In the summer session, the College offers a limited number of courses in each department for regular students.

In addition, apprentice teaching is offered for college graduates who need the course to qualify for a certificate. Such students may earn 6 hours credit in this subject.

## ADMISSION TO THE SUMMER SESSION

Previously enrolled students in good standing are admitted as at any other time.

Prospective freshmen should file with the Registrar a complete official transcript of high school record.

Undergraduate students coming from other universities and colleges only for the Summer Session must present to the Registrar evidence that they are in good standing. Those who wish to continue in the fall semester must renew their applications and file complete transcripts of record from each institution previously attended.

Apprentice teachers should file a complete transcript and a health certificate.

## HOUSING

Dormitories will be operated if demand warrants their use. For information regarding reservations or housing, write to the Business Office.

## EXPENSES

For tuition and fees for the Summer Session, see schedule of expenses under Financial Information (pages 30-35).

## Admission

### GENERAL REQUIREMENTS

The College is coeducational, interracial, and open to all students regardless of religious convictions.

An applicant must be at least 16 years of age.

An applicant must furnish satisfactory evidence of good moral character and, if transferring from another institution of higher learning, must furnish a certificate of honorable dismissal.

An applicant must present a certificate showing that he has had smallpox or has been successfully vaccinated. In addition, all applicants must take a general physical examination to show that they have no contagious or infectious disease.

### METHODS OF ADMISSION

By Certification: Graduates of accredited high schools, who satisfy other requirements, are admitted to the College upon receipt of an official transcript sent directly by the Principal or Superintendent of the high school.

By Individual Approval and Examination: Veterans over 18 years of age and other students who are above 21 years of age and who show evidence of maturity and ability to do college work may be accepted on approval. In order to determine whether such students have the necessary background to do college work, a battery of tests will be given. THESE TESTS SHOULD BE TAKEN BEFORE A STUDENT MAKES DEFINITE PREPARATION FOR COMING TO COLLEGE. Students who are found to need remedial courses will be required to take such courses at the first opportunity.

### PRELIMINARY ENTRANCE REQUIREMENTS

High school graduates applying for admission to the College must secure an entrance certificate from the office of the Registrar.

Before this certificate can be granted, the applicant must cause the following information to be filed with the Registrar:

1. A transcript of his high school record, including a statement of rank of the applicant in his graduating class.
2. A Health Certificate from his physician (Form, page 91).
3. A personality and ability rating sheet from his high school Principal or Superintendent (Form, page 89).
4. A formal application from the student upon a form furnished by the College (Page 87).

A high school graduate who is not eligible for regular admission (see next page) may enroll in the College, but he will be placed on probation during the first year. In order for him to remain in college he must do, during that time, the minimum amount of work expected of other freshmen.

## SCHOLASTIC REQUIREMENTS

For regular admission to the freshman class a student must be a graduate of an accredited high school, and he must rank above the lowest quarter of his graduating class. His units presented must include:

Subjects	Units
English .....	3
Mathematics .....	1
Social Studies .....	1
Science .....	1
Electives .....	9

### REGULATIONS PERTAINING TO TRANSFER STUDENTS

Before enrolling, a student transferring from another college must have on file in the Registrar's office a transcript of all credits from the institution last attended. A student may not disregard his record at any institution of higher learning in which he has previously been enrolled. Transcripts received through the hands of students are not acceptable as a basis for admission. It is the responsibility of the student to request that his transcripts be mailed to the Registrar.

Transfers who do not present the required high school units from an accredited high school can be admitted only on the face of excellent work transferred, and on condition that a "C" average be maintained during the first two semesters at Grand Canyon College.

Grand Canyon College will accept credits from other recognized liberal arts colleges and from universities if the work to be transferred is not of a too highly specialized nature.

No credit will be given for any course transferred if the grade in that course is lower than a "C" or its equivalent. Grade points are not transferable.

A maximum of twenty-five semester hours of extension work and/or correspondence work will be accepted from other institutions.

A student who has been asked to withdraw from another college because of poor scholarship or any other reason can be accepted only upon the following conditions:

- (a) That an interval of at least one semester must have elapsed from the time of his dismissal before he is admitted.
- (b) That he maintain a "C" average during his first year in residence at Grand Canyon College.
- (c) That in the event he does not average "C" during his first year he shall, upon recommendation of the Academic Regulations Committee, be required to withdraw from college.

### FOREIGN STUDENT ADVISER

In cooperation with the National Association of Foreign Student Advisers, Professor Wang has been designated as Foreign Student Adviser at Grand Canyon College. Foreign students interested in enrolling should communicate with Mr. Shih Ming Wang, 3222 W. Camelback Road, Phoenix, Arizona.

## General College Information

### LOCATION

The College is located in Phoenix, Arizona, the capital city of the state. It is near the geographical center of the state and is a thriving industrial and agricultural city, with a population of more than 300,000 in the metropolitan area. Phoenix can boast of being in the proximity of more scenic and historical places of interest than probably any other city in the nation, most notable of which are the Grand Canyon of Arizona, the Petrified Forest, Montezuma Castle, Oak Creek and Walnut Canyons, and Superstition Mountain.

Phoenix takes great pride in the enviable reputation she enjoys as one of the notable winter resorts of America. Many thousands of people come to Phoenix to spend the winter months in the Valley of the Sun, "Where Summer Spends the Winter."

Modern, hard-surfaced highways lead to Phoenix. It is easily accessible over transcontinental U. S. Highways 60, 70, 80, 66, and by way of 89A through scenic Oak Creek Canyon.

The Southern Pacific, Santa Fe, and Rock Island Railroads make Phoenix easily accessible by train. The Greyhound and Southern Trailways Bus Lines operate many schedules per day to and from Phoenix. The Trans-World Airline, American Airline, Frontier Airline, and Bonanza Airline make it possible for a person to arrive at or leave Phoenix almost any hour of the day.

### CONTROL

The College is owned and operated by the Baptist General Convention of Arizona.

### HISTORICAL SKETCH

The first definite steps toward founding Grand Canyon College were taken at the annual session of the Baptist General Convention of Arizona in November, 1946. On March 4, 1947, college trustees who had been selected by the Executive Board of the Convention chose Prescott as the site for the new college and Grand Canyon College as its name. The College was chartered on August 1, 1949; it first opened its doors for instruction with the fall semester, 1949.

The first three presidents of the college, Dr. Willis J. Ray, Mr. Leroy Smith, and Dr. B. O. Herring, undertook successively the establishment of the College; its removal to Phoenix in September of 1951 and erection of the first permanent buildings on an 80-acre campus on West Camelback Road; and the securing of additional land, with plans for more buildings to accommodate the steadily increasing student body.

Dr. Loyed R. Simmons became president of the College on April 15, 1955, to face the challenge inherent in administration of this rapidly growing institution.

### GENERAL PURPOSE

It is the general purpose of Grand Canyon College to offer standard four-year college work in an environment that is genuinely Christian. It is the purpose of the Board of Trustees, the administration, and every faculty member of Grand Canyon College to attract capable, ambitious, thoroughly Christian, well-balanced young people who can profit by a college education and who desire to enter the various fields of human endeavor: the ministry and other full-time Christian work, law, medicine, teaching, business, and other vocations.

### SPECIFIC AIMS

To fit into the general purpose as stated above, Grand Canyon College aims to develop well-rounded, properly balanced personalities—physically, mentally, socially, morally, and spiritually.

1. By physical training it aims to include habits of temperance, healthful living, physical strength, and enjoyment of active participation in clean sports.
2. By mental training it strives to help the student use his mind in effective analysis, in accurate constructive thinking, in proper evaluation of evidence in distinction of truth from error—to develop creative scholarship.
3. By social development it aims to instill a proper evaluation of social values as well as develop ease, enjoyment, and poise in association with people.
4. By moral training it aims to develop habits of clean living, clean speech, temperance, personal decency—to develop a sense of responsibility for doing high-grade, honest work and a proper regard for the rights and feelings of others.
5. By spiritual growth it aims to stress an appreciation of spiritual realities, of God's natural universe and laws, of God's institutions, and of God's plan and purpose in each individual life.

