meet general studies requirements, or as a prerequisite for another course with the approval of the instructor. However, no course with a grade below "C" will count toward the required number of hours for graduation.
In order to accurately and consistently evaluate foreign credentials, Grand Canyon University requires all international college or university transcripts to be evaluated by an approved evaluation service selected by the University. Obtaining an evaluation is an additional step to awarding college or university credit from foreign transcripts. The fee for evaluation is the student's responsibility. Brochures describing in detail the approved evaluation services and the fees incurred are available in the Office of Admission and the Office of the Registrar.

The evaluation report is advisory in nature and in no way limits Grand Canyon University from making its own decisions. Grand Canyon University will not award any transfer credit from foreign credentials without an evaluation from an approved evaluation service.

The University will recognize a maximum of 64 hours credit from regionally accredited community or junior colleges. Credit will be granted only for courses with grades of "C" or better, and all credit will be considered lower division. See the section entitled "Direct Transfer Plan" for additional information regarding the acceptability of associate degrees earned at community colleges.

Credit earned at colleges and universities which are not regionally accredited will not be accepted.

A Guide to the Evaluation of Educational Experiences in the Armed Services is used as a resource in evaluating credit earned while serving in the armed forces. Four hours of physical education credit will be awarded upon submission of the DD-214. Other credit will be granted only for work in liberal arts areas. No technical credit will be accepted, and all work will be considered lower division. Credit will not be awarded if the student had earned 64 or more college credits prior to completion of the military training program.

A maximum of 16 hours technical credit earned at a regionally accredited college or university will be accepted as general elective credit toward graduation.

With the exception of the College of Continuing Studies, the University does not recognize credit awarded by other institutions of higher education for "life experiences." In addition, the University will not grant credit for independent studies, orientation programs, cooperative work study, or similar courses taken at other schools.

The University reserves the right to require students to validate certain credits by testing, if necessary.

The University will accept a combined total of no more than 64 hours of community college credit, technical credit, military service credit, and/or credit by examination.

To request an exception to any of the above policies, students must appeal to the Academic Affairs Committee. Petitions are available from the Office of the Registrar.

The University's College of Continuing Studies offers some programs whose policies vary from those listed above. Please contact that college for details.

### Advanced Placement (AP) and College Level Examination Program (CLEP)

Many students who come to Grand Canyon University have achieved college-level mastery of certain subjects through advanced high school programs or by other means not generally recognized for college credit. For this reason, the University actively participates in the Advanced Placement (AP) and College Level Examination Program (CLEP) of the College Entrance Examination Board. Upon receipt of official score reports for these examinations, up to 30 semester hours of college credit may be awarded as indicated by the following tables.

Certain restrictions apply to these programs. Students are limited to a combined total of 30 semester hours for credit by examination, extension, and correspondence, including not more than 12 hours by correspondence. CLEP and AP credit will only be given when it does not duplicate credit previously earned and is not for a course more elementary than one for which the student has earned college credit.

CLEP credit will be given only for examinations completed after July, 1965. The University does not recognize credit earned by testing after a student has completed 64 or more hours of college-level work.

Transfer students who receive credit by examination at a previous college must submit an official score report to Grand Canyon University's Office of Admission for evaluation. AP and CLEP credit does not automatically transfer from one school to another.

All award policies listed below were up to date when this catalog was printed, but are subject to re-evaluation and change without notice.

Additional AP and CLEP examinations are currently being evaluated. If you wish to pursue AP or CLEP credit in an area not listed below, please contact the Office of the Registrar for score requirements and credit evaluations.

organizations (private or governmental) which may change them after this catalog is printed. We regret any confusion this may cause and strongly urge students to confirm all such information with the University's Office of Financial Aid and/or Business Office before making financial decisions or commitments.

## Student Expenses

The regular school year is composed of a Fall semester and a Spring semester. Summer is composed of several sessions typically between three and six weeks in length.

The expenses of the student are due and payable at the beginning of each semester or session and must be paid with the University's Business Office before the student's registration is official. The University allows for payment of expenses on a deferred payment plan through an outside billing agency. Terms and additional information are available in the University's Business Office. Failure to comply with the stated policies of the University's Business Office may result in an administrative withdrawal from classes. If the student is intending to rely on financial aid for payment on their account, then application for financial aid must be made at least two months in advance of need. The University also honors most major credit cards.

Students may not receive transcripts until all accounts are satisfied in the University's Business Office, at the discretion of the University.

The University reserves the right to change all fees and charges, without notice.

### Validine

The University uses a debit card system known as Validine to enable students to purchase meal plans, textbooks, and other items. The card serves as the student identification card and contains the student's photo to deter unauthorized use. The University's Business Office encodes a dollar amount on each student's card based on what the student requests or is required to have. Residence hall students, for instance, are required to purchase one of two meal plan options which allows the University to fulfill its obligation to provide adequate and balanced nutrition to residents lacking cooking facilities. Other students may request that their Validine card be credited with a certain amount (known as 'Lopes Cash') to enable them to conveniently purchase food and beverages on campus. Validine is also available for use in the AV lab.

Whether required or requested, the amount is charged to the student's account at the University's Business Office and must be paid for under the same guidelines as tuition, fees, or housing (i.e., financial aid, cash, check, credit card, or through an outside billing agency). That amount is then reflected as a credit on the Validine card. When the student purchases a meal or a textbook, etc., the cost of the item is deducted from the balance available on the card.

### Validine Policies

Board Plans are required for dorm residents and are optional for apartment and commuter students. There are two meal plans available: 14 and 21 meals per week (2 and 3 meals per day). There are no refunds for unused meals. Board plans are valid only during the semester in which they are purchased.

'Topes Cash' may be purchased in the University's Business Office for use in the snack bar or cafeteria. 'Lopes Cash purchased in $25.00 increments is offered at a 10% discount (e.g., $25.00 worth of 'Lopes Cash will cost $22.50). Any unused amount will remain on the card and can be used or credited to the student's account in a future semester.

Bookstore credit may be purchased in the Business Office. Students may be allowed to charge bookstore purchases to their student account (subject to Business Office approval) if they are receiving Financial Aid or are making payments through the outside billing agency. Any unused amount will remain on the card and can be used or credited to the student's account in a future semester.

### Room and Board

A student living in the residence halls is charged room and board at the time of registration. The residence halls and cafeteria are closed during Thanksgiving and Christmas holidays, Spring Break, and between the close of the first Summer session and the opening of the Fall semester.
Individual meals may be purchased for cash at the cafeteria or snack bar by commuting students, apartment residents, faculty, staff, and guests.

**Tuition, Fees, and Housing**

Tuition and fee information may be found in the current semester/session Bulletin. Current housing fee information may be obtained from the Director of Housing.

**Special Class Fees**

Certain University classes require payment of fees or deposits for materials, breakage, and/or rental. Refer to the current semester/session Bulletin for class fees.

**Mandatory Student Health Insurance**

All undergraduate students taking 12 hours or more are required to carry health and accident insurance. Students will be charged for the University-sponsored student health insurance at registration. The University-sponsored plan provides in and out patient coverage up to the limit (see current brochure for limit), of reasonable and customary charges. Insurance brochures are available in the Business Office.

A student with comparable health insurance, including coverage for acute and chronic health care in the Phoenix area, may apply to waive the student plan. (An insurance policy with "emergency only" care in Phoenix is not considered comparable insurance.) Waiver forms are available in the Business Office. When submitting a waiver students must attach front and back copies of their insurance cards and return them to the Business Office by the posted term deadline. An approved insurance waiver is only valid for one semester. A new waiver must be requested for all subsequent semesters. All waivers are subject to verification and approval.

The University cannot cancel student health insurance or international insurance later than the waiver deadline.

Coverage for additional family members may be purchased at the University's Business Office.

Those students taking less than 12 credit hours, College of Continuing Studies students, off-site students, and graduate students are exempt from this University requirement, but may choose to enroll in the student health insurance. The enrollment deadline is the same as the waiver deadline.

International Student Insurance: Students with F-1 status will be enrolled in the University-sponsored international health insurance. See the Center for International Education for coverage information.

**REFUND POLICIES**

**Add/Drop**

If the student is dropping and adding courses of equivalent semester hours simultaneously, there will be no tuition penalty. A drop fee will be charged to the student.

Tuition refund for dropping a course is subject to the Refund Schedule listed in the class Bulletin for the semester or session involved and is calculated on the date the completed Drop form is received in the Office of the Registrar. A drop fee will be charged to the student.

**Complete Withdrawal**

Students who completely withdraw from the University must submit a completed withdrawal form to the Office of the Registrar. This form is available in the Office of the Registrar. Tuition refund is subject to the Refund Schedule and is calculated on the date the completed withdrawal form is received in the Office of the Registrar. A complete withdrawal fee will be charged to the student.

Students who reside in campus housing and completely withdraw from the University must properly check out of their residence hall room or apartment with University Housing personnel. Failure to properly check out will result in forfeiture of the refundable portion of the campus housing deposit. Both residence halls and apartment accounts will be prorated from the date the proper check out is filed.

**Appeals**

In the event that a student must withdraw from the University because of sickness or unavoidable cause, he or she may appeal the refund amount to the University's Business Office. Appeal forms may be obtained from the University's Business Office. The student is required to provide additional documentation to support the appeal (e.g., doctor's verification of illness). Appeals cannot be considered until the completed withdrawal form is submitted to the Office of the Registrar. Students may also appeal for dropped course according to the same criteria.

**Financial Aid**

Drops and complete withdrawals may reduce a student's eligibility for financial assistance. Resulting refunds are subject to the regulations governing Federal Title IV aid; all or part of the refund given must be returned to the program(s) from which financial assistance was received. This policy shall be applied on a consistent basis to all students receiving financial assistance. The funds returned will be distributed to the various Federal Title IV aid programs based on the following priority schedule:

<table>
<thead>

Students who reduce their course load during the refund period may be subject to repayment or recalculation of financial assistance. The portion of a refund allocated to a program will not exceed the amount a student received from that program. Any portion of a refund allocated to a loan made under the Stafford or PLUS programs must be returned to the lender. If a student withdraws, drops out, or is expelled from school before the first day of classes, any Title IV funds the institution disbursed to the student for non-institutional costs except for Federal Work Study (or loan funds) automatically become an overpayment and must be returned to the program from which they were awarded. A temporary hold will be placed on the student account in the University's Business Office until the refund process is completed.

Students in their first year at Grand Canyon University may be subject to a different refund schedule and should contact the Office of Financial Aid for information.

**Summer Tuition Refund Schedule**
See the current Summer Session Class Bulletin for refund schedule.

**Room and Board Refunds**
Room and Board refunds are not given for improper residence hall check-outs. Contact the Director of Housing for further information on room and board refunds.

**Fee Refunds**
Fees are not refundable after the first week of classes.

**Refund Check Request Policy**
Student refund checks are processed according to federal regulations and University policies. For further details, please contact the University's Business Office.

**FINANCIAL AID**

The primary purpose of student financial aid is to provide resources to students who otherwise would be unable to pursue a postsecondary education. The primary responsibility for meeting University costs lies with the student and his or her family. The University attempts to assist only when the family is unable to meet the full cost of attendance.

Additionally, the University makes an effort to provide scholarships and awards to students based on outstanding performance. For clarification purposes, the terms “scholarships” and “grants-in-aid” will be used when achievement and/or merit are the primary consideration in determining eligibility.

**Eligibility**
To receive financial assistance, an undergraduate student must be enrolled in a degree granting course of study, be in good standing and making satisfactory academic progress (as defined later in this catalog), and not be in default or delinquent on any loan plan with the University, state, or federal government. Also, he or she must not owe a refund on grants previously received under the Pell Grant, the Federal Supplemental Educational Opportunity Grant, or the State Student Incentive Grant.

**Application Process**
The University uses the Free Application for Federal Student Aid (FAFSA). This form may be obtained from the Office of Financial Aid, other financial aid offices, or most high schools. The University does not require any of the supplemental forms processed by the College Scholarship Service (CSS) or American College Testing (ACT) for which there is a fee charged.

Students will need to allow four to six weeks for processing on any of the listed application processes. Mid-year transfer students should also submit a Financial Aid Transcript (FAT) from each college or university attended regardless of whether or not financial aid was received.

**Preference/Deadline Dates**
Rather than operating under strict deadlines, the Office of Financial Aid makes an effort to provide funds to students as long as funds are available. However, there are important dates to keep in mind. Applications for financial aid should be submitted as soon as possible after January 1 prior to the term of enrollment. All loan applications must be processed for the current semester by the Monday following mid-term examination week.

Applications for financial aid will be processed on a “first come, first served” basis. Students whose financial aid file is delayed run an increased risk of receiving a reduced award. A completed financial aid file includes the following:

1. A completed/processed Application for Admission received at the Office of Financial Aid.
2. A completed FAFSA.
3. Financial Aid Transcripts from all schools attended.
4. Verification of application data (only if required).
5. Completed tax returns, additional worksheets, and other relevant information (only if required).

All financial aid (excluding Pell grants and Stafford loans) has limited funding. Students, new and returning, are strongly encouraged to turn in initial renewal applications as soon as possible after January 1.

**Determination of Financial Aid**
After the Office of Financial Aid has received the appropriate forms listed above, the student's financial need and the types of awards for which he or she will be determined from the information obtained.

Financial need is the difference between the cost of attending the University and the resources available to the student.

Thus, Financial Need (FN) equals Cost of Attendance (CA) minus Parental Contribution (PC) and Student Contribution (SC).

FN = CA - (PC + SC)

All students normally will be expected to contribute toward their cost of education from summer earnings and from employment during the academic year. (If it is not in the student's best interest to work, or if employment alone will not complete eligibility, other types of gift aid (grants, scholarships, etc.) will be considered if available.)

The Office of Financial Aid will make every effort to meet the financial need of each student. Financial Aid Counselors are available to discuss the student's contribution, family contribution, or any other questions that may arise.

**Award Procedures**
For financial aid programs in which need is the factor in determining eligibility, the Federal Pell Grant is considered first. If a student's need is not fulfilled with the Pell, the Supplemental Educational Opportunity Grant (SEOG) is the next form of aid considered.

A student who is eligible for Federal Work Study (FWS) will be notified of potential eligibility. The student is also sent instructions on how to find a FWS position. The FWS awards will then be made once a job has been obtained, as long as funds are available. When gift aid funds have been depleted, loans will be the source used to fill the remaining need. All packaging of financial aid is on a "first come, first served" basis.

**Financial Aid and Academic Load**
Undergraduate students must be enrolled in at least 12 credit hours to be considered full-time students and receive full financial aid benefits. Graduate students must be enrolled in at least nine credit hours to be considered full-time students and receive full financial aid benefits. Undergraduate students enrolled part-time may be eligible for a prorated portion of their financial aid. Some undergraduate programs require at least six hours and all graduate programs require at least five hours to receive federal aid. Scholarship recipients must be enrolled full-time at Grand Canyon University. Courses taken at other colleges do not count as enrollment at Grand Canyon University for financial aid/scholarship purposes.

**Keeping the Office of Financial Aid Informed**
Students who are receiving financial assistance through the Office of Financial Aid and who receive additional outside assistance must report this fact to the Office of Financial Aid at once. Address changes and changes in the academic course load must also be reported to the Office of Financial Aid.

**Satisfactory Academic Progress**
All students are required to maintain satisfactory progress toward their educational objectives in order to be eligible for all institutional, federal, and state financial aid. (Athletic Grants-In-Aid will be based on the requirements of the NCAA, as well as this policy). Satisfactory progress is defined in both qualitative and quantitative terms.

Qualitative: Undergraduate students must maintain a minimum cumulative GPA of 2.00 for all coursework at Grand Canyon University.
Graduate students must maintain a minimum cumulative GPA of 3.00 for all coursework at Grand Canyon University.

Quantitative: Students receiving financial aid must make positive movement toward their degree. Federal Regulations indicate that the maximum time frame students may take to complete their program is 150% of the published length of the program. Grand Canyon University publishes the required number of credit hours for each program. To determine if students are making satisfactory academic progress quantitatively they can take the required number of hours for their degree, take 150% and make sure they will graduate before they attempt that many credits. For example, assume their degree takes 128 hours to complete. One hundred and fifty percent of 128 is 192 hours. Students must complete their degree in less than 192 attempted hours. Federal regulations also require that progress be evaluated at the end of each increment. Progress will be evaluated after the Spring semester for all students except for those students enrolled in the Continuing Studies Program. Summer school is the beginning of the academic year for purposes of financial aid and will be evaluated along with that academic year. Continuing Studies students will be evaluated at the end of the first semester. In order to be making satisfactory academic progress at the end of each year, students must earn credits for at least 67% of their attempted courses. Incomplete course do not count as earned credit, but do count as an attempted course. Withdrawals do not count as earned credits or attempted credits. Repeating courses will count as earned hours toward the maximum hours allowed. Non-credit remedial courses do not count as courses attempted or credits earned.

Transfer and readmitted students must follow the above mentioned satisfactory academic progress. Prior credits will be calculated into the allotted 150%. Transfer credits will not be calculated into the 150%.

Students who fail to maintain satisfactory progress, either qualitative or quantitative, will be placed on probation. While on probation, a student may continue to receive financial assistance. Students on probation must resolve their unsatisfactory academic progress pursuant to the criteria outlined in the notice of probation or they will be put on suspension. However, probation cannot be lifted as it does not stop students from receiving aid. Students on suspension may not receive any financial assistance. To have suspension lifted, students must resolve their unsatisfactory academic progress pursuant to the criteria outlined in the notice of suspension. Students may appeal the determination that they are making satisfactory academic progress to the Office of Financial Aid. Students may also appeal suspension on the basis of extenuating circumstances that prevented them from accomplishing satisfactory academic progress by completing a Financial Aid Appeal Form. The Financial Aid Committee will review all extenuating circumstances appeals on a regular basis.

All students on suspension who complete the criteria outlined in the notice of suspension must inform the Office of Financial Aid. The Office of Financial Aid will review the relevant information and issue a determination.

Students Must:

1. Review and consider all information about the school’s program before they enroll.
2. Accurately complete all application forms and return them to the appropriate office/agency on time.
3. Pay special attention to and accurately complete their application for student financial aid. Errors can result in long delays in the receipt of financial aid. Intentional misrepresentation of information on application forms for federal financial aid is a violation of law and is considered a criminal offense subject to penalties under the US Criminal Code.
4. Return all additional documentation, verification, corrections, and/or new information requested by either the Financial Aid Officer or the agency to which they submitted their application.
5. Read and understand all forms they are asked to sign and keep copies of them.
6. Accept responsibility for all agreements they sign.
7. Notify the lender of changes in their name, address, or school status if they have a loan.
8. Perform the work that is agreed upon in accepting the University Award Letter.
9. Know and comply with deadlines for application and reapplication for aid.
10. Know and comply with the University’s refund procedures.
11. Maintain good standing and satisfactory academic progress.

Funding for all Grand Canyon University scholarships is limited. It is recommended that the Free Application for Financial Aid be completed immediately after January 1 and the Admission Application be completed prior to that date.

Students May Expect to Receive Information on:

1. What financial assistance is available, including information on all federal, state, and institutional financial aid programs.
2. The deadlines for submitting applications for each of the financial aid programs available.
3. The cost of attending the institution and the University’s refund policy.
4. How the University determines their financial need. This process includes how costs for tuition and fees, room and board, travel, books and supplies, personal and miscellaneous expenses, etc. are considered in their budget.
5. What financial aid (such as parental contribution, financial aid, their assets, etc.) are considered in the calculation of their need.
6. How much of their financial need, as determined by the institution, has been met.
7. The various programs in their student aid package. If they believe they have been treated unfairly, they may request reconsideration of the award which was made to them.
8. What portion of the financial aid they received must be repaid, and what portion is granted aid. If the aid is a loan, they have the right to know what the interest rate is, the total amount that must be repaid, the payback procedures, the length of time they have to repay the loan, and when repayment begins.
9. How the University determines whether they are making satisfactory progress, and what happens if they are not.

SCHOLARSHIPS

The purpose of the academic scholarship program is to enable undergraduate students to complete their bachelor degrees. It is not intended for second degrees or double majors if it would require additional hours. Most baccalaureate programs at Grand Canyon University require 128 hours to complete. If a student declares a major which requires more than 128 credit hours to complete, then the academic scholarship would apply for the necessary additional hours required to earn the degree. However, the scholarships would not be applicable if a student chooses to change majors necessitating additional courses above the 128 hours required for a degree.

Endowed and academic scholars must enroll in at least 12 credit hours each semester at Grand Canyon University in which the scholarship is used unless the student is graduating and needs fewer than full-time credits to graduate. In this case the scholarship will be prorated for the number of hours required to complete the degree for the last semester of the study only.

Students may not receive more than 10% of their tuition costs in scholarships generated by institutional funds, with the exception of Grants-in-Aid and Scholars 100 scholarships.

If students use the scholarship award to pay the tuition for a course and then withdraws, the award will be adjusted accordingly.

If students lose an academic scholarship because their GPA falls below the requirement, or their enrollment drops below full-time status, the scholarship may not be regained. If the scholarship was lost due to GPA only, students may qualify for other scholarships. For example, if students lose their eligibility for Top 5% due to GPA, they may be able to qualify for the Top 10%. A Financial Aid Committee Appeal form will need to be completed each year after eligibility.

Recipients of any Grand Canyon University scholarship that requires full-time enrollment will lose that scholarship if they drop below full-time enrollment. The scholarship will be revoked for the semester students drop below full-time status and for all future semesters.
Students can appeal any scholarship denials to the Financial Aid Committee by completing a Financial Aid Appeal form.

**Academic Scholarships**

**Continuing Students**

**Grand Canyon University Honors**

Students who have completed a minimum of two consecutive full-time semesters at Grand Canyon University with a 3.50 cumulative Grand Canyon University GPA are eligible to apply for a Grand Canyon University Honors Scholarship. The amount of this scholarship is 20% of the tuition cost for 24 credit hours.

This scholarship is renewable for the remaining number of credit hours required to complete a 128 credit hour bachelor's degree provided:
1. A 3.25 cumulative Grand Canyon University GPA is maintained.
2. The student remains continuously enrolled full-time at Grand Canyon University.
3. The Financial Aid file is completed before all funds are committed.

**Freshmen Students**

**Scholars 100**

High school graduates who are Valedictorians or Salutatorians of their class, or who graduate with a 4.00 GPA on a 4.00 scale, or who are National Merit Finalists, may apply for one of a specified number of 100% tuition scholarships the University makes available to incoming freshmen the Fall semester after their high school graduation. GPA's are determined by an official seventh-semester transcript. Applications for the Scholars 100 are available in the Office of Admission and the Office of Financial Aid and must be completed and returned to the Office of Admission by March 15.

A student who has earned any college credits may not qualify for this academic scholarship unless the hours were taken while the student was concurrently enrolled in high school and had the equivalent of a 3.75 GPA in college courses completed. These allowable credit hours would reduce the hours of the scholarship award proportionately.

Students who are chosen to receive this scholarship will be required to participate in the University's Honors Program. See page xx for a complete description of this unique interdisciplinary curriculum. This scholarship is renewable for up to 128 credit hours to complete a bachelor's degree provided:
1. A 3.75 cumulative Grand Canyon University GPA is maintained.
2. The student remains continuously enrolled full-time at Grand Canyon University.
3. The Financial Aid file is completed before all funds are committed.
4. The student participates in the University's Honors Program.

**Top Five Academic**

High school students who graduate in the top 5% of their high school class and do not qualify for other institutional academic scholarships may qualify for 50% of tuition for 24 credit hours per year. Students may also qualify with an ACT composite or SAT combined score at or above the 95th percentile nationally.

A student who has earned any college credits may not qualify for this academic scholarship unless the hours were taken while the student was concurrently enrolled in high school and had the equivalent of a 3.50 GPA in college courses completed. These allowable credit hours would reduce the hours of the scholarship award proportionately. This scholarship is renewable for up to 128 credit hours to complete a bachelor's degree provided:
1. A 3.50 cumulative Grand Canyon University GPA is maintained.
2. The student remains continuously enrolled full-time at Grand Canyon University.
3. The Financial Aid file is completed before all funds are committed.

**Top Ten Academic**

High school students who graduate in the top 10% of their high school class and do not qualify for any other institutional academic scholarship may qualify for 25% of tuition for 24 credit hours per year scholarship.

A student who has earned any college credits may not qualify for the academic scholarship unless the hours were taken while the student was concurrently enrolled in high school and had the equivalent of a 3.25 GPA in college courses completed. These allowable credit hours would reduce the hours of the scholarship award. This scholarship is renewable for up to 128 credit hours to complete a bachelor's degree provided:
1. A 3.25 cumulative Grand Canyon University GPA is maintained.
2. The student remains continuously enrolled full-time at Grand Canyon University.
3. The Financial Aid file is completed before all funds are committed.

**Transfer Students**

**Transfer Honors Scholarships**

First-time Grand Canyon University students who transfer in at least 24 credit hours of coursework to Grand Canyon University with a 3.50 cumulative GPA are eligible to apply for a Transfer Honors Scholarship. The amount of this scholarship is 20% of the tuition cost for 24 credit hours per year. Students must meet all eligibility requirements their first semester at Grand Canyon University to receive the award.

This scholarship is renewable for the remaining number of credit hours required to complete a 128 credit hour bachelor's degree provided:
1. A 3.25 cumulative Grand Canyon University GPA is maintained.
2. The student remains continuously enrolled full-time at Grand Canyon University.
3. The Financial Aid file is completed before all funds are committed.

**Church Matching Scholarships**

The University will match dollar-for-dollar, up to $500 per year, for each dollar given by a student's Southern Baptist Church.

**Denominational Workers Dependent Scholarships**

Dependent children and spouses of currently serving Southern Baptist pastors and missionaries may receive this award provided:
1. A 2.00 cumulative Grand Canyon University GPA is maintained.
2. The student remains continuously enrolled full-time at Grand Canyon University.
3. The Financial Aid file (including denominational workers documentation) is completed before all funds are committed.

**Convention Scholarships**

Southern Baptist students from states that do not have a Southern Baptist College may receive this scholarship provided:
1. A 2.00 cumulative Grand Canyon University GPA is maintained.
2. The student remains continuously enrolled full-time at Grand Canyon University.
3. The Financial Aid file (including church denomination) is completed before all funds are committed.

**Boy Scout Eagle**

Students may receive a scholarship if they have achieved the Eagle Scout Award provided:
1. A 3.00 cumulative Grand Canyon University GPA is maintained.
2. The student remains continuously enrolled full-time at Grand Canyon University.

**Girl Scout Gold Award Scholarship**

Students may receive a scholarship if they have received the Gold Award provided:
1. A 3.00 cumulative Grand Canyon University GPA is maintained.
2. The student remains continuously enrolled full-time at Grand Canyon University.

**Acteen Scholarships**

Students interested in an Acteen Scholarship should see the Office of Financial Aid for details.

**Work Grants**

Students may qualify for work grants in publications, intramural sports, and as residence hall assistants. Information can be obtained from the Office of Student Life on specific requirements and stipends available.
Other Institutional Scholarships

Special ability scholarships are available in the areas of Business, Nursing, Gerontology, Art, Drama, Speech, and Music. Application must be made through the college dean/department chairperson or faculty member in charge of scholarships in the student's area of interest. Recipients of such scholarships will be expected to maintain at least a 2.00 cumulative Grand Canyon University GPA and be enrolled full-time. Additional requirements may be placed on the student by the college/department awarding the scholarship. Students are required to submit a completed Application for Admission and register for classes before funds will be released into the student's account.

Endowed Scholarships

Students enrolled full-time at Grand Canyon University may apply for endowed scholarships. These scholarship funds are the result of donations made to the University by alumni and friends of the institution. The interest on the accounts is calculated on a yearly basis and awarded to students based on criteria set by the donor. Students who complete the FAFSA and Application for Admission have automatically applied for the scholarships which include demonstrated need as one of the criteria for award. Unless otherwise stipulated, the basic academic requirements for any of these scholarships is a 2.00 cumulative Grand Canyon University GPA. Students may apply for these scholarships by completing their Financial Aid file before all funds are committed. Scholarship recipients will be expected to write a thank you letter to the donor before the funds will be released. These scholarship awards may not exceed the 50% cap on scholarships a student may receive through institutional funding. (The University has other endowed scholarships that have not attained the $10,000 level presently required by Board policy for inclusion in the catalog.)

ROTC Scholarships

Air Force and Army ROTC scholarships are available to Grand Canyon University students. Scholarships vary in amount with a maximum award providing full tuition as well as an allowance for fees and curriculum required textbooks. In addition, students may receive a nontaxable $150 allowance each month during the school year while on scholarship status. Students who are not on ROTC scholarship but are enrolled in the last two years of ROTC also receive the $150 allowance. Scholarships are available on a four-, three-, and two-year basis. To qualify for four-year scholarships, students must be US citizens and submit an application prior to December 1 of their senior year of high school. For information contact the Air Force and Army ROTC detachment at Arizona State University or the ROTC office on campus.
Army ROTC at Grand Canyon University (602) 589-2550, USAF at Arizona State University (602) 965-3181, or Army at Arizona State University (602) 965-3318.

Tribal Scholarships

These scholarships require the student to turn in a Needs Analysis form to the Office of Financial Aid to be processed and sent to the Native American Tribe of the respective student. The tribes also require the student to submit an application for Federal Aid to the Office of Financial Aid. Each tribe has deadlines and Needs Analysis forms must be sent each semester. It is the student's responsibility to make sure that the forms are submitted to the Office of Financial Aid in a timely manner for the process to be completed by the deadline.

Indian Health Service (IHS)

This Native American Scholarship is for applicants in the health care field. An invoice must be sent to the IHS agent each semester with documentation of educational costs.

Arizona Southern Baptist Convention Ministry-Related Vocations Scholarships

Those eligible to apply are Grand Canyon University full-time students pursuing ministry-related vocations, e.g. pastors, ministers of education, ministers of music, ministers of youth, missionaries related to Southern Baptist denominational missions agencies, and vocational workers with Southern Baptist missions educational agencies. Those applicants who already have an undergraduate degree in any field are ineligible for this scholarship.

The purpose of this scholarship is to encourage and assist ministry-minded students in fulfilling their biblical calling by furthering their training at Grand Canyon University. Applications and information regarding eligibility for this program may be obtained from the Office of Financial Aid. Applications must be submitted before July 1 for the Fall semester and January 1 for the Spring semester, and must be applied for each semester.

Off Campus Scholarships (Which require no Grand Canyon University Assistance)

The Office of Financial Aid has information on outside scholarships available to students through associations, corporations, hospitals, etc. These scholarships require applications to be sent to the appropriate address by the specified deadline.

Grants-In-Aid

The University offers athletic and performance grants-in-aid that are not subject to the 50% cap for scholarships. Students should contact the Athletic Director, the Dean of the College of Liberal Arts, or their designees for additional information.

GRANTS

Grants are outright gifts of money and are awarded on the basis of financial need. A student's financial package may include grant money whenever guidelines and funding levels permit.

Federal Pell Grants

Pell Grants are made available to undergraduate students who do not have a bachelor's degree already. The student's eligibility is determined by a schedule developed by the Department of Education, Washington, DC. Students who are eligible for a Pell Grant must make satisfactory progress to receive this award. Students may apply for this grant by using the application for Federal Student Aid. Applications must be submitted annually.

Grand Canyon University is in compliance with the standards of the US Department of Education regarding a drug-free workplace.

Any student who receives a Pell Grant will be asked to certify that he or she will not engage in the unlawful manufacture, distribution, dispensation, possession, or use of a controlled substance during the period covered by the Pell Grant.

Federal Supplemental Educational Opportunity Grant (SEOG)

The SEOG provides gift aid to undergraduate students who do not have a bachelor's degree. Grants may range from $100 to $1,250 and may not exceed $4,000 per year. The application procedure is described in the Financial Aid Application Process section.

Arizona State Grant Program (ASG)

These are grant funds for Arizona residents available from federal, state, and institutional sources to assist deserving students who have financial need. Grants may range upward from $100 to $2,500 per year. The application procedure is described in the Financial Aid Application Process section.

