INDEPENDENT AUDITORS' REPORT

To the Board of Trustees of
GRAND CANYON UNIVERSITY
Phoenix, Arizona

Report on the Audit of the Consolidated Financial Statements

Opinion

We have audited the accompanying consolidated financial statements of Grand Canyon University and Subsidiaries (the "University"), which comprise the consolidated statements of financial position as of June 30, 2025 and 2024, and the related consolidated statements of activities and cash flows for the years then ended, and the related notes to the consolidated financial statements.

In our opinion, the consolidated financial statements referred to above present fairly, in all material respects, the financial position of Grand Canyon University and Subsidiaries as of June 30, 2025 and 2024, and the changes in its net assets and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the University and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the consolidated financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the University's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the consolidated financial statements.

In performing an audit in accordance with generally accepted auditing standards and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the consolidated financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the University's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the consolidated financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the University's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Supplementary Information

Our audits were conducted for the purpose of forming an opinion on the consolidated financial statements as a whole. The accompanying supplementary information on the University's related party transactions, the 90/10 revenue percentage, as required by 34 C.F.R. Section 668.28, and the financial responsibility supplementary schedule as required by 34 C.F.R. Section 668.172 and 34 C.F.R. Appendix A to Subpart L of Part 668, is required by the U.S. Department of Education and is presented for purposes of additional analysis and is not a required part of the basic consolidated financial statements. In addition, the accompanying schedule of expenditures of federal awards, as required by Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, is presented for purposes of additional analysis and is not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and

other records used to prepare the consolidated financial statements. The information has been subjected to auditing procedures applied in the audit of the consolidated financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the consolidated financial statements or to the consolidated financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated, in all material respects, in relation to the consolidated financial statements as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated December 8, 2025 on our consideration of the University's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the University's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the University's internal control over financial reporting and compliance.

Grand Canyon University
Notes to the Consolidated Financial Statements
(In thousands)

1. Nature of Business

Grand Canyon University (together with its subsidiaries, the “University”) is a 501(c)(3) tax-exempt Arizona nonprofit corporation. The University was formed under the name Gazelle University on November 20, 2014, to establish or acquire, and thereafter to own and operate, a private interdenominational Christian university located in Phoenix, Arizona. On July 1, 2018, Gazelle consummated an Asset Purchase Agreement (the “Asset Purchase Agreement”) with Grand Canyon Education, Inc. (“GCE”). Pursuant to the Asset Purchase Agreement, Gazelle acquired the business operations, including the real property and improvements (the GCE campus), tangible and intangible academic and related operations (the “Transferred Assets”), and assumed certain liabilities related to the Transferred Assets. Concurrently with the consummation of that acquisition, on July 1, 2018, Gazelle changed its name to Grand Canyon University.

The University is a comprehensive regionally accredited university that offers graduate and undergraduate degree programs, emphases and certificates across ten colleges both online, at its ground campus in Phoenix, Arizona and at ten off-campus classroom and laboratory sites. The University is accredited by the Higher Learning Commission. The University’s undergraduate programs are designed to be innovative and to meet the future needs of employers, while providing students with the needed critical thinking and effective communication skills developed through a Christian, private, nonprofit, liberal arts foundation. The University offers master’s and doctoral degrees in contemporary fields that are designed to provide students with the capacity for transformational leadership in their chosen industry, emphasizing the immediate relevance of theory, application, and evaluation to promote personal and organizational change. The University offers healthcare-related academic programs at off-campus classroom and laboratory sites located near healthcare providers to develop high-quality, career-ready graduates who enter the workforce ready to meet the demands of the healthcare industry. The University also offers non-degree certificate programs through its Center for Workforce Development in various technical fields.

The University’s wholly owned subsidiaries of Canyon Golf, LLC, Canyon Hospitality, LLC and Canyon Promotions, LLC are primarily used to operate and facilitate certain educational programs. The University’s wholly owned subsidiary, Grand Canyon University CityServe (“GCU CityServe”), is a 501(c)(3) tax-exempt Arizona nonprofit corporation that provides resources to help support individuals and families in need while enhancing the educational experience for University students.

2. Educational Services Agreement

In connection with the closing of the Asset Purchase Agreement, the University and GCE entered into a long-term master services agreement (the “Master Services Agreement”) pursuant to which GCE will provide identified technological, counseling, marketing, financial aid processing and other support services to the University in return for 60% of the University’s revenue, excluding charitable contributions or other gifts to the University that are used for purposes other than the payment of tuition and fees on behalf of students. The Master Services Agreement has an initial term of fifteen (15) years, subject to renewal options, although the University has the right to terminate the Master Services Agreement early after seven (7) years. If the University were to terminate the Master Services Agreement early, then the University would be required to pay GCE a termination fee equal to one-hundred percent (100%) of the fees paid in the trailing twelve (12) month period. If the Master Services Agreement is not renewed after the initial fifteen (15) year term, the University would be required to pay GCE a non-renewal fee equal to fifty percent (50%) of the fees paid in the trailing twelve (12) month period.

3. Summary of Significant Accounting Policies

Principles of Consolidation

The consolidated financial statements include the accounts of Grand Canyon University and its wholly owned subsidiaries. Intercompany transactions have been eliminated in consolidation.

Grand Canyon University
Notes to the Consolidated Financial Statements
(In thousands)

Use of Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts in the consolidated financial statements and accompanying notes. Actual results could differ from those estimates.

