2016 Annual Security Report

PREPARATION OF THE ANNUAL SECURITY REPORT AND DISCLOSURE OF CRIME STATISTICS

The Department of Public Safety publishes this report to inform the community about campus security policies, initiatives to prevent and respond to crime and emergencies, and the occurrence of crime on campus. This report complies with the Jeanne Clery Disclosure of Campus Security and Crime Statistics Act and uses information maintained by Public Safety, information provided by other University offices such as Student Affairs, Residence Life, and other Campus Security Authorities, and information provided by local law enforcement agencies surrounding the campus. Each of these offices provides updated policy information and crime data.

This report provides statistics for the previous three years concerning reported crimes that occurred on campus, in certain off-campus buildings or property owned, leased, or controlled by Grand Canyon University. This report also includes institutional policies concerning campus security, such as policies regarding sexual assault, and alcohol and other drugs.

The University distributes a notice of the availability of this Annual Security and Fire Safety Report by October 1 of each year to every member of the University community. Anyone, including prospective students and employees, may obtain a paper copy of this report by contacting Public Safety at 602-639-8100.

ABOUT THE DEPARTMENT OF PUBLIC SAFETY

Grand Canyon University's Department of Public Safety understands the concerns students and staff have with regard to their safety and our goal is to provide a safe and secure environment.

To ensure that students, staff and their possessions are protected as much as possible, Public Safety and Campus Operations have developed a policy and set of procedures with your maximum safety in mind. These include but are not limited to the following:

- Parking privileges and vehicle decals
- Controlled access points for campus

This system also includes an intentional awareness program that helps students, faculty and staff recognize a situation or incident and provide them with the education and tools to take the proper steps. For the Department of Public Safety, a safe campus is our main goal. Following and obeying all security policies will help to ensure that GCU stays safe for everyone. For assistance please call 602-639-8100. Please be sure to give your name, location and destination. Our main office is currently located in The Grove Garage. Public Safety protects and serves the GCU community 24 hours a day, 365 days a year.

The Public Safety Department protects and serves the Grand Canyon University community during the campus's hours of operations. The department is responsible for a number of campus safety and security programs, including Emergency Management; Security Education; physical security, and special event security. Some members of the Public Safety Department are armed and sworn, however, public safety officers do not have arrest authority. Public Safety Officers have the ability to detain as a private citizen's arrest.

Working Relationship with Local, State, and Federal Law Enforcement Agencies

The Public Safety Officers maintain a cooperative relationship with the City of Phoenix Police Department, Maricopa County Sheriff's Department, and surrounding police agencies. The Public Safety Department does have a written agreement with the City of Phoenix law enforcement. The university will refer all serious criminal matters to the Phoenix Police Department for follow-up and further investigation when needed.

Crimes Involving Student Organizations at Off-Campus Locations

Grand Canyon University does not have any recognized student organizations with off-campus location.

REPORTING CRIMES AND OTHER EMERGENCIES

The University has a number of ways for campus community members and visitors to report crimes, serious incidents, and other emergencies to appropriate University officials. Regardless of how and where you decide to report these incidents, it is critical for the safety of the entire University community that you immediately report all incidents so that Public Safety can investigate the situation and determine if follow-up actions are required, including issuing a timely warning or emergency notification.

Voluntary, Confidential Reporting

If crimes are never reported, little can be done to help other members of the community from also being victims. We encourage University community members to report crimes promptly and to participate in and support crime prevention efforts. The University community will be much safer when all community members participate in safety and security initiatives.

If you are the victim of a crime or want to report a crime you are aware of, but do not want to pursue action within the University or criminal justice system, we ask that you consider filing a voluntary, confidential report. Depending upon the circumstances of the crime you are reporting, you may be able to file a report while maintaining your confidentiality. The purpose of a confidential report is to comply with your wish to keep your personally identifying information confidential, while taking steps to ensure your safety and the safety of others. The confidential reports allow the University to compile accurate records on the number and types of

2016 Annual Security Report

incidents occurring on campus. Reports filed in this manner are counted and disclosed in the Annual Security and Fire Safety Report. In limited circumstances, the department may not be able to assure confidentiality and will inform you in those cases.

Anyone may call Public Safety at 602-639-8100 to report concerning information. Callers may remain anonymous.