STUDENT LOANS

Loans are often part of a financial aid package. They provide Grand Canyon University students with an opportunity to defer part of their educational costs by borrowing now and paying later. Although there is much discussion on the debt burden, the Office of Financial Aid is of the opinion that he loan debt was contracted to the student could invest in him or herself.

Loan Programs

Federal Carl D. Perkins/National Direct Student Loan Program (NDSL)

The Perkins Loan provides long term loans for United States citizens and permanent residents. The amounts awarded vary, depending on financial need. No interest is charged, nor is repayment required, while the borrower is enrolled at least one-half time. Nine months after the borrower ceases to be enrolled at least half-time, payments begin at an interest rate of 5%. Loan repayment must be completed within a ten-year period at a minimum repayment rate of $40 per month. Under certain circumstances, a portion of the loan may be canceled for designated public service. To be considered for this loan, a student must file the application for Federal Student Aid. The application procedure is described in the Financial Aid Application Process section.

Federal Stafford Loan Program (GSL)

These loans are secured from an off-campus lending agency such as a bank, credit union, savings and loan association, or insurance agency. To be considered for this loan, a student must file an Application for Federal Student Aid.

Both subsidized and unsubsidized loans have the same terms and conditions, except unsubsidized loan borrowers are responsible for interest that accrues during all in-school, grace, and deferment periods.

The interest rate for all borrowers is determined by regulation every July 1. See the Office of Financial Aid for current rates. Repayment begins six months after the borrower ceases to be enrolled at least half-time with monthly payments of not less than $50, but with a maximum repayment time of ten years. Students must meet General eligibility requirements and be enrolled at least half-time. Applications are
PLUS Loans

PLUS Loans are for parent borrowers. This loan provides additional funds for educational expenses and, like the Stafford, is made by a lender such as a bank, credit union, or savings and loan association. The PLUS enables parents to borrow up to the full cost of attendance less any other financial aid for each eligible dependent. This rate may vary from year to year. Call your lender to obtain the current interest rate. PLUS borrowers must begin repayment within 60 days after the loan is disbursed. Before the PLUS Loan can be awarded, a determination must be made to see if the student is eligible for the Stafford. To be considered for the PLUS loan, a student must file an application for Federal Student Aid.

Disbursement of Student Loans

The United States Department of Education requires that there be multiple disbursements of Stafford and PLUS loans regardless of loan amount or length of time remaining in the loan period. This applies to all loans guaranteed on or after January 1, 1990 for loan periods beginning on or after that date. Within this time period, the disbursement of the student loans shall be in no less than two disbursements. The Office of Financial Aid will post a schedule of expected disbursements at the beginning of each session. This schedule is dependent upon the receipt date of the loan application and may vary accordingly.

Disbursement of Student Loans to First Year Students

The United States Department of Education requires that the school may not deliver the first installment of a Stafford Loan to an undergraduate student who has not successfully completed the first year of the program of education in which the student is currently enrolled until 30 days after the first day of classes, and only if it then certifies in the student’s file that the student continues to be enrolled, is in attendance, and is maintaining satisfactory progress. “Delivery” includes crediting the student’s account as well as providing funds directly to the student.

Students Receiving Over-awards

The University will withhold and promptly return to the lender any Stafford disbursement not yet delivered to the student which exceeds the amount of assistance for which the student is eligible, taking into account other financial aid obtained by the student. Instead of returning the entire disbursement, the school may return to the lender only that portion of the disbursement for which the student is ineligible.

Student Employment

Student employment at Grand Canyon University seeks opportunities to provide academic or career oriented jobs, develop life skills, and meet college expenses.

Employment opportunities include Federal Work Study (FWS), Non-Federal Work Study (NFWS), Community Service, and Off Campus Job. Positions are posted daily on the northeast outside wall of the Office of Student Life.

Information regarding full-time positions may be obtained at the front desk of the Office of Student Life.

Employment Guides are also available in the Office of Student Life to assist students with employment procedures.

Federal Work Study Programs (FWS)

This program provides part-time employment for United States citizens and permanent residents who have demonstrated financial need on the Free Application for Federal Student Aid. The maximum amount a recipient can earn under this program is determined through an evaluation of the FAFSA. General wage policies are established by the University within the guidelines established by the United States Department of Education. Work Study students are paid on an hourly basis and are not eligible for fringe benefits such as holiday, vacation, or sick pay. They are also not eligible for unemployment. The application procedure is described in the “Financial Aid Award Procedures” section. These on-campus positions are are limited in number.

Non-Federal Work Study

Non-Federal Work Study positions do not require a financial aid

need, nor is it necessary to fill out a financial aid packet in order to obtain these positions. These on-campus positions are limited in number.

Part-Time Jobs Off-Campus

After viewing the job board students must register at the front desk, in the Office of Student Life, to obtain remaining information about available positions.

Approvals

Grand Canyon University is approved for training eligible students in the following government programs: The Department of Education Title IV programs, Veterans Education, Indian Health Service, Vocational Rehabilitation, Tribal Agencies, and the Bureau of Indian Affairs.

STUDENT LIFE

Statement of Principle

The words of the Alma Mater summarize the attitude and spirit of Grand Canyon University:

Hail to thee, Grand Canyon College,
Alma Mater true.
Set amidst the desert's glory,
Highest praise to you,
So to God our hopes aspiring,
This we pledge divine:
Striving, seeking, finding, serving
God and all mankind.

Student Life Mission Statement

As an integral part of the educational mission of Grand Canyon University, the Office of Student Life seeks to create living and learning opportunities that guide all students toward:

1. Christlike
2. Academic success
3. A lifestyle of personal excellence

Calendar/Handbook

The Student Handbook/University Calendar is published annually by the Office of Student Life. It provides information, rules, policies, procedures, and a monthly calendar of campus events. It is the student's responsibility to become familiar with, and adhere to, the rules, policies, and procedures contained within the Student Handbook.

Health Services

The Cooke Health Center is an outpatient health facility. It is staffed by a registered nurse who is certified in college health and physicians who also have private practices. Laboratory, X-ray, pharmacy, and emergency room services are available off campus. A referral service for emotional/mental health needs is available to students. Visits to see a physician at the Cooke Health Center are included in the student's general fee.

Residence Life/Housing

Any student officially admitted to Grand Canyon University is eligible to apply for campus housing. We offer both residence hall and apartment housing.

All unmarried freshman students who are under 20 years of age and who carry 12 credit hours or more are required to live in residence housing. Exceptions are made for those students who live with their parents, guardians, or close relatives. Freshmen are required to live in residence halls and sophomores may apply for the apartments, if space is available. The residence hall environment is best suited for students under the age of 25. Older students are encouraged to live in the North Rim Student Apartment Complex. Room and board charges for
students who reside in a residence hall includes a meal plan of either 21 meals per week or 14 meals per week.

Residence halls are closed during Thanksgiving, Christmas, and Spring Break. The residence halls are available in the summer for Summer Session I only if a sufficient number of students apply for residency. The halls are closed from the end of Summer Session I to the beginning of the Fall semester.

Apartment housing, furnished and unfurnished, is available to students who are 20 years of age or older or of sophomore status. Priority is given to married students, families, and students with a senior or junior classification. Students who reside in the North Rim Student Apartment Complex are required to carry at least 12 credit hours.

Roommate selections for the apartments are made by the student, not the University. All utilities, including access to local telephone service and basic cable television, are included in the monthly rent.

A completed application and deposit is required for placement in campus housing. Additional information regarding housing may be obtained by contacting Housing Office, PO Box 11097, Phoenix, Arizona 85061-1097.

**Student Conduct**

Grand Canyon University attempts to create an atmosphere conducive to the purposes of a liberal arts education in the Christian tradition. All students who enroll in the University are expected to accept the responsibilities of campus citizenship and to show consideration and respect for the personal freedom and property rights of members of the civic community and the academic community. Students are expected to give primary attention to their college work and to all classes, exercises, and engagements which require their attendance. While some students may not have personal convictions in accord with the University's standards, rules, policies, and procedures, a person's enrollment at Grand Canyon University acknowledges that he or she accepts the responsibility for honorable adherence to the same, both on and off campus, while a student at the University. When a student does not meet the University's general standards of behavior, or comply with its rules, the University may take disciplinary action. Such action may take the form of a reprimand, restriction of certain privileges, suspension, or final dismissal. As a private institution, Grand Canyon University reserves the right to determine who will enter and who will remain on campus. Students should become familiar with, and adhere to, the standards, rules, policies, and procedures contained within the Student Handbook.

**Campus and Community Ministries/Chapel**

A complete Grand Canyon University education includes experiences that seek to develop the spirit, as well as the mind and body. Chapel attendance is an integral part of this process and is a requirement for graduation.

Each student taking nine hours or more is required to attend a minimum of ten chapels per semester. Evening students, those already possessing a degree, and those whose off-campus internships and teaching practicums conflict with the chapel schedule may apply for chapel exempt status.

Students are encouraged to participate in local churches as a part of their total experience. Many opportunities are offered on campus to become involved in the spiritual aspect of campus life. Some of these opportunities are found within the Baptist Student Union (BSU), Christian Ministries Association (CMA), the Fellowship of Christian Athletes (FCA), and numerous small Bible study and Discipleship groups.

**Intercollegiate Athletics**

The Intercollegiate Athletics Department of Grand Canyon University seeks to provide intercollegiate athletic participation for students at the University. Recognizing that intercollegiate competition can be a vital component in the total educational experience of a student, the department attempts to operate with the best interest of the physical, educational, and spiritual welfare of those students at heart.

The University offers competition in eight intercollegiate sports, sponsoring four sports each for men and women. Women's teams compete in soccer, volleyball, basketball, and tennis. Men's teams compete in soccer, basketball, baseball, and golf.

All teams compete as members of the National Collegiate Athletic Association (NCAA) at the Division II level. All programs are also members of the California Collegiate Athletic Association, competing for conference championships with 11 other institutions.

Grants-in-aid are available in all sports. Specific academic regulations apply to those interested in competing in intercollegiate athletics. Please contact the Athletic Compliance Office for specific regulations.

Student-athletes, like all students at the University, are expected to abide by the standards, rules, policies, and procedures listed in this catalog and the Student Handbook. Because of their participation on an athletic team, student-athletes may be subject to testing for banned substances designated by the NCAA. A copy of the athletic department drug testing policy may be obtained by contacting the Intercollegiate Athletic Office.

**Food Services**

The University cafeteria provides meals during the academic year. It is closed when the University is not officially in session (during Thanksgiving, Winter Break, Spring Break, and Summer Break).

Students living in the residence halls are required to be on a University meal plan. Others may buy meals on an individual basis or may purchase a meal plan.

Light lunches and refreshments are available in the snack bar located in the Student Center.

**Disability Services**

Grand Canyon University values all of its students. In order to provide reasonable accommodations for specific needs of students with disabilities, we invite self-declaration of disabilities upon acceptance of admittance. Records are confidential and the information is shared only with those who need to know for accommodation purposes.

It is the student's responsibility to request the exception/modification in writing prior to the date services are requested. To allow the University sufficient time to make appropriate plans, requests should be submitted no later than August 1 for Fall classes, December 1 for Spring classes, and two weeks prior to a Summer session when accommodation is needed. The University will respond in writing.

Requests should be directed to the Coordinator of Services for Students with Disabilities, Office of Student Life, Grand Canyon University. The University reserves the right to ask for any documented verification of need. The University cannot provide accommodations that are not requested.

After consulting with the Coordinator of Services for Students with Disabilities, a student who is dissatisfied with the accommodations provided by the University may make a request for further investigation with the Vice President for Academic Affairs for matters pertaining to the classroom and academic requirements and/or to the Vice President for Administration in the area of the physical environment. If the concern is still unresolved, the final appeal should be in writing and addressed to the University Disability Coordinator.

Most University activities, services, and programs are accessible to any student with a physical disability. We expect that any student with a physical disability has followed the procedure for disability services outlined in the Student Handbook. In the event that the student did not do so—because the physical accessibility might be reasonably anticipated without a prior request pursuant to that procedure—the student should direct a written request to the Coordinator of Services for Students with Disabilities, Office of Student Life, as soon as possible. Grand Canyon University will make every good faith attempt to reasonably accommodate students within its Christian learning environment, but reserves the right to request timely documentation and cooperation.

**STUDENT ACTIVITIES**

**Intramurals**

Intramural competition at Grand Canyon University seeks to meet the needs of every student, regardless of skill or ability, and is open to all current students. Intramurals provide an opportunity for students to work towards the development of their physical fitness through participation in a variety of sports, and to play a team sport. Intramurals are open to all students, both members and non-members of the University community.

**Drama**

Opportunities abound for the student who desires to participate in these activities.
current students except varsity athletes in their corresponding sports. Intramural sports and activities currently include volleyball, softball, tennis, ping pong, frisbee golf, basketball, water volleyball, and flag football.

Drama and Speech Activities
Opportunities for dramatic and speech participation are available in plays, operas, and intercollegiate forensics and debate. These opportunities are available for all students, not just those majoring in these areas.

Music Programs
Students from the entire University combine with music majors and minors in performing in choirs, wind ensembles, jazz bands, chamber ensembles and orchestras, guitar ensembles, operas, and Broadway musicals each year.

University Singers is a non-auditioned ensemble open to interested students of the University with the instructor's approval. Membership in all other ensembles will be determined by audition. For more information, please contact the College of Liberal Arts.

Special Events
There are various events throughout the school year that have become traditions at Grand Canyon University. In the Fall there are many events planned around the New Student Orientation, as well as Spiritual Emphasis Week, Club Rush Week, Harvest Festival, TWRIP, and the Hanging of the Green. During the Spring semester, Grand Canyon University has events such as the Slayton Lecture Series, Homecoming, Spring Formal, Honors Day, Athletic Awards Banquet, and Oozeball (mad volleyball).

Clubs and Organizations
Over 20 student organizations meet regularly. Some are service and donor organizations, some extend the exploration of specific majors or issues, and some provide social interaction.

Campus Leadership Council (CLC)
The Campus Leadership Council leads the student body in planning and promoting student life activities. Interviews are held each Spring to determine council leadership; applications are available in the Office of Student Life.

Publications
Every year several publications are produced by students. These include the campus newspaper (Canyon Echoes), yearbook (Canyon Trail), and literary journal (Shadows).

GENERAL ACADEMIC REGULATIONS
Preface
This section of the catalog describes many policies related to a student's academic life at Grand Canyon University. The policies are intended to assure the student a high quality education and to reflect that quality to accrediting agencies, state licensing/certifying agencies, individuals and groups who provide scholarships or otherwise support the University, and to potential employers and graduate schools. The University recognizes that there are individual circumstances and situations which may necessitate exceptions to these policies. When the purpose of the policy or regulation is not being defeated, the University will make every reasonable effort to accommodate those exceptional circumstances and provide a process for the student to appeal or request that an exception be granted. Often the appeals process is explained with the policy but in any case where it is not described, the student should ask the Office of the Chief Academic Officer how to proceed. The University has no right to change policies or procedures of another organization for which it is merely acting as an agent.

The student should especially note that incomplete registration, failure to meet payment arrangements, or failure to follow other policies stated in the catalog may result in administrative withdrawal from classes.

Students enrolled in, or considering enrollment in, the University's College of Continuing Studies should be aware that some specific policies are different for that college only. Among the affected policies are those concerning the academic semester hour, course load, reading and conference, correspondence and extension credit, and evaluation of transfer credit. Please see the Dean of the College of Continuing Studies for clarification and details.

Academic Advisement
Every student at Grand Canyon University is assigned to an advisor, usually a faculty member in the major field of study, for the purpose of assisting the student with proper academic planning. However, it is the student's responsibility to become familiar with and adhere to the policies and degree requirements stated within the catalog. Students are encouraged to seek academic counseling regularly throughout their academic career.

An academic checklist, available upon request in the Office of the Registrar, is a record showing the student's coursework completed to date. Students should refer to the "Graduation Requirements" section of this catalog for specific details regarding graduation.

Academic Semester Hour
Grand Canyon University operates on the semester plan, offering two regular semesters of approximately 15 weeks each. Credit is expressed in terms of semester hours. One semester hour normally requires the equivalent of one 50-minute class period per week throughout a semester. Adaptations of this principle are sometimes employed, especially in music, physical education activity, and laboratory courses. Summer session is operated on an accelerated schedule which is in accord with the semester hour principle. Some programs within the College of Continuing Studies also operate on an accelerated schedule.

Class Attendance
1. Students are expected to be regular and punctual in class attendance. The University believes that students themselves are primarily responsible for attendance. Instructors will provide students with written statements of their policies with respect to absences. If students violate the instructor's attendance requirements, the instructor may recommend to the Chief Academic Officer that the student be administratively dropped from the course. If the student is administratively dropped, it will result in a grade of "W." No refunds are made for administrative withdrawals. Students may appeal administrative drops to the Office of the Vice President for Academic Affairs.

2. The student must notify the Office of Student Life directly when an absence from class of one week or more is unavoidable. The Office of Student Life will notify instructors upon request. Instructors will permit students to make up tests and other work when the absence was entirely unavoidable (at the instructor's discretion) or authorized by the Chief Academic Officer.

3. To secure permission to make up work missed by an absence, students must account to their instructors in the manner prescribed by their instructors immediately after their return to class.

4. Regular and punctual attendance may be considered in assigning grades.

5. Class attendance records are effective as of the first day of class meetings in each semester. Students who register late are counted absent for each class meeting already missed.

Classification of Courses
Courses are numbered from 100 to 699. The course numbering system is as follows:

100-299 are lower division courses designed for freshman and sophomore students.

Usually a freshman will not be permitted to take a course which bears a number higher than 299 and a sophomore not higher than 399. Certain classes are closed to freshmen who have not had designated prerequisites (consult course description for pre-requisite requirement).

300-499 are upper division courses designated for juniors and seniors.

500-699 are graduate level courses.
Classification of Students

Freshmen are those students who have not yet completed 30 semester hours.

Sophomores are those students who have completed from 30 to 59 semester hours.

Juniors are those students who have completed from 60 to 89 semester hours.

Seniors are those students who have completed a minimum of 90 semester hours.

Students are not permitted to graduate at the end of a semester or term which they began with a GPA of less than 2.00. (See page 25 for "General Graduation Requirements").

Fifth Year Students are those students who have completed a bachelor's degree from a regionally accredited institution and are accepted for a program of specified upper division courses to secure standard teacher certification.

Graduate Students are those students who have completed a bachelor's degree from a regionally accredited institution and have been admitted into the graduate program of study offered by one of the colleges of the University.

Second Degree Students are those students who have completed a bachelor's degree from a regionally accredited institution and are completing the requirements for a second bachelor's degree (see page 31).

Unclassified Students are those students who are not working toward a degree and/or are not included in the above classifications.

Concurrent Enrollment

Undergraduate students may enroll at other institutions while enrolled at Grand Canyon University provided that University policies are not violated, and:

1. The student completes the necessary paperwork in the Office of the Registrar prior to enrollment to ensure progress toward a degree.

2. Total enrollment at all institutions in a given semester does not exceed 18 hours without prior permission from the Academic Appeals Committee.

3. Requests from undergraduate students to the Academic Appeals Committee have the endorsement of the student's advisor.

4. Requests from students in master's degree programs are submitted to the dean of the appropriate college.

Transfer credit may not be accepted if the above guidelines are not followed. Undergraduate students enrolled in less than 12 hours at Grand Canyon University are not under these regulations. Concurrent Enrollment forms and Academic Appeals Committee petitions are available in the Office of the Registrar.

It is strongly recommended that students do not enroll concurrently at a community (junior) college after their sophomore year. Community college courses are designed to be introductory in nature and should be taken during the student's first two years. Postponing them until later usually disrupts the sequence of courses in a major and results in poor grades in the advanced classes. Postponing University Liberal Arts Foundation requirements also leads to poor performance in upper division courses which assume the general background gained from the University Liberal Arts Foundation requirements.

COURSES

Auditing of Courses

Under certain conditions a student may wish to audit a course rather than take it for credit in a degree program. The student will receive a grade of "S" (Satisfactory) or "U" (Unsatisfactory) instead of a letter grade.

The student wishing to audit a course will typically do so at the time of registration before the beginning of the course. Students may sometimes be allowed to change their registration from credit to audit during the first half of the course but this should be rare and due to unusual or extenuating circumstances. Certain professional programs (e.g., Nursing or Education) offered by the University may restrict the ability of students to audit courses. These programs also reserve the right to treat a mid-course change to audit status within the professional program as if the student had failed the course and require the student to be re-admitted to the program.

Students considering a change to audit status should confer with their academic advisor or the dean of the college which offers their major before finalizing the change with the Office of the Registrar. Students desiring to change their registration status from credit to audit must request this change by filling out the appropriate form (including signatures) in the Office of the Registrar. The instructor should also be notified of the change by the student so that he or she can make the appropriate change in his or her grading standards.

It is the responsibility of the student auditing a course to ascertain from the instructor the expectations regarding the behavior of an auditing student in the course. Students not meeting the instructor's expectations for a "S" grade will be given a "U" grade.

Students may take a course for credit which they have previously taken as an audit course. A student may not change from audit to credit after the last day for registration for credit as listed in the academic calendar of the current University catalog.

Courses in the College of Continuing Studies are generally not available for audit.

Change of Courses

After students have completed registration and before classes begin, no changes in course schedules are permitted without the signatures of the students' advisor and the Office of Financial Aid. After the semester begins, no changes in course schedules are permitted without the signatures of the professor concerned, the Registrar, or the Chief Academic Officer, and the Office of Financial Aid. Tuition may be refunded when changes in class schedules are made upon the recommendation of the Chief Academic Officer. Refunds are determined by the date the student files a completed withdrawal form with the Office of the Registrar. (See the schedule of refunds beginning on page 13)

A student is not permitted to enroll for credit in a course after the last date to enroll for credit as shown in the Academic Calendar on pages iv-v.

Course Load

An undergraduate student who is enrolled for a minimum of 12 semester hours of credit courses is defined to be full-time during the Fall or Spring semesters. A total of six semester hours of credit courses during the Summer sessions is considered full-time.

A graduate student who is enrolled for a minimum of nine semester hours of credit courses is defined to be full-time during the Fall or Spring semesters.

International students must carry a minimum of 12 semester hours each semester in order to maintain student status required for the F-1 visa. All international students are required to register for UNV 101, University Success, their first semester.

Students may not register for more than 18 hours except upon recommendation of their advisor and permission from the Chief Academic Officer.

Only one course (three credit hours) may be taken during Summer I session. The maximum course load normally allowed during other Summer sessions is six semester hours. If one course is a four-hour course, or if one hour of Physical Education or Applied Music is taken, the student may be permitted to take seven hours.

Carrying a normal course load in college is considered to be a full-time job. For this reason it is suggested that students who have employment other than school work should not take more than 15 hours of college work per semester.

Dropping Courses

A student is not permitted to withdraw from (drop) a course after the last day for dropping (see Academic Calendar) without receiving a grade of "F", except for very extenuating reasons. Evaluation by the Chief Academic Officer is required before permission for late withdrawal can be granted.

A student who discontinues a course at any time without withdrawing officially from it will be given a grade of "F" in the course.

Instructions and forms for dropping courses may be obtained in the Office of the Registrar.
Order of Taking Courses

A student is expected to take required courses at the earliest opportunity. The University Liberal Arts Foundation requirements, in particular, are designed to provide a broad liberal arts background for the rest of the student's university experience and should be completed in the freshman and sophomore years. Exceptions to this should be rare and limited to students who transfer from other schools after their sophomore year. A student classified as a senior is not permitted to take as an elective a freshman-level course without permission from the faculty advisor and the Dean of the appropriate College.

Repeating Courses

A grade of "F" earned at Grand Canyon University may be removed only by repeating the course at Grand Canyon University.

A student may be permitted to repeat a course in order to raise an earlier grade of "D." The last grade earned is considered the grade of record as it pertains to credit toward graduation.

It is the student's responsibility to file a Repeat Form in the Office of the Registrar. This form must be filed at registration or during the semester in which the course is repeated.

Special Study Courses

Certain course numbers have been reserved for special study courses which departments of the University wish to approve. These fall into three categories:

Independent Study

Department/College number 499 (undergraduate) or Department/College number 599/699 (graduate) is assigned to these classes. Research, seminars, or readings on a special topic to be selected by the student and the faculty advisor are appropriate. This type of course may be taken for one, two, three, or four hours, depending upon the amount of time and work involved and may be repeated for up to four hours total credit per subject area unless specified otherwise in requirements for a major. Independent Study is reserved for junior and senior students with a GPA of at least 3.00, with approval of the dean, department chairperson, and instructor.

Practicum

Numbered 399 in each department/college (except the College of Nursing and the College of Education) for one, two, three, or four hours of credit, the practicum is a supervised practical experience in the student's major area of interest. A minimum of 45 hours (maximum 60) of practical experience will be scheduled for each semester hour of credit. The experience must be arranged with an agency, organization, or individual that agrees to provide an advisor to work with the faculty advisor in designing and evaluating the student's experience. This course is for junior and senior students with at least a 2.00 GPA and may be taken any semester with approval of the faculty advisor, the dean, and department chairperson. Additional internship numbers are offered in the Master of Arts and Master of Education programs.

Reading and Conference

Any course listed in the catalog may be taken by reading and conference with the instructor, with approval of the dean/department chairperson and the Chief Academic Officer. The student must have a legitimate reason for seeking course credit through reading and conference. Students may not be permitted to receive credit for more than two courses by this method. A minimum GPA of 2.00 is required.

Procedures for Special Study Courses

Students should:

1. Obtain the proper special study form from the Office of the Registrar (the Office of the Registrar keeps the records which indicate whether a student is eligible for a special study).
2. Complete the required special study form in conference with the appropriate instructor or academic advisor.
3. Obtain proper signatures.
4. File completed form with the Office of the Registrar no later than one week after the last day to register for credit for that semester (see Academic Calendar). A student is not officially registered for a special study course until the completed form has been filed with the Office of the Registrar. It is recommended that this procedure be completed prior to registration.

Withdrawing from Courses

To withdraw officially from all courses, a student must secure a Complete Withdrawal form from the Office of the Registrar and obtain all signatures indicated on the form. A student who officially withdraws from all courses at any time during a semester receives a grade of "W." An unofficial withdrawal results automatically in a grade of "F." A student withdrawing from some but not all courses must do so before the date specified in the Academic Calendar (see "Dropping Courses," page 22).

Correspondence and Extension Credit

A maximum of 30 hours of credit by examination, extension, and correspondence work, including not more than 12 hours by correspondence, may be allowed for undergraduate graduation.

Credit for college-level seminary extension courses may be transferred to Grand Canyon University under certain conditions. Students planning eventual transfer of these courses should secure approval from the Dean of the College of Liberal Arts before they enroll in seminary extension courses.

Credit for any correspondence work and for any extension work transferred from another institution must be recorded with the Office of the Registrar prior to enrollment in the final semester before graduation. Such work done at any time by a student while enrolled in Grand Canyon University must meet all of the criteria for concurrent enrollment.

Eligibility for Activities

Any student may participate in extracurricular activities provided by the University except as restricted by regulations established for campus organizations and intercollegiate activities.

Grade Requirements

For graduation, undergraduate students must present a minimum of 128 semester hours of credit and a GPA of 2.00 for all courses attempted at Grand Canyon University. At least 45 hours must be upper division credit.

Graduate students must maintain a minimum GPA of 3.00 for graduation.

The regulation concerning grades on college work taken elsewhere is given on pages xx.

Students must also have a "C" average (2.00 GPA) in their majors and may not count toward their major any course with a grade below "C."

Candidates for a secondary teaching certificate must have a minimum GPA of 2.50 in their teaching majors.

In calculating a student's GPA in the major, work transferred for the major is evaluated on the same basis as work taken at Grand Canyon University.

Grading System

The grading system used at Grand Canyon University is as follows:

A Superior; extraordinary scholarship; outstanding performance
B Far above average; unusually good work
C Average; standard performance; acceptable college work
D Passing; but below standard
F Failure or unauthorized withdrawal
I Incomplete (see page 24)
W Authorized withdrawal; no credit
Cr Credit given, but no grade or quality points
S Satisfactory completion of audit or non-credit course
U Additional work needed to meet requirements in non-credit or non-grade course
NR Not reported by instructor
IP Course currently in progress
STANDARDS OF ACADEMICS

Academic Honors

Freshman Honor Roll
At the close of each semester, GPAs for freshman students carrying 12 or more semester hours with a minimum of eight semester hours of graded courses are calculated to determine eligibility for this honor. Those freshman students whose semester GPA is 3.00 or above qualify for the Freshman Honor Roll.

Sophomore Honor Roll
At the close of each semester, GPAs for sophomore students carrying 12 or more semester hours with a minimum of eight semester hours of graded courses are calculated to determine eligibility for this honor. Those sophomore students whose semester GPA is 3.25 or above qualify for the Sophomore Honor Roll.

Dean's List
At the close of each semester, GPAs for all undergraduate students carrying 12 or more semester hours with a minimum of eight semester hours of graded courses are calculated to determine eligibility for this honor. Students whose semester GPA is 3.50 or above qualify for the Dean's List. (Note: The Dean's List recognition supersedes Freshman and Sophomore Honor Roll recognitions.) An undergraduate student who qualifies for the Dean's List during any semester may audit one course within the next calendar year without charge. The audit privilege covers the regular audit fee for any course, regardless of the number of semester hours. It does not cover class fees or any University fees.

Junior Marshals
Special recognition is given to the two juniors with the highest GPA at the end of the Fall semester of their junior year. This honor is restricted to those who have transferred in no more than 12 semester hours.

Ray-Maben Scholars
This recognition represents the highest scholarship honor awarded by Grand Canyon University. Criteria are established by the faculty and the honor is bestowed each year at graduation. The faculty consists of a cumulative and Grand Canyon University GPA of at least 3.90, with no more than 12 transferable semester hours.

Graduation With Honors
Undergraduate students who have earned at least 60 hours at Grand Canyon University may qualify for honors at graduation by maintaining one of the following GPAs:

- 3.40 to 3.59 may qualify for graduation cum laude;
- 3.60 to 3.79 may qualify for graduation magna cum laude;
- 3.80 to 4.00 may qualify for graduation summa cum laude.

Second degree and graduate students are not eligible for honors. In order to qualify for a specific honor, students must meet or exceed the GPA requirement for that honor both on work done at Grand Canyon University and on all college work attempted. Transfer students may not graduate with an honor higher than that to which their GPA at Grand Canyon University would qualify them.

Other Honors
Wall Street Journal Award
The Wall Street Journal Award is given annually to an outstanding business student recommended by the College of Business and approved by the faculty. The award includes an inscribed medallion and a one-year subscription to the Wall Street Journal.

Who's Who Among Students in American Colleges and Universities
The honor recognizes, each year, approximately 15 seniors with outstanding records of campus activities, community service, and academic achievement. Nominees must have a cumulative and Grand

Canyon University baccalaureate degree and have participated in two semesters of the Student Government organization.

Academic Probation
Undergraduate students who attempt to raise their GPAs to academic standing are placed on academic probation.

An undergraduate student who is not eligible for the Dean's List and who carries a cumulative GPA of 2.00 or above and is on probation for academic reasons is placed on academic probation.

Probationary periods are based on a cumulative GPA at Grand Canyon University.

Once a cumulative GPA of 2.00 or above is achieved, the student will be reclassified as a non-probationary student.

A student's cumulative GPA is the total quality points earned divided by the total semester hours attempted at Grand Canyon University. A student must have earned at least 36 semester hours at Grand Canyon University to appear on the list.

(Note: A student's cumulative GPA is calculated using all courses attempted for grade or degree credit, but not courses with a "P" credit.

GRADUATE AND PROFESSIONAL DEGREES
The following degree programs are offered at Grand Canyon University:

Arts in Education
Master of Business Administration
Master of Science in Engineering
Master of Science in Music Education
The University offers degree programs in the following areas:

Elementary Education
Secondary Education

The University reserves the right to modify any student services, guidelines, policies and procedures. Please refer to the Student Services website for the most current information.
Canyon University GPA of at least 3.00 and have attended for at least two semesters as a full-time student. Selections are made by the faculty and student body.

**Academic Probation**

Undergraduate students whose cumulative GPA on 12 or more hours attempted at Grand Canyon University drops below 2.00 are placed on academic probation.