Unrestricted and Restricted Cash and Cash Equivalents

Cash and cash equivalents is comprised of cash and other short-term highly liquid investments that are readily convertible into known amounts of cash. The University considers all highly liquid investments with maturities of three months or less at the time of purchase to be cash equivalents. As of June 30, 2025 and 2024, respectively, the University pledged restricted cash and cash equivalents of \$30,000 and \$12,052 to secure additional lending.

Cash Deposits with Trustee

Cash deposits with trustee represent funds held in trust that are associated with the University's bond agreements. The use of these funds is limited to debt service requirements. See Note 10 to the consolidated financial statements for a full description of the bond agreements.

Unrestricted and Restricted Investments

The University records its investments in U.S. Treasury securities, corporate bonds and commercial paper at fair market value. The fair market value was determined using Level 2 of the hierarchy of valuation inputs, with the use of inputs other than quoted prices that are observable for the assets. Unrealized and realized gains and losses, amortization of premiums, accretion of discounts, interest and dividend income are included in other income in the consolidated statements of activities. As of June 30, 2024, the University pledged restricted investments of \$73,276 to secure additional lending.

Student Accounts Receivable

Student accounts receivable represents amounts due for tuition, course digital materials, technology fees and other fees from currently enrolled and former students. Students generally fund their education through grants and/or loans under various Title IV programs of the Higher Education Act, tuition assistance from military and corporate employers or personal funds.

Pledges Receivable

Unconditional promises to give ("pledges") are recorded as contribution revenue and as receivables. Pledge contributions are classified as pledges with donor restrictions or pledges without donor restrictions. The classification is based on time restrictions or donor-imposed restrictions. Pledge receivables that are expected to be received in greater than one year have been recorded at present value of \$1,977 and \$2,074, net of discounts of \$180 and \$199 for the years ended June 30, 2025 and 2024, respectively, in the consolidated financial statements. An allowance for uncollectible pledges is estimated by management based on such factors as prior collection history, type of contribution and the nature of the fundraising activity. The University determined there was no allowance for uncollectible pledges as of June 30, 2025 and 2024.

Other Receivables

Other receivables include amounts owed to the University by GCE, the City of Phoenix under a Development Agreement and other entities. The University had a receivable from GCE totaling \$1,656 and \$395 as of June 30, 2025 and 2024, respectively. Under the terms of the Development Agreement effective July 1, 2015, the City of Phoenix has agreed to reimburse the University for public infrastructure improvements that the University completes in the neighborhood surrounding its main campus. The funds that are used to reimburse the University accumulate over time from a portion of the sales taxes generated by the University, which have been remitted to the City of Phoenix, up to a maximum amount of \$19,000. The total receivable from the City of Phoenix (including construction bonds) totaled \$8,965 and \$5,364 as of June 30, 2025 and 2024, respectively. The University also includes accrued interest income

Grand Canyon University
Notes to the Consolidated Financial Statements
(In thousands)

from its investments in other receivables which totaled \$236 and \$551 as of June 30, 2025 and 2024, respectively. The University has \$4,460 and \$3,572 due from vendors as of June 30, 2025 and 2024, respectively.

Allowance for Credit Losses

The University records its accounts receivable at the net amount expected to be collected. Accounts receivable are derived from tuition and education related services. The University maintains an allowance for credit losses resulting from our students not making payments. The University determines the adequacy of the allowance by periodically evaluating each student's balance, considering their financial condition and credit history, and considering current and forecasted economic conditions. On July 1, 2023, the University adopted ASU 2016-13, *Financial Instruments – Credit Losses: Measurement of Credit Losses on Financial Instruments* using a modified retrospective approach. This model requires consideration of a broader range of reasonable and supportable information and requires the University to estimate expected credit losses including a measure of the expected risk of credit loss even if that risk is remote over the lifetime of the asset. There was no material impact to the University upon adoption. Bad debt expense is recorded as an instructional program services expense in the consolidated statements of activities.

Inventory

The University records inventory as a current asset in other assets. Inventory consists of food and beverage products that are valued at the lower of cost or net realizable value using the first-in, first-out method and retail products that are valued at the lower of cost or net realizable value using the specific identification method. Contributions of nonfinancial assets (gift-in-kind donations) are received by GCU CityServe in new condition and are recorded in inventory at estimated retail value of identical or similar products purchased from donor retailers upon receipt of the goods. The University's GCU CityServe inventory balance as of June 30, 2025 and 2024 reflects the value of the gift-in-kind donations that have not yet been distributed.

Property and Equipment

Purchases or construction of property and equipment are recorded at cost less accumulated depreciation. Normal repairs and maintenance are expensed as incurred. Expenditures that materially extend the useful life of an asset are capitalized. Construction in progress represents items not yet placed in service and are not depreciated. The University capitalizes interest using its interest rates on the specific borrowings used to finance the improvements, which approximated 5.4% and 4.7% for the years ended June 30, 2025 and 2024, respectively. Capitalized interest for the years ended June 30, 2025 and 2024 was \$2,009 and \$603, respectively.

Depreciation is recorded using the straight-line method over the estimated useful lives of the assets. Furniture and fixtures, computer equipment, and vehicles generally have estimated useful lives of ten, four, and five years, respectively. Leasehold improvements are included as investing activities and are included as additions to property, plant and equipment. Leasehold improvements are depreciated over the shorter of their lease term or their estimated useful life. Land improvements, buildings and facilities and athletic facilities are depreciated over lives ranging from 10 to 40 years while land is not depreciated.