Reporting to the Public Safety Department

We encourage all members of the University community to report all crimes, suspicious behavior, incidents or other emergencies to Public Safety in a timely manner. Public Safety has a dispatch center that is available by phone at 602-639-8100 or in person between the hours of 8:00am – 5:00pm at The Grove Garage. Although many resources are available, Public Safety should be notified of any crime, whether or not an investigation continues, to assure the University can assess any and all security concerns and inform the community if there is a significant threat to the University community.

Emergency Blue Light Phones

Public Safety continuously monitors “blue light” emergency phones and elevator emergency telephones. Each phone is direct-dial, one button push-to-talk and, when activated the “blue light” phones also display a flashing light on each phone's pole. Officers respond to all activations of phones in this system without exceptions. Use these phones to report safety concerns such as suspicious incidents, persons or emergencies only!

Incident Reporting System

If you witness, or are aware of a potential risk to another student, faculty or staff member, you may file a report through our online “[TIPS](#)” reporting tool. Parents, students, faculty and staff may use this system to report a range of incidents such as: bullying, vandalism, suspicious activity, academic cheating, possession of an illegal substance, or sexual assault cases. The appropriate university department will investigate all reports. Your information will remain confidential and you have the option to [submit the form](#) anonymously.

If you have an emergency, please dial 911 for immediate assistance.

Reporting to Other Campus Security Authorities

While the University encourages all campus community members to promptly report all crimes and other emergencies directly to Public Safety at 602-639-8100 or 911, we also recognize that some may prefer to report to other individuals or University offices. The Clery Act recognizes certain University officials and offices as “Campus Security Authorities (CSA).” The act defines these individuals as “officials of an institution who has significant responsibility for student and campus activities, including, but not limited to, student housing, student discipline, and campus judicial proceedings. An official is defined as any person who has the authority and the duty to take action or respond to particular issues on behalf of the institution.”

While the University has identified a number of CSA's at the University, we officially designate the following offices as places where campus community members should report crimes:

Pastoral and Professional Counselors

According the Clery Act, pastoral and professional counselors who are appropriately credentialed and hired by Grand Canyon University in a counseling role are not considered Campus Security Authorities when they are acting in the counseling role. As a matter of policy, the University encourages pastoral and professional counselors to notify those whom they are counseling of the voluntary, confidential reporting options available to them.

TIMELY WARNING REPORTS

The University will issue a Timely Warning to the University community when a Clery reportable crime occurs on campus or in a location used and frequented by the University population when the Director of Public Safety (or designee) or another University official determines that the situation represents a serious or continuing threat to the campus community. The decision to issue a Timely Warning will be made on a case-by-case basis. Persons authorized to initiate and send Timely Warnings will do so in a timely manner. The persons authorized to send Timely Warnings Notifications are also authorized to send Emergency Notifications.

The level of detail included in a Timely Warning will vary depending on the type of crime. The name(s) of a victim(s) will not be published in the Timely Warning. Information that might identify the victim will also be excluded, where possible. Timely Warning will most often be distributed via RAVE.

2016 Annual Security Report

The purpose of a Timely Warning is to notify the campus community of the incident and to provide information that may enable the community to take steps to protect themselves from similar incidents. The University will issue Timely Warnings whenever the following criteria are met: (1) a crime is reported; (2) the perpetrator has not been apprehended; and (3) there is a substantial risk to the safety of other members of the campus community because of this crime.

EMERGENCY RESPONSE AND EVACUATION PROCEDURES

Emergency Management at Grand Canyon University

The Office of Emergency Management is responsible for the Campus Emergency Management Plan (CEMP). This plan is designed to be an all-hazards disaster response and emergency management plan that complies with FEMA guidelines for Higher Education, including planning, mitigation, response, and recovery actions.

In the case of fire or other emergency requiring the evacuation of a student housing facility, Public Safety and/or a Residence Life staff member who verifies the emergency will notify 911 of the nature of the emergency. Once 911 has been notified, Public Safety will contact the Dean of Students, Director of Residence Life, as well as call the Resident Director on-call phone number. Public Safety will secure the critical building by evacuating residents and guests to the designated evacuation area.

Drills, Exercises, and Training

Grand Canyon University understands the importance of training, drills, and exercises in maintaining and planning for an incident. To ensure that university personnel and community first responders are aware of their duties and responsibilities outlined in the Campus Emergency Management Plan, the Office of Emergency Management executes the following training, drill and exercise actions.