An undergraduate student on academic or disciplinary probation is not eligible for any grant or scholarship administered by the University, nor for an office in any student organization. An undergraduate student on probation is not classified as a senior scheduled for graduation (see page 27).

Probationary status is removed when the undergraduate student earns a cumulative GPA of 2.00 or above on all work attempted at Grand Canyon University.

Once admitted into the graduate field of study, a graduate student whose cumulative GPA drops below 2.80 is placed on academic probation.

**Academic Suspension**

An undergraduate student who has undertaken 24 hours in residence at the University will normally be suspended at the end of a semester in which his or her cumulative GPA falls below the following minimums:

- 1.50 for freshmen and sophomores
- 1.75 for juniors
- 2.00 for seniors

A student who has been suspended may apply in writing to the Vice President for Academic Affairs for reinstatement. A student subject to academic suspension for the third time is normally given final dismissal.

A student reinstated after an academic suspension is admitted with specification (see "Admission with Specification," page xx). Persons thus admitted retain probationary status until they have earned a cumulative GPA of 2.00 at Grand Canyon University.

Once admitted into the graduate field of study, a graduate student will normally be suspended at the end of a semester in which his or her cumulative GPA falls below 2.50. A graduate student admitted into a master's program should contact the relevant college for the procedure to appeal academic suspension.

(Note that the academic standards for receiving financial aid are stricter [higher] than the general academic standards in that they require a 2.00 GPA regardless of the student's year in school. See the "Financial Aid" section of this catalog.)

**Student Records**

Annually, Grand Canyon University informs students of the Family Educational Rights and Privacy Act of 1974. This act was designed to protect the privacy of educational records, to establish the right of students to inspect and review their educational records, and to provide guidelines for the correction of inaccurate or misleading data. Students also have the right to file complaints with The Family Educational Rights and Privacy Act (FERPA) office concerning alleged failures by the institution to comply with this act.

Questions concerning the Family Educational Rights and Privacy Act may be referred to the Office of the Registrar.

**GRADUATION REQUIREMENTS**

**Degrees Offered**

The University offers curricula leading to the degrees of Master of Arts in Education, Master of Arts in Teaching, Master of Education, Master of Business Administration, Bachelor of Arts, Bachelor of Business Administration, Bachelor of Liberal Studies, Bachelor of Music, Bachelor of Science, and the Bachelor of Science in Nursing.

The Master of Arts in Education degree is granted to practicing elementary and secondary teachers in a specialized field of study.

- Elementary Education
- Reading Education

Secondary Education
- Teaching English as a Second Language

The Master of Arts in Teaching degree is in a distance learning format and has been designed to promote a high quality graduate education experience in the convenience of a community or school without residency requirements. This program meets the needs of the practitioner in the field who does not intend to pursue further degrees. Rather, the primary focus is upon improving the quality of instruction for the certified teacher.

The Master of Education degree is granted to those students who have completed a bachelor's degree from a regionally accredited institution and are seeking certification at the elementary or secondary level. An advanced program of study is included in that preparation or can be obtained after certification requirements are completed.

- Elementary Education
- Secondary Education
- Special Education

The Master of Business Administration is granted to those students who have completed a bachelor's degree from a regionally accredited institution and are seeking an evening MBA program. The program is designed for completion in two years if all prerequisites have been met prior to enrollment.

The Bachelor of Arts degree is granted to majors in the following areas:

- Applied Music (Music Performance)
- Art Education
- Biblical/Theological Studies
- Biochemistry
- Christian Education
- Communications
- Creative Arts in Worship
- English Literature
- English Teaching
- Graphic Design
- History
- International Studies
- Political Science
- Social Sciences
- Speech/Theatre
- Studio Art
- Theatre/Drama

The Bachelor of Business Administration degree is granted to majors in the following areas:

- Accounting
- Finance
- International Business
- Management
- Marketing

The Bachelor of Liberal Studies is granted to those who complete a program designed primarily for adults who are interested in a broad spectrum of studies for personal enrichment or in obtaining a degree acceptable for fields of endeavor which do not require specific traditional degrees.

The Bachelor of Music degree is the initial collegiate degree in music designed for students who seek a career as professional performers or teachers.

- Church Music
- Piano Performance
- Vocal Performance

The Bachelor of Science degree is granted to majors in the following areas:

- Allied Health
- Applied Management
- Athletic Training
- Biology (Environmental)
- Biology (General)
- Biology (Human)
- Biology (Secondary Teaching)
- Chemistry
- Chemistry (Secondary Teaching)
- Corporate Fitness and Wellness
Choice of Catalog

University, college, and department requirements may change and often are upgraded. In determining graduation requirements, a student may use only one catalog.

1. A candidate for a degree from Grand Canyon University may elect to meet the requirements for graduation as outlined in the catalog in effect at the time of his/her original matriculation or those of any subsequent catalog, provided the student has remained in continuous enrollment at Grand Canyon University. Continuous enrollment is defined as enrollment in every Fall and Spring semester; enrollment in the Summer session is not relevant for the purposes of catalog choice.

2. A student who has been readmitted after a period of non-attendance, or after attending an institution other than Grand Canyon University (including an Arizona community college), will graduate under the requirements for graduation as stated in the catalog at the time of readmission. This provision applies whether the period of non-attendance at Grand Canyon University was voluntary or due to academic suspension.

3. Students who complete one degree program and then wish to pursue a second degree do not necessarily do so under the same catalog as their first degree. These students must meet the catalog requirements in effect at the time they begin work toward the second degree, even if they have remained in continuous enrollment.

4. Students who transfer directly to Grand Canyon University from an Arizona community college will be permitted to follow the degree requirements specified in the Grand Canyon University catalog in effect at the time they were initially enrolled in an Arizona community college, providing their college attendance has been continuous and they remain continuously enrolled at Grand Canyon University after transferring. (Such a student may instead elect to graduate under any subsequent catalog issued while the student is in continuous enrollment.) Inquiries about these policies may be directed to the Office of the Registrar.

Curricular Requirements for Graduation

The completion of the required 128 semester hours for a baccalaureate degree usually requires four years of 32 semester hours each. The freshman and sophomore years are usually spent in general or introductory courses in diversified liberal arts areas. During the remaining two years, the student may concentrate in the field of major interest. The work for the entire four year program consists of:

- University Liberal Arts Foundation, major and minor subjects, and elective courses.

Course Scheduling and Content

The University attempts to schedule courses with sufficient frequency to allow students to meet graduation requirements within a reasonable amount of time. (For instance, some courses may be offered every other year while others may be offered every Fall or every Spring.) This places the responsibility on the student to plan sufficiently far ahead to take courses when they are offered. The University reserves the right to cancel any scheduled class due to insufficient enrollment or other reason. When a course cancellation causes scheduling difficulties, the student should consult with his or her academic advisor or the dean of the college which offers the course to obtain an option or options for remedying the situation. The University retains the right to modify class schedules or offering patterns and allows course instructors the freedom within the University's mission to cover course topics as they wish.

A student may elect to take courses from the curriculum offered in each college in addition to the courses which may be required in his or her major area.

An academic advisor will help each student select a combination of major, minor, and elective studies appropriate for that individual. However, it is the ultimate responsibility of students to plan their course of study appropriately.

General Requirements for Graduation

Undergraduate students who have earned at least 90 credit hours must file an Intent to Graduate form with the Office of the Registrar. Graduate students must file an Intent to Graduate form with the
Office of the Registrar at least one semester prior to their anticipated graduation date.

Intent to Graduate forms may be obtained from the Office of the Registrar.

A one-time non-refundable graduation fee must be paid in the Business Office before returning the completed form to the Office of the Registrar. Once the completed Intent to Graduate form has been filed in the Office of the Registrar, an official check of remaining degree requirements will be provided.

**Commencement Exercises**

**Academic Regalia**

Degree candidates participating in the commencement exercises are required to wear the prescribed academic regalia, which may be obtained through the University Bookstore.

**Attendance**

A candidate for graduation is expected to attend public commencement exercises which are held annually in May. In extreme hardship cases a student may be excused, but only when a written request is approved by the Vice President for Academic Affairs. Graduate students must complete their entire program prior to being permitted attendance at commencement and any of the associated activities unless prior approval has been given by the appropriate college dean.

**Eligibility to Participate in Commencement**

Prospective graduates who have filed an Intent to Graduate form with the Office of the Registrar at least one semester in advance of their anticipated graduation date will be invited to participate in the May Commencement Exercises. Students planning to complete requirements in the Summer sessions must file a written plan with the Office of the Registrar prior to March 15 to account for all outstanding requirements. Once the plan has been approved by the Office of the Registrar, the student may participate in the May Commencement Exercises. Summer graduates with more than 12 hours to complete in the Summer sessions will not be allowed to participate in the May Commencement Exercises unless prior approval has been obtained from the Office of the Registrar and the Academic Affairs Committee.

**Grade Requirements for Graduation**

1. **UNDERGRADUATE**: To graduate at the end of a given semester, an undergraduate student must have a 2.00 GPA ("C") at the beginning of that final semester.
2. **GRADUATE**: To graduate at the end of a given semester, a graduate student must have a 3.00 GPA ("B") at the beginning of that final semester.

**Correspondence and Extension Credit**

Record of all correspondence and extension work transferred from another institution must be filed with the Office of the Registrar prior to enrollment in the final semester before graduation. (See page 23 for additional information concerning correspondence and extension credit.)

**Minimum Residence**

For undergraduate students, at least 30 semester hours, including the 12 semester hours immediately preceding graduation, must be completed at Grand Canyon University.

Undergraduate students are required to complete at least 21 semester hours in their major subject, 15 of which must be upper division hours, at Grand Canyon University. In addition, undergraduate students are required to complete at least nine semester hours in their minor subject, three of which must be upper division, at Grand Canyon University. Students pursuing majors that do not require a minor must take 18 semester hours in their major subject, 18 of which must be upper division, at Grand Canyon University.

Graduate students in the Master of Education degree program with an Elementary Education specialization must complete education requirements, 46 semester hours of professional preparation requirements, and 18 semester hours of masters course work.

Graduate students in the Master of Education degree program with a Secondary Education specialization must complete education prerequisites, 34 semester hours of professional preparation requirements and 22 semester hours of masters course work.

Graduate students in the Master of Arts in Education degree program must take 36 semester hours.

Graduate students in the Master of Arts in Teaching degree in the Distance Learning program must complete a prescribed program of 30 semester hours.

Graduate students in the Master of Education program with a Special Education specialization must complete education prerequisites, 69 semester hours of professional prerequisites, and 20 semester hours of masters course work. Certification is received in learning disabilities K-12, emotionally handicapped K-12, and elementary education.

Graduate students in the Master of Business Administration degree program must take 24 semester hours, including the 12 semester hours immediately preceding graduation, at Grand Canyon University.

**Total Hours**

The total number of semester hours for a Master of Arts in Education degree is not to exceed 38. Refer to the College of Education for specific programs of study.

The total number of semester hours for a Master of Education degree is not to exceed 60. Refer to the College of Education for specific courses.

The minimum number of semester hours required for a baccalaureate degree is 128 with a minimum GPA of 2.00, indicating an average of "C," on all coursework taken at Grand Canyon University.

**Major Grade Point Average**

Undergraduate students must also have at least a 2.00 GPA in their majors and are not permitted to count any course with a grade below 2.00 toward their majors. Higher GPAs are required by specific departments/colleges.

Graduate students must maintain a 3.00 GPA.

**Upper Division Requirements**

For a baccalaureate degree, a student must earn a minimum of 45 semester hours in upper division (300 or above) courses. In exceptional cases, students may petition the Academic Affairs Committee for special consideration.

**University Liberal Arts Foundation (ULAF)**

Grand Canyon University was founded as a Christian liberal arts college 50 years ago and proudly maintains that heritage even though the institution has undergone extensive changes over the intervening years. Now a burgeoning University with multiple professional and applied degree programs complementing its traditional liberal arts and sciences curriculum, Grand Canyon University continues to maintain that a core of liberal arts knowledge and the integrative ability potentially inherent in that core remains the best preparation for a productive and satisfying life in today's world. To that end, the University has developed a set of learner goals which, when taken as a whole, are viewed as comprising our expectations for this part of the student's experience at Grand Canyon University. Each learner goal is paired with a course or group of courses in a core area of study and these comprise the University Liberal Arts Foundation. The ULAF, comparable to what is often called "general education" or "general studies" at other institutions, is intended to be the foundation of the student's undergraduate education. The ULAF purposely allows the student some flexibility and choices in order to make the foundation as relevant as possible to the student's areas of academic interest, but it also is specific enough to ensure that some basic skills and knowledge are a part of the foundation.

**Learner Goals**

1. To develop an understanding of the Bible and Christian values and how they may be integrated into living in the world today. (See Core Area I.)
2. To demonstrate the ability to write competently, speak effectively, and use the tools of modern technology to communicate. (See Core Area II.)
3. To develop an understanding of and appreciation for historical, literary, and philosophical heritage. (See Core Area III.)

4. To develop knowledge and appreciation for the dynamic relationship between the individual and society. (See Core Area IV.)

5. To demonstrate an understanding of mathematical concepts, applications, and connections between mathematics and daily living. (See Core Area V.)

6. To achieve an understanding of the philosophy and methods of science. (See Core Area VI.)

7. To develop an appreciation for the arts and their relationship to daily living. (See Core Area VII.)

University Liberal Arts Foundation Requirements

(GENERAL - Refer to the ULAF for each college for any variations)

I. Christian Perspectives: 6 hours
   Track 1: BIB 113 Old Testament History (3)
   AND
   BIB 123 New Testament History (3)
   Track 2: One of the following courses:
   BIB 103 Survey of the Bible (3)
   BIB 113 Old Testament History (3)
   BIB 123 New Testament History (3)
   AND
   One of the following courses:
   UNV 304 Science and the Christian Faith (3)
   UNV 305 The Christian Mind (3)
   UNV 306 Foundations of the Christian Faith (3)

II. Communication: 10 hours
   A. English — 6 hours*
      ENG 101 Academic Writing (3)
      ENG 102 Research Writing (3)
   B. Speech — 3 hours
      SPC 113 Fundamentals of Speech (3)
   C. Computer Literacy — 1 hour
      CIS 180 Computer Information Systems Module (1)

III. Heritage: 6 hours
   A. History — 3 hours
      Any history course with an "HIS" prefix
      Recommended courses include:
      HIS 103 Early American History (3)
      HIS 104 Recent American History (3)
      HIS 105 Western Civilization to 1500 (3)
      HIS 106 Western Civilization Since 1500 (3)
   B. Literary and Philosophical Tradition — 3 hours
      Any literature course with an "ENG" prefix or any philosophy course with a "PHI" prefix

IV. Personal and Social Environment: 3 hours
   Any economics (ECN), foreign language (FRE, GER, SPA, etc.), geography (GEO), political science (POS), psychology (PSY), or sociology (SOC) course

V. Mathematical Inquiry: 3 hours
   MAT 120 Intermediate Algebra or higher mathematics course

VI. Scientific Inquiry: 4 hours
   Any biology (BIO), chemistry (CHM), geology (GLG), or physics (PHY) course which contains a laboratory component

VII. Fine Arts: 3 hours
   Any art, music, or theatre course

Total University Liberal Arts Foundation Requirements: 35 hours**

* Students whose Writing Proficiency Examination (placement test) scores place them into ENG 103 Honors Composition may satisfy the requirements of the English section of Core Area II by successfully completing this course. This may reduce the total ULAF requirements to 32 hours for those students.

**Students should consult the specific section of the catalog describing their college's requirements. Some requirements may differ.

The University has always accepted comparable courses from other regionally accredited institutions which, in the judgment of the faculty, meet the intent of the requirements as specified. The faculty teaching a specific discipline should be consulted when the Office of the Registrar cannot establish whether or not a particular transferred course is substantially similar to the ULAF requirement.

Bachelor Degree Candidates — Suggested Program of Study

The following program of study for a beginning student will meet many of the University Liberal Arts Foundation requirements. Students should adapt the program to meet their specific matriculation plan for which they are ultimately responsible. This program emphasizes the importance of choosing a major (and a minor, in most cases) field of study during the first year.

First Semester:
   UNV 101* 2 hour
   BIB 103 or BIB 113 3 hours
   ENG 101** 3 hours
   HIS 103 or HIS 105 3 hours
   TRE 120/ARH 100/or MUS 252 3 hours
   CIS 180 1 hour
   Elective 1 hour
   16 hours

Second Semester:
   UNV 304/UNV 305/UNV 306/or BIB 113 3 hours
   ENG 102 3 hours
   ECN/GEQ/POG/PSY/or SOC elective 3 hours
   BIO/CHM/or PHY - lab science 4 hours
   (PHY 101 is recommended for students who have not had a physical science course in high school.)
   Elective 3 hours
   16 hours

*This course is not required as part of the University Liberal Arts Foundation requirements but has been found to be of practical value to most students. UNV 101 is designed to address four major areas of a student's development: life management skills, academic skills, campus and community awareness, and personal and spiritual growth.

**Some students may initially be placed in a different course as the result of their performance on the Writing Proficiency Examination (WPE). That placement should be followed and ENG 101 and ENG 102 postponed until the WPE is mastered.

Sophomore Year:
   Fall
   SPC 113 3 hours
   PHI 101 or ENG literature course 3 hours
   MAT 120 or higher major, minor electives 3 hours
   13 hours
   Spring
   15 hours

Junior Year:
   Fall
   major, minor, electives 12 hours
   16 hours
   Spring
   16 hours

Senior Year:
   Fall
   major, minor, electives 17 hours
   16 hours
   Spring
   16 hours

28
(Students who elect to take a foreign language should adjust this plan to allow the classes to be taken in the same year. Students continuing a foreign language from high school should begin those courses in their freshman year.)

**Bachelor of Liberal Studies (B.L.S.) - Degree Requirements**

Students who elect to study for a Bachelor of Liberal Studies degree will complete the following requirements:

- University Liberal Arts Foundation: 35 hours
- Electives: 93 hours
- 128 hours

A minimum of 45 hours must be in upper division courses.

A maximum of 21 hours of upper division work in any one academic area will be acceptable toward the degree. (ACC, BUS, ECN, FIN, and MKT are all considered to be in the same academic area.)

A minimum grade of "C" must be made in all upper division courses.

An overall grade of "C" must be maintained.

The student must satisfy the minimum residence requirement of at least 30 hours, 18 of which must be upper division.

**Special Conditions**

Students who elect this program must sign a statement that they understand the Bachelor of Liberal Studies degree may not be accepted for teacher certification, admission to professional schools, or admission to graduate school.

**Major and Minor Subjects**

By the beginning of the junior year undergraduate students are required to select one subject area, to be known as their major, in which they must present at least 30 semester hours of acceptable credit. In certain areas of study the number of hours required for a major exceeds 30. In any case, at least 15 hours must be upper division. Students must also have a 2.00 GPA in their major and are not permitted to count in the major any course with a grade below 2.00. A candidate for a secondary teaching certificate must have a 2.50 average or above in the teaching major.

With few exceptions, undergraduate students must also select a different subject area, to be known as the minor, in which they must present 18 hours of acceptable credit. See page 26 for these exceptions. Of these 18 hours, six must be from upper division courses.

Students who want certification to teach their minor subject area should earn 24 hours in that field. Students should consult the College of Education for details.

A student may elect to complete a second major in lieu of a minor. A student who chooses to complete two majors will earn only one baccalaureate degree. (If two baccalaureate degrees are sought, see "Double Degree" policies.)

No course may count toward hours required for the completion of both major and minor, or both majors if pursuing a second major in lieu of a minor.

Transfer students should consult the paragraph concerning minimum residence (see page 27).

**Second Degree**

A student who has earned a baccalaureate degree from a regionally accredited college or university may be granted an additional baccalaureate degree from Grand Canyon University upon completion of the following:

1. Meeting the admission criteria for that degree.
2. Filing an Intent to Graduate form with the Office of the Registrar for the degree sought.
3. Meeting ULAF requirements for Biblical Understanding and Written Communication, all degree prerequisites and requirements, and all other University requirements for the second degree. (Second degree students are exempt from taking the Writing Proficiency Examination.)
4. Selecting a major field not used as a major for the previous degree.

(See specific major for number of hours required.)

5. Completing a minimum of 30 additional credit hours in the major area at Grand Canyon University (36 for those who have not met the six-hour requirement in Bible) after the conferral of the previous baccalaureate degree(s).

*NOTE: Second Degree students do not qualify for honors at graduation.*

**Double Degree**

A student wishing to pursue two degrees simultaneously from Grand Canyon University must meet the following requirements:

1. Obtain permission from the Office of the Registrar and the dean(s) of the college(s) under which the degrees are offered.
2. File an Intent to Graduate form with the Office of the Registrar for each degree sought.
3. Meet the ULAF requirements, all degree prerequisites and requirements, and all other University requirements for each degree sought.
4. The two degrees must be different (e.g., B.A. and B.S. or B.S. and B.S.N.). A minor only needs to be completed in one of the two degrees.
5. Complete a minimum of 30 credit hours at Grand Canyon University beyond the requirements for the first degree (e.g., a minimum of 158 credit hours if the requirements for the first degree were completed after 128 hours).
6. Complete the requirements for both degrees before being granted either degree.

*NOTE: Double Degree students may only earn honors on their first degree.*

**UNIVERSITY SPECIAL PROGRAMS**

**Preface**

While the University is organized into several colleges, there are some academic programs which fall outside the subject matter taught in any of the colleges and other programs which cross over the boundaries of two or more colleges. Some of these programs offer specific courses, others offer services or educational experiences to specific groups of students. Some programs are totally staffed and operated within the University. Others involve relationships with other colleges, universities, organizations, or countries. All are designed to better allow the University to accomplish its mission.

**Academic Tutoring**

In an effort to offer academic support to any student attending Grand Canyon University, the services of tutors may be available on a limited basis. Students should consult first with the instructor of the course in which they are having difficulty. The instructor may refer the student elsewhere as appropriate.

**Center for International Education**

Grand Canyon University is committed to education which helps citizens expand their worldview and deepen their understanding of the peoples of the world. Study-abroad programs operate under the idea that firsthand knowledge of other peoples and their cultures builds international awareness, creates concern for God’s human creation, and contributes to a more just and peaceful world.

Since 1983, approximately 700 of Grand Canyon University’s students, faculty, and staff have traveled to over 35 countries to teach, minister, or study. The Center for International Education was established in 1986 to enhance and increase study-abroad programs.

The Center for International Education offers a variety of experiential education programs which examine the problems of cross-cultural communications and the dynamics of demonstrating Christ's love to the world. Academic programs include participating in mission projects, teaching English in Third World countries, studying abroad at foreign universities, or gaining practical experience with international businesses. A unique feature of this program is that it provides participants with opportunities to meet leaders in other countries as well.
as communicate with the poor and needy of the world. It strives to help students understand the real people of other countries, to re-evaluate their own beliefs, and to affirm the beliefs that are important to them.

Students interested in any international learning must make arrangements through Grand Canyon University’s Center for International Education well in advance of the anticipated date of study abroad.

Study Abroad and International Programs

Argentina—Grand Canyon University sends students to the Pampas region of Argentina in the summer to conduct recreational activities with missionaries in a large sports facility.

China—Grand Canyon University has relationships in China with the Guangxi Education Commission making all the institutions within the Guangxi Region available to students. In far northwest China, Xinjiang Agriculture University receives ten students each summer. These students teach English as a Second Language for one month. Students are required to take a class in methods of teaching ESL and may receive practicum credit as well.

Germany—Grand Canyon University's German language students may accompany their instructor to the University of Heidelberg Spain to enhance their German language skills.

Hong Kong—Through an agreement with Hong Kong Baptist University students may study at that university for a semester or a year. Grand Canyon University "owns" a room in a new dormitory built on land left to HKBU when the British left the island. The University offers a variety of courses taught in English, as well as language courses. Hong Kong offers an exciting location for study.

Hungary—Each summer students from Grand Canyon University teach English as a Second Language at Eszterhazy Karoly Teacher Training College. Several of the Hungarian students then come to campus to experience the American culture and language.

Israel—Grand Canyon University is a member of a consortium of more than 100 schools who send students to study at the Jerusalem University College, an Evangelical Protestant Christian university-level institution established in 1957 and located in Jerusalem, Israel. The school offers to its international student body: long and short term programs, including the Master of Arts degree in several disciplines; graduate and undergraduate semesters abroad; and short-term academic study tours. The institution is dedicated to the study of the geography, culture, history, languages, and archeology of biblical lands as they relate to biblical interpretation and a better understanding of the Middle East.

Kazakhstan—A relationship exists with the Kazak Ministry of Education allowing Grand Canyon University students to study at any of the universities in this second largest republic of the Commonwealth of Independent States. Kazak students come to Grand Canyon University's campus under this exchange program.

Lithuania—Teaching English as a Second Language is the focus of a summer program in Vilnius, Lithuania.

Mexico—A relationship with the Universidad Kino in Phoenix's sister city of Hermosillo offers six students the opportunity to study Spanish or business for a summer, semester, or year. Students may add a service component to this program by working in an orphanage school on the campus of Univeridzidad Kino.

United Kingdom—Two programs are in effect in the United Kingdom, one in the business area and one in education. Business students exchange with students at Staffordshire University in Stoke-on-Trent for a semester or a year. Education students may take master's level courses at Brighton University in a summer program.

ONGOING PROGRAMS

Coalition of Christian Colleges and Universities

The Coalition of Christian Colleges and Universities (CCCU) offers and coordinates several programs for which Grand Canyon University students who are juniors or seniors and have a GPA of at least 2.75 are eligible to apply. Students who have previously attended these programs have returned to campus to report that these have been life-changing experiences. These programs are all based on the idea of integrating one's personal faith with the experience of learning through life experience in internships or service opportunities, a study program, and living in a small Christian community. Preference is given to early applicants. Applications may be obtained from the Office of the Chief Academic Officer. Final admission to any of the programs is the decision of the CCCU.

Applicants typically enroll at Grand Canyon University for 16 semester hours in a "holding" course such as UNV 300 to retain their enrollment and eligibility for financial aid. Upon successful completion of the semester, the specific credit for the experience replaces the holding course. Students needing credit for particular courses in their major field should confer with their major advisor well in advance of leaving campus and work with Grand Canyon University's Office of the Registrar to assure the applicability of CCCU coursework to Grand Canyon University's requirements. The CCCU sets the charges for the programs and bills Grand Canyon University. The student is responsible for the payment of these charges to Grand Canyon University. Most financial aid programs for which a student is otherwise eligible will also be applicable to these programs as they are official University courses.

The American Studies Program

Founded in 1976, the American Studies Program has served hundreds of students from CCCU member institutions as a "Washington, D.C. campus." ASP uses Washington as a stimulating educational laboratory where colleagues gain hands-on experience with an internship in their chosen field and explore pressing national and international issues in public policy seminars which are issue-oriented, interdisciplinary and led by ASP faculty and Washington professionals. Internships are tailored to fit the student's talents and aspirations and are available in a wide range of fields. ASP bridges classroom and marketplace, combining Biblical reflection, policy analysis and real world experience. Students are exposed on the job learning that helps them build for their future and gain perspective on the calling of God for them. They are challenged in a rigorous course of study to discover for themselves the meaning of Christ's Lordship in putting their beliefs into practice. The aim of the program is to help coalitions prepare their students to live faithfully in contemporary society as followers of Christ. Students earn 16 semester hours of credit.

China Studies Program

The China Studies Program, beginning in the Spring of 1999, allows students to engage this large and intriguing country from the inside. While living and working in Chinese civilization firsthand, students participate in seminar courses in the historic, cultural, religious, geographical and economic realities of this strategic populous nation. In addition to the study of Chinese civilization, students will assist Chinese students learning English, allowing for one-on-one interaction. The program seeks to introduce students to the diversity of China, including Beijing, Shanghai, and Xi'an. This interdisciplinary, cross-cultural program of study enables Chinese students to deal with this, increasingly important part of the world in an informed, Christ-centered way. Students earn 16 semester hours of credit.

Latin America Studies Program (LASP)

Students of coalition member colleges have the opportunity to live and learn in Latin America through the Latin American Studies Program, based in San José, Costa Rica. The program seeks to introduce students to a wide range of Latin American experiences as possible through the study of language, literature, culture, politics, history, economics, ecology, and religion of the region. Living with a Costa Rican family, students experience and become a part of the day-to-day lives of typical Latin Americans. Students also participate in a service opportunity and travel for three weeks to nearby Latin American nations. In addition to the regular program of interdisciplinary offering in Spanish, Latin American language and literature offerings of traditional and Spanish majors and offered both Fall and Spring Terms), International Business and Management (offered only in Fall Term) and Tropical Sciences (offered only in Spring Term), Students in all tracks earn 16 semester hours of credit.

Los Angeles Film Studies Center (LFSC)

The Los Angeles Film Studies Center is designed to train students of...
fields with fellow Honors students and professors in a shared experience that fosters group camaraderie and friendship. Students are admitted to the Honors Program by invitation of the Director of the Honors Program or upon receiving a Scholars 100 award.

More information concerning general criteria for selection is available through the Director of the Honors Program.

Reserve Officer Training Programs (ROTC)

Through an agreement with Arizona State University in Tempe, Arizona, students at Grand Canyon University can take classes in ROTC. Students register for the courses at Grand Canyon University and attend the courses at Grand Canyon University or Arizona State University depending on the course(s).

The goal of ROTC classes is to provide a foundation of military knowledge and skills needed by junior officers in the military. Students may take ROTC credit in (Army) Military Science or (Air Force) Aerospace Studies.

For further information contact Grand Canyon University at (602) 589-2550, Arizona State University Army ROTC at (602) 965-3318 or Air Force ROTC at (602) 965-3181.

AIR FORCE ROTC

Purpose

The Department of Aerospace Studies curriculum consists of the General Military Course and course for freshmen and sophomores (AES 101, AES 103, AES 201, AES 203) and the Professional Officer Course for seniors (AES 301, AES 303, AES 401, AES 403) and a once-a-week leadership laboratory (AES 101L, AES 103L, AES 201L, AES 203L, AES 301L, AES 303L, AES 401L, AES 403L).

General Qualifications

Men or women entering AFROTC must:

1. Be a citizen of the United States (non-citizens may enroll, but must obtain citizenship prior to commissioning).
2. Be of sound physical condition.
3. Be at least 17 years of age for scholarship appointment or admittance to the Professional Officer Course.

Additionally, scholarship recipients must be able to fulfill commissioning requirements by age 25. If designated for flying training, the student must be able to complete all commissioning requirements prior to age 26.5 years; other categories must be able to complete all commissioning requirements prior to age 30.

Four-Year Program (GMC and POC)

A formal application is not required for students entering the four-year program. A student may enter the program by simply registering for one of the General Military Course (GMC) classes at the same time and in the same manner as other courses. GMC students receive two semester hours of credit for each AES 100 and AES 200 class completed, for a total of eight semester hours. GMC students not on AFROTC scholarships incur no military obligation. Each candidate for commissioning must pass an Air Force aptitude test, a physical fitness test, and a physical examination, and be selected by an interview board of Air Force Officers. If selected, the student then enrolls in the Professional Officer Course (POC), the last two years of the AFROTC curriculum. Students attend a four-week field training course at an Air Force base, normally between the sophomore and junior year. Upon successful completion of the POC and the college requirements for a degree, the student is commissioned in the US Air Force as a Second Lieutenant. The new officer then enters active duty or may be granted an educational delay to pursue graduate work.

Two-Year Program (POC)

The basic requirement for entry into the two-year program is that the student have two academic years of college work remaining, either at the undergraduate or graduate level. Applicants seeking enrollment in the two-year program must pass an Air Force aptitude and medical examination, and be selected by an interview board of Air Force officers. After successfully completing a six-week field training course at an Air Force base, the applicant may enroll in the Professional Officer Course.

in the AFROTC program. Upon completion of the POC and the college requirements for a degree, the student is commissioned.