The curriculum of Grand Canyon College is set up to further the purpose of the college to develop Christian leadership and thinking in all phases of man's activities throughout the world. At all times the fact is stressed that a liberal education is offered in a church-related school; and at the same time the student is offered a limited number of vocational subjects such as business, education, speech, music, et cetera.

The instructional staff is selected with these objectives in mind, emphasis being placed upon character, scholarship, personality, and teaching ability. Evidences of character on the part of the staff include dynamic Christian living, regular and faithful church attendance, financial support of local and denominational institutions, active participation in church affairs, as well as maintenance of high standards of work and accomplishment for themselves and for their students equal to that of other leading colleges and universities. Evidences of scholarship include the attainment of higher degrees earned, contributions in their fields of specialization, and

habits of study and research. Teaching ability is largely judged by what the teacher's students know about a subject, and their interest and success in pursuing further study. Evidences of personality include exemplary habits, a sense of humor, self-control, humility, friendliness, sympathetic understanding, fair-mindedness, neatness in appearance, and punctuality and dependability in meeting all responsibilities in the college.

The type of student attracted to the campus will largely determine the success in achieving these goals and objectives. The students needed and desired are: (1) Those with capacity, personality, and background to do standard college work; (2) Those moved by lofty ambitions of service to God and to man.

### ACCREDITATION

The College is accredited by the University of Arizona, and credits are accepted on a basis of complete equality with those earned at other institutions. Graduates who have high academic records find no barriers to entering graduate schools.

The Arizona State Board of Education has given formal approval of the work done at the College for the certification of elementary teachers, for the renewal of certificates, and for the undergraduate training of high school teachers.

The College is approved by the Veterans Administration for education of veterans under Public Laws 16 and 346, and for Korean veterans under Public Laws 550 and 894.

By authorization from the Immigration and Naturalization Service of the Department of Justice, non-immigrant alien students may now enter the College by establishing their eligibility in the usual academic way and furnishing evidence of financial ability to support themselves while in college.

The College is listed in the Education Directory for Higher Education of the United States Department of Health, Education, and Welfare; Office of Education.

### THE CAMPUS

Located in the northwest suburbs of Phoenix and surrounded on three sides by new homes, the college campus contains 160 acres. Except for the chapel-auditorium and religion building which are stuccoed frame, the buildings are new and of low-roofed cottage style pumice stone block construction. They include two classroom buildings; an administration building; a library; a music building, which also houses the bookstore; a cafeteria; Kaibab Hall for men and Bright Angel Hall for women; and a new Student Union Building, secured largely through the efforts of the students. Grouped around a quadrangle landscaped with flowers and fast-growing Arizona shrubs and trees, all the buildings afford a view of the familiar and beautiful mountains surrounding the Valley of the Sun. While modest and unpretentious, the campus is comfortable, adequate for present needs, and provides an attractive setting for the years of college living.

### THE LIBRARY

The Library Building, which is devoted exclusively to library purposes, is centrally located on the campus. It has a reading room seating 45 students, stacks for books and periodicals, and a staff workroom and office for the librarian.

The collection contains more than 6,000 books, several hundred bound volumes of periodicals, and 17,000 unbound periodicals. Approximately 125 magazines and journals are received currently by the library. In order that the library may best serve the needs of students, the reference as well as the general book collection and magazine shelves are open to all students. Except for reference and reserve books, all titles may be borrowed for two weeks.

The library is open 72 hours a week, with a staff member on duty to assist students at all times. To encourage effective use of the library and its resources during and after a student's college years, the reference service emphasizes instruction in the use of reference methods and materials.

During the years, the College has received numerous gifts of books and money from friends, alumni, and faculty members. Some valuable gifts have also been received from other libraries.

### MUSIC LIBRARY

The Brantner Record Collection, housed in the Music Building, is one of the finest to be found in a college of arts and sciences. The records were collected by an Arizona cowboy, Chet Brantner, of Mohave County, over a period of more than 25 years. Soon after the opening of the College, he gave his entire collection, to the end that it might furnish inspiration to the students and bring enrichment and enjoyment to the lives of many people. It is composed of approximately 630 albums and individual records. Some of these are collector's items and include original recording by great voices of the Golden Age, such as Caruso, Melba, Galli-Curci, and Schumann-Heink. Valued at \$20,000, the collection has representative masterworks of all the traditionally honored composers from Gluck in the eighteenth century to such contemporaries as Villa-Lobos.

### GUIDANCE PROGRAM

Educational and vocational guidance services, beginning with the freshman year, are provided without special fee to all students. These services include entrance examinations for mature students or veterans who have not completed high school, English placement tests, and psychological examinations. Test results are available to students on request.

A battery of additional educational and vocational tests is available to students who request them, for a fee of \$3.00. This service includes a vocational inventory, special aptitude tests, and general psychological examinations.

## TEACHER TRAINING AND PLACEMENT

The College offers teacher training on the kindergarten-primary, elementary, and high school levels. The apprentice teaching program is made possible by contract agreement with various public and private accredited schools in Arizona. All requirements for kindergarten-primary and elementary certificates may be met by majoring in the respective curricula for a B.S. degree. After earning a B.A. or B.S. degree at this or any other college, candidates for the secondary certificate must secure a master's degree or complete 30 hours of work in a graduate school. The Arizona State Board of Education does, however, issue a pre-secondary certificate while teachers complete requirements for the secondary certificate. This certificate requires 6 hours of graduate work beyond a bachelor's degree.

A placement bureau is maintained without cost to graduates. A complete follow-up program for a period of five years is anticipated in the Teacher Placement Bureau.

## ALUMNI ASSOCIATION

The Alumni Association of Grand Canyon College was organized in the spring of 1953 as the first four-year class was graduating. The constitution, adopted at the annual Homecoming meeting in January, 1955, provides for membership of graduates and those ex-students who completed a minimum of 12 semester hours in residence. Only graduates may hold regular elective offices. The association's official bulletin, **Antelopes About**, appears quarterly during the school year.

## Student Life

### FUNDAMENTAL REGULATIONS

**FIRST:** All students registered in Grand Canyon College are expected to conduct themselves as ladies and gentlemen at all times, and to obey the rules set up by the school, the laws of the City of Phoenix, of the State of Arizona, and of the United States.

**SECOND:** Students are not permitted to give entertainment during the college session, either on the campus or in the city, in the name of the school or any department or any organization of it, without the consent of the President, Dean or Sponsor.

**THIRD:** Students who represent the College in public performances must be passing in two-thirds of their work, such eligibility to be determined by the most recent grade records in the Registrar's office.

**FOURTH:** No student is eligible to be elected to an office of a student organization of any kind unless he is passing in two-thirds of his work, such eligibility to be determined by the most recent grade records in the Registrar's office.

**FIFTH:** No new club or society may be formed unless the faculty approves the design of such organization, the rules by which it proposes to be governed, and the hours of meeting. The faculty reserves the right to limit or disband any such organization.

**SIXTH:** Students are expected to be quiet and orderly in the residence halls or buildings, and thoughtful of the rights of others.

**SEVENTH:** While the administration and faculty cannot assume full responsibility for students boarding off the campus, it reserves the right to make such regulations at any time as may seem advisable. The violation of the regulations on the part of a student may deprive him of the privileges of the College.

**EIGHTH:** All extracurricular activities which take students away from classes must first be approved by the Academic Dean and then by the extracurricular committee.

### DORMITORY OCCUPANCY

The date for opening of dormitories for the fall semester is published in each year's calendar.

During Christmas holidays the dormitories and cafeteria will be closed. During other recesses the cafeteria will be closed.

### DISCIPLINE

The President or Dean of the College and the Discipline Committee are charged with the administration of discipline. They have the power to rule in any irregularity pertaining to student routine.

Any student who secretly marries while enrolled in Grand Canyon College is suspended effective from the date of marriage. Any student under twenty-one years of age who marries while enrolled in the College without the consent of the parents or guardian is subject to suspension from college.

No property belonging to the school or to other students is to be altered or removed without special permission. Any loss, damage, or breakage of school property will be charged to the student responsible for same.

The use of profane language and the drinking of intoxicating liquors are entirely forbidden on the college grounds.

Smoking will not be permitted on the campus except in living quarters.