1. Training and exercising efforts in accordance with the Homeland Security Exercise and Evaluation Program.
2. Drills conducted at least once per semester
3. Exercises occur at least once per school year.
4. Records maintained by the Office of Emergency Management.

All students are required to participate in drills. GCU encourages all students and employees to be responsible for their own security and the security of others.

Emergency Notification

Grand Canyon University is committed to ensuring the campus community receives timely, accurate, and useful information in the event of a significant emergency or dangerous situation on campus or in the local area that poses an immediate threat to the health and safety of campus community members. The University will immediately create and issue an Emergency Notification to the University community upon confirmation of any significant emergency or dangerous situation involving an immediate threat to the health or safety of students or employees occurring on the campus. Multiple methods may be used to send an Emergency Notification and any follow-up messages; any of the following methods may be used, and the means may change as the situation progresses:

- Text Notification System that send messages via SMS text message. In some situations, GCU faculty/staff may receive a notification on their desktop computer.
- Outdoor Warning System composed of sirens positioned throughout main campus that emit alert tones and verbal instruction intended to reach those who are outdoors. The Outdoor Warning System will only be utilized in potentially catastrophic situations, such as an active shooter, bomb threat, or fire.
- The alerts may also be posted to Campus message boards and TV's

GCU has partnered with RAVE Mobile Safety to provide an emergency alert system that delivers messages to your cell phone. Faculty and staff may also receive an email in addition to the cell phone messages.

For more information about timely warnings and emergency notifications please visit <http://emergency.gcu.edu/>

SECURITY AND ACCESS TO CAMPUS FACILITIES

On-campus student housing facilities are secured and require a key or key card for entrance. After hours, classrooms and other campus facilities also require a key card or must be opened by Public Safety. GCU is a gated community and Public Safety Officers are posted at guard stations at each entry to campus.

Facilities are maintained to ensure safety and security. Students and employees are encouraged to report any security or maintenance needs to Public Safety at 602-639-8100. During regular business hours, the Facilities Department will be notified to ensure that all maintenance requests are resolved in a timely manner. If after hours, Public Safety will immediately address any security needs and report maintenance to Facilities on a daily basis.

ID Cards

All GCU students and staff are responsible for obtaining a GCU ID card. Your ID is required to be carried at all times when on campus and will grant access to campus facilities. The GCU Department of Public Safety has the right to request your ID at any time

Visitor Access

Anyone who brings a guest to GCU is responsible for making relevant university policies and regulations known to them and must accept the responsibility for their conduct during their visit.

GCU'S COMMITMENT TO TITLE IX

Sexual Misconduct

Grand Canyon University's Gender-Based and Sexual Misconduct Policy and Grievance Procedures prohibits sexually violent acts, termed "Sexual Misconduct" by the University, which can be crimes as well. Sexual misconduct includes non-consensual sexual intercourse, non-consensual sexual contact, sexual exploitation, interpersonal/relationship violence, sex/gender-based stalking, and sexual harassment. While Grand Canyon University utilizes different standards and definitions than the Arizona Code, sexual misconduct often overlaps with the crimes of rape, sexual assault, sexual harassment, stalking, dating violence, and domestic violence. Victims of these behaviors are protected by federal laws, specifically Title IX, and the Clery Act, which mandates the contents of this report.

It is the policy of the Grand Canyon University not to notify local/campus law enforcement when sexual misconduct occurs, unless a victim wishes, there is an emergency threat to health or safety, or where legally required by law. Victims have the option to notify law enforcement directly, or to be assisted in doing so by campus authorities. If requested, campus officials can facilitate reporting to campus or local law enforcement, but also respect a victim's request not to do so.

In an effort to reduce the risk of sexual misconduct as well as the crimes of rape, sexual assault, sexual harassment, stalking, dating violence, and domestic violence occurring among its students, the University utilizes a range of campaigns, strategies, and initiatives to promote awareness, educational, risk reduction, and prevention programming.