Qualifications for Admittance

Qualifications for Admittance to the Professional Officer Course (POC) are:

1. For the four-year student, successfully completing the General Military Course and the four-week field training course.
2. For the two-year application, completing the six-week field training course.
3. Passing the Air Force Officer Qualifying Test (AFOQT).
4. Maintaining the Air Force Officer Qualifying Test (AFOQT).
5. Maintaining a minimum GPA required by the University.
6. Maintaining PFT/1.5 Standards.

Pay and Allowance

POC members in their junior and senior years receive $150 per month for a maximum of 20 months of Professional Officer Course attendance. Students are also paid to attend field training. In addition, uniforms, housing, and meals are provided during field training at no cost to the student. Students are reimbursed for travel to and from field training.

Scholarships

AFROTC offers scholarships annually to outstanding young men and women on a nationwide competitive basis. Scholarships cover full college tuition for resident and nonresident students as well as an allowance for books, fees, supplies, and equipment, plus a monthly tax-free allowance of $150. Scholarships are available on a four- and two-year basis. To qualify for the four-year scholarship, students must be US citizens and submit an application prior to December 1 of their senior year in high school. Interested students should consult their school counselors or call AFROTC at Arizona State University for application forms to be submitted to HQ AFROTC, Maxwell AFB, AL 36112-6665. Students enrolled in AFROTC at Arizona State University are eligible for two-year scholarships. Those interested must apply through the Department of Aerospace Studies. Consideration is given to academic grades, score achieved on the Air Force Officer Qualifying Test, and physical fitness. A board of officers considers an applicant's personality, character, and leadership potential.

Flight Screening Program (FSP)

A cadet designated to enter US Air Force Undergraduate Pilot Training after graduation participates in FSP after the junior year in college. This program trains and motivates pilot candidates.

ARMY ROTC

Purpose

The Department of Military Science curriculum consists of the basic course (MIS 101, MIS 102, MIS 201, and MIS 203) and the advanced course (MIS 302, MIS 401, and MIS 402). The goal of this professional education curriculum is to prepare students with leadership potential to be commissioned US Army officers. Objectives include developing the following characteristics in the students: leadership and managerial skills; the ability to think creatively; the ability to speak and write effectively; appreciation of the requirements for national security, and an understanding of the nature and functions of the US Army. Upon successful completion of the advanced course and graduation, qualified students receive commissions in the Active US Army (on a competitive basis), Army Reserve, or Army National Guard.

General Qualifications

Basic Course

Any student who is enrolled at Grand Canyon University can enter into the military science basic class. It is strongly recommended that the student be in good physical shape because some of the curriculum requires physical exertion.

Advanced Course

Any student who is enrolled at Grand Canyon University may enroll
in the military science advanced course. However, to be competitive and obtain a commission in the US Army, students must meet the following requirements:

1. Be a citizen of the United States (non-citizens may enroll but must obtain citizenship prior to commissioning).
2. Be of sound physical condition and pass the US Army physical fitness test.
3. Meet the required professional military educational requirements.
4. Be at least 17 years of age for entrance into the advanced course and be able to complete all commissioning requirements prior to age 30.

Only those students in the basic and advanced courses who meet required military regulations are eligible to receive financial assistance through the US Army. Members of the Department of Military Science at Arizona State University are available during normal office hours to answer questions or provide counseling.

Four-Year Program

Students may enroll in Army ROTC during their freshman year. They take the basic course during the first two years, receiving a total of 13 semester hours of credit for the four semesters of study. Upon satisfying the requirements stated previously, they enter the advanced course where they will earn 12 semester hours for the four semesters of study. Students are also required to attend a six-week advanced summer camp at Ft. Lewis, Washington, between their junior and senior years. To conclude their academic program, ROTC students must meet all of the degree requirements of the college. Upon successful completion of the advanced course and requirements for a degree, students are commissioned as Second Lieutenants in the Regular US Army, Army Reserve, or Army National Guard.

Two-Year Program

Students must have at least two academic years of college work remaining, either at the undergraduate or graduate level. The student must also have reached academic junior status. This program is open to all students with the exception of three- and four-year Army ROTC scholarship winners. Students seeking enrollment in the two-year program should make application during the Spring semester of the year in which they desire to enter the program. Students must attend and successfully complete a paid five-week basic camp at Fort Knox, Kentucky (conducted during June and July) prior to enrolling in the advanced course. Students with previous military experience or who are currently members of the National Guard or Reserves may be admitted directly into the two-year program provided they are academic juniors. They then follow the same program and meet the same requirements as stated for advanced course students in the four-year program.

Qualifications for Admission to the Advanced Course

To be admitted to the advanced course, students must:

1. Successfully complete the basic course, if they are in the four-year ROTC program; if they are in the two-year program, they must be selected for and successfully complete the six-week basic summer camp, or have completed prior military service.
2. Achieve and maintain the minimum cumulative GPA required for graduation in the student's selected major, but no less than 2.00.
3. Attain at least junior class standing.
4. Maintain full-time student status.

Pay and Allowance

Each advanced course student receives one-half the pay of a second lieutenant during attendance of the six-week advanced camp. Uniforms, housing, and meals are provided at the camp without cost to the students, and they are reimbursed at the current mileage rate for travel to and from camp. All students in the advanced course, regardless of scholarship status, are paid about $1,500.00 tax-free for each of these two years.

Scholarship Programs

The Army ROTC offers scholarship programs for outstanding young men and women who are motivated toward a career as professional officers in the US Army. These scholarships are awarded in varying amounts for tuition. In addition, the scholarship pays $150.00 subsistence allowance and $225.00 each semester for textbooks and supplies. A scholarship for four years is available to freshmen who will enter the four-year program. Applications must be submitted in accordance with a schedule furnished by the high school counselors. Selection is made on a nationwide basis.

Scholarships for continuing students are available for three- and two-year periods commencing with the sophomore and junior years of ROTC, respectively. Applications are open to all students in good standing with the University; previous ROTC or military experience is not required for application for two- and three-year scholarships. Selection is made by a review board at the national level. Acceptance of any of the three scholarship programs requires a service commitment to serve in the Active Army for a period of up to four years after commissioning and graduation.

Active Duty Requirements

Graduates of Army ROTC may serve as officers in the Active Army, Army National Guard, or Army Reserve. Active duty commissions may vary from four years to as little as three months. Scholarship students have up to a four-year active duty commitment.

University Success Program

UNY 101, University Success, is a course designed to address four major areas of a student's development: life management skills, academic skills, campus and community awareness, and personal and spiritual growth. The graded, one credit class is designed to provide opportunities to develop and strengthen skills necessary to enhance the college experience.

Topics include the values of higher education, programming the mind for success, building interpersonal relationships, making the grade, decoding the professors, finance and time management, degree and career planning, effective communication, confidence and leadership, health and fitness, stress management, keeping faith, and others.

More information concerning this program is available through the Office of Student Life.

MISSION STATEMENT
The College of Business seeks to deliver a quality education within the liberal arts framework and Christian values-based tradition of Grand Canyon University to students who seek to develop their potential to assume responsible positions and pursue successful careers in the continuously evolving global environment. To achieve this mission, academically qualified, full-time faculty with relevant business and teaching experience are committed to the primacy of teaching, small class sizes, and student-faculty rapport in a congenial and open environment.

COLLEGE DESCRIPTION
The College of Business at Grand Canyon University exists to serve both undergraduates who are preparing to initiate careers and working professionals who are seeking to further develop their careers. Through the College of Business, Grand Canyon University is nationally accredited by the Association of Collegiate Business Schools and Programs, 7007 College Boulevard, Suite 420, Overland Park, Kansas 66211, (913)339-9356, to offer the following degrees: Bachelor of Business Administration degree with majors in Accounting, Business Administration, Finance, International Business, and Marketing, and Master of Business Administration degree.

COLLEGE OF BUSINESS FEATURES

DEGREE OFFERINGS
With the increasing complexity of the business world, solid academic preparation is essential for success. The College of Business offers the Bachelor of Business Administration degree in the following majors: Accounting, Business Administration, Finance, International Business, and Marketing. The College of Business additionally offers a Master of Business Administration degree, an undergraduate minor in Business, and a Computer Information Systems Certificate Program which is highly recommended as an enhancement for all majors.

The accounting major is designed to prepare students for professional practice in corporate or public accounting or for management positions in business. Completing the requirements for the accounting major qualifies students to sit for either or both the Unified Certified Public Accountant (CPA) and Certified Management Accountant (CMA) examinations.

The finance major is offered to students interested in careers in banking, corporate finance, or investments. The emphasis is on applications and practical skills.

The international business major consists of business classes plus foreign language and cultural courses. A key component of this program is a foreign study experience.

The business administration major emphasizes technical, human, and conceptual skills that encompass the functional areas of business.

The marketing major combines a strong business core with special emphasis in market forces, marketing strategy, and sales management. Marketing students prepare for careers in sales, merchandising, and market research.

The Master of Business Administration (M.B.A.) degree is designed for working professionals who desire to complete their graduate degree without interrupting their professional careers. The program consists of 36 graduate credit hours offered during the evening. Students with the necessary academic or professional background who complete two courses per semester on a trimester basis will be able to complete the M.B.A. program in two years.

NOTE: The direct transfer plan from accredited community colleges does not apply to the College of Business programs.

STUDENT ORGANIZATIONS
The College of Business offers students the opportunity to be members of two student organizations:

Institute of Management Accountants Student Chapter, open to any student interested in business, is affiliated with the Phoenix Chapter of the Institute of Management Accountants. Primary activities include sponsoring guest speakers, visiting area businesses, performing community service projects, and participating in Phoenix Chapter IMA events.

Delta Mu Delta, a national honor society, is open to both graduate and undergraduate students by invitation only based primarily upon scholastic achievement.

UNDERGRADUATE ADMISSION PROCEDURES
Undergraduate students must be admitted into the College of Business before they can be considered for a degree. Normally, an application is filed by the student with the College of Business at the end of the student's sophomore year. Until a student is admitted to the
College of Business, the only upper division business courses that can be taken are BUS 300, 307, 309, 310, 315, 319, and ECN 333.

In order to meet the requirements for admission to the College of Business, a student must:

1. Have an overall minimum GPA of 2.00 and a cumulative GPA of 2.25 for the following courses:
   - ENG 101 and ENG 102 (6 hours)
   - ACC 211 and ACC 212 (6 hours)
   - ECN 201 and ECN 202 (6 hours)
   - MAT 121 or higher (3-4 hours)
   - BUS 251 (3 hours)
   - CIS 180 (3 hours)
   - Total 27-28 hours

2. Pass the Writing Proficiency Exam before being admitted.

3. If native language is not English, pass the Test of English as a Foreign Language (TOEFL) with a minimum score of 550.

   Exceptions to these requirements may be granted by the College of Business.

   Admission application forms may be obtained from the College of Business. Admission is not required for business minors, second degree students, or students from other areas of study within the University.

Admission to Grand Canyon University does not guarantee acceptance into the College of Business.

**INTERNSHIP GUIDELINES**

Internships are strongly recommended for all academically qualified students and are available in Fall, Spring, and Summer semesters for any discipline taught in the College of Business. In order to make arrangements for an internship, the student should see the Director of the Internship Program.

Guidelines for a Business Internship:

1. Internships are limited to students admitted to the College of Business who have a cumulative GPA of 2.75 or higher.

2. A maximum of two semesters of internships may be taken. The second semester should be taken with a different organization.

3. A maximum of six credit hours can be awarded. Normally, internships are for three credit hours per semester. Interns are expected to complete a minimum of 45 hours of documented work for each academic credit earned.

4. No academic credit will be granted for performing duties in the student’s current job. An internship with a student’s past or current employer must be for a special internship assignment and not be a part of his or her regular job assignment. In no case will academic credit be granted for work done in the past.

5. At the end of the semester, interns will receive a grade of either credit (“C”) or non credit (“U”). This determination is made by the Director of the Internship Program and the written evaluation of the intern’s supervisor in the organization sponsoring the internship.

6. International Business majors contemplating an overseas internship should begin their planning process at least eight months in advance of their departure from the Grand Canyon University campus. All documentation must be completed prior to the student’s departure from campus.

**COMPUTER INFORMATION SYSTEMS CERTIFICATE PROGRAM**

The College of Business strongly recommends that all students, regardless of their major, take coursework in Computer Information Systems (CIS). The CIS Certificate Program represents a three-course area of emphasis that includes:

- CIS 301: Principles of Information Systems†
- CIS 302: Database and Decision Support Systems
- CIS 303: System Analysis and Design

Students may find knowledge in computer information systems an enhancement to their major, of assistance in securing a position after graduation, and useful for themselves and their employers.

† CIS 301 is a required course in the Business Core.

### Graduate Studies

The Master of Business Administration (M.B.A.) degree is designed for working professionals who desire to complete their degree without interrupting their professional careers. In addition to the traditional general business M.B.A., areas of emphasis are offered in International Business, Finance, and Accounting. Each of these concentrations is available by taking specialized elective courses.

### Graduate Program Admission Requirements

All holders of baccalaureate degrees from accredited institutions are welcome to apply.

1. Candidates must submit an application for admission, official transcripts of all prior coursework, and their score on the Graduate Management Admissions Test (GMAT).
2. Candidates are admitted based on their undergraduate GPA, GMAT scores, professional experience, and results of a personal interview with the Director of the M.B.A. Program or his/her designee.
3. Applicants whose native language is not English are required to take the Test of English as a Foreign Language (TOEFL) with a minimum score of 575.
4. Applicants whose undergraduate studies do not include foundational work in business, such as finance and accounting, have an
opportunity to take preparatory graduate courses in these areas (see page 44) to prepare them for advanced coursework.

GRADUATION REQUIREMENTS

1. Participants must maintain a GPA of 3.00 on a scale of 4.00.

2. Participants must enroll in a minimum of one course during each academic year, and all requirements for graduation must be completed within five years from the date of initial enrollment in the M.B.A. program.

3. Extensions of these times may be granted for cause, upon written petition to the Director of the M.B.A. Program.

TRANSFER CREDITS

A maximum of 12 semester hours of graduate credit, with grades of "B" (3.00 on a 4.00 scale) or better, will be accepted from other accredited graduate programs, provided the courses:

1. Are the equivalent of courses at Grand Canyon University in content, level, and length of semester.

2. Have been completed within five years prior to initial registration in the M.B.A. Program at Grand Canyon University.

3. Have been pre-approved by the Director of the M.B.A. Program, if taken after enrollment in the M.B.A. Program at Grand Canyon University.

COURSE WAIVERS

Participants who demonstrate a high level of competence in an area covered by a core course may petition in writing to waive that course. Petitions must be received by the Director of the M.B.A. Program prior to the beginning of the course in question.

Participants requesting a waiver will be required to take a test equivalent to a comprehensive course final examination and must earn a grade of "B" or better on the test to waive the course.

Individuals who hold CMA certification, or those who hold CPA certification and have completed a course in Cost Accounting within the past five years with a grade of "B" or higher, will automatically receive a waiver for ACC 605 Managerial Accounting.

A waived course must be replaced with an additional elective course.

INTERNATIONAL OPPORTUNITIES

For those candidates interested in international business, one week "residencies" are held every May in a foreign country and every January in Phoenix. See BUS 629 International Business Practicum.

Participants can earn from one to three credit hours. Information will be provided by the Director of the M.B.A. Program.

Topics discussed include financial analysis, working capital management, capital budgeting, and capital structure. Prerequisites: FIN 301 or FIN 501 or its equivalent, and graduate standing.

MGT 609  
Strategic Management  
3 hours  
Every Summer. An examination of the formulation of strategy and policy within the organization, emphasizing the integration of decisions within the various functional areas, ethical considerations of organizational policy, and international aspects of corporate strategy. Extensive use is made of the case method. Prerequisites: MGT 602, MKT 606, FIN 608, and graduate standing.

MGT 613  
Operations Strategy  
3 hours  
Spring 2000, and alternate years. An examination of operations as a strategic resource. Topics include methods to facilitate strategic formulation, analysis of the linkages between operations and other functional areas, and the management and strategic application of new and emerging technologies. Application of concepts is emphasized. Prerequisite: Graduate standing.

BUS 615  
Business Law Seminar  
3 hours  
Fall 1999, and alternate years. This course focuses on practical business law issues that arise frequently. It is directed to a limited number of topics that are often misunderstood by businesspeople. Case studies in each area will be discussed in detail, including discussion and analysis of both the legal and factual aspects of more than a single legal issue. Prerequisite: Graduate standing.

ACC 618  
Corporate Taxation  
3 hours  
Spring 2000, and alternate years. A study of federal taxation of corporations with emphasis on transactions between the corporation and outside parties. Topics include the basic rules of federal corporate income taxation, tax planning, and special rules for S Corporations. Taxation for partnerships, estates, and trusts will also be covered. Prerequisites: Graduate standing and six semester hours of financial accounting.

ACC 619  
Accounting Theory  
3 hours  
Fall 2000, and alternate years. An examination of the central issues which arise in the application of accounting concepts to situations encountered in business. Readings, case studies, and group and individual projects will be used to explore the role of financial and managerial accounting theories in current practice. Prerequisites: Graduate standing and 12 semester hours of accounting.

ACC 620  
Financial Statement Analysis  
3 hours  
Summer 1999, and alternate years. An analysis and interpretation of corporate financial reports. Topics include the form, content, and general accounting principles governing the construction of financial statements; valuation, classification, and income determination problems; the methods of analyzing and interpreting financial data; and the utility and limitations of financial accounting data. Prerequisites: Graduate standing and 12 semester hours of accounting or finance.

MGT 623  
Organizational Development  
3 hours  
Summer 1999, and alternate years. An exploration of the behavioral forces and relationships that influence organizational effectiveness and change. Topics include the study of intervention strategy and application skills. Prerequisites: MGT 301 or its equivalent, and graduate standing.

BUS 624  
Entrepreneurship  
3 hours  
Fall 2000, and alternating years. Opportunities, risks, and problems associated with business development and operation are discussed. Topics include both the design of new ventures and the management of business growth and development. Both domestic and international opportunities are discussed. Prerequisites: MGT 301 or its equivalent, and graduate standing.

FIN 625  
Investments  
3 hours  
Every Fall. This course focuses primarily on stocks, bonds, and portfolio theory. Principles will be discussed that apply to investment decisions at all levels, from the management of small portfolios of individual investors to large, professionally-managed mutual funds. The course is useful for those who are interested in careers in the investments industry as well as those who desire to make more effective personal investment decisions. Prerequisites: FIN 301 or FIN 501 or its equivalent, and graduate standing.

BUS 626  
International Business  
3 hours  
Spring 1999, and alternate years. This course covers the cultural, social, economic, and political factors important to the management of international business. Also discussed are currency exchange risks, the determination of market potential, assessing host country controls on business, market incentives, and political risk. Prerequisites: MGT 301 or its equivalent, and graduate standing.

FIN 627  
Derivatives  
3 hours  
Spring 1999, and alternate years. A study of the class of securities known as derivatives. This class covers forward contracts, futures, options, and swaps. Topics emphasized include risk and return characteristics of derivatives, pricing models, and characteristics of the markets and exchanges in which derivatives are traded. Risk management through hedging, as opposed to mere speculation, will be emphasized. Use of derivatives in the fields of international business, investments, and the management of financial situations will be discussed. Prerequisites: FIN 608 or its equivalent, and graduate standing.

MKT 628  
International Marketing  
3 hours  
Fall 1999, and alternate years. An analysis of environmental conditions that enhance or inhibit an international firm's efforts to design and use effective marketing techniques. BUS 629  
International Business Practicum  
1 - 3 hours each  
Every year. Phoenix residential in January. Foreign residential in May. This course is designed for students interested in intercultural diversity and its impact on group dynamics. It provides hands-on experience. Participation in all activities is required and time off work may be necessary (approximately one to two weeks for each residential). Prerequisite: Graduate standing.
BUS 690

Special Topics in Business

3 hours

On demand. Special areas of business not covered elsewhere in the graduate curriculum are studied. Topics may vary from semester to semester. May be repeated for credit. Prerequisite: Graduate standing.
MISSION STATEMENT
The College of Continuing Studies seeks to deliver multi-discipline, degree completion programs for working adults who are seeking to improve their professional skills, increase their knowledge base, and expand their understanding of the pragmatic application of theory and practical information in their respective professions.

COLLEGE DESCRIPTION
The College of Continuing Studies is an adult-oriented, professional development program designed for individuals who are seeking to complete the requirements for a Bachelor of Science degree in an economically viable program in a format designed to accommodate their busy personal and professional schedules.

COLLEGE FEATURES
The Bachelor of Science degrees in Applied Management, Public Safety Administration, and Organizational Sociology are all degree completion programs and are offered only through the College of Continuing Studies. The college also provides a R.N. to B.S.N. degree program. These programs are innovative, convenient, and cost effective, allowing students to complete a regionally accredited B.S. degree in about 14 months. All courses are delivered in a seminar, open discussion format. The classes are facilitated by advanced degree professionals who are specialists in the areas they teach. The concepts learned in the classroom can be immediately applied to one's work and personal life. Assignments include outside readings and essays on selected topics. Students in this program also design, implement, and evaluate an applied research project related to his or her occupation or community. The project facilitates problem solving, research design and methodology, and writing skills.

The programs consist of 36 semester hours of coursework which are completed in 36 weekly, four-hour class sessions. These credits, combined with the number of credits transferred into the program from regionally accredited institutions and the number of credits earned through the portfolio evaluation process (prior learning), complete the 128 hour minimum requirement for a B.S. degree from Grand Canyon University.

ADMISSION INFORMATION
Applicants for the degree completion program must be at least 25 years of age and have a minimum of two years (60 semester hours) of credit from a regionally accredited college or university. The transfer work must contain at least six hours of college-level English. Applicants should also possess professional training and life experiences for which equivalent college credit can be awarded. Students entering the R.N.-B.S.N. program must be licensed as an R.N. in the State of Arizona.

Interested students should complete the following steps:

1. Request an application packet from the College of Continuing Studies. Note: A separate application is used for the College of Continuing Studies program. Please do not complete a standard Grand Canyon University Application for Admission.

2. Call the College of Continuing Studies (602-589-2531) and set up an appointment with a representative to review your transcripts and determine your preliminary eligibility for the program. You will need unofficial copies of your transcripts for the appointment.

3. Submit a completed and signed College of Continuing Studies Application for Admission along with a $50 non-refundable processing fee to:

   Grand Canyon University
   College of Continuing Studies
   3500 W. Camelback Road
   PO Box 11097
   Phoenix, AZ 85061-1097

4. Submit a completed Health History Form, accompanied by verification of current Measles, Mumps, and Rubella (MMR) immunization to the College of Continuing Studies at the above address. If born on or after January 1, 1957, students must present documented evidence of immunization against or immunity to measles and rubella before they will be allowed to attend classes. University policy requires either a doctor's statement, a blood titre showing immunity, or a copy of a health department card as proof of immunizations. Measles information must include two measles or MMRs—one at 15 months of age and one after 1980.

5. Request official transcripts from all previous colleges or universities attended to be sent to the College of Continuing Studies. Applicants are not permitted to disregard their records of enrollment at other institutions. The transcripts must be mailed directly from the issuing institution to the College of Continuing

Studies. Applicants may use the Request for Official Transcript forms enclosed in the application packet.

Students who have completed work at institutions outside of the United States must have their transcripts evaluated by an approved credentials evaluation service. An additional fee, payable to the credentials evaluation service, is required. Brochures describing in detail the approved evaluation services and the fees incurred are available from College of Continuing Studies personnel.

6. Submit a completed Payment Option Form to the College of Continuing Studies.

Once the above information is received, applicants will be notified of their status. Accepted applicants will need to select an available class night and must make arrangements to attend the College of Continuing Studies Orientation Program (normally held one week prior to the start of courses).

GRADUATION REQUIREMENTS

College of Continuing Studies faculty and staff are available to advise students and develop a comprehensive degree plan designed to facilitate completion of academic requirements for the Bachelor of Science degree in the most effective manner. However, responsibility for selecting courses and maintaining normal progress toward graduation ultimately rests with the student.

The Bachelors of Science in Applied Management, Public Safety, and Sociology consist of three areas:

- University Liberal Arts Requirements
- Applied Management, Public Safety Administration, or Organizational Sociology Core Requirements
- Elective Requirements

**ELECTIVES**

Students will need to complete enough electives to meet the 128 semester hour minimum requirement for graduation. Up to 30 hours of electives may be earned through Prior Learning Credit. Additional hours may be completed at a regionally-accredited institution, earned through credit by examination, or taken through traditional courses at Grand Canyon University (traditional student tuition rates apply). (See “Evaluation of Transfer Credit” for additional information.) Total elective hour requirements are 51 hours for the Applied Management, Public Safety and Sociology degrees, and 39 hours for the RN-BSN option.

**GRADE REQUIREMENTS**

Students must maintain a 2.5 or higher GPA in the degree completion programs. No course with a grade below "C" will be counted toward graduation requirements in these programs.

The College of Education

MISSION STATEMENT
"Those Who Can ... Teach" is the basis of the mission statement of the College of Education.

The college strives to prepare reflective practitioners who have foundational knowledge in encouraging student-focused learning through implementing quality instructional design and effective classroom procedures.

COLLEGE DESCRIPTION
The preparation of teachers for the public and private schools of our nation is a significant responsibility for the College of Education. The programs seek to ensure the highest level of professional and academic competence of the graduate in the classroom. The College of Education offers Bachelor of Arts (B.A.), Master of Arts (M.A.), Master of Education (M.Ed.), and Master of Arts in Teaching (M.A.T.) degree programs and has been approved by the Arizona Board of Education since 1954.

COLLEGE OF EDUCATION FEATURES

GUARANTEE STATEMENT
Starting with its December 1984 graduates, Grand Canyon University has provided the following guarantee: Grand Canyon University will guarantee assistance to any teacher graduate who is experiencing difficulty in the first year of teaching in the area for which they have been certified. Believing in the excellence of our program, we will provide assistance to any graduate recommended by the College of Education at Grand Canyon University for teaching certification in the state of Arizona at the elementary, special education, or secondary level. This assistance continues through the first year of teaching at no expense to the school district or to the teacher graduate.

Faculty from Grand Canyon University will support new teachers by assisting them in such areas as: curriculum planning and design, classroom management, content presentation, and individualized instruction.

The need for assistance may be determined by the Grand Canyon University graduate or by the principal or superintendent. The College of Education will respond to such requests by providing faculty with appropriate expertise, either from Education or other disciplines.

EDUCATION PLACEMENT SERVICES
Education Placement Services is open to all Grand Canyon University graduates, including Fifth Year, M.Ed., M.A., and M.A.T. students who have completed the teacher certification program at Grand Canyon University. The most recent degree must be from Grand Canyon University. If one is enrolled in a program at another university or has taken additional courses at another university to complete an endorsement or area of certification, the placement services of that university should be utilized. Grand Canyon University will continue sending files which will contain only information pertaining to a student's degree or Fifth Year program at Grand Canyon University, i.e., no transcripts beyond a student's Grand Canyon University degree would be included or referred to in the packet. Please contact the Education Placement Office regarding fees for this service. While the services offered through the Placement Office are to be of benefit to the student, employment is the responsibility of the student and not the College of Education or the University.

PROGRAM FEATURES
The Education Program provides these special features:

• Practical classroom experience begins as early as the sophomore year with a minimum of 120 hours in the K-12 classroom prior to student teaching.

• Opportunities to design curriculum materials.

• A student professional organization which provides encouragement to students via projects, workshops, and academic areas.

• A placement service that averages a 92% placement rate for education graduates in the past 15 years.

• Faculty who have an average of 12 years experience in the K-12 school system.

• Adjunct faculty who hold concurrent employment in classroom and administrative positions.

• Choices of study in the areas of: Special Education in Learning Disabilities and/or Emotional Disabilities, Secondary (grades 7-12) with a double major in an academic area, Elementary (grades K-8), Reading Endorsement (grades K-12), Teaching English as a Second Language Endorsement (grades K-12), Bilingual Endorsement (grades K-12), and K-12 Endorsement in the areas of Art, Music, and Physical Education.

TEACHER EDUCATION CURRICULA

The courses in education are planned primarily to provide curricula for certification of elementary teachers, secondary teachers, and special education teachers.

At the printing of this catalog, changes in certification requirements and procedures were pending within the Arizona Govermental process. Information provided here is of probable accuracy and included for convenience. However, the student is strongly advised to contact the College of Education and/or the Arizona State Department of Education before relying on certification information contained here.

Coursework is offered leading to teacher certification in the following areas:

1. Elementary Education (A minor in a content area commonly taught in grades K-8 in the Arizona public schools is required);
2. Special Education-Learning Disabilities and Emotionally Handicapped, offered in conjunction with a double major in Elementary Education;
3. Teaching English as a Second Language Provisional Endorsement (An Arizona elementary, secondary, or special education teaching certificate, three hours of ESL 420, and three hours of ESL 523 is required.) This is valid for three years and is non-renewable;
4. Bilingual Provisional Endorsement (An Arizona elementary, secondary, or special education teaching certificate and passage of the bilingual proficiency exam);
5. Secondary Education (Certifiable majors are determined by the Arizona State Department of Education as any course of study that is commonly taught in grades 7-12 in public schools in Arizona.) Refer to the respective departments for a listing of major requirements in: Art Education, Biology (Secondary Teaching), Chemistry (Secondary Teaching), English Teaching, History, Mathematics (Secondary Teaching), Music Education, Physical Education, Physics (Secondary Teaching), Speech Teaching, Speech/Theatre, and Theatre/Drama. Other majors may be considered upon consultation with a College of Education advisor and the approval of the College of Education faculty. The student will complete a double major in Secondary Education and in the content area of study. A minor is recommended but not required;
6. Endorsements (K-12) for Art, Music, Dramatic Arts, and Physical Education. In order to qualify for an Endorsement, one must first have an Elementary Certificate, a Secondary Certificate, or a Special Education Certificate. The Endorsement involves at least 30 semester hours in the specific teaching field and includes the methods of teaching in the specific teaching field at the elementary level and the secondary level. In order for the College of Education to recommend a student for the K-12 Endorsement, the student must student teach for eight credit hours at the elementary level (grades 7-12) as well as eight credit hours at the secondary level (grades K-8) for a total of 16 credit hours of student teaching. Endorsements are also offered in Reading Education, Teaching English as a Second Language, and Bilingual Education.

The teacher education program of Grand Canyon University is approved by the Arizona State Board of Education. If state certification requirements change, students must meet the new requirements regardless of the catalog under which they will be graduating. All Elementary Education and Special Education majors as well as those seeking Secondary Certification must meet the requirements for the Grand Canyon University state-approved certification program prior to graduation.

PROVISIONAL CERTIFICATE, ELEMENTARY, SPECIAL EDUCATION, OR SECONDARY

Students working toward a bachelor's degree may normally qualify for a provisional certificate for teaching in the elementary or secondary schools of Arizona if they have credit for the courses required for professional preparation, including student teaching. Any portion of this professional preparation, including a study of psychology, curriculum, methods of teaching, and student teaching, may be included in the work leading toward the bachelor's degree.

One who has already earned a bachelor's degree may normally qualify for a provisional teaching certificate by completing at least 46 hours in upper division courses during a special Fifth Year program designed by the Dean of the College of Education in consultation with the student. This will include professional courses (see pages 57-61). Students who plan to be in the Fifth Year program are encouraged to enter the Master of Education (M.Ed.) program (see pages 57-58).

Students working toward initial certification at the bachelor's level or the graduate level must pass two proficiency tests: one in the academic knowledge portion and one in the professional knowledge portion of the Arizona Teacher Proficiency Assessment before they are issued a provisional certificate. These assessments will be based on the Arizona Teacher Standards Seven and Eight. Upon receipt of the provisional certificate, which is valid for two years, and not renewable, the teacher must pass the performance portion of the Arizona Teacher Proficiency Assessment in order to receive a Standard Teaching Certificate. This assessment is based on the Arizona Teacher Standards One, Two, Three, Four, Five, and Six. A Special Education Certified Teacher must also pass Arizona Teacher Standards Nine. For further information, contact the Office of Education or visit the Arizona State Department of Education web page at http://www.ade.state.az.us.