**NOTE:** It sometimes happens that a student's presence in a hall is inimical to the best interests of the hall, and yet specific charges are difficult or embarrassing to make. Sometimes it is an accumulation of minor things which, taken separately, appear trivial. Sometimes the charges may be too serious to be openly preferred. In all such cases, the interests of the hall as a home and sometimes the interests of the individual himself demand that he change his residence. Therefore, the school in assigning rooms hereby explicitly reserves the right to cancel the reservation, either before or while the student occupies the room, without preferring any specific charge whatever. Only in such cases is room rent refunded. Students may petition for a student's removal without stating charges or having their names known to any persons except the President or Dean and the hall superintendent interested.

All students not living in dormitories must have permission of the Dean of Men, or the Dean of Women, and the Dean of the College to live off-campus. Students who wish to move from the dormitories must have permission of the Dean of Men, or the Dean of Women, and the Dean of the College. Violation of this regulation is punishable by suspension from College.

### RELIGIOUS LIFE

Emphasis is placed not only upon the training of the body and the mind, but also upon the development of the moral and religious nature. In chapel exercises, in class rooms, and in every relation where the occasion arises, it is in accord with the policy of the College that emphasis be given to the need of the value of Christian living.

There are several religious organizations among the students.

**First:** The B.S.U. (Baptist Student Union) Council, which has general concern for religious activities of the school.

**Second:** The Ann Hasseltine Y.W.A. (Young Woman's Auxiliary), which meets every other week.

**Third:** Life Service Group is open to all students who wish to do personal work on the campus, through our churches, and on the mission field. This group meets twice each month.

**Fourth:** Ministerial Association. The College seeks to be a congenial home for young men who are preparing themselves for the gospel ministry. The Ministerial Association meets twice each month for the purpose of discussing problems pertaining to the work of the ministry.

**Fifth:** Student Preachers Wives is an organization which consists of the wives of ministerial students of the College. Its purpose is to encourage the members to study God's word, to establish Christian homes, and to prepare for better life service.

The students conduct prayer meetings regularly in their halls. Vesper services are held on Tuesday and Thursday evenings in the Chapel. A centrally located prayer room is available for private devotions.

A revival is conducted each year at some time during the regular session; and other periods of religious emphasis are observed, such as Religious Emphasis Week and Religious Focus Week. Continuous emphasis upon Christian growth will be carried out.

## STUDENT ORGANIZATIONS AND ACTIVITIES

### Intramural Athletic Activities

During the spring months in particular, a program of intramural sports is carried on in such activities as volley ball, tennis, horseshoes, badminton, softball, ping pong, etc., for both men and women.

### Student Council

The membership of the Student Council is composed of a man and a woman representative from each of the four classes and four representatives elected by the student body at large—President, Vice President, Secretary, and Treasurer. The purpose of the Council is to provide a means of mediation for any problem that may arise from the student body and to be a nucleus for planning sports, contests, or other events that will help build the morale of the school. The Council meets once each week.

### Clubs

**Boosters Club**—The Boosters Club is an organization composed of representatives elected from the various geographical clubs. Its main purpose is to foster and encourage the different student activities and to lend support and guidance to them. This club works in close relationship with the Student Council.

**Geographical Clubs**—These clubs are composed of students of the different geographical regions of the United States, mainly by states, such as The New Mexico Club or The California Club. Each student is a member of one of them.

**Foreign Language Club**—For those interested in the languages and cultural contributions of other racial groups.

**Future Teachers of America**—A nationally affiliated organization for all students who plan to enter the teaching profession. The local chapter has state and national affiliation.

**International Relations Club**—Aims to promote better race relations at home, better international relations, a sense of citizenship responsibility, and to stimulate study of world-wide social, economic, and political problems. Regular membership is open to all interested students. The club has regional, national, and international affiliation.

**Pierian Club**—A popular literary and social club attracting students interested in dramatics and literature. Membership is open to all students majoring or minoring in English.

**Varsity Club**—Composed of students who have lettered in sports. Serves as a social club and strives to promote more interest in athletics on the campus.

**Physical Education Majors Club** is for all those who plan to make a career of the pursuit or teaching of physical education.

**The Pep Club** seeks to enlist the entire student body in building school spirit, particularly through furnishing cheer leaders and a cheering section at intercollegiate games.

#### Educational Student Tours

Students will be permitted to make educational tours, at cost, to such points of interest as the following:

1. Grand Canyon.
2. Oak Creek Canyon and Montezuma Castle.
3. Walnut Canyon Cliff Dwellings, Sunset Crater and Ice Caves.
4. Casa Grande Ruins.
5. Indian Reservations.
6. Gold Mines and Lumber Mills.

#### STUDENT PUBLICATIONS

**Canyon Trails** is the college yearbook, published annually by a student staff. Each holder of activity tickets for the two semesters is entitled to a free copy. Students who qualify for the positions of editor and business manager are eligible to receive scholarships.

**Echoes**, the weekly campus publication, reflects the ambitions, achievements, joys and hardships of student life. It offers a splendid and frequently used vehicle for student expression and training in citizenship. The editor and business manager of this publication are likewise eligible for scholarships.

**The Antelope**, student handbook published and revised at intervals by the Student Council, makes available to every student detailed information concerning rules and procedures for approved student activities.

#### STUDENT HEALTH SERVICE

Each student upon enrolling will be thoroughly examined by the College Physician. He will be re-examined at the beginning of each year and at such times and in such manner as may be deemed necessary by the College.

The health status of the students will be taken into consideration for those wishing to carry an unusually heavy load.

Athletes must be approved by the College Physician before being permitted to participate in major sports. Examinations will be repeated during the period of participation in said major sports.

Persons found to be disease carriers, or otherwise a health menace to the school, will be asked to withdraw.

No fee will be assessed other than the medical fee as stated under Expenses. To aid the College Physician, the college employs a trained nurse. All hospital services, medical fees for an operation, specialists' fees, X-rays, and medicines are the responsibility of the individual.

No student may have more than one week's bedside care without cost. Contagious diseases must receive care off-campus immediately following diagnosis. No prescription will be made for a student not reporting in person to the College Nurse, and the College will not be responsible for the cost of any appointment with the doctor that is not made by the College Nurse.

## Physical Education And Intercollegiate Athletics

### PHYSICAL EDUCATION

Correlated with the health program of the school, there is an extensive physical education setup. This includes ample playground equipment and provisions for major sports to insure suitable exercises for all. Four semester hours of credit in physical education are required of all students as well as three hours in health content subjects.

The physical education should be taken in the freshman and sophomore years, but for transfer students and others who have postponed this training it must be made up before graduation.

The College employs competent physical education instructors, a coach for major sports, and ample playground supervision to make this program a success.

### INTERCOLLEGIATE ATHLETICS

Grand Canyon College believes in training the body as well as the mind and soul. Perhaps nothing encourages an interest in physical exercise more than college athletics. While it usually happens that those who are on the teams are already developed and therefore do not need the intercollegiate contests for their own physical growth, most of them were originally aroused to an interest in the development of their bodies either by practicing in games or by watching the games of others.

In order that our collegiate teams may be a credit to the institution and that it will be a compliment to a student to be a member of the team, the faculty has adopted the following rules which will be strictly adhered to:

1. None but bona fide students of this institution shall be allowed to participate in intercollegiate or interscholastic contests. By "bona fide" student is meant any student:

- (a) Who is carrying a regular course of study of not fewer than twelve hours a week and who was enrolled at or near the first of the term in which he plays:
- (b) Who has not failed or been conditioned on more than one-third of his work.

2. A member of the faculty shall accompany all teams when away from the College.

3. All funds shall pass through the books of the College office and all checks be signed by the Business Manager. The President shall approve all contracts or orders involving money.

## General Regulations

### DORMITORY OCCUPANCY

Dormitories may be occupied September 5 for the fall semester. The first meal will be served the evening of September 5.

### CHANGE OF CLASSES

No change in classes may be made without the written consent of the Professor or Professors concerned and the Registrar-Dean; and the permit must bear the Business Manager's stamp. Any student who makes a class change without a change card properly filled in and filed with the Registrar at the beginning of the term shall not receive credit for the work of the course in question, even if claim is made at the close of the term. (These fees may be remitted where changes are made upon the recommendation of the Dean or President, or if necessitated by any changes made in the program by the Dean. Fees are remitted only upon the approval of the President or Dean.)