It is the policy of the University to offer programming to identify and prevent domestic violence, dating violence, sexual assault (including stranger and known offender assaults), and stalking each year. Educational programs are offered to raise awareness for all incoming students and employees, and are often conducted during new student and new employee orientation and throughout an incoming student's first semester. Programs and other campaigns offered throughout the year to all students and employees include strong messages regarding not just awareness, but also primary prevention (including normative messaging, environmental management, and bystander intervention), and discuss institutional policies on sexual misconduct as well as domestic violence, dating violence, sexual assault, stalking, and consent in reference to sexual activity. Programs also offer information on risk reduction that strives to empower victims, how to recognize warning signals and how to avoid potential attacks, and do so without victim-blaming approaches. Programs are informed by evidence-based research and/or are assessed for their effectiveness. Programming includes:

2016 Annual Security Report

Awareness Programs

- Public Safety Awareness Week
- Domestic and Intimate Partner Violence Awareness Month
- Halloween Safety
- Stalking Awareness Month

Bystander Intervention

- Step UP!
- It's On Us

Ongoing Prevention and Awareness Campaigns

- Weekly Mental Health Vitamin

Risk Reduction

- Public Safety Self-Defense

Bystander engagement is encouraged through safe and positive intervention techniques and by empowering third-party intervention and prevention such as calling for help, using intervention-based apps, identifying allies, and/or creating distractions. Bystander empowerment training highlights the need for those who intervene to ensure their own safety in the intervention techniques they choose, and motivates them to intervene as stakeholders in the safety of the community when others might choose to be bystanders.

In the event that sexual misconduct, gender-based violence, or the crimes of sexual assault, stalking, dating violence, or domestic violence do occur, the University takes the matter very seriously. Grand Canyon University employs interim protection measures such as interim suspensions and/or no contact orders in any case where a student's behavior represents a risk of violence, threat, pattern, or predation. If a student is accused of sexual misconduct, other gender-based violence, or the crimes of rape, sexual assault, sexual harassment, stalking, dating violence, or domestic violence, s/he is subject to action in accordance with the Gender-Based and Sexual Misconduct Policy and Grievance Procedures, as listed in the University Policy Handbook, and at www.gcu.edu/titleix. A student wishing to officially report such an incident may do so by contacting:

Anyone with knowledge about sexual misconduct, gender-based violence, or the crimes of rape, sexual assault, sexual harassment, stalking, dating violence, or domestic violence is encouraged to report it immediately. Protective measures for victims are available from the campus whether a victim chooses to report to local and/or campus law enforcement, and irrespective of whether a victim pursues a formal complaint through the University resolution process.

If you are the victim of sexual misconduct, gender-based violence, or the crimes of rape, acquaintance rape, sexual assault, sexual harassment, stalking, dating violence, or domestic violence, some or all of these safety suggestions may guide you after an incident has occurred:

1. Go to a safe place and speak with someone you trust. Tell this person what happened. If there is any immediate danger, contact Public Safety if you are on campus or call 911 if you are off campus.
2. Consider securing immediate professional support (e.g., counseling, victim advocacy, medical services, etc.) to assist you in the crisis.
3. If you are on campus during regular business hours, you may see the licensed therapists in the Canyon Counseling Services, as well as to the Canyon Health and Wellness Clinic for support and guidance. These are both confidential resources. After regular business hours, or in any situation where a victim wishes, external resources are also available and may be able to provide confidential assistance:
 - EMPACT Sexual Assault Hotline: 480-736-4949
 - National Domestic Violence Hotline: 1-800-799-SAFE
 - National Sexual Assault Hotline: 1-800-656-HOPE or chat online at online.rainn.org.
4. For your safety and well-being, immediate medical attention is encouraged. Further, being examined as soon as possible, ideally within 120 hours, is important in the case of rape or sexual assault. The hospital will arrange for a specific medical examination at no charge or can work with you to arrange state reimbursement.
 - To preserve evidence, it is recommended that you do not bathe, shower, douche, eat, drink, smoke, brush your teeth, urinate, defecate, or change clothes before receiving medical attention. Even if you have already taken any of these actions, you are still encouraged to have prompt medical care, and evidence may still be recoverable.
 - Typically, if police are involved or will be involved, they will obtain evidence from the scene, and it is best to leave things undisturbed until their arrival. They will gather bedding, linens or unlaundered clothing, and any other pertinent articles that may be used for evidence. It is best to allow police to secure items in evidence containers, but if you are involved in transmission of items of evidence, such as to the hospital, secure them in a clean paper bag or clean sheet to avoid contamination.
 - If you have physical injuries, photograph or have them photographed, with a date stamp on the photo.
 - Record the names of any witnesses and their contact information. This information may be helpful as proof of a crime, to obtain an order of protection, or to offer proof of a campus policy violation.
 - Try to memorize details (e.g., physical description, names, license plate number, car description, etc.), or even better, write notes to remind you of details, if you have time and the ability to do so.
 - If you obtain external orders of protection (e.g., restraining orders, injunctions, protection from abuse), please notify Public Safety and the campus Title IX Coordinator so that those orders can be observed on campus.
5. Even after the immediate crisis has passed, consider seeking support from Canyon Counseling Services, the Canyon Health and Wellness Clinic, and/or external organizations.
6. Contact the Title IX Coordinator at 602-639-5900 or titleix@gcu.edu if you need assistance with University-related processes, such as no-contact orders or other protective measures. The Title IX Coordinator and/or Public Safety Department will also assist in any needed advocacy for students who wish to obtain protective or restraining orders from local authorities. The University is able to offer reasonable academic supports, changes to living arrangements, transportation resources or modifications, escorts, no contact orders, counseling services access, and other supports and resources as needed by a victim. The University is able to offer information about legal assistance, visa/immigration assistance, and student financial aid considerations for victims.