APPLICATION PROCEDURES FOR ELIGIBILITY

1. In order to become a candidate for teacher education, a student must be accepted by the College of Education at the Colleague. This involves completion of at least 45 semester hours of college work with a minimum GPA of 2.50 in all work taken, a 2.50 GPA in all education coursework, as well as a 2.50 GPA in residence at Grand Canyon University. In order to be accepted as a candidate for a secondary certificate, one must have also have a 2.50 GPA in the teaching field, if seeking K-12 subject endorsement must have a 2.50 GPA in the appropriate teaching field. A minimum 2.00 GPA is required for all prerequisite coursework.

2. All candidates must have passed the Writing Proficiency Examination (see page 7).

3. All candidates must submit three letters of reference.

4. International undergraduate and graduate students must present a TOEFL score of at least 550. International students entering the TESL graduate program must present a TOEFL score of at least 575.

5. All candidates must submit an Application for Fingerprint Clearance and fingerprint card to the Arizona State Department of Education (copies of these forms should be submitted to the College of Education). Submit the Application for Fingerprint Clearance and fingerprint card to the Arizona State Department of Education, 1535 West Jefferson, Phoenix, Arizona 85002. The College of Education will verify clearances on a quarterly basis.

Application procedures and policies are available in the Education Packet at the University bookstore. It is the student's responsibility to enroll in the proper courses and to follow the policies and procedures of the University and any promulgated by the College of Education, regardless of the year of the catalog under which the student is enrolled. Violation of any of the policies of the College of Education may result in a review of the student's status and could result in remedial activities that would allow for the student's success or could result in the inability of the student to continue in the program. As changes occur in the assessment process for future eligibility and continuance in the program, notifications will be posted in the College of Education.
student's responsibility to meet the requirements and changes.

APPLICATION FOR TEACHER EDUCATION

After completing 45 semester hours, prospective candidates must make written application to the Dean of the College of Education for admission to the Teacher Education Program.

Applications are not processed until they are submitted in complete form and all supporting documents are received. Applicants are responsible for any follow-up necessary for completing their application files. Completed applications are to be submitted four weeks prior to the beginning of the semester or term in which students plan to commence the teacher preparation program. Any application not completed within 12 months will be discarded.

Admission to and continuance in the College of Education Teacher Education Program includes an evaluative component based upon the professional view of the College of Education faculty and their collective opinion of one's potential for success in the K-12 classroom.

Students will be notified in writing of the action taken on their applications by the Dean representing the College of Education faculty, subject to appeal to the College of Education Dean and the Vice President for Academic Affairs.

Students accepted into the program will be issued a card indicating their acceptance. Since certain methods courses and student teaching are reserved for students who have been accepted into the Teacher Education Program, the card will need to be presented at each registration time by students who wish to enroll in any of the education courses except PHI 303, EDU 313, EDU 363, ESL 420, SPE 325, SED 442, SPE 355, or SPE 365.

APPLICATION FOR STUDENT TEACHING

All students who wish to be placed in student teaching must make written application. Appropriate forms are available from the College of Education Office, located in the College of Education. A 2.50 GPA at Grand Canyon University, a 2.50 GPA overall, a 2.50 GPA in the major area, and a recommendation from the faculty are prerequisites.

Students must receive a minimum grade of "C" (2.00) in all courses in their major, in education courses, and in University courses which are prerequisites for education courses. Any deficiencies must be remediated prior to the student teaching semester.

Deadlines for applying for student teaching are as follows:

To teach during Fall semester — January 15
To teach during Spring semester — September 1

All students must complete eight semester hours (approximately ten weeks) of student teaching in each area of certification. Student teachers who are not enrolled in a regular program at Grand Canyon University must present a letter of request from the institution sponsoring their certification program, petition the College of Education faculty, and complete the following:

1. Submit the Official Evaluation form from the Arizona State Department of Education;

2. Complete 12 hours in Secondary Education at Grand Canyon University to include SED 442, SED 443, SED 452, and SED 462; or 18 hours in Elementary Education to be selected from EED 315, EED 343, EED 403, EED 433, EED 443, and EED 463; or 15 hours in Special Education to include SPE 355, SPE 365, SPE 376, SPE 386, and SPE 435 or SPE 535;

3. Maintain an overall GPA of 2.50 and a 2.50 GPA in the major area of study at Grand Canyon University.

All students must complete regular matriculation requirements with the Office of the Registrar before entering the Teacher Education Program.

STUDENT TEACHING SEMESTER

The student teaching semester is offered on a “block” basis. Students complete 13-15 credit hours of coursework in a single semester which is divided into two blocks. The first block lasts five weeks, during which time students take 5-7 hours of coursework in professional education. The second block, of ten weeks duration, is reserved for student teaching and carries eight hours of credit.

Special Education majors and any student seeking the K-12 Endorsement (Art, Music, Physical Education) will student teach for 20 weeks duration. Refer to the respective college for additional requirements.

Grand Canyon University provides experience in student teaching through an arrangement made with more than 60 school districts throughout the state. The College of Education attempts to, but cannot guarantee that it will, place students in districts or schools of their choice.

Supervision of the student teacher is performed by the school to which the student is assigned and by the designated University supervisor.

The student teaching assignment is an on-site program at the school and the student is expected to follow the same work schedule as the cooperating teacher. It is recommended that no other coursework be taken during the student teaching experience.

The evaluation of the student teacher's work is a dual responsibility of the University and of the school in which the student teaching is done and utilizes the Student Teacher Performance Assessment Plan.

UNIVERSITY LIBERAL ARTS FOUNDATION FOR THE COLLEGE OF EDUCATION ELEMENTARY EDUCATION PROGRAM AND SPECIAL EDUCATION PROGRAM

The University Liberal Arts Foundation (ULAF) for the College of Education Elementary and Special Education majors differs from the ULAF found on page 28. Students majoring in Elementary Education or Special Education within the College of Education must complete all requirements listed below as part of the ULAF. Changes and additional requirements are indicated by italicized print.

I. Christian Perspectives: 6 hours

Track 1: BIB 113 Old Testament History (3) AND BIB 123 New Testament History (3)

* Provisional ESL Endorsement requires six hours of ESL coursework. Six hours of a foreign language or foreign language proficiency or other second language learning experiences as stated by the Arizona State Department of Education will be required prior to receiving the full ESL endorsement.

** These courses are taken concurrently prior to the 20-week student teaching semester.

Prior to certification, the Arizona Department of Education requires a passing score on the professional knowledge portion of the Arizona Teacher Proficiency Assessment and a passing score on the elementary education subject knowledge portion of the Arizona Teacher Proficiency (ATPA). The College of Education faculty recommend that the professional knowledge portion of the ATPA be taken during the last half of student teaching or at the end of student teaching and the elementary education knowledge portion of the ATPA be taken prior to student teaching. Arizona Teaching Standard Seven states that the elementary teacher will demonstrate knowledge of language arts and reading, math, science, social studies, and fine arts. In preparation for the elementary education subject knowledge portion of the ATPA, the additional following courses are recommended: POS 252, POS 262, GEO 111 or GEO 121, ECN 201, HIS 103, and HIS 104. These recommendations may change as the ATPA is developed. The provisional Elementary Certificate is valid for two years and is not renewable. To receive a Standard Elementary Certificate, the candidate must receive a passing score on the performance portion of the ATPA within the two-year time limit of the Provisional Elementary Certificate.

** These courses are taught on a six-week block basis so that student teaching can meet for a full day the other ten weeks.

The student's major, required for graduation, is a double major in an academic teaching field and Secondary Education. Certifiable majors are defined on page 52.

All students interested in teaching at the secondary level must have an advisor from the College of Education faculty as well as an advisor from the major field of study.

The minor, although not required, is recommended and should be 24 semester hours, rather than the usual 18. Students should confer with faculty personnel in the minor department.

FIFTH YEAR PROGRAM

The Teacher Education Program has been extended to include a fifth year of preparation to meet current Arizona teacher certification requirements. Students who have previously earned a bachelor's degree from a regionally-accredited institution are recommended for provisional certification after successful completion of a fifth year program of at least 40-47 semester hours of upper division work in appropriate professional education, academic preparation, and/or supervised student teaching experience. Policies and requirements for admission to the program are the same as those noted for degree candidates. The Master of Education (M.Ed.) degree is offered as an alternative to this program.

GRADUATE STUDIES

The graduate program is based upon a framework that provides for the professional growth of the teacher practitioner. This framework includes a cyclical process of inquiry, reflection, application, evaluation, and additional reflection. These five elements are incorporated into activities and assignments in each course of the program through a combination of collaborative and individual work.

The Master of Education (M.Ed.) degree program was designed for holders of a bachelor's degree seeking a graduate degree for the purpose of initial teacher certification or for the purpose of an initial concentration in the College of Education. Those students seeking initial certification will be expected to meet the criteria of teacher certification in elementary, secondary, or special education as well as the goals of the graduate program. It is the student's responsibility to determine the status of this master's degree within the context of individual school districts. This program parallels the other two graduate programs in their framework for professional growth with the exception that students may not have their own classrooms in which to make direct application of principles, concepts, strategies, and philosophies. Coursework is presently offered in the following areas:

- Elementary Education
- Secondary Education
- Special Education

The Master of Arts (M.A.) in Education degree was designed for the advanced preparation of practicing elementary, secondary, and special education certified teachers offering study in a specialized area of education. These programs of study are designed to meet certification requirements for the Arizona State Department of Education. Coursework is presently offered in the following areas:

- Elementary Education
- Reading Education
- Secondary Education
- Teaching English as a Second Language/Bilingual Education

For those students who hold a bachelor's degree and do not hold a teaching certificate, there is a non-certification concentration in Teaching English as a Second Language.

The Master of Arts in Teaching (M.A.T.) program is offered only in a distance learning format and has been designed to promote a high quality graduate education experience in the convenience of a community or school without residency requirements. This program seeks to meet the needs of the practitioner in the field; the primary focus is upon improving the quality of instruction for the certified teacher.

APPLICATION PROCEDURES FOR GRADUATE STUDIES

ELIGIBILITY FOR ADMISSION

All graduate students can purchase an admission packet from the Graduate Office in the College of Education. Nine hours of graduate credit may be taken prior to admission to the master's program (except for the M.A.T. program) in the College of Education. Further clarification of the following requirements are contained in the admission packet.

Master of Education (M.Ed.) candidates must submit the following to the Graduate Office in the College of Education:

1. A graduate application;
2. A passing score on the Writing Proficiency Examination;
3. A 2.50 cumulative GPA as well as a 2.50 GPA in the major area of desired certification: Any grade in the certifiable major area below a grade of "C" must be retaken at Grand Canyon University. A certifiable major in secondary education is determined by the Arizona State Department of Education as any course of study that is commonly taught in grades 7-12 in the public schools in Arizona;
4. Three references;
5. Official transcripts from all regionally-accredited colleges or universities attended;
6. An application for fingerprint clearance and a fingerprint card submitted to the Arizona State Department of Education (copies of these forms should be submitted to the College of Education);
7. An interview with the Director for Undergraduate and Graduate Studies and the Graduate Committee.

Master of Arts in Education (M.A.) candidates must submit the following to the Graduate Office in the College of Education:

1. A graduate application;
2. A record of satisfactory performance on the Miller Analogies Test (MAT) or the Graduate Record Examinations General Test (GRE)—waived for applicants with an undergraduate GPA of 3.00 or above;
3. A 2.80 cumulative GPA as well as a 2.80 GPA in the major area of certification;
4. A copy of current teaching certificate;
5. Two references;

6. A copy of most recent teacher evaluation;

7. An official transcripts from all regionally-accredited colleges or universities attended;

8. An interview with the Director for Undergraduate and Graduate Studies and the Graduate Committee.

Acceptance into the graduate M.A. programs in Reading Education and Teaching English as a Second Language will be dependent upon cohort groups of 15 students.

Once the student is accepted into the graduate program, the candidate has eight years to complete the program of study. Additional course requirements may be imposed at the discretion of the graduate committee if the program extends beyond this time limit. Upon acceptance into the graduate program, the student will receive an Official Program of Study. In order for that Official Program of Study to remain valid, the student must be continuously enrolled in the program. All graduate students must maintain a 3.00 GPA.

All elective courses must receive approval from the Director for Undergraduate and Graduate Studies prior to the student enrolling in coursework.

Master of Arts in Teaching (M.A.T.) candidates must submit to the Graduate Office for Distance Learning in the College of Education:

1. A graduate application;

2. A 2.80 cumulative GPA;

3. A copy of current teaching certificate;

4. Two references;

5. A copy of most recent teacher evaluation;

6. Official transcripts from all regionally-accredited colleges or universities attended;

7. A signed Credit Agreement;

8. An application review completed by the Director of Distance Learning.

When the above process is complete, applicants will be notified concerning their status.

Graduates must complete their entire program prior to participation in scheduled graduation exercises.

#### 2) PROGRAM OF STUDY FOR TEACHING ENGLISH AS A SECOND LANGUAGE (TESL) *

The College of Education offers courses that also meet the Bilingual Education Endorsement with additional approved minimal off-campus credit. The English as a Second Language Endorsement (ESL) and the Bilingual Education Endorsement (BLE) are important for educators seeking employment in the Southwest where school populations are increasingly linguistically and ethnically diverse. For both endorsements, second language training is required. Spanish is encouraged as the language of choice and coursework in Spanish for classroom teachers is provided. Provisional endorsement may be obtained with six hours of specific coursework. It is valid for three years when the 21 semester hours for full endorsement must be completed.

There are two tracks for obtaining a Master of Arts degree with a major in TESL, one which requires an Arizona teaching certificate and one which does not. The former is for teachers who intend to teach in the K-12 school setting, while the latter is for individuals planning to teach in a mission setting or a postsecondary setting internationally or in the United States.

**Prerequisites:**
Elementary or Secondary Certification for United States K-12 teachers only.

Admittance to the M.A. Program.

If one’s native language is other than English, one’s official score for the Test of English as a Foreign Language (TOEFL) must be at least 575 to be considered for admission into the TESL graduate program.

### Undergraduate Requirements:

Foreign Language: six hours or passage of Arizona classroom proficiency exam or other second language learning experience as stated by the Arizona State Department of Education available from the College of Education Graduate Office.

EDU 313  
**Educational Psychology**  
3 hours  
Every semester and every Summer. A thematically arranged study of the theories and principles of psychology which have influenced instructional practices. Behavioral and cognitive approaches to learning, motivation, and instruction are explored. Prerequisites: PSY 101, and PSY 353 or PSY 373.

EDU 355  
**Using Computers in the Classroom**  
3 hours  
On demand. This course will provide a basic knowledge of computers as related to education: How they work, what they can do for us, and current issues in all teaching disciplines. It will also give practical experience enabling the student to use the computer as a tool in teaching. Prerequisite: Instructor's approval.

EDU 363  
**Instructional Technology**  
3 hours  
Every semester and every Summer. Emphasis is given on the selection, separation, evaluation, and utilization of various simple media elements as well as computer networking, multimedia, interactive video, and the Internet. Recommended prerequisites: PHI 303 and EDU 313, and a computerized graphic presentation application (i.e., Presentations, Power-Point, Freelance, etc.). Prerequisite: CIS 180.

EDU 412  
**Assessing Student Performance**  
2 hours  
Every semester and every Summer. This course focuses on the philosophy and strategies of testing, a variety of assessment techniques, examination construction, and critical thinking skills as applied to student assessment. Major projects of this course will include a course portfolio, an examination construction project, and alternative assessments for a unit in the student’s field of study. Prerequisites: EED 323 or EED 343 or EED 442, PHI 303 or EDU 570, EDU 313, and admittance to the teacher education program.

EDU 420  
**Orientation to Student Teaching**  
3 hours  
Every Fall and every Spring. This course is designed for students who are enrolled in student teaching, to help prepare them for their classroom experiences as well as assist them with entry into the job market upon completion of their student teaching experience. Administrators from public and private schools are invited to participate in this orientation as are other professional personnel. Additional instruction is given by the faculty and staff of the College of Education. Prerequisites: All required courses for certification except EDU 430, SED 443 or SED 543, concurrent enrollment in student teaching.

EDU 430  
**Classroom Management**  
3 hours  
Every Fall and every Spring. This course is designed to allow the prospective teacher the opportunity to learn techniques involved in the successful management of a learning environment. EDU 444  
**Middle School Curriculum**  
3 hours  
Every Summer on demand. This course will explore the distinctions between elementary, secondary, and middle schooling in order to gain a broad, yet solid view of the elements that must be considered as schools attempt to develop programs and curricula more appropriate for young adolescents.

EDU 463  
**Presentational Technology**  
3 hours  
Every Fall and every Spring on demand. This course provides an in-depth exposure to a wide range of presentational techniques and visual aids, ranging from simple visuals to computer-generated slido shows. Emphasis will be given to audience analysis, medium selection, and platform presentation skills practice. This course is designed primarily for majors in Business and Communications. Prerequisites: CIR 100A, CIR 100B, and CIR 112.

EDU 501  
**Overcoming Challenges Facing Professional Educators: The High Performing Teacher**  
3 hours  
Every semester. This course will examine the significant challenges facing educators today within the context of contemporary education issues. The underlying theory and principles will be explored and effective strategies will be presented to enable course participants to develop their own solution procedures. Prerequisite: Acceptance into the M.A.T. program.

EDU 502  
**Effective Classroom Management**  
3 hours  
Every semester. This course is designed to assist teachers in learning the theoretical foundations and practical strategies which address behavior management in today's diverse classrooms. Emphasis will be placed on preventative strategies, teaching social skills, cooperation, and conflict resolution. In addition, strategies for working with the challenging student will be explored. Prerequisite: EDU 501.

EDU 504  
**Collaborative Research - Part 1: Introduction**  
1 hour  
Every semester. This course focuses on the theoretical foundations of qualitative research and of collaborative action research. Specific emphasis is placed on an examination of the basic principles of qualitative research methodologies which will lead to the design and implementation of a peer-supported action research project. Prerequisite: EDU 502.

EDU 505  
**Motivating Today's Learners**  
3 hours  
Every semester. This course identifies the research base which shows that teachers' interactions with students they perceive as low achievers are less supportive and less motivating than interactions normally practiced with students they perceive as high achievers. Instruction will explore an interaction model involving specific supportive and motivating techniques which can be implemented with all students in a non-discriminatory manner. Prerequisite: EDU 504.

EDU 506  
**Learning Styles and Multiple Intelligences**  
3 hours  
Every semester. This course explores the many aspects of learning. Current supportive research and theories are reviewed, compared, and contrasted. Participants will apply theory to the development of an instructional plan for a situation relevant to them. Prerequisite: EDU 505.

EDU 507  
**Models of Effective Teaching**  
3 hours  
Every semester. This course is designed to expand the teaching repertoire of teachers and other instructional leaders. This count provides techniques for teachers to continually expand their repertoire of teaching strategies and refine their decision-making skills for planning classroom instruction. Course content will enable participants to focus on their own teaching performance and will include skills for providing positive feedback and support to colleagues. Prerequisite: EDU 506.

EDU 508  
**Curriculum and Assessment**  
3 hours  
Every semester. This course provides participants with a wide range of instructional designs. Course content is strategically planned to
able participants to make their classroom more oriented to real world application of learned skills and knowledge, enhancing student decision making and problem solving. This course focuses on the principles and practices involved in various models of educational assessment, evaluation, and testing. Participants will develop and implement their own authentic assessments and evaluate results. Prerequisite: EDU 507.

EDU 509  
Collaborative Research - Part 2: Data Collection and Analysis  
1 hour  
Every semester. This course is designed to present teachers the steps to conduct an effective collaborative action research project. The concepts and strategies that are involved in conducting collaborative action research are presented. Emphasis will be placed upon the teacher's searching a topic pertaining to the course content previously presented in the program. Prerequisite: EDU 508.

EDU 510  
Inclusion Students with Special Needs in the Classroom  
3 hours  
Every semester. The focus of this course is to develop an understanding of the inclusion process for students with special needs. Participants will learn the rationale and laws relating to the inclusion movement, the diversity of needs of these students, and strategies for successful teaching of students with special needs. Prerequisite: EDU 509.

EDU 511  
Current Issues in Education  
3 hours  
Every semester. This course reflects current issues in education and will change intermittently as the issues in education change. Prerequisite: EDU 510.

EDU 512  
Capstone Project  
1 hour  
Every semester. In this course, the teacher will assemble a portfolio demonstrating his or her ability to meet the objectives and outcomes for an Education degree. The portfolio will include numerous reflective components throughout and documentation in the form of video-taped lessons, journals, lesson plans, and/or research project findings, etc. Prerequisite: EDU 513.

EDU 513  
Helping Students Become Self-Directed Learners  
3 hours  
Every semester. This course identifies behaviors of self-directed learners and provides strategies for designing instruction and creating a climate that fosters self-direction. Strategies that help students monitor, modify and monitor their own learning are presented. Presented in this course are skills and strategies that students can use to help both them and their students to become effective lifelong learners. Prerequisite: EDU 511.

EDU 533

Prerequisites: Admittance to the M.A. program, EDU 570, and EDU 571.

EDU 580  
Internship  
1 - 2 hours  
Every semester and every Summer. This course is designed for the student to spend 45-90 clock hours in a K-12 classroom setting and/or college classroom setting. The student will demonstrate competence at a master teacher level. Supervision will be provided by an administrator, College of Education faculty and/or peer teacher. Prerequisites: Near completion of the M.Ed. or M.A. program, EDU 570, EDU 571, and EDU 612.

EDU 580 MT  
Internship  
1 - 2 hours  
Every semester and every Summer. This course is designed for the student to spend 45-90 clock hours in a K-12 classroom setting and/or college classroom setting. The student will demonstrate competence at a master teacher level. Supervision will be provided by an administrator, College of Education faculty and/or peer teacher. Prerequisites: Acceptance and enrollment in the M.A.T. program.

EDU 598  
Masters Seminars  
1 - 3 hours  
Every semester and every Summer. The Masters Seminars provide a forum for scholarly exchange among students at the M.Ed. or M.A. level. This exchange includes student presentations, guest lecturers, faculty presentations, or other mini-courses deemed necessary for the well-rounded and prepared master's candidate. A minimum of three Masters Seminars are required for both the M.Ed. and M.A. program. Prerequisite: PHI 303 or EDU 570 or senior (undergraduate) status with a 3.0 GPA or bachelor's degree.

EDU 599  
Independent Study  
1 - 2 hours  
Every semester and every Summer. This course allows participants to design their own course objectives to meet individual needs in regard to curriculum design in a K-12 classroom. Prerequisites: Near completion of the M.Ed. or M.A. program, EDU 570, EDU 571, and EDU 612.

EDU 612  
Curriculum Issues and Innovations  
3 hours  
Every Spring. This course looks beyond the technological or measured curriculum. It will address many important goals for students such as learning how to learn, problem solving, and functioning effectively and humanly in a pluralistic society. Alternative approaches to curriculum will be investigated. Prerequisites: SED 443 or SED 543 or EED 463 or EED 563, bachelor's degree, and teaching certificate.

EDU 613  
Educational Research  
3 hours  
Every Fall and every Summer on demand. Educational Research is a graduate course designed specifically to develop an appreciation of educational research. This course will examine approaches to research. Prerequisites: Admittance to the M.Ed. or M.A. program, EDU 412, and EDU 570.

EDU 614  
Research and Writing  
2 hours  
Every Spring. Incorporating "active learning" principles within a theoretical context will be the essence of the course. The practitioner in the field will have the opportunity to explore one educational problem
in-depth and one appropriate research methodology. That problem and methodology will be presented and conducted as a research project. Prerequisites: Admittance to the M.Ed. or M.A. program, EUD 613, EUD 510, and EUD 571.

**EDU 615**

**Professional Writing**

2 hours

Every Summer on demand. The practitioner in the field will have the opportunity to write and submit a paper to a professional audience. MISSION STATEMENT

The College of Liberal Arts is the foundational college at Grand Canyon University. It serves the University community as a whole by supporting the courses of the University Liberal Arts Foundation (ULAF), and it provides advanced courses of study for students majoring in the traditional areas of the liberal arts, along with the social sciences and the fine arts. In the college's courses, students are given the opportunity to learn to effectively express their knowledge by acquiring skills in critical thinking, communication, problem solving, research, artistic techniques, and performance.

COLLEGE DESCRIPTION

To accomplish the mission of the college, students are presented with theoretical perspectives examining the workings of the human mind, our cultural diversity, and the integration of faith and discipline. In addition, they receive a strong Biblical foundation for life and ministry, and the opportunity to develop talents in various fine arts. The college aims to produce individuals with a broad range of knowledge, special competence in a particular branch of academics, as well as individuals with attitudes and skills for intellectual discipline and lifelong learning.

COLLEGE FEATURES

The faculty have committed themselves to providing training in communication for all students matriculating through courses within the University. Graduating students should have the tools for effective academic and professional discourse. Thus, many courses within the college have writing and speaking components. Acquiring these tools will enable students to be articulate, both within their chosen discipline and within larger academic and professional contexts.

The College of Liberal Arts provides courses for the University Liberal Arts Foundation (ULAF), which equip Grand Canyon University students with a theoretical framework for more focused work in their majors, and for understanding our diverse culture. In the humanities, social sciences, and fine arts, the college provides the largest variety of majors and minors of any academic unit.

In addition, the college is dedicated to developing the talent of students through majors in performing and other fine arts areas. A wide range of curricular and extracurricular opportunities exist to help students develop in musical performance and knowledge, in various visual and plastic arts, and in theatrical performance and production.

The J. Niles Puckett Center for Christian Studies provides both foundational courses, and equips Christian Studies majors with a strong Biblical foundation for ministry, along with tools for service in the Christian community.

The Department of Music is a candidate for accreditation in the National Association of Schools of Music and is currently following the guidelines set by NASM.

Art, Music, Theatre, and Speech scholarships are available by audition and/or portfolio review.

Department of Art

DEPARTMENT DESCRIPTION

The education of an artist is best accomplished when there is an emphasis on the development of visual capacity together with the full realization of intellectual and spiritual growth. Bachelor of Arts degrees are offered in Art Education, Graphic Design, and Studio Art. The Art Education program offers the student the knowledge and skills necessary to teach art in the elementary or secondary classroom. Graphic Design majors receive classroom instruction from graphic artists, computer training, professional portfolio development, and internships. The Studio Art program provides a specialization in two-dimensional or three-dimensional art.

Both full- and part-time faculty bring professional experience and artistic talent to the classroom. Courses are designed to involve the student in active participation and to develop artistic skills in critical appreciation, historical understanding, the forming of art objects, and the teaching of art. Lower division courses are open to all students with no prerequisites.

Scholarships are available through portfolio review.

The A.P. Tell Gallery Series features international works, national and local artists, and student exhibitions.

DEGREE REQUIREMENTS — ART EDUCATION
(B.A. DEGREE; No Minor Required)

Entrance into the Art Education major requires successful completion of ART 111 Drawing I, DGN 112 Two-Dimensional Design, DGN 115 Three-Dimensional Design, and three hours in a selected art area. A 3.00 GPA must be achieved in the above courses. A review by art faculty will help to direct the student’s academic pursuit.

University Liberal Arts Foundation for Secondary Education Program (see pages 53-54).

Admission to Teacher Education programs (see page 52).

Secondary Education major required (see page 52).

Electives (as needed to satisfy the 128 semester hour minimum graduation requirement).

Anyone seeking K-12 endorsement must also student teach art at the elementary level.

Courses are listed alphabetically by prefix, not in the order they should be taken. See Academic Advisor for sequence.

DEPARTMENT DESCRIPTION
The Department of Communications and Speech seeks to enable students to communicate effectively, think critically, and develop skills in a variety of disciplines. Courses are designed to provide students with skills in the areas of art, business, English, journalism, and speech. This experience offers students preparation for professional work in the fields of communications and speech teaching.

The Department of Communications and Speech also supports a competitive speech team and readers theatre ensembles that offer many performance opportunities.

PERFORMANCE ENSEMBLES
Canyon Tales, comprised of prospective teachers, performs a variety of literature in both public and private schools.

Word Power, Inc. is dedicated to sharing and spreading Christ's love through dramatic presentations and creative worship.

Performance and participation scholarships are available by audition.

PUBLICATION LABS
Canyon Echoes, newspaper.

Canyon Trails, yearbook.

Both publications are staffed and edited by students under faculty leadership.

THE COMMUNICATIONS DEGREE PROGRAM
The Communications major offers a unique interdisciplinary field of study. Coursework comes from the areas of art, business, English, journalism, and speech. The degree is broadly based in order to provide a wide variety of experiences. An area of emphasis is provided to help prepare the student for professional work in the field of broadcasting, journalism, photojournalism, and public relations.

DEPARTMENT DESCRIPTION

The Department of Humanities is comprised of the traditional disciplines of the liberal arts which increase our understanding of human actions in the past and present. These disciplines focus on the analysis of written and verbal texts as unique products of the diverse human community. The department is committed to the concept that “all truth is God’s truth” and seeks to integrate historic Christian truths into the various disciplines.

The department serves two principal functions — the provision of a liberal arts education and specialized training for future careers including graduate studies.

English offers majors in English Literature and English Teaching and minors in English and Writing/Journalism. English majors are given the opportunity to gain the knowledge and professional competence to succeed in effectively communicating in written and oral discourse. They also gain a wider knowledge in American literature, English literature, linguistics, grammar, and the history of English.

Study of a foreign language increases the student's awareness and appreciation of other people and cultures as well as provides a means of communication. The study encourages students to pursue new areas of interest and provides the means to enhance many career fields.

History presents students with chronological and theoretical frameworks that enable them to properly contextualize the human cultural, social, political, and economic experience. The department also seeks to equip its majors with the basic skills for historical research and reflection.

DEPARTMENT DESCRIPTION

The breadth and applicability of the mathematical sciences fit well with the purposes of a Christian liberal arts university: the mathematical sciences seek to liberate, empower, and prepare people for servant-leadership. They can help liberate people from mental imprecision and from being intimidated or fooled by technical arguments. They can provide students with tools for solving problems, enlighten students with sudden but hard-won insights into structure; engage students in playful yet disciplined creativity; and encourage students to wonder at the beauty of abstract ideas and the mystery of their applicability in other fields. Mathematics demands courage and calm action in the face of complexity, and honesty and humility in encountering with error, contradiction, and the limits of knowledge. As “queen and servant,” mathematics gives leadership and service to other human endeavors, roles which fit well with the Christian purposes of Grand Canyon University. Thus the Department of Mathematics seeks to uphold the view that the vigorous communication, creation, and application of mathematical ideas can be a noble Christian calling.

Since every degree at Grand Canyon University has a mathematics requirement, the mission of the Mathematics Department faculty is to focus on the needs of students from all disciplines who have diverse interests and backgrounds. The faculty strive to prepare the students, whether they are majoring in Mathematics or some other area, by offering them a mathematical framework that may serve as a foundation for graduate studies or careers in teaching, industry, or business.

Mathematics is a broad, applicable, and playful subject. In recent times, especially since the advent of the digital computer, mathematics has expanded into a collection of mathematical sciences which include pure and applied mathematics, computation, computer science, statistics, operations research, and other areas. Themes of structure, randomness and chaos, techniques of computation, analysis and visualization, and modes of thought involving proof, counter-example, intuition, and creation of unifying concepts are hallmarks of mathematics. Mathematical ideas have found application not only in the physical sciences but increasingly in the life, social, and management sciences, and even in the arts and humanities. The pace of discovery and invention in mathematics remains high. Mathematics is indeed the “queen and servant of the sciences.”

The Department of Mathematics offers majors in Mathematics, Mathematics for Secondary Teaching, and Mathematics for Engineers.

Students who have completed advanced or accelerated courses in mathematics in high school may apply for advanced placement with regard to certain mathematics courses. An individualized program may be tailored for students who plan to continue their study elsewhere in an engineering program, but who also desire a strong foundation in mathematics and the advantages of a Christian liberal arts setting.

Students have the opportunity to enhance their contact with faculty, other math students, and the national mathematical communities through the Grand Canyon University student chapter of the Mathematical Association of America.

The facilities for mathematics include a Computer Center and the Dynamical Systems Lab where students use computers to study fractals, chaos, and iterations. The Computer Center houses a VAX 6000-410 computer and terminals, a large network of IBM compatible PC's, and other micro-computers.

Every Spring. A continuation of MAT 270, covering the techniques of integration, solid analytic geometry, and an introduction to vector analysis. Prerequisite: MAT 270 or equivalent.