No change may be made in classes after two weeks of the term have elapsed.

### DROPPING OF CLASSES

No course may be dropped after the fifth week, except in case of extreme illness. In such a case a physician's certificate, approved by the College Physician, must be submitted. Exception to this rule may be made by the Dean, based upon the recommendation of the department and the approval of the Academic Regulations Committee.

Notice of intent to withdraw should be filed within a week after the student becomes ill.

All students who officially withdraw from school for any reason after fourteen weeks of the semester have elapsed will be given the grade of "F".

A student who drops a course any time without filing a "drop" card will be given a grade of "F" in the course.

### GRADING SYSTEM AND QUALITY CREDITS

Grade	Meaning	Quality Points per Hour
A	Superior	3
B	Above Average	2
C	Average	1
D	Barely Passing	0
F	Failure or unauthorized withdrawal	-1
P	Postponed	0
WP	Authorized withdrawal, passing	0
WF	Authorized withdrawal, failing	0

A failure may be removed only by re-enrolling for the course and repeating it in class. P, indicating incomplete work or absence from examination by excuse, must be removed within the next semester; otherwise the incomplete grade becomes F.

For graduation a student must present a minimum of 124 quality credits in addition to the regular 124 hour credits. When more than 124 hour credits are presented, the number of quality credits must equal the number of hour credits. It is not enough to have the required number of credits; they must be of standard quality.

### SCHOLARSHIP SUPERVISION AND SUSPENSION

The faculty regulation regarding academic deficiency is designed to provide close supervision of the program of study and progress of students who fall below an average grade of "C" which is required for graduation. Each student whose cumulative average falls below the grade of "C" is informed of his status at the end of the semester and of the consequences of continued academic deficiency, and is given such advice and help as fits his individual case. Students doing unsatisfactory work fall into the following groups:

(1) Students whose cumulative grade point average falls below the "C" average required for graduation are automatically placed under academic supervision, and a notation to this effect is entered upon their records in the office of the Registrar.

(2) Students whose grade point deficiency reaches a total of fifteen points shall automatically be placed on academic probation, and a notation to this effect shall be entered upon their records in the office of the Registrar.

(3) Students whose grade point deficiency reaches a total of thirty points shall automatically be suspended from the College, and the notation "Enforced Academic Withdrawal" shall be entered upon their records in the office of the Registrar. Such students shall not be allowed to re-enter college unless reinstated by the proper authorities.

### HONOR STUDENTS

Students who have attended Grand Canyon College for at least four semesters (not including summer sessions) as bona fide students and have made an average of 2.40 or above quality credits for each hour of credit on work taken at Grand Canyon College graduate as honor students. If the average is 2.40-2.59, graduation will be **with distinction**; if the average is 2.60-2.79, graduation will be **with high distinction**; if the average is 2.80-3.00, graduation will be **with highest distinction**.

### NUMBERING OF COURSES

The courses in the different departments are numbered from 100 to 499.

Courses from 100 to 199 are Freshman courses.

Courses from 200 to 299 are Sophomore courses.

Courses from 300 to 399 are Junior courses.

Courses from 400 to 499 are Senior courses.

### LOSS OF CREDIT

Any student leaving a freshman subject until the senior year shall receive one hour less credit per course for the delayed work, except for a required course in physical education activity.

**ABSENCES FROM CLASS AND CHAPEL THE DAY IMMEDIATELY PRECEDING AND IMMEDIATELY FOLLOWING STATED HOLIDAYS WILL BE CHARGED AS DOUBLE CUTS.**

### ABSENCES FROM CAMPUS AND CITY

Freshmen who are not living in their own homes and who are not pastors of churches or missions should not leave the city more than one week-end in any month.

### ELIGIBILITY FOR ACTIVITIES

No student on probation will be eligible to represent the college in public performances. This does not apply to ministerial students who preach in churches over the state. They are not considered as representing the College, but the particular denomination to which they belong. (See Intercollegiate Athletics, p. 24; also p. 19, Rule 3.)

### CLASSIFICATION OF STUDENTS

Most students will be **regularly classified**, as follows:

- (1) A student will be classified as a freshman who has no conditions required for entrance and who is carrying at least twelve hours of freshman work.
- (2) A student will be classified as a sophomore who has at least 30 semester hours of college work to his credit and 30 quality credits.
- (3) A student will be classified as a junior who has at least 60 semester hours to his credit and 60 quality credits.
- (4) A student will be classified as a senior who has at least 90 semester hours and one quality credit for each hour and is not notably deficient in spelling, reading, and English grammar. (See p. 36, **English Usage**.)

**Unclassified** students—those students who have not met the entrance requirements.

**Special** students—those students who are eligible to do college work but are not working toward a degree.

**Auditors**—those students who are enrolled in regular courses for no credit.

### SELECTION OF MAJOR AND MINOR SUBJECTS

At the beginning of his junior year each student is required to choose the department in which he wishes to major, and then to consult the head of that department regularly thereafter in selecting the courses of study to be pursued. A change of major must be approved by the two major professors concerned, Dean, Registrar, and guidance committee.

### CORRESPONDENCE AND EXTENSION WORK

No correspondence work is offered by the College.

Record of all correspondence and extension work transferred from another institution must be filed with the Registrar prior to enrollment in the final semester before graduation. Any such work done at any time

by a student while enrolled in Grand Canyon College must have the express approval of the College, in order for such work to be acceptable.

### EVENING CLASSES

Based upon the demand and upon availability of the regular teaching staff, a limited number of courses are offered in the evening primarily for the benefit of townspeople who wish to take college courses but are unable to attend classes during the day.

### REGULATIONS CONCERNING COURSE LOAD

Freshmen may not register for more than sixteen hours, exclusive of Education 111 (Freshman Orientation), during their first semester. After this time they may register for not more than seventeen hours unless during the preceding semester they made an average of "B" or above. The maximum number of hours for any student is eighteen.

Students who have employment other than school work may not at any time take over sixteen hours.

Students working 30 hours per week or doing full time work of any kind who are not making an average of "C" at the end of the first four weeks will be requested to reduce their course load in proportion to their grade deficiency.

No boarding students will be allowed to carry fewer than twelve semester hours of work, except upon the advice of the College Physician or by special consent of the Dean.

### MAXIMUM NUMBER OF HOURS IN A SUBJECT

No regular student will be allowed to take more than forty-two semester hours for credit in any one subject.

### REGULATIONS CONCERNING CLASS ATTENDANCE

1. Responsibility for attendance at every meeting of the class in which a student is enrolled rests with the student. Every failure to attend class is recorded as an absence and reported by the teacher to the Dean's office at the end of each week.

2. A student may be allowed two absences in a one-hour course or a two-hour course; three absences in a three-hour course; and four absences in a four-hour course.

3. Under certain circumstances authorized absences may be recognized and work missed made up on written permission from the Dean of the College. Initiative in securing such permission and in making up work will be taken by the student, except for group representation of the school, in which case the faculty sponsor of the activity will clear the absences with the Dean.

4. It must be remembered by the student that, regardless of the grade in a course or reason for absence, no credit can be given if a student does not attend a minimum of 75 per cent of scheduled class meetings.

5. For each absence in excess of the allowed absences, the Registrar will deduct one quality point from the total quality points earned during the semester. Exceptions may be made as follows:

- a. When accredited representatives of the College are absent on regularly scheduled, and administratively approved, trips.
- b. When ministerial students are detained by pastoral engagements, all such absences to be reviewed by the Discipline and Guidance Committee.
- c. All other requests for exceptions to these regulations must be made in writing and must be examined by the Discipline and Guidance Committee, with decisions to be recorded in the Registrar's office.

6. Absence from class the day immediately preceding and immediately following stated holidays will be charged as double cuts.

7. Class attendance records will be effective as of the first day of class meetings in each semester.

### CHAPEL ATTENDANCE

All students are required to attend the regular chapel exercises three times each week.