2016 Annual Security Report

Sexual Harassment

Sexual harassment is a form of misconduct that undermines the integrity of the academic environment. It is the policy of Grand Canyon University that sexual harassment is prohibited. All members of the University community, especially officers, faculty, and other individuals who exercise supervisory authority, have an obligation to promote an environment that is free of sexual harassment. Sexual harassment is defined as:

Sexual Harassment is unwelcome, gender-based verbal or physical conduct that is sufficiently severe, persistent or pervasive that it:

- unreasonably interferes with, denies or limits someone's ability to participate in or benefit from the university's educational program and/or activities, and is
- based on power differentials (quid pro quo), the creation of a hostile environment, or retaliation.

Any complaints or inquiries regarding sexual harassment of a student by an officer, faculty member, or staff member should be brought to the immediate attention of the Title IX Coordinator. Any complaints or inquiries regarding sexual harassment of a student by another student should be brought to the immediate attention of the Title IX Coordinator. The University will investigate such claims promptly and thoroughly. If, for any reason, a student wishes to complain or inquire regarding sexual harassment, but feels it would not be appropriate to raise such issues with the Title IX Coordinator directly, the student may inquire or complain to the Deputy Title IX Coordinator, any Assistant Deputy Title IX Coordinator, Public Safety Officer, Resident Director, Resident Assistant, or other staff/faculty member. All such inquiries or complaints will receive a prompt and thorough investigation by a trained Title IX Investigator. If harassment is established, the University will discipline the offender. Disciplinary action for violations of this policy can range from verbal or written warnings, up to and including immediate termination from employment or dismissal from the University for serious or repeated violations.

Sex Offenders

In accordance to the Campus Sex Crimes Prevention Act of 2000, which amends the Jacob Wetterling Crimes Against Children and Sexually Violent Offender Registration Act, the Jeanne Clery Act and the Family Educational Rights and Privacy Act of 1974, the Grand Canyon University Public Safety Department is providing URL links to identify sex offenders on or near campus, or anywhere in the United States.

Visit <http://www.sexoffender.com> or <http://nsopw.gov/Core/Portal.aspx>. You may search by city, county or zip code. All sex offenders are required to register in the state of Arizona and to provide notice of each institution of higher education in Arizona at which the person is employed, carries out a vocation, or is a student.

CAMPUS PROCEDURES FOR ADDRESSING SEXUAL MISCONDUCT, DATING VIOLENCE, DOMESTIC VIOLENCE, STALKING, SEXUAL HARASSMENT, AND OTHER ACTS OF SEX AND GENDER

DISCRIMINATION

For offenses including sexual misconduct or other gender based violence, which typically include the crimes of domestic violence, dating violence, sexual harassment, sexual misconduct, and stalking, sanctions range from warning to expulsion. Consequences for violating the Gender-Based and Sexual Misconduct Policy will depend upon the facts and circumstances of each particular situation. In determining the severity of sanctions or corrective actions, factors such as the frequency and severity of the offense and any history of past discriminatory, harassing or retaliatory conduct are relevant. The sanctions include, but are not limited to:

- Any student found responsible for violating the policy on Non-Consensual or Forced Sexual Contact (where no intercourse has occurred) will likely receive a sanction ranging from warning to expulsion, depending on the severity of the incident, and taking into account any previous violations.
- Any student found responsible for violating the policy on Non-Consensual or Forced Sexual Intercourse will likely face a recommended sanction of suspension or expulsion.
- Any student found responsible for violating the policy on sexual harassment, sexual exploitation, or other misconduct or harassment offenses will likely receive a recommended sanction ranging from warning to expulsion, depending on the severity of the incident, and taking into account any previous violations.
- For employees, any finding that a policy violation occurred may be cause for disciplinary action starting with an initial Corrective Action Plan, up to and including termination.