Intangible Assets

The University recorded intangible assets as a long-lived asset and will amortize the intangible assets with finite lives over their useful lives, along with regular impairment reviews. The University recognizes costs as incurred when they are related to internally developing, maintaining, or restoring intangible assets that are not specifically identifiable, or the useful life is indeterminate, or the cost is inherent in the continuing operation of the organization. For the years ended June 30, 2025 and 2024, the University has determined there to be no impairment of intangible assets.

Leases

The University determines if an arrangement is a lease at inception and evaluates the lease agreement to determine whether the lease is a finance or operating lease. Right-of-use ("ROU") assets and lease liabilities are recognized at commencement date based on the present value of lease payments over the lease term. The University uses a risk-free discount rate for its leases as determined using a period comparable to that of the expected lease term at

Grand Canyon University
Notes to the Consolidated Financial Statements
(In thousands)

the commencement date. At lease inception, the University determines the lease term by assuming no exercises of renewal options, due to the University's intent not to renew. Leases with an initial term of 12 months or less are not recorded in the consolidated statements of financial position and are recognized as lease expense on a straight-line basis over the lease term. The University has lease agreements with lease and non-lease components, and the non-lease components are accounted for separately and not included in our ROU assets and lease liabilities. Leases primarily consist of retail space the University plans to develop for future educational campuses and office equipment.

Other Investments

The University has an investment of \$15,000 in a real estate partnership located in Pinal County, AZ. The University is a minority partner of the limited liability company and accounts for this investment using the equity method. Based on the information provided by the partnership, the University reflects revenues or expenses as increases or decreases in the investment with the correlating increase or decrease reflected in other income and other expenses in the consolidated statements of activities.

Fair Value of Financial Instruments

The carrying value of cash and cash equivalents, restricted cash and cash equivalents, cash deposits with trustee, accounts receivable, accounts payable, accrued compensation and benefits and accrued liabilities approximate their fair value based on the liquidity or the short-term maturities of these instruments. The University has elected an exemption to not make these disclosures of fair value of financial instruments in the consolidated financial statements.

Impairment of Long-Lived Assets

The University evaluates the recoverability of its long-lived assets for impairment, whenever events or changes in circumstances indicate that the carrying amount of an asset may not be recoverable. Recoverability of assets to be held and used are measured by a comparison of the carrying amount of an asset to undiscounted future net cash flows expected to be generated by the assets. If such assets are considered to be impaired, the impairment to be recognized will be measured by the amount by which the carrying amount of the assets exceeds the fair value of the assets. For the years ended June 30, 2025 and 2024, the University has determined there to be no impairment of long-lived assets.

Income Tax Status

The Internal Revenue Service has determined that the University is exempt from federal income tax under Section 501(c)(3) of the Internal Revenue Code as a public charity in its determination letter dated November 9, 2015. It is also exempt from state income tax. However, any unrelated business income may be subject to taxation.

The University follows the accounting standards for contingencies in evaluating uncertain tax positions. This guidance prescribes recognition threshold principles for the financial statement recognition of tax positions taken or expected to be taken on a tax return that are not certain to be realized. No liability has been recognized by the University for uncertain tax positions as of June 30, 2025 and 2024.

The University annually files a Form 990 information return with the IRS. The tax returns for the 2019 year and thereafter are open to examination by federal and state authorities. The Form 990 information returns for the University's fiscal year 2019 have been under examination by the IRS since March 2021 as part of the IRS's general responsibility to ensure that the requirements for tax exempt status are met by organizations that are recognized as exempt from federal income tax. The University anticipated this review because, in September 2017, the IRS publicly announced in its annual "workplan" that it would be conducting examinations of formerly for-profit entities that converted to tax-exempt, nonprofit status. The University responded fully to the IRS's original March 22, 2021, Information Document Request ("IDR") relating to its tax year ended June 30, 2019. On April 29, 2024, the IRS notified the University that it would expand the current examination to include the tax years ending June 30, 2015, through June 30, 2018. This notification included additional IDRs and requests for interviews with personnel involved in the University's transition to nonprofit status. In May 2025, the IRS notified the University that the examination for the years ended June 30, 2015 through June 30, 2019 were closed with no changes.

Net Assets

The University's net assets are classified based on the existence or absence of donor-imposed restrictions. Accordingly, net assets of the University are classified and reported as follows:

- *Net Assets without donor restrictions* – Net assets without donor restrictions include the revenues and expenses related to the University's operations. Also included are contributions not subject to donor-imposed restrictions and donor restricted contributions whose restrictions are met in the same reporting period.
- *Net Assets with donor restrictions* – Net assets with donor restrictions include contributions subject to donor-imposed restrictions that are perpetual in nature, purpose restricted or time-restricted. Net assets are released from donor restrictions either by actions of the University pursuant to those restrictions or the passage of time.

Commitments and Contingencies

The University accrues for a contingent obligation when it is probable that a liability has been incurred and the amount is reasonably estimable. When the University becomes aware of a claim or potential claim, the likelihood of any loss exposure will be assessed. If it is probable that a loss will result, and the amount of the loss is estimable, the University records a liability for the estimated loss. If the loss is not probable or the amount of the potential loss is not estimable, the University discloses the claim if the likelihood of a potential loss is reasonably possible and the amount of the potential loss could be material. Estimates that are particularly sensitive to future changes include tax, legal, and other regulatory matters, which are subject to change as events evolve, and as additional information becomes available during the administrative and litigation process. The University expenses legal fees as incurred.