If the number of absences from chapel in any semester exceeds three times the number of chapel periods per week, the student will be automatically suspended from school for the remainder of the semester unless reinstated by the Discipline Committee.

## Financial Information

### EXPENSES

The regular school year is composed of two semesters. Each semester is eighteen weeks in length. Summer school sessions are called terms.

The expenses of a student are due and payable at the beginning of each semester or term and must be paid or satisfactory arrangements concerning them made with the Business Manager before he can enroll in any class.

**STUDENTS HAVING UNPAID BILLS AT THE END OF THE SEMESTER OR TERM WILL NOT BE ADMITTED TO THE FINAL EXAMINATIONS UNTIL SATISFACTORY SETTLEMENTS HAVE BEEN MADE.**

The Board of Trustees reserves the right to change all fees and charges from time to time if necessary.

This deposit will remain in effect as long as the student plans to continue his studies and will be subject to charge for property loss or damage; breakage or violation of rules in any laboratory, department, or the library; loss of keys; and other miscellaneous charges. Whenever charges exceed fifty per cent of the deposit, the student, upon notice from the Business Office, will restore the deposit to the original amount by paying such charges within five days. Upon completion, or termination, of the student's course of study, written application may be made for refund.

Breakage deposits due students will be forfeited unless called for on or before June 30 of the College Year in which they are due. Should June 30 fall on Sunday or on a day when the Business Office is closed, the refund will be made on the next business day.

### Board and Room

Room rent in either dormitory will be \$20.00 per month, payable in advance. Linens, towels, blankets, and pillows must be furnished by the student.

A meal ticket plan for cafeteria meals will be used. Boarding students may choose between 7-day and 5-day meal tickets. The 5-day tickets will exclude Saturdays and Sundays and students purchasing these tickets will not eat in the cafeteria on those days, except on the same basis as off-campus students. Costs are as follows:

Board for one semester under the 7-day ticket.....	\$185.00
Board for one semester under the 5-day ticket.....	157.50
Room for one semester under both plans.....	90.00

(The amount of board may vary slightly from one semester to the next.) All students living in dormitories must purchase meal tickets.

Five meal tickets will be issued during each semester. Each ticket will be secured from the Business Office prior to the beginning of each period and will be payable in advance as each ticket is issued. No discount will be allowed for late purchases.

No charge is included for board and room during the Christmas vacation. No refunds will be made for absences on weekends or for

short vacations. Individual meals may be purchased for cash at the cafeteria by off-campus students, college staff, and guests at a rate to be determined.

Room rent will be charged for the remainder of a month in which withdrawals occur. Meals will be charged for the week in which withdrawals occur. The above charges for room rent and meal tickets apply to all residents of men's and women's dormitories.

#### APARTMENTS FOR MARRIED STUDENTS

A limited number of trailers are available for rent. Requests for reservations for trailers or trailer space should be made to the Business Office.

#### REFUNDS

If a student is forced to withdraw from school because of sickness or other unavoidable causes, approved by the administration, charge will be based on the following scale, beginning with the first day of classes:

Attendance of two weeks or less.....	20%	of the total
		tuition and fees.
Attendance between two and three weeks.....	40%	"
Attendance between three and four weeks.....	60%	"
Attendance between four and five weeks.....	80%	"
Attendance over five weeks.....	100%	"
Laboratory fees are not refundable.		

All refunds due students for any reason whatsoever will be forfeited unless called for on or before June 30 of the College Year in which they are due. Should June 30 fall on Sunday or on a day when the Business Office is closed, the refund will be made on the next business day.

#### ORGANIZATION FUNDS

All student organizations are required to deposit their funds with the college Business Manager. The College disburses funds when requisitioned by the sponsor of the organization and the president or treasurer.

#### PART-TIME WORK

Every effort will be made to assist students in obtaining part-time

employment. Under ordinary circumstances, those who plan to earn their way should have enough money to carry them through the first semester.

#### LOANS

The College is eager to assist worthy students. The following loan funds are administered by the College, information concerning which may be obtained from the Business Manager. Applications should be made for any loans through the Business Office.

**Student Loan Fund.** A small revolving fund made available by members of the Faculty for emergency needs. Open to any approved student for a maximum of \$25.00.

**Adair Loan Fund.** Made available by Mr. and Mrs. Oliver Adair, Kingman, Arizona. Restricted to freshmen.

**Navajo Fund.** For education of worthy Navajo Indian students (or other students when not needed for Navajo students). Made available by Mr. Leo Berndt, Muskogee, Oklahoma.

**Lt. Stephen A. Beck Student Loan Fund.** For upper classmen. Made available by Dr. and Mrs. Roland L. Beck.

**Bessie Fleming Student Loan Fund.** Made available by Dr. and Mrs. Wm. Fleming of Fort Worth, Texas.

#### SCHOLARSHIPS

##### General Regulations:

1. No student may receive a combination of scholarships or tuition grants administered by the College that will total more than the cost of tuition.
2. Scholarships and tuition grants are available only during the regular fall and spring semesters.
3. Grade average requirements for all scholarships are regulated by the Scholarship Committee.

##### Baptist General Convention Tuition Grants

Tuition grants up to four years are available to ministerial students, their wives, and to ministers' children. Ministerial students, when approved, will be granted a maximum tuition grant of \$240 per school year. Wives of ministers may be granted a maximum of \$120 per school year. Children of ministers may be granted a maximum of \$96 per school year.

##### Requirements:

1. The student must meet the College entrance requirements.
2. The tuition grant does not apply to courses that are audited.
3. The student must not use tobacco or alcoholic beverages and must be deserving.
4. A minister must be licensed or ordained before the beginning of a semester for which the grant is made.
5. A minister must take a first minor in Bible. (He should enroll in one Bible course each semester until the first minor is completed.)
6. The student must attend the Ministerial Orientation program during registration of the fall semester.

7. The student must attend monthly meetings of the Ministerial Association unless excused by the Head of the Department of Religion.
8. No college graduate is eligible.
9. Korean veterans may qualify.
10. Male ministers of all denominations and races are included.
11. Divorced ministers are considered individually.

For further information regarding these grants, write to Dr. Roland L. Beck, Chairman, Scholarship Committee, Grand Canyon College, Phoenix, Arizona.

### Departmental Scholarships

A Departmental Scholarship will be offered in each department that offers a major, in the amount of \$50 per semester.

#### Requirements:

1. A minimum residence at the College of one semester (12 hours or more).
2. Junior or Senior standing, and declaration of major in the department.
3. An overall average of "B" on all work taken in the College and an average of "B" in the department offering the scholarship.

### Honors Scholarships

A limited number of Honors Scholarships (formerly Valedictory Scholarships) for full tuition (\$240 per year) are available to freshmen, during the year following high school graduation, who ranked in the upper 5 per cent of their class. These scholarships are renewable for the full four years of college, provided a "B" average is maintained. Applicants should write to the Registrar for the necessary forms.

### Publications Scholarships

Four publications scholarships are awarded:

- (1) Editor of **Canyon Trails**, full tuition (\$240).
- (2) Business manager of **Canyon Trails**, full tuition (\$240).
- (3) Editor of **Echoes**, half tuition (\$120).
- (4) Business manager of **Echoes**, \$30 per semester.

Applications should be submitted in duplicate to the Registrar and the chairman of the Publications Committee.

### Opdyke Scholarships

Three Opdyke Scholarships in the amount of \$150 (\$75 each semester) will be awarded. The Opdyke Fund is designated for "the education of mountain people" and is awarded to worthy students who qualify. Applications should be filed with Dr. Roland L. Beck, chairman of the Scholarship Committee.

### Special Abilities Scholarships

#### Athletic:

Fifteen basketball and 10 baseball and/or tennis scholarships for full

tuition (\$120 per semester) will be offered. Applications must be filed in duplicate, one copy with Coach David B. Brazell and one copy with the Registrar.

#### Music:

Special music scholarships will be awarded to the first men's quartet, first women's trio, and accompanist, for half tuition (\$120 per school year). Recipients must meet the entrance requirements of the College, must be available for service at the direction of the College, and must maintain a "C" average.

Twelve general music scholarships will be available, at least 3 of them in piano, in the amount of \$50 per semester. The Scholarship Committee regulates conditions of awarding these scholarships.