MAT 272
Analytical Geometry and Calculus III
4 hours
Every Fall. A study of partial differentiation and multiple integration, infinite series and sequences, and differential equations. Prerequisite: MAT 271 or equivalent.

MAT 300
Introduction to Mathematical Thought
3 hours
Every Spring. An introduction to the basic structures of mathematical thought including logic and proofs, set theory, relations and functions, selected topics from modern algebra, and the real number system. Emphasis is on the student's ability to read, write about, and discuss mathematical ideas. Prerequisite: MAT 271.

MAT 310
College Geometry
3 hours
Fall 1999, and alternate years. A course in the technique of construction and the procedure of proofs of common geometric figures, particularly adapted to the needs of future teachers of high school mathematics. A brief introduction to non-Euclidean geometry is also included.

MAT 342
Linear Algebra
3 hours
Every Fall. An introductory study of finite dimensional vector spaces, linear transformations, and matrices associated with them. Prerequisite: MAT 271 or instructor's approval.

MAT 363
Probability and Statistics for Mathematics and Science

Every Spring. A study of the methods of solution of ordinary differential equations and their application to geometry, mechanics, and physics. Prerequisite: MAT 272.

MAT 443
Abstract Algebra
3 hours
Spring 1999, and alternate years. An introduction to algebraic structures with particular emphasis on group theory. Prerequisite: MAT 300 or instructor's approval.

MAT 461
Complex Analysis
3 hours
Spring 2000, and alternate years. An introduction to the calculus and geometry of functions of a complex variable. Topics include complex numbers, analytic functions, integration, Taylor and Laurent series, the residue calculus, and selected additional topics. Prerequisite: MAT 272.

MAT 462
Partial Differential Equations
3 hour
Fall 2000, and alternate years. An introduction to the partial differential equations of applied mathematics, Laplace's, wave, and diffusion equations and their solution by characteristics, separation of variables, integral transforms, and selected numerical methods. Prerequisite: MAT 373.

MAT 464
Numerical Methods
3 hours
Spring 1999, and alternate years. An introduction to selected topics in numerical analysis chosen from among the following: numerical linear algebra, interpolation, numerical solution of ordinary and partial differential equations, quadrature, and solution of nonlinear equations and optimization. Choice of topics varies. Prerequisites: CSC 105, MAT 271, and instructor's approval.

MAT 483
Mathematics in the Secondary School
3 hours
Fall 2000, and alternate years. Topics in geometry, number theory, algebra and analysis. Emphasis is on the development of a problem-solving process and unifying principles. Teaching strategies, examination of secondary school curricular materials and classroom experience will be included. Required course for Mathematics for Secondary Teacher majors. Prerequisite: MAT 271.

MAT 496
Advanced Topics in Mathematics
3 hours
On demand. Upper division topics such as history of mathematics, topology, number theory, algebra, advanced mathematics, advanced linear algebra and dynamical systems will be offered. May be repeated for credit. Prerequisite: Instructor's approval.

MAT 497
Research in Dynamical Systems
3 hours
Every Fall (on demand other times). A detailed study in dynamical systems. Prerequisite: Instructor's approval.

MAT 498A

3 hours
Every semester. A detailed study in dynamical systems, or some other related area of mathematical sciences. Required course for Mathematics majors. Prerequisites: MAT 372, MAT 373, and instructor's approval.

MAT 498B
Project in Dynamical Systems
3 hours
Every semester. Projects in dynamical systems, or some other related area of mathematical sciences. May be repeated up to six credit hours. Required course for Mathematics majors. Prerequisites: MAT 372, MAT 373, MAT 443, and instructor's approval.

MAT 499
Independent Study
1 - 4 hours
Every semester. See page 23.
DEPARTMENT DESCRIPTION

The Music Department offers various areas of study for the student desiring to pursue music as a profession. It provides classes, ensembles, and private music instruction for students majoring in other fields, and contributes to the cultural environment of the University community. Students may choose programs leading to the Bachelor of Music, Bachelor of Arts, and Bachelor of Science degrees.

The department is dedicated to developing the musicianship of each student through excellence in the classroom and all performing areas. Students from the entire University join with music majors and minors in performing in a variety of ensembles, opera, and musical productions each year.

Recitals and concerts by students, ensembles, faculty, and artists-in-residence provide the University community and the Phoenix area with opportunities to hear some of the finest music being performed today. Scholarships are available by audition.

* ALL music majors pursuing B.A. or B.M. degrees must complete eight semesters of ensemble participation according to emphasis (one ensemble per semester). Additional hours beyond the eight may be taken for credit or audit.

† The Department of Music includes a minimal level of piano performance as a requirement for graduation for all music majors. Four semesters of piano are required to strengthen keyboard skills and assist the student in passing the piano proficiency examination. If the proficiency is completed early, the student must still meet the four-semester requirement. Students must pass the piano proficiency examination before student teaching and before the senior recital.

Additional Emphasis Requirements (Select one)

1. Instrumental

Students planning to choose an instrumental concentration must demonstrate an acceptable level of technique, performance, and musical ability as determined by the instrumental faculty. Students unable to do this will be admitted to the program on a two semester probationary status. During this time they must achieve the proper technical and musical levels to be allowed to continue as an instrumental major. This applies to all degree plans.

must audition for the piano faculty at the completion of the first semester of study. At this time, students must demonstrate an acceptable level of technical proficiency and musical ability as determined by the piano faculty. Students must perform standard advanced piano literature (Beethoven Sonatas, Bach Preludes and Fugues, Schubert Impromptus, etc.). Students unable to perform at the acceptable level will be admitted to the program on a two semester probationary status. At the end of the second semester of probation, they must reaudition demonstrating the required technical and musical abilities necessary for admission to piano major status. This applies to all degree plans.

* All Bachelor of Music (B.M.) majors must complete eight semesters of ensemble participation according to emphasis (one ensemble per semester). Additional hours beyond the eight may be taken for credit or audit.

† The Department of Music includes a minimal level of piano performance as a requirement for all music majors. Four semesters of piano are required to strengthen keyboard skills and assist the student in passing the piano proficiency examination. If the proficiency is completed early, the student must still meet the four-semester requirement. Students must pass the piano proficiency examination before student teaching and before the senior recital.

**DEGREE REQUIREMENTS — MUSIC EDUCATION**
(B.S. DEGREE; NO MINOR REQUIRED)
University Liberal Arts Foundation for the Secondary Education Program (see page 54).

### Additional Emphasis hours required.

**Admission to Teacher Education programs (see pages 52).**

**Secondary Education major required (see page 52).**

In order to graduate with K-12 Endorsement, 16 hours of student teaching (EED 480 - grades K, and SED 480 - grades 7-12) must be completed.

Courses are listed alphabetically by prefix, not in the order they should be taken. See Academic Advisor for sequence.

The Bachelor of Science degree in Music Education is offered with an emphasis in Choral Conducting or Instrumental Conducting. Students pursuing a music education major must meet the requirements for Music Core, Music Education Core and Emphasis.

All Music majors must complete seven semesters of ensemble participation according to emphasis (one ensemble per semester). Additional hours beyond the seven may be taken for credit or audit.

The Department of Music includes a minimal level of piano performance as a requirement for all music majors. Four semesters of piano are required to strengthen keyboard skills and assist the student in passing the piano proficiency examination. If the proficiency is completed early, the student must still meet the four semester requirement. Students must pass the piano proficiency examination before student teaching and before the senior recital.

DEPARTMENT DESCRIPTION

The Dr. J. Niles Puckett Center for Christian Studies exists to guide students in challenging learning experiences, to provide them with a strong Biblical foundation for ministry, and to equip them for service in the Christian community. The courses are designed to provide students with an understanding of the Bible and its historical and theological significance for the Christian faith, preparation and planning for ministry, and guidance through spiritual development.

A vital part of the student’s development in ministry is the exploration of a personal call to ministry. Each Christian Studies student should be able to identify and verbalize a personal call experience.

The faculty is committed to help students formulate their call by exploring various directions that a call may take. Opportunities to dialogue with church, denominational, and Christian ministry leaders help guide the students in their process of ministry development.

Christian Studies students may choose from three degree programs. Each degree program seeks to provide a solid foundation for working with people in all fields of Christian endeavor as well as prepare students for seminary. Students should examine and choose the degree program which best fits their goals in ministry.

The Bachelor of Arts in Biblical/Theological Studies degree program is designed to equip students primarily in knowledge of the Bible and theology, either in preparation for seminary or for a ministry emphasizing preaching and teaching of the Bible and its theological truth.

The Bachelor of Arts in Christian Education degree program is designed to equip students primarily in knowledge and skill related to Christian education in the local church context, either in preparation for seminary or for a ministry of designing and carrying out the Christian education program in a church context.

The Bachelor of Arts in Creative Arts in Worship degree program is designed to equip students primarily in knowledge and skill related to Christian worship, either in preparation for seminary or for a ministry of designing and leading Christian worship in, but not limited to, the context of the local church.

Recommended prerequisites: EDU 303 and EDU 313.

**MIN 373**
**Pastoral Ministry**
3 hours
On demand. A study of the philosophy and practice of pastoral work. Emphasis is given to the tending and nurturing practices involved in the ministry. A special focus is given to assist students in their ability to synthesize pastoral work with their place of service.

**MIN 383**
**Homiletics**
3 hours
On demand. A study of principles and practice of preaching, types of sermons, and principles and procedures of sermon preparation and delivery. Students will prepare and deliver several sermons during the course. Prerequisites: BIB 113 and BIB 123.

**MIN 393**
**Hymnology**
3 hours
Fall 2000, and alternate years. Also MCH 393. A survey of hymnology during the history of the Christian church designed to bring about more meaningful usage of the hymn in congregational singing and in all areas of Christian life and worship. Emphasis is placed upon American hymnology. No musical background is required.

**MIN 443**
**Leadership for Ministry**
3 hours
Every Fall. An exploration of leadership within the context of Christian ministry. Special attention is given to the study of leadership theories, leadership behavior, and the implementation of leadership principles. Prerequisite: Junior status.

**MIN 490**
**Senior Seminar**
3 hours
Every Spring. This course allows students to integrate their call to ministry and vocational intent with their academic activity. This course should be taken during students' final semester. Prerequisites: Senior status and instructor's approval.

**MIN 497**
**Ministrial Internship**
1 - 3 hours
Every Spring. This field education course involves the student in one semester of service with a qualified supervising minister in the ministry setting. An advanced internship can be arranged for the student already engaged in professional ministry who wants further training. Internships are usually available in chaplaincy, church work (pastor, education, music, youth, etc.), Christian social ministries, student work, and other areas. Prerequisites: MIN 201, sophomore or higher class status, and instructor's approval.

**MIN 498**

DEPARTMENT DESCRIPTION

The Department of Social Sciences is a diverse department serving two principal functions: the provision of a liberal arts education and a solid foundation in the majors, offered by the department.

The International Studies major is designed for students who may enter such varied fields as diplomacy, government service, international communications, world-wide religious service, and other fields where international understanding and expertise is required.

Justice Studies is an interdisciplinary field which embraces those aspects of the social sciences and the humanities that are relevant to an understanding of law, justice, social control, and political change. Courses aid students in developing their own values and seeing how they apply to the field of justice studies.

Political Science is the study of politics and government through an integrated approach that recognizes global and normative perspectives. Leaders of the new millennium should learn what is, and ponder what should be, the relationship between the individual citizen and the collective body politic.

The Pre-law minor helps students develop skills necessary for success in law school. Basic objectives include the development of comprehensive, articulate communication, and a critical understanding of human institutions and analytical skills.

Psychology offers a broad array of courses which increase our understanding of human actions in the past and present. Individualized instruction is encouraged through practica and internships, research and writing experience, and small group interactions.

Sociology seeks to encourage students to think deeply and seriously, using both the Christian and scientific perspectives about the consequences of social structures upon human social action in its many diverse contexts.

The Social Sciences major and minor provide the student with an interdisciplinary approach in understanding the fields of economics, geography, history, political science, psychology, and sociology. The Social Sciences minor is especially useful for Elementary Education majors.

DEPARTMENT DESCRIPTION

The Department of Theatre and Drama seeks to provide students the foundation needed to pursue careers in academic, community, and professional theatre programs and/or graduate study. Students are given the opportunity to receive a comprehensive knowledge of theatre history and dramatic literature, along with practical experience in production and performance.

The Department of Theatre and Drama, in cooperation with the Department of Music, produces the Ethington Theatre Series which presents five major productions annually. Additionally, the department offers a student directed series of productions that are performed in the C.J. Smith Jr. Laboratory Theatre on campus. Auditions for all productions are open to the entire student body. Scholarships are available by audition and/or portfolio review.

DEGREE REQUIREMENTS — SPEECH/THEATRE

  - Every Spring. An advanced acting course emphasizing scene study and textual analysis, allowing students to concentrate on the method and technique of building a character. Prerequisite: TRE 150 or instructor's approval.

**TRE 255 Stage Movement**
- 3 hours
  - Fall 1999, and alternate years. Theories, technical practices, styles and schools of stage movement. Study of audition techniques, working with groups and individually, direction techniques, ballet, and the basic theories of Delarte, Dalcroze, and Alexander.

**TRE 270 Christian Drama**
- 3 hours
  - Spring 1999, and alternate years. Also MIN 270. A creative Christian dramatics lab. Emphasis on writing, directing, selecting, and editing, as well as performing religious drama. Methods of utilizing dramatic activity, organizing a drama group, and training the inexperienced within a church are studied.

**TRE 273 Summer Theatre Workshop**
- 1 - 3 hours
  - Every Summer. As a participation course, students will be involved in every aspect of the production of a play to be performed publicly as a part of the Ethington Theatre Series.

**TRE 300 Theatre Participation**
- 1 hour
  - Every semester. This course is designed to allow students to learn by actively participating in one or more of the following areas: lighting, costume construction, properties, or sound crew. Prerequisite: Instructor's approval.

**TRE 340 Stagecraft**
- 3 hours
  - Every semester. The study of set and prop construction. Practical application of construction techniques gained through Ethington Theatre productions. May be repeated for up to six credit hours.

**TRE 345 Scene Design**
- 3 hours
  - Spring 1999, and alternate years. A study of the theories and practices of designing for the stage. Prerequisite: TRE 140 or TRE 340 or instructor's approval.

**TRE 346 Costume Design**
- 3 hours
  - Fall 1999, and alternate years. A comprehensive study of the major periods of costume history and the process of designing costumes for the theatre. Prerequisite: TRE 120 or instructor's approval.

**TRE 361 Valley Theatre Tour**
- 3 hours
  - Every Summer. A study of Valley theatres and their productions. Students will study dramatic criticism as well as attend productions and evaluate the performances.

**TRE 370 Theatre History I (Greeks to Restoration)**
- 3 hours
  - Spring 1999, and alternate years. An in-depth study of the history and development of theatre from early Greece to the English Restoration. Prerequisite: TRE 120 or instructor's approval.

**TRE 371 Theatre History II (18th Century to Present)**
- 3 hours
  - Spring 2000, and alternate years. An in-depth study of the history and development of theatre from 18th century through modern time. Prerequisite: TRE 120 or instructor's approval.

**TRE 373 Summer Theatre Workshop**
- 1 - 3 hours
  - Every Summer. As a participation course, students will be involved in every aspect of the production of a play to be performed publicly as a part of the Ethington Theatre Series.

**TRE 375 Dramatic Literature I**
- 3 hours
  - Fall 2000, and alternate years. A comprehensive study of the major periods and forms of dramatic literature dating from early Greece to the Restoration. Prerequisite: TRE 120 or instructor's approval.
TRE 376
Dramatic Literature II
3 hours
Spring 1999, and alternate years. A comprehensive study of the major periods and forms of dramatic literature dating from the Restoration to the present. Prerequisite: TRE 120 or instructor's approval.

TRE 378
Musical Theatre in America
3 hours

TRE 399
Practicum
1 - 4 hours
On demand. See pages 23.

TRE 400
Theatre Participation
1 hour
Every semester. This course is designed to allow students to learn by actively participating in one or more of the following areas: stage management, properties mastering, directing, and designing. Prerequisite: Instructor's approval.

TRE 440
Stage Lighting and Design
3 hours
Spring 2000, and alternate years. The art of designing lighting for the theatre. Students will actively participate in designing University productions and classroom projects. Prerequisite: TRE 120 or instructor's approval.

TRE 455
Acting III - Scene Study
3 hours
Spring 1999, and alternate years. Scene study is the final course of the acting series. Students will be involved with intense duet scene work from a wide variety of playwrights. Students will also develop and prepare audition pieces in this course. Prerequisites: TRE 150 and TRE 250.

TRE 498
Stage Direction
3 hours
Spring 2000, and alternate years. A study of theories and techniques of interpreting and directing plays through lectures and demonstrations. Students are required to participate in laboratory projects in directing one-acts or scenes from full-length plays. Prerequisite: TRE 120 or instructor's approval.

TRE 499
Independent Study
1 - 4 hours
On demand. See page 23.
MISSION STATEMENT
The College of Science and Allied Health strives to prepare students for graduate study and employment in the medical professions, business, industry, government, or teaching. The faculty challenges students to think clearly, excel academically, mature spiritually, and become socially responsible.

COLLEGE DESCRIPTION
The College of Science and Allied Health provides curricula for athletic training, biochemistry, biology, chemistry, corporate fitness, environmental biology, physical science, physics, science education, pre-engineering, pre-medicine, pre-pharmacy, pre-therapy, other health sciences, and wildlife biology. These curricula lead to bachelor's degrees from Grand Canyon University and potentially to master's or doctoral degrees elsewhere. Master's degrees in physical and occupational therapy, physician assistant studies, and sports health care are offered on the campus of Grand Canyon University by the Arizona School of Health Sciences.

COLLEGE OF SCIENCE AND ALLIED HEALTH FEATURES

ARTICULATION AND ADMISSION AGREEMENTS WITH OTHER INSTITUTIONS
Grand Canyon University has articulation and reserved admission agreements with the Kirkville College of Osteopathic Medicine, the Arizona College of Osteopathic Medicine, the California College of Podiatric Medicine, the University of the Pacific School of Dentistry, and the Southern California College of Optometry. These articulation agreements provide outstanding Grand Canyon University students the opportunity for special consideration when they apply to these institutions.

Grand Canyon University students have been accepted at universities and professional programs throughout the United States. Of particular interest is Grand Canyon University's arrangement with the Arizona School of Health Sciences. The Arizona School of Health Sciences, located on the Grand Canyon University campus, reserves admission slots in its physical therapy, occupational therapy, physician assistant, and sports health care programs for Grand Canyon University students who qualify for "Preferred Admission Status." To obtain information about these opportunities, contact a health profession advisor in the College of Science and Allied Health at Grand Canyon University.

Other articulation and reserved admissions agreements provide outstanding students enhanced admission opportunities into nationally recognized pharmacy programs such as Butler University College of Pharmacy and Health Sciences, Midwestern University, Glendale College of Pharmacy, and Western University of Health Sciences College of Pharmacy.

ARIZONA SCHOOL OF HEALTH SCIENCES
(A DIVISION OF KIRKVILLE COLLEGE OF OSTEOPATHIC MEDICINE)

The Kirkville College of Osteopathic Medicine, the founding school of the osteopathic profession, and Grand Canyon University signed agreements in 1994 establishing the Arizona School of Health Sciences. The Kirkville College of Osteopathic Medicine satellite facility now known as The Arizona School of Health Sciences opened in September 1995 on the Grand Canyon University campus. The Arizona School of Health Sciences coordinates regional clinical rotations for third and fourth year students of osteopathic medicine in Arizona osteopathic and joint-staffed hospitals. In addition, The Arizona School of Health Sciences prepares students for careers in physical therapy, occupational therapy, physician assistant, and sports health care. The occupational therapy and physician assistant programs are Arizona's first and the physical therapy program is Arizona's second. The physical therapy, occupational therapy, physician assistant, and sports health care programs currently have entering class sizes of approximately 30, 30, 40, and 20 students, respectively.

UNIVERSITY LIBERAL ARTS FOUNDATION
FOR THE COLLEGE OF SCIENCE AND ALLIED HEALTH

The University Liberal Arts Foundation (ULAF) for the College of Science and Allied Health differs slightly from the ULAF found on page 28. Students majoring in the College of Science and Allied Health must complete all requirements listed below as part of the ULAF for the College of Science and Allied Health. Changes and additional requirements are indicated by italicized print.

I. Christian Perspectives: 6 hours

Track 1:
BIB 113 Old Testament History (3)
AND
BIB 123 New Testament History (3)
Track 2: One of the following courses:
BIB 103 Survey of the Bible (3)
BIB 113 Old Testament History (3)
BIB 123 New Testament History (3)
AND
One of the following courses:
UNV 304 Science and the Christian Faith (3)
UNV 305 The Christian Mind (3)
UNV 306 Foundations of the Christian Faith (3)

II. Communication: 10 hours
A. English — 6 hours *
   ENG 101 Academic Writing (3)
   ENG 102 Research Writing (3)
B. Speech — 3 hours
   SPC 113 Fundamentals of Speech (3)
C. Computer Literacy — 1 hour
   CIS 180 Computer Information Systems Module (1)

III. Heritage: 6 hours
A. History — 3 hours
   Any history course with an "HIS" prefix
   Recommended courses include:
   HIS 103 Early American History (3)
   HIS 104 Recent American History (3)
   HIS 105 Western Civilization to 1500 (3)
   HIS 106 Western Civilization Since 1500 (3)
B. Literary and Philosophical Tradition — 3 hours
   Any literature course with an "ENG" prefix
   or any philosophy course with a "PHI" prefix (3)

IV. Personal and Social Environments: 3 hours
Any economics (ECN), foreign language (FRE, GER, SPA, etc.),
geo-geography (GEO), political science (POS), psychology (PSY), or
sociology (SOC) course (3)

V. Mathematical Inquiry: 3 hours
MAT 121 College Algebra (3) or higher mathematics course (3)

VI. Scientific Inquiry: 4 hours
Any biology (BIO), chemistry (CHM), geology (GLG),
or physics (PHY) course which contains a laboratory
component (satisfied by the major) (4)

VII. Fine Arts: 3 hours
Any art, music, or theatre course (3)

Additional requirement: 2 hours
Physical Education activity courses (2)
Recommended courses:
PEDI 195 Lifetime Wellness (2)

Total University Liberal Arts Foundation Requirements 37 hours

* Students whose Writing Proficiency Examination (placement test)
scores place them into ENG 103 Honors Composition may satisfy
the requirements of the English section of Core Area II by
successfully completing this course. This may reduce the total ULAF
requirements to 33 hours for those students.

‡ Students in the College of Science and Allied Health with a
Secondary Education major complete only the University Liberal Arts
Foundation requirements for the College of Education (see page 54).

The faculty and staff of the College of Science and Allied Health
assist all students in excelling to their potential and in preparing
for further professional study if desired. However, it is the
students ultimate responsibility to gain admittance to further
educational programs and institutions.

REQUIREMENTS — PREMEDICAL
PREPARATIONS FOR SCHOOLS OF MEDICINE, PODIATRY,
OPTOMETRY, VETERINARY SCIENCE, AND DENTISTRY
Students who plan to apply to medical, podiatry, optometry,
veterinary, or dental schools should obtain a premedical advisor
immediately upon entering the University or deciding on a career in
medicine. Premedical advisors can help students design a curriculum
appropriate for application to medical schools.

Medically-oriented students may major in any discipline; however,
degrees in biology or chemistry satisfy the requirements for admission
into most medical schools. If students major in biology or chemistry,
they may minor in humanities or some other non-science area.

For favorable consideration by medical, podiatry, optometry,
veterinary, or dental schools, students should take 15 or more hours of
courses per semester (with the possible exception of the freshman year)
and maintain A and B grades. Medical programs are rigorous. Students
must demonstrate that they can successfully and comfortably manage
a full schedule, allowing time for study, rest, and recreation.

Students who plan to be physicians should work to get as much
clinical patient care experience as possible, either through voluntary or
paid work in a hospital or clinic.

Medical, podiatry, optometry, veterinary, and dental schools generally
require the following courses:

Premedical Core
BIO 181/181L General Biology I 4 hours
BIO 182/182L General Biology II 4 hours
CHM 113/113L General Chemistry I 4 hours
CHM 115/115L General Chemistry II 4 hours
CHM 331/331L Organic Chemistry I 4 hours
CHM 332/332L Organic Chemistry II 4 hours
ENG 101 Academic Writing 3 hours
ENG 102 Research Writing 3 hours
PHY 111/111L General Physics I OR
PHY 115/115L University Physics I 4 hours
PHY 112/112L General Physics II OR
PHY 116/116L University Physics II 4 hours

Total Premedical Core Hours 38 hours

Professional schools require diverse prerequisites; therefore, students
are encouraged to design requirements for particular schools early in
their undergraduate careers. A broad liberal arts background including
courses in psychology, sociology, and the humanities is important in the
health sciences. In addition, electives from the following list should be
considered:

BIO 205 Microbiology
BIO 304 Applied Nutrition
BIO 308 Pathophysiology
BIO 332 Cell Biology
BIO 340 Genetics
BIO 360 Basic Physiology
BIO 373 Human Gross Anatomy and Dissection
BIO 430 Developmental Biology
BIO 433 Histology
CHM 314 Analytical Chemistry
CHM 461 Biochemistry I
CHM 462 Biochemistry II
MAT 270 Analytical Geometry and Calculus I
MAT 271 Analytical Geometry and Calculus II
PHI 329 Biomedical Ethics
PHY 361 Modern Physics
PHY 496 Biophysics
SPC 113 Fundamentals of Speech

Grand Canyon University's articulation and admission agreements
with the Kirkville College of Osteopathic Medicine, the Arizona
College of Osteopathic Medicine, the California College of Podiatric
Medicine, the University of the Pacific School of Dentistry, and the
Southern California College of Optometry provide outstanding Grand
Canyon University students with special admission opportunities. To
obtain information about these opportunities, please contact a health
professions advisor in the College of Science and Allied Health at Grand
Canyon University.
REQUIREMENTS — PRE-HEALTH PROFESSIONS

PREPARATIONS FOR SCHOOLS OF PHYSICAL THERAPY, OCCUPATIONAL THERAPY, PHARMACY, PHYSICIAN ASSISTANT STUDIES, SPORTS HEALTH CARE, AND OTHER HEALTH PROFESSIONS

Grand Canyon University offers coursework that prepares students for graduate or professional study in such health professions as physical therapy, occupational therapy, physician assistant studies, and sports health care.

Health professionals work closely with patients or clients, encouraging and motivating them to approach, reach, or surpass their previous level of physical and mental performance. Thus, for admittance into allied health programs, students must excel in character, determination, experience, and the desire to help others. Because entry to graduate programs is highly competitive, students must also excel academically.

Students who plan to enter allied health professions should work to get as much clinical patient care experience as possible, either through voluntary or paid work in a hospital or clinic.

The following pre-health professions core consists of courses which are prerequisites for many allied health programs. Students should incorporate them in their undergraduate coursework.

REQUIREMENTS — PRE-GRADUATE

PREPARATION FOR GRADUATE STUDY

Students who plan to apply to graduate schools in biology, chemistry, physical science, or engineering should take all of the required courses in the appropriate major and additional major electives. For favorable consideration by the top graduate schools, students should take 15 or more hours of courses each semester (with the possible exception of the freshman year), maintain A and B grades, and include one of the following courses among their undergraduate courses:

- BIO 498 Research in Biology (3) OR
- CHM 498 Research in Chemistry (3) OR
- PHY 498 Research in Physics (3)

REQUIREMENTS — PRE-ENGINEERING (3+2 PROGRAM)

PREPARATION FOR ENGINEERING

Students who plan to transfer to an accredited engineering program should consult with an engineering advisor.

REQUIREMENTS — PRE-ELEMENTARY AND PRE-SECONDARY TEACHING

PREPARATION FOR TEACHING

Students who plan to major in chemistry for secondary teachers, physics for secondary teachers, biology for secondary teachers, or science for elementary teachers should obtain a College of Education advisor and a Department of Physical Sciences or Department of Biology advisor. The advisors can assist students in selecting courses to satisfy Grand Canyon University graduation requirements, the College of Education requirements, and the State Department of Education requirements for teaching certification.

CRITERIA FOR GRAND CANYON UNIVERSITY STUDENTS PREFERRED ADMISSION STATUS TO ARIZONA SCHOOL OF HEALTH SCIENCES

Arizona School of Health Sciences reserves one third of its entering class positions in each of its graduate programs for Grand Canyon University graduates who meet the rigorous criteria set for preferred admission status.

The Arizona School of Health Sciences (ASHS), located on the campus of Grand Canyon University in Phoenix, offers graduate degree programs in Occupational Therapy, Physical Therapy, Physician Assistant studies, and Sports Health Care. Grand Canyon University and ASHS established an articulation agreement facilitating the admission of highly qualified Grand Canyon University students into the graduate programs. To qualify for preferred admission status into these graduate programs, a Grand Canyon University student must meet all of the criteria below:

1. Complete the ASHS graduate program application and return it to the Admission Processing Center by January 15. To be considered for preferred admission status, Grand Canyon University students must complete all sections of the application and send all required documents to the Admission Processing Center by January 15.

2. Satisfy all ASHS admission requirements. Each ASHS program Occupational Therapy, Physical Therapy, Physician Assistant studies, and Sports Health Care has individual admission requirements. Grand Canyon University students who are applying under the preferred admission status must satisfy all requirements including academic, standardized testing, experience, recommendations, resume evaluation, and the personal interview in order to be admitted. Completion of the criteria stated below, alone, does not guarantee admission to an ASHS program.

3. Complete all ASHS prerequisite courses by the end of the Spring semester prior to enrollment. Prerequisite courses are listed for each individual health science program in brochures and applications provided by ASHS. Students must complete each of these courses with a minimum of "C" by the end of Spring semester.

4. Achieve a minimum Graduate Record Examination (GRE) combined score on verbal, quantitative, and analytical parts of 1550. Students should take the GRE early in order to have scores reported to ASHS prior to the application deadline. Processing of GRE scores normally takes three weeks for the computer test and six weeks for the pen and paper version.

5. Complete a baccalaureate degree at Grand Canyon University. Students must complete their degree prior to the beginning of classes at ASHS. Preferred admission status is available to students completing their degree during the summer session at Grand Canyon University. Academic requirements for non-baccalaureate applications are listed in ASHS admission information.

6. Achieve a minimum 3.25, on a 4.0 scale, cumulative GPA and a 3.25, on a 4.0 scale, science GPA in all college or university course work. Overall and science GPAs must include all previously taken college work. Students should refer to the ASHS application for instructions on selecting GPAs and courses to include in the science GPA calculations.

Grand Canyon University students who do not meet all of the above criteria for preferred admission status are still eligible to be considered for admission to ASHS if they meet the general admission criteria specified in the ASHS application. All qualified students are encouraged to apply for admission.
Department of Biology

DEPARTMENT DESCRIPTION

Courses in the Department of Biology are intended to help students understand and appreciate the structure, function, diversity, and interactions of living organisms. Degrees within the Department of Biology are designed to structure students' curricula to prepare them for careers or graduate studies in medicine, health sciences, education, research, environmental biology, and wildlife biology.

The faculty of the Department of Biology are broadly trained scientists who are committed to training modern, competent, and responsible professionals. Many of the faculty pursue research that involves undergraduate biology students. The professors recognize that involvement in research complements and strengthens their teaching, and also offers students a valuable view of the scientific process that leads to new discoveries and greater understanding of the natural world. Biology students can receive college credit towards their degrees for participation in research or for practical experience they gain from internships.

DEGREE REQUIREMENTS — ALLIED HEALTH
(B.S. DEGREE; No Minor Required)

The Bachelor of Science degree in allied health is restricted to outstanding students who gain early admission to master's degree programs in physical therapy, occupational therapy, or sports health care at the Arizona School of Health Sciences (ASHS). The degree is not available to students already holding a bachelor's degree.

University Liberal Arts Foundation for the College of Science and Allied Health (see page 112).

Prerequisites for appropriate ASHS master's degree program.

No minor required.