Insurance/Self-Insurance

The University uses a combination of insurance and self-insurance for a number of risks, including claims related to employee health care, workers' compensation, general liability, and business interruption. Liabilities associated with these risks will be estimated based on, among other things, historical claims experience, severity factors, and other actuarial assumptions. The University's loss exposure related to self-insurance will be limited by stop loss coverage on a per occurrence and aggregate basis. The University regularly analyzes its reserves for incurred but not reported claims, and for reported but not paid claims related to self-funded insurance programs. While the University believes its reserves are adequate, significant judgment is involved in assessing these reserves such as assessing historical paid claims, average lags between the claims' incurred date, reported dates and paid dates, and the frequency and severity of claims. There may be differences between actual settlement amounts and recorded reserves and any resulting adjustments will be included as an expense once a probable amount is known.

Concentration of Credit Risk

The University believes the credit risk related to cash and cash equivalents and investments is limited due to its adherence to an investment policy that requires investments to have an upper medium investment grade rating, depending on the type of security, by one major rating agency at the time of purchase. All of the University's unrestricted and restricted cash and cash equivalents, restricted investments and investments as of June 30, 2025 and 2024, are in cash positions with multiple reputable financial institutions. Financial instruments that potentially subject the University to concentration of credit risk consist principally of cash balances, which are primarily invested in money market funds or on deposit at high credit quality financial institutions in the U.S. Accounts at each institution are insured by the Federal Deposit Insurance Corporation ("FDIC") up to \$250. At June 30, 2025 and June 30, 2024, the University had \$442,522 and \$442,305 of unrestricted and restricted cash and cash equivalents, respectively, in excess of the FDIC insured limit.

A majority of the University's revenues are derived from tuition financed under the Title IV programs of the Higher Education Act of 1965, as amended (the "Higher Education Act"). The financial aid assistance programs are subject to political and budgetary considerations and are subject to extensive and complex regulations. The University's administration of these programs is periodically reviewed by various regulatory agencies. Any regulatory violation

Grand Canyon University
Notes to the Consolidated Financial Statements
(In thousands)

could be the basis for the initiation of potentially adverse actions including a suspension, limitation, or termination proceeding, which could have a material adverse effect on the University.

Students obtain access to federal student financial aid through a Department of Education prescribed application and eligibility certification process. Student financial aid funds are generally made available to students at prescribed intervals throughout their predetermined expected length of study. Students typically apply the funds received from the federal financial aid programs first to pay their tuition and fees. Any remaining funds are distributed directly to the student.

Revenue Recognition

Net tuition and fees

Net tuition and fee revenues consist primarily of tuition, net of scholarships, and fees, including meals and housing, derived from courses taught by the University online, on ground, and at facilities it leases or those of employers, as well as from related educational resources that the University provides to its students, such as access to online materials. Tuition revenue is recognized pro-rata over the applicable period of instruction. A contract is entered into with a student and covers a course or semester. Revenue recognition occurs once a student starts attending a course. The University also charges online students an upfront learning management fee, which is deferred and recognized over the initial course. The University recognizes housing revenue over the period the ground student is utilizing the services. The University recognizes meals or food sales at the time of delivery or at a point in time. The University has no costs that are capitalized to obtain or to fulfill a contract with a customer. Auxiliary enterprises include revenues from the University hotel, golf course, arena, retail stores and the promotions enterprises and are recognized at the time of delivery or service as these services were transferred at a point in time. Contributions of nonfinancial assets (gift-in-kind donations) are received by GCU CityServe in new condition and are recorded as revenue at estimated retail value of identical or similar products purchased from donor retailers upon receipt of the goods. Contribution and grants, including gifts of cash and other assets are recorded as with or without donor restrictions based on the existence and/or nature of any donor restrictions. Other income includes miscellaneous income. Investment interest includes interest earned on cash and cash equivalents and investments both restricted and unrestricted. For the years ended June 30, 2025 and 2024, the University's net tuition and fee revenue was reduced by approximately \$385,243 and \$360,004, respectively, as a result of scholarships that the University offered to students. Sales tax collected from students is excluded from net revenues. Collected but unremitted sales tax is included as an accrued liability in our consolidated statements of financial position.

The following table presents our revenues, without and with restrictions, disaggregated by the nature of transfer of services for the years ended June 30, 2025 and 2024:

	<u>As of June 30,</u>	
	<u>2025</u>	<u>2024</u>
Tuition revenues (tuition, housing, meals, and fees)	\$ 1,947,593	\$ 1,798,799
Contributions and grants	13,605	20,616
Contributions of nonfinancial assets	2,297	4,838
Auxiliary enterprises (golf, hotel, arena, Lope Shops, other)	12,751	14,216
Investment interest	22,851	25,806
Other revenues	11,105	9,303
Total revenues	2,010,202	1,873,578
Scholarships	(385,243)	(360,004)
Net Revenues	\$ 1,624,959	\$ 1,513,574

The University's student account receivables represent unconditional rights to consideration from its contracts with students; accordingly, students are not billed until they start attending a course and the revenue recognition process has commenced. Once a student has been invoiced, payment is due immediately. Included in each invoice to the student are all educational related items including tuition, net of scholarships, housing, educational materials, fees, etc. The University does not have any contract assets. The University's contract liabilities were reported as deferred revenue and

Grand Canyon University
Notes to the Consolidated Financial Statements
(In thousands)

student deposits in the consolidated statements of financial position. Deferred revenue and student deposits in any period represent the excess of tuition, fees, and other student payments received as compared to amounts recognized as revenue on the consolidated statements of activities and are reflected as current liabilities in the accompanying consolidated statements of financial position. The University's education programs have starting and ending dates that differ from its fiscal year end. Therefore, at the end of the fiscal year, a portion of revenue from these programs was not yet earned.