Applications for all music scholarships must be filed in duplicate, one copy with Mr. H. E. Ten Harkel and one copy with the Registrar.

### Woman's Missionary Union Scholarships

Three scholarships of \$300 per year will be awarded to Southern Baptist women students who are mission volunteers or are engaged in full time Christian service, who are members of churches affiliated with the Baptist General Convention of Arizona. Applications should be filed with the Executive Secretary of W.M.U., Box 590, Phoenix, Arizona.

## AWARDS

### Baptist Book Store Award

The Baptist Book Store awards annually ten dollars worth of books to the ministerial student in the senior class who makes the highest average in his grades and who is recommended by the faculty for the award.

### Jakes Award

Paul R. Jakes will give annually a Young's Analytical Concordance to the student making the highest average in his grades in first year Homiletics and who is recommended by the faculty for the award.

### Puckett Award

Dr. J. Niles Puckett will give annually a Thayers Greek Lexicon to the student making the highest average in his grade in first year Greek and who is recommended by the faculty for the award.

### The President's Award

The President of Grand Canyon College will give annually to the Senior having the highest scholastic record in the college a gift of twenty dollars (\$20.00) worth of books. A minimum of two years of work in the college will be necessary for qualification.

### The Pierian Award

The Pierian Club will award, each Spring Semester, an appropriate gift to the English major, Junior or Senior, who has the highest scholastic average for the year. A minimum of a "B" average must be attained by the recipient.

## Graduation Requirements

### DEGREES OFFERED

The College offers curricula leading to the Degree of Bachelor of Arts and to the Degree of Bachelor of Science.

### GENERAL REQUIREMENTS

**Number of Hours.** The total number of semester hours required for graduation is 124 with a minimum grade average of "C."

**English Usage.** Every student classified as a Junior by the Registrar's office will take a test provided by the English Department. In case of failure, the student will retake the test in the following semester. In case of failure on the second taking, the student will be required to enroll in Remedial English 110 and successfully complete this course. This requirement must be met before a student will be classified as a Senior by the Registrar's office. This regulation includes transfer students.

**Minimum Residence.** A minimum of six semesters of residence in an approved college is required for graduation. Of this, two semesters, consisting of at least 23 semester hours of work, must be done in residence at Grand Canyon College. All work of the semester preceding graduation must be done in Grand Canyon College. Transfer students are required to take in residence at Grand Canyon College at least six semester hours in their major subject and three semester hours in their first minor.

**Correspondence and Extension Work.** Record of all correspondence and extension work transferred from another institution must be filed with the Registrar prior to enrollment in the final semester before graduation. Any such work done at any time by a student while enrolled in Grand Canyon College must have the express approval of the College, in order for such work to be acceptable.

**Minimum Amount of Language Allowed.** No credit for graduation will be given for less than a year of language taken in college, unless the student has as much as two high school credits in the same language.

**Attendance At Commencement Exercises.** Graduates are expected to attend public commencement exercises. In extreme cases students may be excused, but only upon written request, which will be presented to the faculty for vote.

### GRADUATION UNDER A PARTICULAR CATALOG

Ordinarily a candidate for a degree will meet the requirements as stated in the catalog in force at the time of his matriculation. He may elect to meet the requirements of the catalog for the year of his graduation but in such case he must conform to that catalog only.

## CURRICULAR REQUIREMENTS

The completion of the required 124 semester hours usually requires four years of 30 semester hours each besides Physical Education. Of these the freshman and sophomore years are spent in general or introductory work, comprising courses in widely separated subjects. During the remaining two years, the student may confine his work to comparatively narrow limits. The work for the entire four year course consists of (1) Electives, (2) Prescribed courses, (3) Major and minor subjects.

### Electives

A certain number of electives may be taken from the regular college courses offered in each department, in addition to those which may be required in that particular group.

### Prescribed Courses for Graduation with a Bachelor of Arts Degree

Bible 113, 123 .....	6 semester hours
English 113, 123, 213, 223.....	12 semester hours
*Foreign Language.....	14 semester hours
**Health .....	3 semester hours
Mathematics and/or Natural Science.....	8 semester hours
**Physical Education 111, 121, 231, 241.....	4 semester hours
Social Studies: History, Sociology, Government, General Psychology, Economics.....	12 semester hours
(Must include 6 hours of American History or 6 hours of American Government; or 6 hours of American History and American Government, if the student takes 6 hours of European Civilization.)	

The Bachelor of Arts degree will be granted to majors in English, Bible, Music, History, Sociology, and Social Studies.

### Prescribed Courses for Graduation with a Bachelor of Science Degree

Bible 113, 123 .....	6 semester hours
English 113, 123, 213, 223.....	12 semester hours
*Foreign Language (Mathematics and Science majors only) .....	14 semester hours
**Health .....	3 semester hours
Mathematics .....	4 semester hours
Natural Science .....	8 semester hours
**Physical Education 111, 121, 231, 241.....	4 semester hours
Social Studies: History, Sociology, Government, General Psychology, Economics.....	12 semester hours
(Must include 6 hours of American History or 6 hours of American Government; or 6 hours of American History and American Government, if the student takes 6 hours of European Civilization.)	

The Bachelor of Science degree will be granted to majors in Elementary Education, Business Administration, Mathematics, and Physical Education.

\*One language only; to be taken consecutively.

\*\*Credit may be allowed on the basis of active service with the Armed Forces.

### Majors and Minors

By the beginning of his junior year, each student is required to select one subject to be known as his major in which he shall present at least 30 semester hours. Of these, 12 hours must be of junior-senior rank.

The student must also choose two minors in subjects other than his major. His first minor must consist of not fewer than 18 semester hours. Of these, 6 hours must be from courses of junior-senior rank. (Exception: 4 hours of junior-senior rank for foreign language minor.) His second minor must consist of not fewer than 12 semester hours.

### PRE-PROFESSIONAL TRAINING

Students who desire to prepare for a career in law or in some other profession requiring a legal education may take their undergraduate pre-law work at Grand Canyon College.

The requirements for admission to law schools vary from a minimum of three years of pre-legal college work to a college degree. Whenever possible, the pre-law student should select the law school he plans to attend in advance and arrange his course of study to fit particular suggestions and requirements of that school. In any case, a thorough grounding in English, Social Studies, and Economics is recommended; and pre-law students are strongly urged to complete a course in Elementary Accounting.

The legal profession is exacting in its standards of intellectual effort, honesty, and maturity. Basic objectives of pre-legal education should be comprehension and expression in words, critical understanding of human institutions, and creative power in thinking.

### THE ARTS AND SCIENCES CURRICULA

#### Suggested Program for Business Administration Major

(B. S. Degree)

NOTE: This is not a business education program. Students who wish to teach commercial subjects in secondary school should state their vocational objective at the initial enrolment, in order to secure proper guidance.

### Suggested Program for the Liberal Arts Majors

Bible, English, History, Social Studies, Sociology  
(B.A. Degree)

It is assumed that many of the students who plan to major in one of these subjects will not decide until his junior year what his major and first minor will actually be. The suggestion that the first and second years be devoted almost exclusively to core curriculum requirements is to encourage the student to study in the widest possible variety of fields, in order that he may determine wherein his greatest interest lies. The following suggested program is intended primarily to serve as a guide or check sheet for the student, rather than to limit him in the first two years to the specific courses listed. Every specific course listed is, however, a required course; and the student is warned that he will lose an hour of credit for any freshman course delayed until the senior year.

\*Bible majors or other students who elect Greek for the foreign language requirement should take Math or Science in the freshman year and begin Greek in the sophomore year.

\*\*Bible majors will normally take Bible 273-283 in the sophomore year.

### Suggested Program for Mathematics Major

(B.S. Degree)

In order to complete a major in mathematics in four years of college work, it is essential that the student begin the program in his freshman year. Students who plan to major in this subject will pay close attention to the prescribed courses for the B.S. degree and will keep in contact with the chairman of the department, in order to assure himself of completing the courses required for the major in the necessary sequence.

