Parent Signature: _____ Date: _____
(Required for dependent students)

Signature options: 1) Original mailed or delivered to GCU, 2) Original uploaded to Student Portal, or 3) Signed by finger or stylus and uploaded to Student Portal. A signature cannot be typed even if typed in a cursive font.

WARNING: If false or misleading information is purposely provided on this worksheet, student and/or parent may be fined, sent to prison, or both.

DETERMINING ASSETS 2025 – 2026

Net worth:

- The current value, as of the date the 2025-2026 FAFSA was completed, of investments, businesses, and/or investment farms, minus debts related to those same investments, businesses, and/or investment farms. When calculating net worth, use 0 for investments or properties with a negative value.

Investments:

- What to include:
 - Real estate (do not include the home in which you live), rental property (includes a unit within a family home that has its own entrance, kitchen, and bath rented to someone other than a family member), trust funds, Uniform Gifts to Minors Act (UGMA) and Uniform Transfers to Minors Act (UTMA) accounts, money market funds, mutual funds, certificates of deposit, stocks, stock options, bonds, other securities, installment and land sale contracts (including mortgages held), commodities, etc.
 - Investments also include qualified educational benefits or education savings accounts (e.g., Coverdell savings accounts, 529 college savings plans and the refund value of 529 prepaid tuition plans). For a student who does not report parental information, the accounts owned by the student (and/or the student's spouse) are reported as student investments. For a student who must report parental information, the accounts are reported as parental investments, including all accounts owned by the student and all accounts owned by the parents for any member of the household.
 - Take-back mortgage value should be reported as an asset. In a take-back mortgage, the seller of a house finances a portion of its cost for the buyer, who repays this additional mortgage to the seller. The seller reports the interest part of any payments received from the buyer on Schedule B of IRS Form 1040.
 - Virtual currency (or cryptocurrency) such as Bitcoin is considered an asset. The value (in U.S. dollars as of the day the FAFSA form is completed) of virtual currency must be reported on the FAFSA form.
- What to **not** include:
 - Do not include the family's principal place of residence (even if it is part of a business or farm property), the value of life insurance, ABLE accounts, retirement plans (401[k] plans, pension funds, annuities, non-education IRAs, Keogh plans, etc.) or cash, savings and checking accounts. (Would have been reported separately.)
 - Do not include UGMA and UTMA accounts for which you are the custodian, but not the owner.
 - Do not include possessions such as a car for personal use, a sound system, clothes, or furniture.
 - Do not include Excluded Assets for Native American Students. The law excludes reporting any income and asset of \$2,000 or less per individual payment (any amount over \$2,000 is reported as an asset of the recipient) received under the Per Capita Act or the Indian Tribal Judgment Funds Use or Distribution Act. It also excludes any income received under the Alaska Native Claims Settlement Act or the Maine Indian Claims Settlement Act.

Determine net worth of investments using the investment value, which is the current balance or market value of these investments as of the date the 2025-2026 FAFSA was completed. Investment debt means only those debts that are related to the investments.

Determine net worth of businesses and investment farms using the investment value, which includes the market value of land, buildings, machinery, equipment, inventory, etc. Business and/or investment farm debt means only those debts for which the business or investment farm was used as collateral.