The University identified a performance obligation associated with the provision of its educational instruction and other educational services, housing services, and other academic related services and used the output measure for recognition as the period of time over which the services were provided to our students. The University identified performance obligations related to its hotel, golf course, restaurants, sale of branded promotional items and other auxiliary enterprises and recognized revenue at the point in time goods or services are provided to its customers. The University maintains an institutional tuition refund policy, which provides for all or a portion of tuition to be refunded if a student withdraws during stated refund periods. Certain states in which students reside impose separate, mandatory refund policies, which override the University's policy to the extent in conflict. If a student withdraws at a time when only a portion, or none of the tuition is refundable, then in accordance with its revenue recognition policy, the University continues to recognize the tuition that was not refunded pro-rata over the applicable period of instruction. However, for students that have taken out financial aid to pay their tuition and for which a return pursuant to Title IV of the Higher Education Act is required as a result of his or her withdrawal, the University recognizes revenue after a student withdraws only at the time of cash collection. The University has elected the short-term contract exemption with respect to its performance obligations under its contracts with students as all such contracts have original terms of less than one year.

Contributions and Grants

Contributions are recognized immediately and classified as either net assets with donor restrictions or net assets without donor restrictions. Conditional contributions received are accounted for as a liability or are unrecognized initially, until the barriers to entitlement are overcome, at which point the transaction is recognized as unconditional and classified as either net assets with restrictions or net assets without restrictions.

Contributions of nonfinancial assets

Contributions of nonfinancial assets are primarily received by GCU CityServe in new condition and are recorded at estimated retail value of identical or similar products purchased from donor retailers upon receipt of the goods. GCU CityServe is the network affiliate for the state of Arizona and works with national retailers and suppliers to distribute these donated nonfinancial assets, primarily household goods, through local churches and faith-based organizations.

Contributed nonfinancial assets received during the years ended June 30, 2025 and 2024 were as follows:

Gifts-in-Kind Revenue

	2025	2024
Household goods	\$ 3,968	\$ 4,542
Software licenses	75	—
Gift certificates	63	47
Art	51	101
Vehicles	66	—
Construction Materials and Labor	53	75
Other	67	73
	<u>\$ 4,343</u>	<u>\$ 4,838</u>

Grand Canyon University

Recent Accounting Pronouncements

The University has determined that no other recent accounting pronouncements apply to its operations or could otherwise have a material impact on its consolidated financial statements.

4. Information About Financial Assets and Liquidity

The University's financial assets, without donor or other restrictions limiting their use, available within one year of the consolidated statements of financial position date for general expenditure are as follows:

Total assets at year end	\$ 2,093,314
Less:	
Restricted cash and cash equivalents	30,000
Cash deposit with Trustee	65,246
Pledges receivable due in more than one year, net	1,977
Other assets, current and long-term	12,163
Other investments	15,400
Finance lease ROU asset	24,068
Operating lease ROU asset	751
Intangible assets, net	95,500
Property and equipment, net	1,426,315
	<u>\$ 421,894</u>

The University has \$421,894 of financial assets that are available within one year of the consolidated statements of financial position date to meet cash needs for general expenditures consisting of cash of \$247,427, investments of \$141,936, student accounts receivable, net of \$15,972, pledges receivable of \$1,242 and other receivables of \$15,317. The University's liquidity management policy is to structure its financial assets to be available as its general expenditures, liabilities and other obligations come due.

5. Investments

As of June 30, 2025, the University had unrestricted investments of \$141,936 carried at fair market value. As of June 30, 2024, the University had unrestricted and restricted investments of \$121,674 and \$73,276, carried at fair market value.

As of June 30, 2025, the University had unrestricted and restricted investments comprised of the following:

	As of June 30, 2025			Estimated Fair Value
	Adjusted Cost	Gross Unrealized Gains	Gross Unrealized (Losses)	
Commercial paper	\$ 31,040	—	(6)	\$ 31,034
Corporate bonds	87,079	—	(24)	87,055
Treasury bills	23,850	—	(3)	23,847
Total investments	<u>\$ 141,969</u>	<u>-</u>	<u>(33)</u>	<u>\$ 141,936</u>

All commercial paper and treasury bills are due in one year or less as of June 30, 2025.

6. Allowance for Credit Losses

	Balance at Beginning of Year	Charged to Expense	Deductions (1)	Balance at End of Year
Year ended June 30, 2025	\$ 7,607	32,222	(31,778)	\$ 8,051
Year ended June 30, 2024	\$ 7,568	29,168	(29,129)	\$ 7,607

(1) Deductions represent accounts written off, net of recoveries.