**EDUCATION**

Education 110. **Remedial Education.** Emphasis is given on the mechanics of reading involving eye-span, reading rate, attention and comprehension, reading vocabulary, word meaning, sentence meaning, paragraph meaning, and story value. The student is taught to read aloud with the eye-span in advance of oral reading. Tests are given for vision, depth perception, color vision, eye movements, reading rate, and reading comprehension. Frequent use of the dictionary is emphasized and individual remedial instruction is given each student. (Each Fall)

No credit.

Education 111. **Freshman Orientation.** A course required in the college program of all freshmen; consideration of academic, social, vocational,

and other basic problems common to first-year college students. (Each Fall)

1 semester hour.

Education 112. **Introduction to Education.** This orientation course is designed to give the student a view of the whole field of education with emphasis upon its opportunities and requirements as a profession. (Each Fall and Spring)

2 semester hours.

Education 313. **Educational Psychology.** This course takes up the general problems of learning, such as native and acquired characteristics, individual differences, motivation as well as the different theories of learning, and their application to the classroom situation. (Spring)

3 semester hours.

Education 413. **Tests and Measurements** (Evaluation of Learning). This course deals with the philosophy of testing, the construction of tests, the actual administration and interpretation of tests. There will be opportunity for examination of sample tests. Students will select either high school or elementary tests for study and do test construction in either field. Prerequisites: Education 112 and Methods. (Spring)

3 semester hours.

Education 422. **History of Education.** This is a survey course in the general development of education from ancient times down to the present. The course intends to be more extensive than intensive, and attempts to establish an educational background for students majoring in the field of education. Prerequisite: Education 112. (Spring)

2 semester hours.

### ELEMENTARY EDUCATION

Elementary Education 328. **Apprentice teaching in the elementary grades.** Prerequisites: Seven (7) hours in Education and Psychology. (Spring)

3 semester hours.

## Department of Foreign Languages

It is the purpose of the Department of Foreign Languages to enlarge the student's horizons and to give him the language tools to actively develop new interests. It is the practice of the department to provide course material and methods of presentation oriented toward the principle that, ideally, there is no cleavage between the appreciation of other cultures and the ability to use reasonably well their spoken and written languages.

Credit for the first semester of a language is granted to students only upon the completion of the second semester's work.

In evaluating high school work in a language, two years may count as the equivalent of four semester hours. The head of the department may determine in which course students should begin their college language. If the student is ready for the first semester of second-year language, he will be required to take enough upper division courses to make a minimum of ten hours. In either case, ten hours of college language are required.

## Department of Music

Any student interested in music but who does not wish to major in this department may apply for voice, piano, or other subjects offered. Participation in all musical organizations is open to any student enrolled in the College.

Credit for one hour each semester is given for choir or orchestra, but not more than four hours may be counted toward a degree.

### Choir

The College Choir: Membership in the Choralaires is open to all students who qualify. The choir is made up of a women's chorus and a men's chorus capable of performing separately and together. Numerous concerts and programs are given throughout the year. Secular and religious selections are performed.

Vocal Ensembles: Quartet, trios, and sextets are chosen from the chorus. To qualify for ensemble work, students must be able to read music and have a knowledge of interpretation and phrasing. These groups are chosen by the choral director.

### Band and Orchestra

At the present time we do not have facilities for these organizations but plan to add them in the near future. It must be understood that listing of band and orchestra does not necessarily indicate that they will be offered in the immediate future.

### Student Recitals

At regular intervals informal and formal recitals are given. All applied music students are expected to perform in at least two recitals during each semester. All students who major in music are required to attend all student recitals.

A junior recital is required of every prospective graduate as prerequisite to senior work. Junior recitals are given in groups of two or three after completion of prerequisite technical examinations.

A senior recital, individually rendered, is required of every degree candidate in applied music. It must be completed not later than two weeks before commencement. A senior is one who is following the prescribed senior course having completed his senior prerequisites, and who gives evidence of being able to complete his course within the year. Application for senior recital must be made four months before graduation date.

### Concert and Radio Work

Groups and individual performers are sent out upon request for church meetings and banquets. Programs are prepared for radio broadcasting, clubs, and various entertainments.

### Practice

To receive one hour of credit for piano or voice, the student is required to take one lesson each week and to practice a minimum of one hour daily, six days each week. To receive two hours' credit the time is doubled.

Voice students may divide the practice hour into two thirty-minute periods if so recommended by the voice instructor.

### Requirements for a major in Music, B.A. Degree

To major in music for the B.A. degree a student may choose between two fields of concentration:

## Department of Physical Education and Health

The purpose of required physical education is to maintain the physical vitality of students and to develop interests and activities that will continue beyond school. The work includes conditioning exercises, individual activities, adult sports, etc.

Courses are planned with the following aims: (1) to meet the state requirements of all elementary and high school teachers in this field; (2) to offer a varied program of physical activity which will contribute to the well-being of the students; and (3) to train men and women as leaders in physical education, physical directors, and coaches.

Equivalent hours in health education can be substituted for activity courses in physical education provided the Dean and instructors approve the substitution.

No student who has received credit in physical education for military training will be allowed to receive credit for PE 111, 121, 231, or 241 unless he has a major or a minor in physical education.

### HEALTH EDUCATION

Health Ed. 212. **First Aid.** Treatment used for fractures, dislocations,

wounds, hemorrhages, poisoning, drowning, bandaging, artificial respiration, etc. Two class meetings a week. (Fall).

2 semester hours.

Health Ed. 333. **School and Community Health.** A practical course in school and community health, dealing with the applications of the findings of science and medicine to the improvement of daily living. Meets certification requirement. (Spring)

3 semester hours.

Health Ed. 423. **Safety Education.** An extensive survey of those areas where accidents are most prevalent: home, industry, school, highways, etc., with consideration of the causes and the prevention of accidents. Designed for administrators and teachers and set up as a training ground to develop safety consciousness. Prerequisite: Junior standing. (On demand)

3 semester hours.

### PHYSICAL EDUCATION

The following courses are to be taken in the freshman and sophomore years to fulfill the Physical Education activity requirement for graduation. There is no prerequisite nor any particular order in which they need be taken. Separate classes for men and women meet twice weekly.

Physical Ed. 111. **Tennis.** Instruction and practice in fundamentals of tennis.

Physical Ed. 121. **Volley Ball.** Instruction and practice in fundamentals of Volley Ball.

Physical Ed. 231. **Archery.** Instruction and practice in fundamentals of archery.

Physical Ed. 241. **Golf.** Instruction and practice in stance, grip, stroke, teeing of the ball, and use of different clubs.  
(Fall and Spring)

1 semester hour each.

Those students whose physical condition as certified by a physician would exclude them from active sports will take four semesters of modified physical education with activities set up in which they may participate, with separate classes for men and women meeting twice weekly. These courses are numbered as follows:

Physical Ed. 151. **Modified Physical Education.**

Physical Ed. 161. **Modified Physical Education.**

Physical Ed. 251. **Modified Physical Education.**

Physical Ed. 261. **Modified Physical Education.**

(Fall and Spring)

The course includes both games and exercises. Required of all students who expect a certificate in Physical Education. Prerequisite: 243. (Fall)

3 semester hours.

Physical Ed. 423. **Organization and Administration of Health and Physical Education.** A course designed for majors in physical education. The course deals with the administration problems in a department of physical education in the city school system, rural district, elementary and high school, and colleges. Prerequisites: 243 and 413. (Spring)

3 semester hours.

Physical Ed. 433. **Applied Anatomy and Kinesiology.** Origins, insertions, and actions of muscles. Emphasis on postural problems. (On demand)

3 semester hours.

## Department of Religion

Most of the courses in this department are basic courses designed for all college students. They are not professional courses for ministerial students to take the place of studies in a theological seminary or a divinity school. If ministerial students are fairly certain that they will continue their studies in a seminary, it is suggested that they major in some other department such as English, Education, or History. The courses offered in this division are intended to give the students an understanding and appreciation of the Bible and to arouse in students a desire for Christian usefulness and to equip them for leadership in the various activities of the church.

### NEW TESTAMENT GREEK

The courses listed below are designed first, to confer an early mastery of the essentials of inflection and syntax; second, to resolve the principal difficulties of grammatical analysis; and third, to develop in the student a vigorous and independent interest in the Greek New Testament. Fourteen hours of Greek (two years) will meet the language requirement for the Bachelor of Arts or Bachelor of Science degree.