Electives (as needed to total 90 semester hours by the end of the Spring semester prior to matriculation at ASHS).

Satisfactory completion of 30 semester hours at Grand Canyon University.

Satisfactory completion of first year coursework at ASHS.

DEGREE REQUIREMENTS — BIOLOGY (General)
(B.S. DEGREE; Minor Required)

The Biology degree program is designed primarily to provide students with a strong foundation for a variety of graduate and professional programs and careers. Advisors assist students in tailoring their programs with appropriate electives to allow them to pursue careers including medicine, research, and environmental quality.

DEGREE REQUIREMENTS — ENVIRONMENTAL BIOLOGY
(B.S. DEGREE; No Minor Required)

Environmental biology is designed to provide the necessary background for graduating students to apply for professional positions in environmental and resource management, including public agencies, private industry, and consulting firms. Emphasis is placed on field oriented coursework in ecology, organismal biology, and resource management. The Wildlife Emphasis broadens the curriculum, making more career possibilities available in wildlife biology.

</table>
| BIO 100  | 4 hours | Biology Concepts  
Every semester. A complete overview of the science of biology from a human perspective. Topics include cells, energetics, ecology, inheritance, evolution, embryology, anatomy, and physiology. Three hours lecture, three hours lab. This course does not apply toward Biology majors. |
| BIO 105  | 4 hours | Environmental Biology  
Every Spring. A study of the fundamentals of ecology and their relevance to human impact on natural ecosystems. Three hours lecture, three hours lab. This course does not apply toward Biology majors. |
| BIO 181  | 4 hours | General Biology (Majors) I  
Every Fall and Summer. A study of biological concepts emphasizing the interplay of structure and function, particularly at the molecular, cellular, and organismal levels of organization. Three hours lecture, one hour lab. |
| BIO 182  | 4 hours | General Biology (Majors) II  
Every Spring and Summer. A study of the characteristics of the major groups of plant and animal life, and the ecological interaction of organisms with each other and their environment. Three hours lecture, one hour lab. Prerequisite: BIO 181 or instructor's approval. |
| BIO 201  | 3 hours | Human Anatomy and Physiology I  
Every Fall and Summer. A study of the structure and function of cells and the following human systems: skeletal, muscular, and nervous. Three hours lecture. Credit offered only for Human Biology majors. |
| BIO 201L | 1 hour  | Human Anatomy and Physiology I: Laboratory  
Every Fall and Summer. A study of the gross anatomy and functions of the skeletal, muscular, and nervous systems. Laboratory involves the integrated use of human cadavers, animal demonstrations, and computer-assisted instruction. Three hours lab. Credit offered only for Human Biology majors. Prerequisite: Concurrent enrollment in BIO 201 lecture. |
| BIO 201R | 1 hour  | Human Anatomy and Physiology I: Recitation  
Every Fall and Summer. A recitation course designed to complement and support the principles being taught in BIO 201 lecture. One hour recitation. Prerequisite: Concurrent enrollment in BIO 201 lecture. |
| BIO 202  | 3 hours | Human Anatomy and Physiology II  
Every Spring and Summer. A study of the structure and function of the following human systems: endocrine, cardiovascular, respiratory, digestive, renal, and reproductive. Three hours lecture. Credit offered only for Human Biology majors. Prerequisite: BIO 201 or instructor's approval. |
| BIO 202L | 1 hour  | Human Anatomy and Physiology II: Laboratory  
Every Spring and Summer. A study of the gross anatomy and functions of the endocrine, cardiovascular, respiratory, digestive, renal, and reproductive systems. Laboratory involves the integrated use of human cadavers, animal demonstrations, and computer-assisted instruction. Three hours lab. Credit offered only for Human Biology majors. Prerequisite: Concurrent enrollment in BIO 202 lecture. |
| BIO 202R | 1 hour  | Human Anatomy and Physiology II: Recitation  
Every Spring and Summer. A recitation course designed to complement and support the principles being taught in BIO 202 lecture. One hour recitation. Prerequisite: Concurrent enrollment in BIO 202 lecture. |
| BIO 205  | 4 hours | Microbiology  
Every semester and Summer. An introduction to the principles and applications of microbiology, with a study of the general characteristics of microorganisms and their relationship to humans. Three hours lecture, three hours lab. Prerequisites: BIO 181 and BIO 182, or instructor's approval. |
| BIO 301  | 2 hours | Science Communication I  
Every semester. Also PHY 301 and CHM 301. A study of how to gather, analyze, and communicate scientific information. Topics covered include various forms of written communication, publishing research results, and oral presentation techniques. Prerequisite: Biology major. |
| BIO 302  | 2 hours | Science Communication II  
Every semester. A weekly seminar series of scientists presenting their current research to a mixed audience of students and faculty. Prerequisite: Biology major. |
| BIO 304  | 3 hours | Applied Nutrition  
Every semester. Applied Nutrition provides a foundation of basic nutrition theory. The focus is on assessment, food components, exercise, nutrition, weight control, community programs, and resources. Application of these aspects are used to promote health and prevent illness. |
| BIO 305  | 2 hours | Introduction to Physical Therapy  
Every semester. An introduction to the professional and practical field of physical therapy. A text supplements guest speakers, open discussions, question/answer sessions, and examinations. Students must also either observe a physical therapist in the field or present a case. Prerequisites: Cumulative GPA of 3.00 or higher, BIO 201 (with a grade of A or B), and instructor's approval. |
| BIO 306  | 2 hours | Introduction to Occupational Therapy  
Every Fall. An introduction that includes observation of occupational therapists at work, experience with patients, writing of journals, discussions, public speaking, and interactions with guest speakers. Two hours lecture. May be repeated for up to four hours credit. Prerequisites: Cumulative GPA of 3.00 or higher, BIO 201 (with a grade of A or B), and instructor's approval. |
| BIO 307  | 2 hours | Practice of Medicine by Physician Assistants  
Every semester. An informative course on the history of the Physician Assistant (PA) profession from inception to current status. Emphasis is on current practice venues. Interaction with practicing PAs will be accomplished by guest speakers. Two hours lecture. May be repeated for up to four hours credit. Prerequisites: Cumulative GPA of 3.00 or higher, A or B grade in BIO 201, and instructor's approval. |
| BIO 308  | 3 hours | Pathophysiology  
Every semester and Summer. A study of manifestations of altered human physiology and disease. Systems theory is used to analyze the relationship between disease and physiology. Three hours lecture. Prerequisites: BIO 201 and BIO 202, or BIO 360, or instructor's approval. |
| BIO 308R | 1 hour  | Pathophysiology: Recitation  
Every semester and Summer. A recitation course designed to complement and support the principles being taught in BIO 308 lecture. |

<td>Every semester. An informative course on the history of the pharmacy profession from inception to current status. Emphasis is on current practice venues, including the clinical knowledge base required for a practicing pharmacist, plus hospital, retail, and managed care opportunities. Prerequisite: Cumulative GPA of 3.00 or higher and instructor's approval.</td>
</tr>
<tr>
<td>BIO 320</td>
<td>Fundamentals of Ecology</td>
<td>4 hours</td>
<td>Every semester. A study of plants and animals as individuals and in communities in relation to their physical and biological environment. Three hours lecture, three hours lab. Prerequisites: BIO 181 and BIO 182.</td>
</tr>
<tr>
<td>BIO 332</td>
<td>Cell Biology</td>
<td>3 hours</td>
<td>Every semester. A comprehensive study of the composition, structure, energetics, regulation, and growth of eukaryotic cells. Three hours lecture. Prerequisites: BIO 181 and BIO 182, or instructor's approval.</td>
</tr>
<tr>
<td>BIO 340</td>
<td>Genetics</td>
<td>4 hours</td>
<td>Every semester. A comprehensive examination of the principles of heredity and variation, including Mendelian genetics, molecular genetics, and population genetics. Three hours lecture, three hours lab. Prerequisites: BIO 181 and BIO 182, or instructor's approval.</td>
</tr>
<tr>
<td>BIO 340R</td>
<td>Genetics: Recitation</td>
<td>1 hour</td>
<td>Every semester. A recitation course designed to complement and support the principles being taught in the BIO 340 lecture. One hour recitation. Prerequisite: Concurrent enrollment in BIO 340 lecture.</td>
</tr>
<tr>
<td>BIO 350</td>
<td>Comparative Invertebrate Zoology</td>
<td>4 hours</td>
<td>Fall 1999, and alternate years. A study of the systematics, morphology, life history, and ecology of invertebrate organisms. Three hours lecture, three hours lab. Prerequisites: BIO 181 and BIO 182.</td>
</tr>
<tr>
<td>BIO 360</td>
<td>Basic Physiology</td>
<td>3 hours</td>
<td>Every Fall. A study of the functions of cells, organs, and systems of vertebrates, with emphasis on humans. Three hours lecture. Prerequisites: BIO 181 and BIO 182.</td>
</tr>
<tr>
<td>BIO 360L</td>
<td>Basic Physiology: Laboratory</td>
<td>1 hour</td>
<td>Every Fall. Laboratory exercises that complement topics of BIO 360 lectures. Three hours lab. Prerequisite: Concurrent enrollment in BIO 360 lecture.</td>
</tr>
<tr>
<td>BIO 373</td>
<td>Human Gross Anatomy and Dissection</td>
<td>4 hours</td>
<td>Every Summer. A detailed study of the gross anatomy of the human body through lecture presentation and dissection of human cadavers. Enrollment is competitive and limited to 16 students. Three hours lecture, three hours lab. This course cannot be taken as an audit. Prerequisites: BIO 181, BIO 182, and instructor's approval; students must apply for this course during the preceding Fall semester.</td>
</tr>
<tr>
<td>BIO 383</td>
<td>Drug Abuse Seminar</td>
<td>3 hours</td>
<td>Every semester. Also HLT 383 and SOC 383. An exploration of the problems of drug abuse and approaches toward solutions of those problems. Topics include pharmacology and epidemiology of drug use, psychological, legal, social, and cultural implications, and principles of program planning.</td>
</tr>
<tr>
<td>BIO 396</td>
<td>Biology Tutoring</td>
<td>2 hours</td>
<td>Every semester. A course designed to train students to help others who are experiencing difficulty in their regular coursework. Emphasis is placed on learning strategies, time management, study skills, and test taking. May be repeated for no credit. Prerequisites: Approval of the College Dean and the Tutor Program Coordinator.</td>
</tr>
<tr>
<td>BIO 426</td>
<td>Aquatic Ecology</td>
<td>4 hours</td>
<td>Spring 2001, and alternate years. A study of the physical and biological components of aquatic ecosystems and adaptations of aquatic organisms. Laboratory investigations include methods of sampling and analyzing water and aquatic life. Three hours lecture, three hours lab. Prerequisite: BIO 320.</td>
</tr>
<tr>
<td>BIO 430</td>
<td>Developmental Biology</td>
<td>4 hours</td>
<td>Every Fall. A comprehensive examination of topics in developmental biology, including genetic regulation, nucleus to plasmonic interactions, morphogenesis, pattern formation, and cell differentiation. Three hours lecture, three hours lab. Prerequisites: BIO 181 and BIO 182.</td>
</tr>
<tr>
<td>BIO 433</td>
<td>Histology</td>
<td>4 hours</td>
<td>Every Spring. A study of the microscopic structure and function of human tissues. Three hours lecture, three hours lab. Prerequisites: BIO 181 and BIO 182.</td>
</tr>
<tr>
<td>BIO 480</td>
<td>Methods of Teaching Science in the Secondary School</td>
<td>3 hours</td>
<td>On demand. Methods of instruction, organization, and presentation of content in teaching science. Two hours lecture, two hours lab.</td>

<tr>
<td>BIO 496</td>
<td>Advanced Topics in Biology</td>
<td>1 - 4 hours</td>
<td>On demand. Each year appropriate topics will be offered at an advanced level. Credit will range from one to four hours depending on the topic. May be repeated for credit. Prerequisite: Instructor's approval.</td>
</tr>
<tr>
<td>BIO 497</td>
<td>Internship</td>
<td>1 - 4 hours</td>
<td>On demand. The internship provides an opportunity for students to practice principles learned in their major area of study by working in an outside organization under the supervision of a professional. See Department Chair for specific information. Prerequisite: Instructor's approval.</td>
</tr>
<tr>
<td>BIO 498</td>
<td>Research in Biology</td>
<td>3 hours</td>
<td>Every semester. A detailed study of one or more biological problems. May be repeated for up to nine hours of credit, three of which may count toward electives in biology. Prerequisites: BIO 181, BIO 182, CHM 113, 113L, CHM 115, 115L, and instructor's approval.</td>

BIO 499
Independent Study
1 - 4 hours
On demand. See page 23.

BOTANY

BOT 184
4 hours
Plant Biology
Spring 2000, and alternate years. A study of the principles and processes in plant biology with emphasis on vascular plants. Includes a survey of the plant kingdom, plant ecology, and economic botany. Three hours lecture, three hours lab.

BOT 370
4 hours
Arizona Flora
On demand. A study of the principles of systematic botany with an emphasis on identification of the vascular flora of Arizona. Three hours lecture, three hours lab. Prerequisite: BOT 184.

SCIENCE

SCI 180
1 hour
Science on the Internet
Every semester. A study of search strategies and information related to science and health. Students use Internet directories, search engines, e-mail, mailing lists, newsgroups, and multimedia to gather information about careers, research, journals, books, and field studies in science and health.

ZOOLOGY

ZOL 213
3 hours
Introduction to Wildlife Ecology and Management
Every Fall. Introduction to the principles of wildlife management in the United States, including philosophy of wildlife management, environmental laws, public policy, and principles of applied conservation biology. Three hours lecture. Prerequisites: BIO 181 and BIO 182, or instructor's approval.

ZOL 411
4 hours
Principles of Terrestrial Wildlife Biology
Spring 2000, and alternate years. An advanced study of the principles of terrestrial wildlife management, including current philosophy, natural resource law, public policy, and techniques of ecology and management of terrestrial species assemblages. Three hours lecture, three hours lab. Prerequisite: ZOL 213, BIO 320, or instructor's approval.

ZOL 413
4 hours
Principles of Fisheries Management
Spring 2001, and alternate years. A survey of the principles of aquatic systems, ecology and fisheries management, and biology. Three hours lecture, three hours lab. Prerequisite: ZOL 213, BIO 320, or instructor's approval.
Department of Health, Exercise Science, & Physical Education

DEPARTMENT DESCRIPTION

The major and minor degrees described offer a blend of classroom instruction and clinical experience designed for the optimum preparation of students for careers in this field. These courses of study will prepare students for eligibility to meet the requirements of the National Athletic Trainers Association Board of Certification, national certifications in the commercial health and fitness industry, State Board of Education Health Education Endorsement, career employment and advancement in the firefighting service industry, State Board of Education Certification or Endorsement in physical education, health education, or athletic coaching.

The Athletic Training major prepares students for employment in secondary schools, colleges and universities, professional sports, and industrial and clinical settings as Certified Athletic Trainers. The student will receive instruction in prevention, management, and rehabilitation of injury and illness in the sports setting, the administration of sports medicine programs, and education and counseling of athletes on subjects related to this field. A teaching degree is recommended, but not required.

The Certificate in Fitness and Wellness major can lead, along with practical experience, to eligibility in any of the following areas: Exercise Leader, Health/Fitness Instructor, or Health/Fitness Director with the American College of Sports Medicine, Certified Strength and Conditioning Specialist or Personal Trainer with the National Strength and Conditioning Association, or any of the national aerobics instructor certifications.

The Physical Education major and minor will prepare students for State Board of Education Certification or Endorsement, along with meeting College of Education requirements, at either the elementary or secondary level.

The Recreation major and minor will prepare the student as a recreation professional who can supervise and implement recreation programs and manage recreation facilities.

The Athletic Coaching minor emphasizes skills to assist the future teacher or other professional who wishes to coach interscholastic, intercollegiate, or other sports teams in all aspects of preparation for competition. Successful completion of coursework will meet level three guidelines from NASPE or State Board of Education requirements for coaching certification.

The Exercise Science minor emphasizes the skills to assist the future firefighter toward employment in the firefighting industry and to assist the currently employed firefighter in acquiring knowledge and advancing in rank.

The Exercise Science minor will especially enable the Human Biology or Allied Health major to obtain a degree from Grand Canyon University by providing a concentrated field of study of valuable knowledge and skills to enhance admittance possibilities in allied health professional schools.

The Health Education minor is designed to prepare students to enter the commercial health industry as an educator, or with College of Education coursework, to receive State Board of Education Endorsement.

The Physical Education-Martial Arts Emphasis minor will provide students with the skills needed to instruct others in various forms of self-defense and karate techniques.

* See Department Chair for list of participating community colleges and required courses.
EXS 325
The Fire Service and the Community
Every Fall. The sociological, economic, and political characteristics of communities, and their impact on the fire problem. The course will include an in-depth examination of the fire service's role in the community, as emergency care providers for the sick and injured, fire suppression providers, community role models, and an organization with a growing responsibility in the social services arena.

EXS 335
Kinesiology
Every Spring. Analysis of human movement, integrating knowledge of the skeletal, muscular, and neurological systems with the effect of gravity, friction, internal, and external forces, and the laws of motion and on its function, including the application of these factors to various types of physical skills. Two-and-one-half hours lecture, one-half hour lab. Prerequisites: HLT 253, or BIO 201 and BIO 202, and PHY 101 (may be taken concurrently).

EXS 340
Physiology of Exercise
Every Fall. A study of the effects of exercise on the body. It includes the study of responses and adaptations to exercise at the systemic as well as the subcellular level. Two-and-one-half hours lecture, one-half hour lab. Prerequisites: HLT 253, or BIO 201 and BIO 202.

EXS 375
Fire Prevention Program Development and Management
Every Spring. An examination of the techniques, procedures, programs, and agencies involved in fire prevention. The course will include an exploration of fire inspection programs, public education, sprinkler ordinances, and the role of the fire service administrator in managing, supporting, and developing these programs.

EXS 383
Measurement in Physical Education
Every Spring. A study of tests and measurements in physical education. The course covers data analysis techniques for test evaluation, test construction, and grading; it also deals with tests of fitness and sports skills. Prerequisites: PED 246 and four hours of Professional Activities.

EXS 399
Practicum
On demand. See pages 23.

EXS 414
Advanced Athletic Training
Every Spring. This course covers evaluation of athletic injuries, recognition of the importance of physical exams, conditioning programs, and disqualifying factors in athletics. It is designed for students seeking NATA certification. Prerequisites: EXS 314 and EXS 335 (may be taken concurrently).

EXS 423
Fire Department Administration
Every Fall. An exploration of the organization and management techniques in the fire service, including fire and EMS operations, hiring and personnel practices, budgeting, master planning, and forecasting trends. The course includes organization and management theory, how it is utilized in today's fire service, and how it may impact the future of the fire service administration.

EXS 425
Theory of Prescribing Exercise
Every Spring. This course covers the theoretical basis and practical application of general principles of exercise prescription to various age, fitness levels and health states. Two-and-one-half hours lecture, one-half hour lab. Prerequisite: EXS 335.
EXS 496
Special Topics in Sports Medicine
2 hours

Every Fall. Examination of current issues, topics, and trends in the field of sports medicine. Current theories and practices regarding diet, ergogenic aids, orthopedics, neurology, emergency procedures, rehabilitation, and injury prevention methods will be discussed. Must be taken twice by athletic training students. Prerequisites: EXS 314, BIO 201, and BIO 202.

EXS 497
Internship in Exercise Science
1 - 5 hours

On demand. The internship provides an opportunity for students to practice principles learned in their functional area by working in an outside organization under the supervision of a practitioner. See Department Chairman for specific information. Prerequisite: Instructor’s approval.

EXS 499
Independent Study
1 - 4 hours

On demand. See page 23.

HEALTH EDUCATION

HLT 200
Personal Health
3 hours

Every Fall. A study of personal health concepts with emphasis on the importance of good health in the attainment of life’s goals and aspirations.

HLT 253
Anatomy and Physiology
3 hours

Every Fall. A study of the basic structures and functions of the various systems of the human organism. Provides accurate, current information concerning the human body. The course is designed for students pursuing careers in health and physical education who have minimal background in the physical and biological sciences.

HLT 270
First Aid and Safety
3 hours

Every Fall. Designed to develop the ability to administer emergency treatment for first responders. Upon successful completion of this course, students will receive American Red Cross Standard First Aid and CPR certification. Also a study of safety and its importance in home, work, and recreational settings.

HLT 382
Principles of Public Health
3 hours

Every Spring. A study of the public agencies and their contribution to the health of the community. Also includes fundamentals, philosophy, history, and functions of public health services. Prerequisite: HLT 200.

HLT 393
Drug Abuse Seminar
3 hours

Every semester. Also SOC 383 and BIO 383. This course explores the problem of drug abuse and approaches toward solutions of those problems. Topics include pharmacology and epidemiology of drug use; psychological, legal, social, and cultural implications; and principles of program planning.

HLT 396
Health Education Tutoring
2 hours

Every semester. This course is designed for trainees, to study methods to help others who are experiencing difficulty in their regular coursework. Emphasis is placed on learning strategies, time management, study skills, and test taking. May be repeated for no credit. Prerequisites: Approval of the Department Chair and the Tutor Program Coordinator.

HLT 423
Health Administration
3 hours

Every Spring. Also REC 423 and PED 423. This course deals with administrative tasks and techniques for use in the commercial health industry. Topics include budget and finance, organizing and promoting health, and business, administrative, and ethical decision-making in a health setting. Prerequisite: HLT 200 or instructor’s approval.

HLT 480
Methods of Teaching Health
3 hours

Every Fall. A study of the methods and procedures of teaching health. Resources, aids, and agencies are studied in an attempt to determine how they may best assist the teacher. Prerequisite: HLT 200.

HLT 497
Internship in Health Education
1 - 4 hours

On demand. The internship provides an opportunity for students to practice principles learned in their functional area by working in an outside organization under the supervision of a practitioner. See Department Chair for specific information. Prerequisite: Instructor’s approval.

HLT 499
Independent Study
1 - 4 hours

On demand. See page 23.

PHYSICAL EDUCATION

PED 103
Varsity Athletics
1 hour

Every Fall. For athletes who compete on varsity intramural athletic teams at Grand Canyon University. Each athlete may receive credit for this course once only.

PED 104
Varsity Athletics
1 hour

Every Spring. For athletes who compete on varsity intramural athletic teams at Grand Canyon University. Each athlete may receive credit for this course once only.

PED 121
Individual Sports
1 hour

PED 121A Weightlifting and Fitness
PED 121B Tennis
PED 121C Swimming
PED 121D Golf
PED 121E Badminton
PED 121F Aerobics
PED 121G Horsemanship

Every semester. Instruction and practice in the skills and strategies of the sport. Activity selection is based on facility availability, instructor preference, and student input.

PED 131
Team Sports
1 hour

PED 131A Basketball
PED 131B Volleyball
PED 131C Softball
PED 131D Flag Football
PED 131E Soccer

Every semester. Instruction and practice in the skills and strategies of the sport. Activity selection is based on facility availability, instructor preference, and student input.

PED 141
Self Defense
1 hour

Every semester. A course designed to teach students how to react in the event of a push, grab, or takedown. Emphasis is placed on in-close techniques including knee and elbow strikes, joint locks, armbars, takedowns, and chokes.
PED 151  
Karate  
1 hour  
Every semester. A course designed to develop basic karate skills, including open-handed strikes, leg blocks, low kicks, break falls, and Seisan kata. The course will also include instruction in traditional karate school ethics, Japanese terms and customs, and preparation for green belt promotion.

PED 195  
Lifetime Wellness  
2 hours  
Every semester. An introductory course in exercise and wellness. Emphasis is placed on the acquisition of knowledge about what fitness entails, self-evaluation of student's present fitness needs, and developing a personalized fitness program. Required of all majors and minors.

PED 231  
Advanced Karate  
1 - 2 hours  
Every Spring. A course designed to develop advanced karate skills including power kicking, precision punching, tactile trapping, speed and cadence drills, angular attacks, timing and rhythm drills, and kata application. The course will also include preparation for brown belt promotion. Students seeking a minor in martial arts must complete two hours. Prerequisite: PED 151 or instructor's approval.

PED 240  
Introduction to Physical Education  
3 hours  
Every Fall. A study of the goals and objectives of physical education, its history, and its current role. The course provides an overview of the various sub-disciplines and professions within the field. Required of all majors and minors.

PED 241  
Advanced Self Defense  
1 - 2 hours  
Every Spring. A course designed to teach students how to react in the event of a choke, bear hug, tackle, or rape threat. The course will include instruction in joint locks, throws, and advanced chokes and armbars. Students will become better prepared to react effectively in a life-threatening confrontation. Students seeking a minor in martial arts must complete two hours. Prerequisite: PED 141 or instructor's approval.

PED 246  
Instructional Strategies in Physical Education  
3 hours  
Every semester. A course designed to prepare future physical education teachers, fitness instructors, and recreational leaders in the skills necessary to present physical education activities to groups. Included will be the development of lesson plans, course goals, and performance objectives that can be applied to the presentation of any skill or activity. Prerequisite: Must be a Health, Exercise Science, and Physical Education major or minor.

PED 252  
Teaching of Team Sports I  
2 hours  
Every Fall. Practice and skills in the sports of soccer, touch football, and team handball for majors and minors. Includes lesson plans, teaching techniques, evaluation, and proficiency in skills. Three hours per week. Prerequisite: PED 246 (may be taken concurrently).

PED 262  
Teaching of Team Sports II  
2 hours  
Every Spring. Practice and skills in the sports of basketball, volleyball and softball for majors and minors. Includes lesson planning, teaching techniques, evaluation, and proficiency in skills. Three hours per week. Prerequisite: PED 246 (may be taken concurrently).

PED 272  
Teaching of Aquatic Skills  
2 hours  
Upon availability. Practice and skills in the sport of swimming. Includes lesson planning, teaching procedure, evaluation techniques, and skill proficiency. Red Cross Emergency Water Safety and Water Safety Instructor certificates will be issued to the student upon successful completion of the course. Three hours per week. Prerequisite: PED 246 (may be taken concurrently) and swimming test (must be able to swim 500 yards).

PED 282  
Teaching of Individual Sports I  
2 hours  
Every Fall. Practice and skills in the activities of badminton, archery, and tennis are covered in this course for majors and minors. Includes lesson planning, teaching procedures, evaluation, and proficiency in skills. Three hours per week. Prerequisite: PED 246 (may be taken concurrently).

PED 285  
Teaching Self Defense Activities  
1 - 2 hours  
Every Spring. A course designed to develop methods and techniques of teaching martial arts. Each student will research a particular area, prepare a paper, and provide an in-class demonstration. Prerequisites: PED 241 and PED 246 (may be taken concurrently), or instructor's approval.

PED 287  
Teaching Karate Activities  
2 hours  
Every Fall. A course designed to develop methods of teaching karate. Each student will research a particular area, prepare a paper, and provide an in-class demonstration. Prerequisite: PED 231 or instructor's approval.

PED 289  
Teaching of Combatives  
2 hours  
Every Fall. A course designed to develop methods and techniques of teaching grappling. Each student will research a particular area, prepare a paper, and provide an in-class demonstration. Prerequisite: PED 241 or instructor's approval.

PED 292  
Teaching of Individual Skills II  
2 hours  
Every Spring. Practical skills in the activities of fitness, rhythms, and aerobic exercises are covered in this course for majors and minors. Includes lesson planning, teaching techniques, evaluation, and proficiency in skills. Three hours per week. Prerequisites: PED 195 and PED 246 (may be taken concurrently).

PED 307  
Sports Broadcasting  
3 hours  
Every Summer. A course designed to teach students the basic components of a sports related radio or television broadcast. Topics include broadcast setup, preparation of written materials for use in the broadcast, play-by-play announcing, color commentary, delivery, and interviewing.

PED 323  
Athletic Coaching: Baseball  
3 hours  
Every Fall. A study of the fundamentals, drill habits, team organization, offensive and defensive play, and coaching philosophy of baseball.

PED 333  
Athletic Coaching: Basketball  
3 hours  
Every Spring. A study of the fundamentals, drill habits, team organization, offensive and defensive play, and coaching philosophy in basketball.

PED 334  
Athletic Coaching: Volleyball and Softball  
3 hours  
Every Summer. A study of the fundamental skills of volleyball and softball, and how each of these skills can be presented and effectively evaluated. Further study includes integration of team structure, practice organization, conditioning, and coaching philosophy for these sports.
PED 343  
**Sports Officiating**  
Every Fall. A study of the rules and mechanics of officiating football, basketball, and baseball.  
3 hours

PED 363  
**Physical Education for the Exceptional Child**  
Every Fall. A course designed to develop methods and techniques of teaching the exceptional child in motor activities. Emphasis is also placed on the activities and programs to be included in the curriculum. Prerequisite: PED 246 (may be taken concurrently).  
3 hours

PED 383  
**Measurement in Physical Education**  
Every Spring. A study of tests and measurements in physical education. This course covers data analysis techniques for test evaluation, test construction, and grading; it also deals with tests of fitness and sports skills. Prerequisites: PED 246, four hours of Professional Activities, and MAT 121 or higher.  
3 hours

PED 396  
**Physical Education Tutoring**  
Every semester. Designed to train students to help others who are experiencing difficulty in their regular coursework. Emphasis is placed on learning strategies, time management, study skills, and test taking. May be repeated for no credit. Prerequisites: Approval of the Department Chair and the Tutor Program Coordinator.  
2 hours

PED 399  
**Practicum**  
On demand. See page 23.  
1 - 4 hours

PED 401  
**Traditional Okinawan Weapons**  
Every Spring. A course designed to introduce students to the bo, shinai, tonfas, sais, and nunchukas. Students will learn traditional weapons forms, advanced weapon combinations, and the history of weapons from their origin as farm tools.  
3 hours

PED 403  
**Physical Education for the Elementary Grades**  
Every Spring. A study of the development of a program of physical activities adapted to the school situation and to the individual needs of the child. Prerequisites: PED 383 and four hours of Professional Activities.  
3 hours

PED 413  
**Physical Education for the Secondary School**  
Every Fall. Designed for individuals who plan to teach at the middle or high school level. Topics include classification of students, organization of classes, choice and selection of appropriate activities and materials, progression, and testing. Prerequisites: EXS 383 and four hours of Professional Activities.  
3 hours

PED 423  
**Organization and Administration of Physical Education and Athletics**  
Every Summer. This course deals with administrative tasks and techniques for use in departments of physical education, athletics, and fitness or exercise centers. Topics include budget and finance, organizing tournaments, business administrative, and ethical decision-making in the exercise science setting. Designed for majors in exercise science. Prerequisite: PED 413 or instructor's approval.  
3 hours

PED 433  
**Theory of Coaching**  
Every Fall. This course addresses the role of the coach in developing players beyond the basic skills of playing the game. It focuses on the Christian approach to coaching, intramural, coaching styles, counseling athletes, and coaching under stress. This course applies to all coaching endeavors. Prerequisite: One athletic coaching class.  
3 hours

PED 496  
**Special Topics in Physical Education**  
On demand. An examination of current issues, topics, and trends in the field of physical education. See Department Chair for specific information. Prerequisites: PED 246 and instructor's approval.  
2 hours

PED 497  
**Internship in Physical Education**  
The internship provides an opportunity for students to practice principles learned in their functional area by working in an outside organization under the supervision of a practitioner. See Department Chair for specific information. Prerequisite: Instructor's approval.  
3 hours

PED 499  
**Independent Study**  
On demand. See page 23.  
1 - 4 hours

**RECREATION**

REC 203  
**Introduction to Recreation**  
Every semester. Also PED 240. A course designed to introduce the student to the philosophy and early development of recreation in America. It also examines the role and status of the varied agencies engaged in recreation programs.  
3 hours

REC 213  
**Recreational Leadership**  
Every Fall. Designed to acquaint the student with the current trends and practices in professional recreation leadership development. Students will examine leadership concepts, group dynamics, management, and problem-solving as related to recreation. Special event planning and operation of sports leagues will be explored. Prerequisite: REC 203.  
3 hours

REC 215  
**Recreational Programming**  
Every Spring. Games, contests, crafts, music, drama, social recreation for home, school, and community leisure time will be discussed. Students will gain experience in teaching activities and event planning.  
3 hours

REC 313  
**Outdoor Recreation**  
Every Summer. A course designed to acquaint the student with the knowledge and experience of outdoor living and outdoor leadership skills. Camping, backpacking, and desert survival will be explored.  
3 hours

REC 396  
**Recreation Tutoring**  
Every semester. Designed to train students to help others who are experiencing difficulty in their regular coursework. Emphasis is placed on learning strategies, time management, study skills, and test taking. May be repeated for no credit. Prerequisites: Approval of the Department Chair and the Tutor Program Coordinator.  
3 hours

REC 423  
**Recreation Administration and Supervision**  
Every Spring. A study of the supervisory and administrative techniques to be used in the recreation profession. Staff and volunteer supervision, policy development, public and community relations, and management theories will be examined. Prerequisites: REC 203 and REC 213 or instructor's approval.  
3 hours

REC 424  
**Recreation Facility Management**  
Spring 1999, and alternate years. A study of financing, marketing, and legal issues concerning the management of recreation and park facilities. Coursework will include a study of bonds, risk management, and the pricing structures of recreational facilities. Prerequisite: REC 213 or instructor's approval.  
3 hours
REC 425
Recreation for Special Populations 3 hours
Every Fall. A course designed to develop methods and techniques of leading therapeutic recreation activities in institutions. Prerequisites: REC 203 and REC 213 or REC 215.