7. Property and Equipment

Property and equipment consist of the following:

	As of June 30,	
	2025	2024
Land and land improvements	\$ 176,160	\$ 175,084
Buildings and facilities	1,310,056	1,303,591
Athletic facilities	115,455	115,455
Computer equipment	49,707	47,032
Furniture, fixtures and equipment	71,548	68,612
Other	1,240	1,240
Construction in progress	57,003	21,235
	<u>1,781,169</u>	<u>1,732,249</u>
Less accumulated depreciation and amortization	(354,854)	(296,561)
Property and equipment, net	<u>\$ 1,426,315</u>	<u>\$ 1,435,688</u>

Depreciation and amortization expense associated with property and equipment totaled \$59,870 and \$58,870 for the years ended June 30, 2025 and 2024, respectively. The following additional information for property, plant and equipment is required to support the calculation of the composite score in the Supplementary Information Financial Responsibility Supplemental Schedule:

Pre-implementation property, plant and equipment:	
Property, plant & equipment as of June 30, 2024	\$ 902,409
Less: 2025 depreciation expense	(31,448)
Less: 2025 disposals	(19)
Pre-implementation property, plant and equipment as of June 30, 2025	<u>\$ 870,942</u>
Post-implementation property, plant and equipment acquired with debt:	
Property, plant & equipment as of June 30, 2024	\$ 359,579
Property, plant & equipment acquired during the year ended June 30, 2025	—
Less: 2025 depreciation expense	(16,002)
Less: 2025 disposals	(269)
Post-implementation property, plant and equipment as of June 30, 2025	<u>\$ 343,308</u>
Construction in progress as of June 30, 2025	<u>\$ 57,004</u>
Post-implementation property, plant and equipment acquired without debt:	
Property, plant & equipment as of June 30, 2024	\$ 152,465
Property, plant & equipment acquired during the year ended June 30, 2025	15,198
Less: 2025 depreciation expense	(12,420)
Less: 2025 disposals	(182)
Post-implementation property, plant and equipment as of June 30, 2025	<u>\$ 155,061</u>

8. Leases

The University has finance leases primarily consisting of retail space the University plans to develop for future educational campuses, golf carts and office equipment and one operating lease for retail space. At lease inception, we determined the lease term by assuming no exercises of renewal options. Leases with an initial term of 12 months or less are not recorded in the consolidated statements of financial position and we recognize lease expense for these leases on a straight-line basis over the lease term. The University has lease costs of \$3,201 and \$2,276 for the years ended June 30, 2025 and 2024, respectively. For the purposes of the Supplementary Information Financial Responsibility Supplemental Schedule, all leases were considered post-implementation.

As of June 30, 2025, the University had \$9,600 of non-cancelable finance lease commitments for solar panels that had not yet commenced. The University's weighted-average remaining lease term relating to its operating leases is 3.59 years, with a weighted-average discount rate of 4.67%. The University's weighted-average remaining lease term relating to its financing leases is 10.89 years, with a weighted-average discount rate of 5.62%.

The University's most significant finance lease was signed in July 2021 and subsequently amended in April 2024, December 2024 and July 2025, whereby the University entered into a lease of land and buildings in an area adjacent to the University's campus in Phoenix, Arizona. The lease provides the University with the option to purchase the land and building after May 1, 2022 for a purchase price of \$31,500. The lease also provides the landlord the option to require the University to purchase the property in the last two years of the lease. The term of the lease is 15 years with the expiration on July 31, 2036. As of December 2024, the University has full management, operational and financial responsibility of the leased premises.

	2025	2024
Lease Expense:		
Finance lease expense		
Amortization on ROU assets	\$ 1,322	\$ 1,896
Interest on lease liabilities	1,650	200
Operating lease expense	229	179
Short-term lease expense	—	—
Variable lease expense	—	—
Total	\$ 3,201	\$ 2,275
Other Information		
Cash paid for amounts included in the measurement of lease liabilities		
Financing cash flows from finance leases	\$ 665	\$ 497
Operating cash flows from finance leases	\$ 435	\$ 21
Operating cash flows from operating leases	\$ 226	\$ 119

Maturities of lease liabilities as of June 30, 2025 were as follows:

	Finance	Operating
7/1/2025 - 6/30/2026	\$ 1,819	\$ 235
7/1/2026 - 6/30/2027	1,593	244
7/1/2027 - 6/30/2028	1,564	254
7/1/2028 - 6/30/2029	1,526	152
7/1/2029 - 6/30/2030	1,470	—
Thereafter	40,750	—
Total	48,722	885
Less: Present value discount	(18,902)	(70)
Lease liability	\$ 29,820	\$ 815

Grand Canyon University

(In thousands)

9. Intangible Assets

Intangible assets consist of the following:

	As of June 30, 2025		
	Gross Carrying Amount	Accumulated Amortization	Net
Trade name and accreditations	\$ 88,000	\$ —	\$ 88,000
Developed curricula	18,000	(10,500)	7,500
Student relationships	39,000	(39,000)	—
Intangible assets, net	<u>\$ 145,000</u>	<u>\$ (49,500)</u>	<u>\$ 95,500</u>

Trade name and accreditations has an indefinite useful life and will not be amortized by the University. Developed curricula has an estimated useful life of 12 years. Student relationships had an estimated useful life of 3 years. Trade names and trademarks are all individually renewable for each asset at varying dates ranging from October 2025 to January 2036. Amortization expense associated with intangible assets for the years ending June 30, 2025 and 2024 totaled \$1,500 for both years.