Greek 274. **Beginner's Greek.** This course is designed for those who are taking the study of Greek for the first time and others whose preparation does not fit them for entering an advanced class in Greek. It aims to give the fundamentals necessary to the study of the Greek New Testament. This course meets an hour each day, four days a week. Sophomore standing or individual approval is necessary before enrollment in this course. (Fall)

4 semester hours.

Greek 284. **Beginner's Greek.** This course is a continuation of Greek 274. A study of Davis' Grammar will be completed with simple exercises for reading and translation. Special stress will be laid upon the meaning of the cases, the prepositions, and the tenses. This course will meet an hour each day, four days a week. Prerequisite: Greek 274 or its equivalent. (Spring)

4 semester hours.

Greek 373. **Advanced Greek Grammar.** For second year students of the Greek New Testament. There will be review of forms, syntax, and prose composition. The student is required to translate the First Epistle of John and is given with each lesson demonstration of the significance of verb forms as vital to accurate translation. Prerequisites: Greek 274 and 284, or their equivalent. (Fall)

3 semester hours.

Greek 383. **Advanced Greek Grammar.** A continuation of 373. The second half of the course will include an exegesis of one short New Testa-

ment book designed to help prepare the student for the use of the most effective methods of exegesis of the Greek New Testament. Prerequisite: Greek 373. (Spring)

3 semester hours.

### RELIGIOUS EDUCATION

Rel. Ed. 113. **A Survey of Religious Education.** This will be an introduction to and a brief survey of the entire field and program of religious education with emphasis on teaching, organization, and administration of the program. (Fall)

3 semester hours.

Rel. Ed. 123. **Church Activities and Denominational Work.** A study of the organization, government and work of a church, and of organized means for the cooperation of churches. This course will emphasize the practice of Religious Education in the organizations of the local church. Prerequisite: Rel. Ed. 113, or approval of department. (Spring)

3 semester hours.

3 semester hours.

## Department of Science

### BIOLOGY

The courses in biology are offered for the purpose of general culture as well as to lay proper foundations for those desiring to specialize in scientific work, in medicine, or agriculture.

#### Requirement for a minor in Biology

Biology 114a and b, or Biology 124a and b..... 8 semester hours  
Electives in Biology.....10 semester hours

Biology 114a-114b. **General Botany.** The student is introduced to the basic principles of the science of living matter through a study of the functions of common plants. The laboratory work includes the use of the microscope, preparation of slides, and experiments illustrating plant phenomena. Life cycles of representative species are studied.

4 semester hours each

Biology 124a-124b. **General Zoology.** Basic principles of living matter are emphasized through study of the animal kingdom. Dissections are made of representative specimens.

4 semester hours each

Biology 134. **General Biology.** A study of plants and animals for the understanding of living things, the relationship to one another and importance to man. (No credit on a biology major or minor. Those who take Biology 134 will not be allowed to take Biology 114a and b or 124a and b.) (Every year)

4 semester hours.

Biology 214. **Introduction to Embryology.** An elementary course based on the embryology of the chick, but with some work on a few other animal stages. Prerequisite: Biology 124a-124b. (Fall, 1956)

4 semester hours.

Biology 314. **Entomology.** Study of life histories, taxonomic work, methods of study, collecting and preserving insects. Students are required to prepare a representative collection. Prerequisite: Biology 124a. (Fall, 1956)

4 semester hours.

Biology 323. **Genetics and Eugenics.** Principles and facts of heredity developed from plants and animals. Principles of race improvement. Prerequisite: Biology 114a and b or 124a and b. (Spring, 1957)

3 semester hours.

Biology 324. **Systematic Botany.** The principles of taxonomy are studied with reference to local flora. Specimens are keyed and added to the Department Herbarium. Prerequisite: Biology 114a and b. (Fall, 1955)

4 semester hours.

### CHEMISTRY

Chemistry 214, 224. **General Chemistry.** Fundamental principles of chemistry and its application to daily life. Designed for both students of general education and students preparing for professions of agriculture, medicine, science teaching, engineering, nursing, home economics, and others. Prerequisite: High School Algebra.

4 semester hours each.

### MATHEMATICS

Students who do not have  $1\frac{1}{2}$  credits in high school algebra should take Mathematics 114. Students who have  $1\frac{1}{2}$  credits in high school algebra and  $\frac{1}{2}$  credit in high school trigonometry should take Mathematics 133 and Mathematics 213. Students who have  $1\frac{1}{2}$  credits in high school algebra but none in trigonometry should take Mathematics 133 and Mathematics 143. This applies to majors and minors in the department as well as students taking mathematics to fulfill the general requirements for a degree.

† Not to be repeated if taken for credit in high school.

Mathematics 114. **Introduction to College Mathematics.** This course will be concerned with the development of mathematical ideas and processes of college mathematics. The functional aspects of most of the branches of mathematics will be covered. (Each semester)

4 semester hours.

Mathematics 133. **College Algebra.** A study is made of binomials, complex numbers, and theory of equations. (Every year)

3 semester hours.

Mathematics 143. **Plane Trigonometry.** This course includes the construction and measurement of angles, definition of trigonometric functions, inverse functions, and the solution of triangles. (Every year)

3 semester hours.

Mathematics 213. **Analytic Geometry.** This is an introductory course which presents a study of graphs, curves, straight lines, conic sections, and equations of the second degree. Prerequisite: Mathematics 133. (Every year)

3 semester hours.

Mathematics 233. **Differential Calculus.** This study covers the method of differentiation. Parallel or Prerequisite: Mathematics 213. (Every year)

3 semester hours.

Mathematics 243. **Integral Calculus.** This study covers methods of integration, definite integrals, multiple integrals, and the applications. Prerequisite: Mathematics 233. (Every year)

3 semester hours.

Mathematics 313. **Theory of Equations.** This course includes the solutions of the cubic and quartic equations, the solution of numerical equations, use of determinants, and a study of symmetric functions. Prerequisite: Mathematics 213. (Fall, 1955)

3 semester hours.

Mathematics 323. **Differential Equations.** This study includes the methods of solution of ordinary differential equations and their application to geometry, mechanics, and physics. Prerequisite: Mathematics 243. (Spring, 1956)

3 semester hours.

Mathematics 333. **Analytic Geometry of Space.** This course includes a study of planes and lines, transformation of coordinates, types of surfaces, the sphere, and quadric surfaces. Prerequisite: Mathematics 243. (Fall, 1955)

3 semester hours.

Mathematics 413. **Advanced Calculus.** This course includes the study of partial differentiation, implicit functions, geometric applications, the definite integral, the gamma and beta functions, and line, surface, and space integrals. Prerequisite: Mathematics 243. (Fall, 1956)

3 semester hours.

Mathematics 423. **Advanced Calculus.** This is a continuation of Mathematics 413 and includes vector notation, Bessel function, partial differential equations, and the calculus of variation. Prerequisite: Mathematics 413. (Spring 1957)

3 semester hours.

Mathematics 443. **Projective Geometry.** This is an analytic study of the projective properties of figures. Prerequisite: Mathematics 243. (Spring, 1957)

3 semester hours.

## PHYSICS

Physics 134. **Introduction to the Physical Sciences.** A survey of the fundamentals of physics, geology, chemistry, and astronomy and their applications to everyday life. (Every year)

4 semester hours.

Physics 214. **General Physics.** This course treats the basic principles of general physics including a study of mechanics, heat, and sound. Prerequisite: Mathematics 133, 143, or consent of instructor. (Each Fall)

4 semester hours.

Physics 224. **General Physics.** This is a continuation of Physics 214 and includes a study of magnetism, electricity, and light. Prerequisite: Physics 214. (Each Spring)

4 semester hours.

## Department of Social Studies

History, Political Science, and Sociology are inseparably connected. History is largely the record of the social and political changes and conditions of man. The chief problems before man today, as in all the past, are economic and social. These make up the leading political questions. Therefore every citizen, to vote, talk, or act intelligently, must know something of the great underlying principles of these subjects. This is the purpose of all the courses in this department.