Any member of the university community who knowingly files a false complaint of sexual harassment, or who knowingly provides false information to or intentionally misleads university officials who are investigating or reviewing a complaint of alleged sexual harassment, is subject to disciplinary action up to and including discharge for employees and dismissal for students.

Procedurally, when the University receives a report of sexual misconduct, gender-based violence, or other sex or gender discrimination, the campus Title IX Coordinator is notified. If the victim wishes to access local community agencies and/or law enforcement for support, the Title IX Coordinator will assist the victim in making these contacts. The Title IX Coordinator will offer assistance to victims in the form of interim or long-term measures such as opportunities for academic accommodations; changes in housing for the victim or the responding student; visa and immigration assistance; changes in working situations; and other assistance as may be

2016 Annual Security Report

appropriate and available on campus or in the community (such as no contact orders, campus escorts, transportation assistance, targeted interventions, etc.). If the victim so desires, that individual will be connected with a counselor on- or off-campus. No victim is required to take advantage of these services and resources, but the University provides them in the hopes of offering help and support without condition or qualification. A summary of rights, options, supports, and procedures, in the form of this document, is provided to all victims, whether they are students, employees, guests, or visitors.

When appropriate upon receipt of notice, the Title IX Coordinator will cause a prompt, fair, and impartial process to be initiated, commencing with an investigation, which may lead to the imposition of sanctions based upon a preponderance of evidence (what is more likely than not), upon a responding student or other accused individual. Procedures detailing the investigation and resolution processes of the University can be found online here: www.gcu.edu/titleix. The Coordinator is ultimately responsible for assuring in all cases that the behavior is brought to an end, the University acts to reasonably prevent its recurrence, and the effects on the victim and the community are remedied. The Coordinator is also responsible for assuring that training is conducted annually for all investigators, hearing officers, panelists, and appeals officers that encompass a hearing process that protects the safety of victims and promotes accountability. Training will focus on sexual misconduct, domestic violence, dating violence, sexual assault, stalking, sexual harassment, retaliation, and other behaviors that can be forms of sex or gender discrimination covered by Title IX and Clery Act. Training will help those decision-makers in the process of protecting the safety of victims and promoting accountability for those who commit offenses.

The investigation and records of the resolution conducted by the University are maintained confidentially. Information is shared internally between administrators who need to know, but a tight circle is kept. Where information must be shared to permit the investigation to move forward, the person bringing the accusation will be informed. Privacy of the records specific to the investigation is maintained in accordance with Arizona law and the federal FERPA statute. Any public release of information needed to comply with the open crime logs or timely warning provisions of the Clery Act will not include the names of victim or information that could easily lead to a victim's identification. Additionally, the University maintains privacy in relation to any accommodations or protective measures afforded to a victim, except to the extent necessary to provide the accommodations and/or protective measures. Typically, if faculty members or administrators are asked to provide accommodations for a specific student, they are told that such accommodations are necessary under Title IX or the Clery Act, but they are not given any details of the incident, or what kind of incident it is. Irrespective of state law or public records access provisions, information about victims is maintained privately in accordance with Title IX and FERPA.

In any complaint of sexual misconduct, sexual assault, stalking, dating violence, domestic violence, or other sex or gender-based discrimination covered under the federal law, Title IX, the person bringing the accusation and the responding party are entitled to the same opportunities for a support person of their choice throughout and to fully participate in the process, including any meeting, conference, hearing, appeal, or other procedural action. The role of advisors is described in detail in the Gender-Based and Sexual Misconduct Policy. Once complete, the parties will be informed, in writing, of the outcome, including the finding, the sanctions (if any), and the rationale therefor. Delivery of this outcome to the parties will occur without undue delay between notifications. All parties will be informed of the University's appeal processes, and their rights to exercise a request for appeal. Should any change in outcome occur prior to finalization, all parties will be timely informed in writing, and will be notified when the results of the resolution process become final.