REC 497
Internship in Recreation 2 - 5 hours
Every semester. The student is assigned to an approved recreational facility to serve as a leader or assistant leader under the supervision of a recreation employee for a specified number of hours. Periodic conferences and evaluations are scheduled with the supervising teacher. Prerequisite: REC 423.

SCIENCE

SCI 180
Science on the Internet 1 hour
Every semester. A study of search strategies and information related to science and health. Students use Internet directories, search engines, e-mail, mailing lists, newsgroups, and multimedia to gather information about careers, research journals, books, and field studies in science and health.
DEPARTMENT DESCRIPTION

The Department of Physical Sciences provides curricula for students wishing to major in biochemistry, chemistry, physical science, physics for secondary teachers, chemistry for secondary teachers, and science for elementary teachers. These majors are designed to prepare students for graduate school, medical, veterinary, or dental school, engineering, technician careers in industry, government or business, and employment in high school or elementary school science teaching. Minors are offered in chemistry, biophysical science, physics, and science teaching. Students with advanced placement credit from high school physics or chemistry courses are encouraged to apply for departmental credit in General Physics or General Chemistry. See page 11 for specific information.

The diverse backgrounds of the faculty, with expertise in biochemistry, material science, meteorology, biophysics, solid state chemistry, analytical chemistry, catalysis and organometallics, chemistry education, and computers in education, ensure each student a broad exposure to the physical sciences. Each faculty member is committed to serving students, whether in providing service courses in physics and chemistry, advising students in their choice of major, or helping well-qualified students find summer internships at government laboratories such as Argonne National Laboratory, Illinois, and Oak Ridge, Tennessee. The department continues to serve increasing numbers of students with small recitation groups, in which students meet with faculty while learning together. The Department of Physical Sciences emphasizes teaching excellence, analytical thinking, practical laboratory experiences, spiritual growth, and social awareness, all within a Christian liberal arts setting.

Any student wishing to minor in mathematics may, with College of Science and Allied Health approval, use the 12 hours of analytical geometry and calculus from the Physics for Secondary Teachers major as part of their minor. They can then be certified with a minor in mathematics (12 calculus + eight upper division mathematics hours) for a total of 136 hours.

Similarly, any student wishing to minor in chemistry may, with College of Science and Allied Health approval, use up to eight hours of upper division chemistry electives from the Physics for Secondary Teachers major as part of their minor. They can then be certified with a minor in chemistry for a total of 140 hours.

DEGREE REQUIREMENTS — SCIENCE FOR ELEMENTARY TEACHERS
(B.S. DEGREE; No Minor Required)

The teaching major or minor in science is designed to give prospective teachers a broad introduction to science rather than specialization in one field. It is particularly useful for teachers in grades 4-8, who will be teaching both life and physical sciences.

University Liberal Arts Foundation for College of Education Elementary Teacher Education Programs (see pages 53-54).

Elementary Education major required.

CHEMISTRY

CHM 101
Introduction to Chemistry

Every semester and every Summer. An introduction to the principles of chemistry; designed for students without a strong background in science. Topics covered include a survey of the chemical and physical properties of elements and compounds, chemical reactions, chemical energetics, acids and bases, and chemical bonding. Three hours lecture. Prerequisites: Concurrent enrollment in CHM 101 lab and CHM 101 recitation.

CHM 101L
Introduction to Chemistry: Laboratory

Every semester and every Summer. A laboratory course designed to complement and support the principles being learned in Chemistry 101 lecture. Three hours lab. Prerequisites: Concurrent enrollment in CHM 101 lecture and CHM 101 recitation.

CHM 101R
Introduction to Chemistry: Recitation

Every semester. Problem solving techniques as assistance for students taking Introduction to Chemistry (CHM 101). One hour recitation. Prerequisites: Concurrent enrollment in CHM 101 lecture and CHM 101 lab.

CHM 113
General Chemistry I

Every semester and every Summer. An exploration of the principles and practice of modern chemistry. Topics include the chemical and physical properties of elements and compounds, reaction stoichiometry, energetics, and atomic and molecular structure. Three hours lecture. Prerequisites: MAT 121 or equivalent and concurrent enrollment in CHM 113 lab and CHM 113 recitation.

CHM 113L
General Chemistry I: Laboratory

Every semester and every Summer. A laboratory course designed to complement and support the principles being learned in CHM 113 lecture. Three hours lab. Prerequisites: MAT 121 or equivalent and concurrent enrollment in CHM 113 lecture and CHM 113 recitation.
CHM 113R
General Chemistry I: Recitation 1 hour
Every semester. Problem solving techniques as assistance for students taking General Chemistry I. One hour recitation. Prerequisites: Concurrent enrollment in CHM 115 lecture and CHM 115 recitation.

CHM 115
General Chemistry II 3 hours
Every semester and every Summer. Continuation of CHM 113. Topics include thermodynamics, kinetics, descriptive chemistry, analytical chemistry, electrochemistry, and nuclear chemistry. Three hours lecture. Prerequisites: Concurrent enrollment in CHM 115 lab and CHM 115 recitation.

CHM 115L
General Chemistry II: Laboratory 1 hour
Every semester and every Summer. A laboratory course designed to complement and support the principles learned in CHM 115 lecture. Three hours lab. Prerequisites: Concurrent enrollment in CHM 115 lab and CHM 115 recitation.

CHM 115R
General Chemistry II: Recitation 1 hour
Every semester. Problem solving techniques as assistance for students taking General Chemistry II. One hour recitation. Prerequisites: Concurrent enrollment in CHM 115 lecture and CHM 115 recitation.

CHM 260
Introduction to Organic and Biochemistry 3 hours
Every semester. Survey of the molecules essential to life, including proteins, carbohydrates, lipids, and nucleic acids. The relationship between chemical structures and biological function is emphasized. Three hours lecture. Prerequisites: CHM 101 and concurrent enrollment in CHM 260 lab and CHM 260 recitation.

CHM 260L
Introduction to Organic and Biochemistry: Laboratory 1 hour
Every semester. A laboratory course designed to complement and support the principles being learned in CHM 260 lecture. Three hours lab. Prerequisites: Concurrent enrollment in CHM 260 lecture and CHM 260 recitation.

CHM 260R
Introduction to Organic and Biochemistry: Recitation 1 hour
Every semester. A recitation course designed to complement and support the principles being learned in CHM 260 lecture. One hour recitation. Prerequisites: Concurrent enrollment in CHM 260 lecture and CHM 260 lab.

CHM 296
Special Topics in Chemistry 1 - 3 hours
On demand. To include topics at the introductory level.

CHM 301
Science Communication I 2 hours
Every semester. Also BIO 301 and PHY 301. Study of how to gather, analyze, and communicate scientific information. Topics covered include various types of written communication, publishing research results, and oral presentation techniques. Prerequisite: Biochemistry, Chemistry, or Physical Science major.

CHM 302
Science Communication II 2 hours
Every semester. A weekly seminar series of scientists presenting their current research to a mixed audience of students and faculty. Prerequisite: CHM 301.

CHM 314
Analytical Chemistry 3 hours
Every Fall. A survey of methods of chemical analysis based on reactions, physical properties, kinetics, and equilibrium using both chemical and instrumental techniques. Three hours lecture. Prerequisites: CHM 115 and concurrent enrollment in CHM 314 lab.

CHM 314L
Analytical Chemistry: Laboratory 2 hours
Every Fall. Laboratory emphasis on developing skills and techniques, data analysis, and effective communication of experimental results. Both instrumental and wet chemical techniques are explored. Six hours lab. Prerequisite: Concurrent enrollment in CHM 314 lecture.

CHM 331
Organic Chemistry I 3 hours
Every Fall and every Summer. A systematic study of chemistry of carbon compounds. Topics include nomenclature, structure, synthesis, reactions, and analysis of aliphatic and aromatic compounds. Three hours lecture. Prerequisite: CHM 115 and concurrent enrollment in CHM 331 lab and CHM 331 recitation.

CHM 331L
Organic Chemistry I: Laboratory 1 hour
Every Fall and every Summer. Synthesis of compounds as discussed in the lecture as well as isolation and purification of natural products are included. Laboratory exercises involving separation, purification, and characterization of organic compounds. Three hours lab. Prerequisites: Concurrent enrollment in CHM 331 lecture and CHM 331 recitation.

CHM 331R
Organic Chemistry I: Recitation 1 hour
Every Fall. Problem solving techniques as assistance for students taking CHM 331 lecture. One hour recitation. Prerequisites: Concurrent enrollment in CHM 331 lecture and CHM 331 lab.

CHM 332
Organic Chemistry II 3 hours
Every Spring and every Summer. Continuation of CHM 331. Topics include reaction mechanisms, kinetics, approaches to chemical synthesis, and qualitative analysis of organic compounds. Three hours lecture. Prerequisites: CHM 331 and concurrent enrollment in CHM 332 lab and CHM 332 recitation.

CHM 332L
Organic Chemistry II: Laboratory 1 hour
Every Spring. Continuation of CHM 331L involving more complicated synthesis and instrumental techniques. Three hours lab. Prerequisites: Concurrent enrollment in CHM 332 lecture and CHM 332 recitation.

CHM 332R
Organic Chemistry II: Recitation 1 hour
Every Spring. Problem solving techniques as assistance for students taking CHM 332 lecture. One hour recitation. Prerequisites: Concurrent enrollment in CHM 332 lecture and CHM 332 lab.

CHM 360
Principles of Biochemistry 3 hours
Every Spring. Survey of the molecules essential to life, including proteins, carbohydrates, lipids, and nucleic acids. The relationship between chemical structures and biological function is emphasized. Three hours lecture. Prerequisites: CHM 331 or CHM 332, and concurrent enrollment in CHM 360 lab.

CHM 360L
Principles of Biochemistry: Laboratory 1 hour
Every Spring. Laboratory course designed to augment CHM 360 lecture topics. Practical experience in technique, data collection, and analysis related to biological molecules. Prerequisite: Concurrent enrollment in CHM 360 lecture.

### GEOLOGY

**GLG 101 General Geology**

3 hours  
Every Spring. An introduction to physical and historical geology with an emphasis on the geology of Arizona. The relation of geology to man's culture and economic development is stressed. Three hours lecture.

**GLG 101L General Geology Laboratory**

1 hour  
Every Spring. A lab course designed to complement the topics covered in the geology lecture. Three hours lab. Prerequisite: Concurrent enrollment in GLG 101 lecture.

### PHYSICS

**PHY 101 Introduction to Physical Science**

3 hours  
Every semester and every Summer. A survey of physical science emphasizing applications of physical science to modern life. Three hours lecture. Prerequisites: Concurrent enrollment in PHY 101 lab and PHY 101 recitation.

**PHY 101L Introduction to Physical Science Laboratory**

1 hour  
Every semester and every Summer. A laboratory course designed to complement the physical principles covered in the PHY 101 lecture. Prerequisites: Concurrent enrollment in PHY 101 lecture and PHY 101 recitation.

**PHY 101R Introduction to Physical Science Recitation**

1 hour  
Every semester. Problem solving techniques as preparation for general physics or to enhance understanding for education majors. May be taken to replace the lab for pre-allied health majors. One hour recitation. Prerequisites: Concurrent enrollment in PHY 101 lecture and PHY 101 lab.

**PHY 107 Astronomy**

3 hours  
Every Fall. A study of the principles and history of astronomy, the cosmos, the solar system, and celestial phenomena. Appropriate as an elective for non-science majors; designed to develop an appreciation and understanding of the natural laws of the universe. Three hours lecture. Prerequisite: Concurrent enrollment in PHY 107 lab.

**PHY 107L Astronomy Laboratory**

1 hour  
Every Fall. A laboratory course designed to complement the topics covered in the PHY 107 lecture. Three hours lab. Prerequisite: Concurrent enrollment in PHY 107 lecture.

**PHY 111 General Physics I**

3 hours  
Every semester and every Summer. Survey of physical principles and concepts using mathematical descriptions based on algebra and trigonometry. Topics covered include force and motion, physical properties of materials, and thermodynamics. Three hours lecture. Prerequisites: PHY 101 and MAT 121, or instructor's approval, and concurrent enrollment in PHY 111 lab and PHY 111 recitation; MAT 122 highly recommended.

**PHY 111L General Physics I Laboratory**

1 hour  
Every semester and every Summer. Laboratory experiments demonstrating the physical principles in the PHY 111 lecture. Three hours lab. Prerequisites: Concurrent enrollment in PHY 111 lecture and PHY 111 recitation.

**PHY 111R General Physics I Recitation**

1 hour  
Every Fall. Designed to help students in problem solving techniques for the PHY 111 lecture. One hour recitation. Prerequisites: Concurrent enrollment in PHY 111 lecture and PHY 111 lab.

**PHY 112 General Physics II**

3 hours  
Every semester and every Summer. Continuation of PHY 111. Topics covered include wave motion, electrostatics, optics, and magnetism. Three hours lecture. Prerequisites: PHY 111 and concurrent enrollment in PHY 112 lab and PHY 112 recitation.

**PHY 112L General Physics II Laboratory**

1 hour  
Every semester and every Summer. Laboratory experiments demonstrating the physical principles in the PHY 112 lecture. Three hours lab. Prerequisites: Concurrent enrollment in PHY 112 lecture and PHY 112 recitation.

**PHY 112R General Physics II Recitation**

1 hour  
Every Spring. Designed to help students with problem solving techniques for the PHY 112 lecture. One hour recitation. Prerequisites: Concurrent enrollment in PHY 112 lecture and PHY 112 lab.

**PHY 115 University Physics I**

3 hours  
Every Fall. Rigorous treatment of physical principles and concepts using mathematical descriptions based on calculus. Topics covered include mechanics, thermodynamics, and wave motion. Three hours lecture. Prerequisites: MAT 271 and concurrent enrollment in PHY 115 lab and PHY 115 recitation.

**PHY 115L University Physics I Laboratory**

1 hour  
Every Fall. Laboratory experiments demonstrating the physical principles in the PHY 115 lecture. Three hours lab. Prerequisites: Concurrent enrollment in PHY 115 lecture and PHY 115 recitation.

**PHY 115R University Physics I Recitation**

1 hour  
Every Fall. Designed to help students with problem solving techniques for the PHY 115 lecture. One hour recitation. Prerequisites: Concurrent enrollment in PHY 115 lecture and PHY 115 lab.

**PHY 116 University Physics II**

3 hours  
Every Spring. Continuation of PHY 115. Topics covered include electromagnetism, optics, and quantum theory. Three hours lecture. Prerequisites: PHY 115 and concurrent enrollment in PHY 116 lab and PHY 116 recitation.

**PHY 116L University Physics II Laboratory**

1 hour  
Every Spring. Laboratory experiments demonstrating the physical principles in the PHY 116 lecture. Three hours lab. Prerequisites: Concurrent enrollment in PHY 116 lecture and PHY 116 recitation.

**PHY 116R University Physics II Recitation**

1 hour  
Every Spring. Designed to help students with problem solving techniques for the PHY 116 lecture. One hour recitation. Prerequisites: Concurrent enrollment in PHY 116 lecture and PHY 116 lab.

**PHY 296 Special Topics in Physics**

1 - 3 hours  
On demand. May include mechanics for engineers, new courses designed to meet the engineering core requirements at Arizona State University. Also non-calculus-based electricity or electronics.
PHY 301  Science Communication I  2 hours
Every semester. Also BIO 301 and CHM 301. Study of how to gather, analyze, and communicate scientific information. Topics include various forms of written communication, publishing research results, and oral presentation techniques. Prerequisite: Physics for secondary teaching major.

PHY 302  Science Communication II  2 hours
Every semester. A weekly seminar series of scientists presenting their current research to a mixed audience of students and faculty. Prerequisite: PHY 301.

PHY 311  Engineering Mechanics I: Statics  3 hours
On demand. Also EGN 211. Statics involves the study of forced systems, resultants, equilibrium, distributed forces, area moments, internal stresses, and friction. Prerequisites: MAT 272 and PHY 116.

PHY 312  Engineering Mechanics II: Dynamics  3 hours
On demand. Also EGN 312. Dynamics involves the study of the kinematics of particles, translating and rotating coordinate systems, rigid body kinematics, and energy/momentum principles. Prerequisite: PHY 311.

PHY 361  Introduction to Modern Physics  3 hours
Fall 1999, and alternate years. Special relativity and introductory quantum theory with applications drawn from atomic, condensed matter, nuclear, and high energy physics. Prerequisite: PHY 116 or instructor's approval.

PHY 396  Physics Tutoring  2 hours
Every semester. Designed to train students to help others who are experiencing difficulty in their regular coursework. Emphasis is placed on learning strategies, time management, study skills, and test taking. May be repeated for no credit. Prerequisites: Approval of the College Dean and the Tutor Program Coordinator.

PHY 480  Methods of Teaching Science in the Secondary School  3 hours
On demand. A study of methods of instruction, organization, and presentation of content in teaching science. Two hours lecture, two hours lab. Prerequisite: PHY 112.

PHY 496  Advanced Topics in Physics  1 - 4 hours
On demand. Courses such as thermodynamics, material science, electricity and magnetism, biophysics, and electronics will be offered. May be repeated for credit. Prerequisite: Instructor's approval.

PHY 497  Internship  1 - 3 hours
On demand. The internship provides an opportunity for students to practice principles learned in their functional area by working in an outside organization under the supervision of a practitioner. See Department Chair for specific information. Prerequisite: Instructor's approval.

PHY 498  Research in Physics  1 - 6 hours
Every semester. A detailed study of one or more physical problems. May be repeated for up to nine hours of credit, three of which may count toward electives in physics. Prerequisite: Instructor's approval.

SCI 180  Science on the Internet  1 hour
Every semester. A study of search strategies and information related to science and health. Students use Internet directories, search engines, e-mail, mailing lists, newsgroups, and multimedia to gather information about careers, research journals, books, and field studies in science and health.
MISSION STATEMENT

The Samaritan College of Nursing seeks to provide an academically and clinically challenging program to prepare the individual for professional nursing practice within an ethical and Christian framework to populations of diverse backgrounds in a rapidly changing environment.

COLLEGE DESCRIPTION

The Samaritan College of Nursing offers both a pre-licensure program and a degree completion for nurses already licensed as registered nurses. The Samaritan College of Nursing is an integral part of Grand Canyon University, working closely with the College of Liberal Arts, the College of Science and Allied Health, and the College of Continuing Studies. The curriculum leads to the degree of Bachelor of Science in Nursing, and is designed to help students assess the individual, the family, and communities; utilize functional health patterns within a variety of clinical settings; formulate nursing diagnoses; plan nursing interventions; and function as professionals within the health care team. Emphasis is placed on both a strong academic foundation and nursing practice.

Students have supervised clinical experience in health care agencies within the metropolitan Phoenix area, and are responsible for personal transportation and uniform expenses necessary for the nursing major. Students are also expected to reflect the stated purpose of Grand Canyon University while representing the nursing program in various clinical areas.

The baccalaureate program is approved by the Arizona State Board of Nursing and accredited through the National League for Nursing Accrediting Commission, 61 Broadway, New York, New York 10006 (212) 363-5555. The College is a member of the American Association of Colleges of Nursing, and is a charter member of the Western Institute of Nursing.

SAMARITAN COLLEGE OF NURSING FEATURES

- All faculty members have a master’s or doctoral degree. Faculty-to-student ratios are generally limited to 1:8 or 1:10 in the clinical setting.

- Students begin their supervised clinical experiences during the first semester of the nursing curriculum. During the last two years of study, students spend approximately 18-24 hours per week in a clinical experience learning to apply theory in patient care situations.

- Students complete a practicum in nursing as their last course in the curriculum. This course is designed to assist students in role transition and in gaining confidence in a specialty area. In this course, students may select from many practice areas such as emergency department, intensive care, labor and delivery or community health.

- Development of a résumé and interview skills are part of the senior studies. Historically, most seniors have found employment prior to graduation. However, in today’s rapidly changing health care environment, employment upon graduation is the responsibility of the graduate and is not guaranteed by the Samaritan College of Nursing.

- Nursing scholarships are available based on a student’s previous academic work and need. Financial aid processing and advising are available through the University’s Office of Financial Aid. Prenursing scholarships are available to high school seniors, and transfer and returning students. Contact the Samaritan College of Nursing for more information.

- Recognition of the spiritual needs of all persons is an integral part of caring for one’s self and others. The spiritual dimension is integrated into each nursing course throughout the curriculum. A required ethics course provides an opportunity to develop an ethical approach within a Christian framework to one’s future professional role.

- The University is located in metropolitan Phoenix with access to a variety of acute care and community-based clinical agencies. Prominent among the acute care facilities in which students may have their clinical experiences are Good Samaritan Regional Medical Center, Maryvale Samaritan Medical Center, Thunderbird Samaritan Medical Center, Phoenix Baptist Hospital, John C. Lincoln Medical Center, and Phoenix Children’s Hospital.

PROCEDURES FOR APPLICATION

Students wishing admission to the pre-licensure program through the Samaritan College of Nursing must be first admitted to the University. Registered nurses desiring the RN-BSN Degree Completion Option should consult the catalog for the College of Continuing Studies for
further program information.

Application to the Samaritan College of Nursing is made during the semester prior to the semester in which the student intends to begin the nursing major. Applications for Fall admission are considered the previous Spring semester, and applications for Spring admission are considered during the previous Fall semester. Application packets for the Samaritan College of Nursing are available through the University Bookstore.

The application process requires:

1. A completed application form,
2. A drug screen,
3. An interview,
4. Three letters of recommendation,
5. Successful completion of the University's Writing Proficiency Examination,
6. Satisfactory completion of nursing prerequisite coursework.

Students may apply during their last semester of prerequisite coursework; however, all prerequisites and admission requirements must be completed prior to beginning the nursing major courses.

Acceptance into the Samaritan College of Nursing is determined by the Samaritan College of Nursing faculty and the availability of sufficient clinical spaces. Applicants who have completed their prerequisites at Grand Canyon University are given priority in consideration for admission into Samaritan College of Nursing.

A cumulative GPA of 2.80 and a GPA of 3.00 in prerequisite courses are the recommended minimum GPAs for admission to the nursing program.

Upon admission, students must provide health information: a health history, physical examination and proof of immunity for Measles, Rubella, and Varicella. Admission to Grand Canyon University does not guarantee acceptance into the Samaritan College of Nursing program.

**GRADUATION REQUIREMENTS**

Graduation from the nursing program requires:

1. Successful completion of the prerequisite coursework, sequential nursing coursework, and all University Liberal Arts Foundation courses.
2. Students must maintain a 2.50 GPA in required nursing major coursework in order to progress and complete the curriculum.

Students should contact the Samaritan College of Nursing for more detailed information on progression through the nursing major.

The Registered Nurse licensing requirements are the exclusive responsibility of the State Board of Nursing (Nurse Practice Act, A.R.S. Sections 32-1601 et. seq.), and must be satisfied independently of any requirements for graduation from the University. Historically, Samaritan College of Nursing graduates have been quite successful on the licensure examination; however, satisfactory performance on the licensure examination is the responsibility of the graduate and not guaranteed by the Samaritan College of Nursing.

**UNIVERSITY LIBERAL ARTS FOUNDATION (ULAF)**

**SAMARITAN COLLEGE OF NURSING**

The University Liberal Arts Foundation for the Samaritan College of Nursing differs slightly from the University Liberal Arts Foundation found on page 67. Students majoring in Nursing must complete all requirements listed below as part of the ULAF for the Samaritan College of Nursing. Changes and additional requirements are indicated by italicized print.

Please note: Prerequisite courses are indicated with a "†" and must be completed prior to the Nursing major requirements.

* Students whose Writing Proficiency Examination (placement test) scores place them into ENG 103 Honors Composition may satisfy the requirements of the English section of Core Area II by successfully completing this course. This may reduce the total ULAF requirements to 60 hours for those students. A three-hour elective course may be required to complete the 128 semester hours required on the B.S.N. degree. |
** NUR 207 Therapeutic Communication is also a nursing major requirement.

**Prerequisite students without a recent and strong biology background should register for BIO 181 General Biology prior to registering for BIO 201.

**DEGREE REQUIREMENTS — NURSING**

**Total Major Hours**

**65 hours**

**Total Requirements for B.S.N. Graduation**

128 hours

**R.N. — B.S.N. OPTION**

The registered nurse desiring program information for the R.N. - B.S.N. option should consult the catalog for the College of Continuing Studies.

**NURSING**

**NUR 203**

**Introduction to Pharmacology**

Every semester and every Summer. Introduction to Pharmacology has a twofold purpose. The first purpose is to introduce basic pharmacological concepts and drug groups. These concepts include drug action, legal considerations, and evaluation of drug therapy. Physiological, psychological, and socio-cultural concepts related to drug therapy will also be presented. The second purpose of the course is to provide the pharmacological foundation necessary for safe administration of drugs, monitoring the effects of therapy, and teaching clients about medications. The course is open to non-nursing majors. Prerequisites: BIO 201, BIO 202, and BIO 308.

**NUR 204**

**Applied Nutrition**

Every semester and every Summer. Applied Nutrition provides a foundation of basic nutrition theory. The focus will be on assessment, food components, exercise and nutrition, weight control, and community programs and resources. Application of these aspects are used to promote health and prevent illness. The course is open to non-nursing majors.

**NUR 206**

**Introduction to Nursing and Gerontology**

Every semester. Introduction to Nursing and Gerontology emphasizes competence in nursing skills. Functional health patterns are used as the basis for assessment and nursing care of adult clients with emphasis on the aged. Communication, teaching, helping, problem solving, and leadership skills are introduced and applied as a framework for clinical practice. Prerequisite: Admission to the Samaritan College of Nursing.

**NUR 207**

** Therapeutic Communication**

Every semester. Therapeutic Communication focuses on the development of theoretical knowledge and interpersonal skills needed to interact effectively with clients in a variety of health care settings. Prerequisite: Admission to the Samaritan College of Nursing.

**NUR 208**

**Living with Loss**

Every Summer. Living with Loss is designed to increase the awareness of loss-grief experiences by exploration of bereavement behavior and coping skills as provided by Kuebler-Ross, Garfield and Engle, and Lemia. Content includes case studies, field trips, experiential sharing, films, and reading. The course is open to non-nursing majors.

**NUR 309**

**Health Assessment**

Every semester. Health Assessment provides the systematic collection, validation, and communication framework for data that professional nurses use to make decisions about how to intervene, promote, maintain or restore health of adult and aged clients. This course emphasizes methods of data collection, clinical reasoning, and the nursing process, along with supervised laboratory practice and selected diagnostic and screening tests. Upon completion, the student will demonstrate beginning knowledge and competence in the performance of adult health history taking and physical assessment by utilizing Gordon's Functional Health Patterns Framework. Prerequisites: Admission to the Samaritan College of Nursing and concurrent enrollment in NUR 206 and NUR 207, or special permission from faculty.

**NUR 311**

**Adult Health Nursing I**

Every semester. Adult Health Nursing I focuses on nursing care of adult hospitalized clients. Emphasis is placed on the identification of nursing diagnosis and interventions for clients with acute, chronic, or terminal illness. The course comprises the first ten weeks of the second semester of the nursing curriculum. Prerequisites: NUR 203, NUR 206, NUR 207, and NUR 209.

**NUR 312**

**Adult Health Nursing II**

Every semester. Adult Health Nursing II focuses on nursing care of clients in the critical care setting in collaboration with health team members. Emphasis is placed on analysis and management of critically ill clients experiencing a life-threatening crisis. The course comprises the last five weeks of the second semester of the nursing curriculum. Prerequisite: NUR 311.

**NUR 313**

**Nursing Care of the Childbearing Family**

Every semester. Nursing Care of the Childbearing Family focuses on planning for health promotion in the normal and high risk childbearing family. Emphasis is placed on family education, use of community resources, and advocacy of alternatives to promote positive outcomes during the childbearing phase of family development. Prerequisites: NUR 311 and NUR 312.

**NUR 314**

**Family Centered Child Health Nursing**

Every semester. Family Centered Child Health Nursing integrates theories from nursing, child development, and family development. These concepts are related to the planning of care for children,
adolescents, and their families who are well or experiencing acute or chronic illnesses. Emphasis is placed on teaching and on community resources related to the child-rearing family. Prerequisites: NUR 311 and NUR 312.

NUR 498  2 hours
Research in Nursing
Every semester and every Summer. Research in Nursing promotes research as a framework for analysis of clinical practice. Quantitative and qualitative research methodologies are presented. Emphasis is placed on the critical review of research and application to nursing practice. Prerequisites: PSY 363 and NUR 206, or permission of instructor.

NUR 411  5 hours
Community Health Nursing
Every semester. Community Health Nursing focuses on community assessment and intervention with vulnerable groups and communities. Emphasis is placed on critical analysis, using epidemiological data and functional health patterns to plan and intervene in areas of health promotion, screening, and rehabilitation with community groups. Prerequisites: NUR 313 and NUR 314.

NUR 412  3 hours
Home Health Care Nursing
Every semester. Home Health Care Nursing focuses on the nursing care of acutely, chronically, and terminally ill clients of all ages and their families. Emphasis is placed on the integration of environmental, psychosocial, economic, cultural, personal, and family health concepts in the home setting. Creative problem solving which enables a family to care for their family member's health needs is a significant element of this fundamental course. Prerequisites: NUR 313 and NUR 314.

NUR 413  5 hours
Community Mental Health Nursing
Every semester. The Community Mental Health Nursing course focuses on providing nursing care at the primary, secondary, and tertiary levels of mental health intervention. Emphasis is placed on community screening, crisis intervention and rehabilitation, and teaching with families and client groups. Concepts of environment, group process, family therapy, and interdisciplinary collaboration are integrated with biopsychosocial, spiritual, and cultural aspects of mental health nursing practice. Prerequisites: NUR 313 and NUR 314.

NUR 443  6 hours
Management Concepts and Leadership Behavior in Nursing
Every semester. Management Concepts and Leadership Behavior in Nursing are presented as expected roles in today's changing health care agencies. Emphasis is placed on the interdisciplinary approach to planning nursing care for groups using selected standards. The course includes an examination of professional development and peer collaboration. Prerequisites: NUR 411, NUR 412, and NUR 413.

NUR 446  2 hours
Trends and Issues in Nursing
Every semester. Trends and Issues in Nursing explores the numerous professional and societal forces which impact health care policy and practice. Content includes analysis of manpower studies, nursing leaders, policy and position statements, political and cultural issues, and changing nursing roles and licensure. Prerequisites: NUR 411, NUR 412, and NUR 413.

NUR 497  1 hour
Preparation for Licensure
Every semester. This course focuses on preparation for the registered nurse licensure examination. The student is assisted in assessing learning needs and developing personal strategies to become successful on the professional examination. The computer review, test preparation materials, and standardized testing methods are utilized to facilitate individual development. Prerequisites: NUR 411, NUR 412, NUR 413, and concurrent enrollment in NUR 498.