Amortization expense for developed curricula for the years ending June 30:

2026	\$ 1,500
2027	1,500
2028	1,500
2029	1,500
2030	1,500
	<u>\$ 7,500</u>

10. Bonds Payable, Notes Payable and Other Noncurrent Liabilities

On December 9, 2021, the University’s Taxable Bonds, Series 2021B (the “2021B Bonds”) were issued under a Trust Indenture dated as of December 1, 2021, by and between the University and UMB Bank, National Association, as bond trustee. The 2021B Bonds bear interest from the date of issuance, payable on October 1 and April 1 in each year until maturity or earlier redemption and principal payments are payable October 1 each year. The 2021B Bonds are secured by an Obligation issued pursuant to the Master Trust Indenture, dated as of October 1, 2021, as thereafter supplemented and amended (the “Master Indenture”), between the University and UMB Bank, National Association, as master trustee. Pursuant to the Master Indenture, the University has pledged certain revenues and assets to secure the Obligations issued thereunder. All outstanding bond issues were issued based on the creditworthiness of the University.

In June 2022, the University obtained a \$120,000 credit facility (“UMB Credit Facility”) from UMB Bank, N.A (“UMB”) for the purpose of financing capital expenditures. The UMB Credit Facility was made available to the University pursuant to an Amended and Restated Credit Agreement, dated April 5, 2023, as thereafter supplemented and amended (the “UMB Credit Agreement”), between the University and UMB. The UMB Credit Facility is secured by an Obligation issued pursuant to the Master Indenture and consists of a \$50,000 revolving credit facility (“UMB LOC”) and a \$70,000 term loan facility (“UMB Term Loan”). The UMB LOC, which bears interest at the one-month term Standard Overnight Federal Rate plus 2.15%, was outstanding in the amount of \$20,000 as of June 30, 2024. In November 2024, the UMB LOC maturity was extended to June 10, 2027. As of June 30, 2025, the \$20,000 that was outstanding on the UMB LOC was refinanced as part of the 2024 Bonds (see discussion in the next paragraph) and there was no outstanding balance. The UMB Term Loan bears interest at a fixed rate of 5.14% and had a balance of \$66,316 and \$67,384 as of June 30, 2025 and 2024, respectively.

On October 1, 2024, the University entered into two separate commercial bank loans that totaled \$500,000 (the “2024 Bank Loans”), the proceeds of which were applied to the payment of principal on the 2021B Bonds maturing on October 1, 2024 (see Lines of Credit discussion). On December 5, 2024, The Industrial Development Authority of the County of Maricopa (“MIDA”) issued its Education Revenue Bonds (Grand Canyon University Project), Taxable Series

Grand Canyon University
Notes to the Consolidated Financial Statements
(In thousands)

2024 in the original aggregate principal amount of \$520,000 (the “2024 Bonds”) and loaned the proceeds thereof to the University (the “MIDA Loan”). The University used the proceeds of the MIDA Loan to refinance in full the 2024 Bank Loans and refinanced \$20,000 in outstanding principal under the UMB LOC. The University’s obligations with respect to the MIDA Loan are secured by Obligations issued pursuant to the Master Indenture. The 2024 Bonds bear interest at a rate of 7.375% per annum from the date of issuance, payable on October 1 and April 1 in each year until maturity on October 1, 2029 or earlier redemption. There are no principal payments required on the 2024 Bonds prior to the October 1, 2029 maturity date. The 2024 Bonds require the pledge of certain revenues as collateral for repayment, pledged certain University assets as collateral, and contain restrictive covenants, including a minimum level of debt service coverage and days cash on hand. All outstanding bond issuances were issued based on the creditworthiness of the University.

On March 27, 2025, the University obtained a term loan in the principal amount of \$80,000 (the “MidFirst Loan”) pursuant to a Credit Agreement, dated March 27, 2025, between the University and MidFirst Bank. The proceeds of the MidFirst Loan were used to refinance in full the Zions LOC (as defined in the Lines of Credit discussion) and the MidFirst LOC (as defined in the Lines of Credit discussion). The MidFirst Loan is secured by an Obligation issued pursuant to the Master Indenture, and bears interest at a rate of 6.024% per annum and matures on March 27, 2032.

As of June 30, 2025, the University has outstanding debt secured by Obligations issued pursuant to the Master Indenture in the aggregate amount of \$1,216,158, consisting of the 2021B Bonds outstanding in the principal amount of \$550,000; 2024 Bonds outstanding in the principal amount of \$520,000; the UMB Term Loan of \$66,316; and the MidFirst Loan outstanding in the principal amount of \$79,842. The University was in compliance with all bonds and notes payable covenants for the year ended June 30, 2025.

	As of June 30,	
	2025	2024
Bonds and Notes Payable		
Bond issue 2021B, due October 1, 2024, interest at 4.125%	\$ —	\$ 500,000

Long-term Bonds and Notes Payable, net of issuance costs	<u>\$ 1,144,482</u>	<u>\$ 603,139</u>

Payments due under the bonds and notes payable, net of issuance costs for the years ending June 30:

2026	\$ 46,180
2027	159,401
2028	44,900
2029	347,591
2030	520,824
Thereafter	71,766
	<u>\$ 1,190,662</u>

Lines of Credit

In May 2023, the University entered into a line of credit agreement with Zions Bancorporation, N.A. dba National Bank of Arizona in the amount of \$75,000 (“Zions LOC”) for the purpose of financing capital expenditures. The Zions LOC was not secured by an Obligation issued pursuant to the Master Indenture, and was instead considered non-

Grand Canyon University
Notes to the Consolidated Financial Statements
(In thousands)

recourse unsecured indebtedness collateralized by restricted investments and restricted cash and cash equivalents. The University had \$60,000 drawn on the Zions LOC as of June 30, 2024. The Zions LOC bears interest at the one-month term Standard Overnight Federal Rate (“SOFR”) plus 1.45% and had a maturity date of May 12, 2028. The total interest rate was 6.78% as of June 30, 2024. The amount borrowed on the Zions LOC was repaid in full with proceeds from the MidFirst Loan on March 27, 2025 and the Zions LOC was simultaneously closed.