Both Title IX and the Clery Act provide protections for whistleblowers who bring allegations of non-compliance with the Clery Act and/or Title IX to the attention of appropriate campus administrators. Grand Canyon University does not retaliate against those who raise concerns of non-compliance. Any concerns should be brought to the immediate attention of the campus Title IX Coordinator and/or to officials of the U.S. Department of Education.

Missing Student Policy

The Higher Education Opportunity Act of 2008 requires any institution participating in a Title IV federal student financial aid program that maintains on-campus housing facilities to establish a missing student notification policy and related procedures. The following policy and related procedures is Grand Canyon University's official Missing Student Policy.

When it is determined that a student is apparently missing from the University, staff at GCU, in collaboration with campus and local law enforcement, will be guided by this Missing Student Policy and standing operating procedures, to locate the student.

NOTIFICATIONS

The Missing Student Policy requires anyone who believes a GCU student is missing to immediately notify specific staff in the University administration, Public Safety, and local law enforcement. Specifically, staff in the Office of Residence Life, Student Affairs, and Public Safety should be contacted so that they can coordinate efforts to locate the student.

Grand Canyon University has developed a list of titles of persons and offices to which students, employees, or others can contact if they have reason to believe a student who lives in on-campus student housing has been missing for 24 hours. The list of positions, offices, and contact information to be utilized if a student is reported missing from campus is included below.

In addition to contacting these specific offices, anyone who has a concern that a student is missing should alert any GCU employee who they think will aid in the investigation of a student disappearance. Beyond notifications made by campus employees to University staff, or campus security, in the absence of a campus police or campus security department, the University must refer immediately any missing student report to the local law enforcement agency that has jurisdiction in the geographical areas around the specific campus location.

REGISTERING AND NOTIFYING STUDENT MISSING CONTACTS

In accordance with this policy, students residing in on-campus housing have the option to identify confidentially an individual to be contacted by Public Safety in the event the student is determined to be missing for more than 24 hours. If a student has identified such an individual, Public Safety will notify that individual no later than 24 hours after the student is determined to be missing. A student who wishes to identify a confidential contact can do so through the Residence Life Department. A student's confidential contact information will be accessible only by authorized campus officials and law enforcement in the course of the investigation.

2016 Annual Security Report

Missing student contact information is registered confidentially. This information is private and only accessible to Grand Canyon University employees who are authorized campus officials. This information will not be disclosure to others with the exceptions to law enforcement personnel in the furtherance of a missing student investigation.

After investigating a missing person report, should Public Safety determine that the student has been missing for 24 hours, they will notify the Phoenix Police Department and the student's emergency contact no later than 24 hours after the student is determined to be missing. If the missing student is under the age of 18 and is not an emancipated individual, Public Safety will immediately notify the student's parent or legal guardian.

NOTIFYING LAW ENFORCEMENT

Grand Canyon University will also notify the appropriate local law enforcement agency of the missing student unless the local law enforcement agency was the entity that made the determination that the student was missing. This notification will include any missing student who lives in on-campus housing regardless of age or status, and regardless of whether he or she has registered a confidential missing student or general emergency contact person. This notification will be made no later than 24 hours after the time that the student is determined missing.

GRAND CANYON UNIVERSITY POLICIES GOVERNING ALCOHOL AND DRUGS

Alcohol and Drug Policy

Grand Canyon University is committed to providing a drug-free campus and workplace environment. As an institution of higher education, the university recognizes the need to establish a drug and alcohol awareness program to educate faculty, staff and students about the dangers of drug and alcohol abuse. This policy is established as required by the Drug-Free Workplace Act of 1988 and the Drug-Free Schools and Communities Act of 1989.

The sale, offer to sell, purchase, use, transfer, possession and/or manufacture of illegal drugs, including marijuana (medical or otherwise) and alcohol, are strictly prohibited on University property where residence halls are located this also includes parking lots, cafeterias, and other non-work related areas. Except as specifically authorized by senior management, employees may not unlawfully possess, consume or be under the influence of alcohol while working, participating in Grand Canyon University events, or present on University Premises. (Alcohol may be available for purchase at GCU Golf Course and GCU Hotel)

Local, state, and federal laws make illegal use of drugs and alcohol serious crimes. Conviction can lead to imprisonment, fines and assigned community service. Additionally, sanctions will be imposed on students or employees who violate the University drug and/or alcohol policies. Sanctions may include suspension or expulsion for students and, for employees, disciplinary action up to and including immediate termination of employment and referral for criminal prosecution.