In May 2023, the University entered into a line of credit agreement with MidFirst Bank in the amount of \$25,000 (“MidFirst LOC”) for the purpose of financing capital expenditures. The MidFirst LOC is considered non-recourse unsecured indebtedness under the terms of the Bond Indenture and is collateralized by restricted investments and restricted cash and cash equivalents. The University had \$20,000 drawn on the MidFirst LOC as of June 30, 2024. The Zions LOC bears interest at the one-month term Standard Overnight Federal Rate (“SORF”) plus 1.50% and has a maturity date of May 16, 2025. The interest rate was 6.83% as of June 30, 2024. The amount borrowed on the MidFirst LOC was repaid in full with proceeds from the MidFirst Loan on March 27, 2025 and the MidFirst LOC was simultaneously closed.

In the aggregate for the Zions LOC and the MidFirst LOC, the University had designated \$12,052 as restricted cash and cash equivalents as of June 30, 2024 and \$73,276 as restricted investments as of June 30, 2024.

In October 2024, the University entered into a line of credit agreement with Zions Bancorporation, N.A. dba National Bank of Arizona in the amount of \$250,000 (“Zions LOC 2”), the proceeds of which were applied to the payment of principal on the 2021B Bonds maturing on October 1, 2024. The Zions LOC 2 was not secured by an Obligation issued pursuant to the Master Indenture, and was instead considered non-recourse unsecured indebtedness, collateralized by restricted investments and restricted cash and cash equivalents. The Zions LOC 2 bears interest at the one-month term SOFR plus 1.625% and had a maturity date of April 1, 2025. The amount borrowed on the Zions LOC 2 was repaid in full with proceeds from the 2024 Bonds on December 5, 2024 and the Zions LOC 2 was simultaneously closed. As of June 30, 2025, there was no outstanding balance on the Zions LOC 2 and no designated restricted cash and cash equivalents.

In October 2024, the University entered into a line of credit agreement with MidFirst Bank in the amount of \$250,000 (“MidFirst LOC 2”), the proceeds of which were applied to the payment of principal on the 2021B Bonds maturing on October 1, 2024. The MidFirst LOC 2 was not secured by an Obligation issued pursuant to the Master Indenture, and was instead considered non-recourse unsecured indebtedness, collateralized by restricted investments and restricted cash and cash equivalents. The MidFirst LOC 2 bears interest at an average rate of 6.40% and had a maturity date of October 1, 2026. The amount borrowed on the MidFirst LOC 2 was repaid in full with proceeds from the 2024 Bonds on December 5, 2024 and the MidFirst LOC 2 was simultaneously closed. As of June 30, 2025, there was no outstanding balance on the MidFirst LOC 2 and no designated restricted cash and cash equivalents.

In June 2025, the University entered into a line of credit agreement with Zions Bancorporation, N.A. dba National Bank of Arizona in the amount of \$30,000 (“Zions LOC 3”) for the purpose of financing capital expenditures. The Zions LOC 3 is not secured by an Obligation issued pursuant to the Master Indenture, and is instead considered non-recourse unsecured indebtedness, collateralized by restricted investments and restricted cash and cash equivalents. The University has \$30,000 drawn on the Zions LOC 3 as of June 30, 2025. The Zions LOC bears interest at the one-month term SOFR plus 1.45% and has a maturity date of June 4, 2028. The total interest rate was 5.785% as of June 30, 2025. As of June 30, 2025, the outstanding balance on the Zions LOC 3 was \$30,000 and the University had designated \$30,000 as restricted cash and cash equivalents.

Grand Canyon University
Notes to the Consolidated Financial Statements
(In thousands)

The following additional information for long-term debt is required to support the calculation of the composite score in the Supplementary Information Financial Responsibility Supplemental Schedule:

Pre-implementation Long-term Debt:	
Balance as of June 30, 2024	\$ 869,912
Balance as of June 30, 2025	\$ 819,912

Allowable Post-implementation Long-term debt:	
Post-Implementation Long-Term Debt as of June 30, 2024	\$ 359,579
Post-Implementation Long-Term Debt as of June 30, 2025	\$ 343,308

Construction in progress debt as of June 30, 2025	\$ 30,000
--	------------------

Post-implementation Long-term debt not for the purpose of Property, Plant & Equipment or liability greater than asset value:	
Long-term debt as of June 30, 2024	\$ 38,342
Long-term debt as of June 30, 2025	\$ 52,937

11. Net Assets

Net assets are classified as net assets with donor restrictions and net assets without donor restrictions. The net assets with donor restriction in the years ended June 30, 2025 and 2024 are primarily related to grants, scholarships and GCU CityServe donations that have not yet been distributed, which are deemed to be nonexchange (nonreciprocal) transactions. Under this guidance, revenue related to conditional grants is recorded when the conditions are met as specified in the grant agreement. The University reports these grants and contracts as changes in net assets without donor restrictions when restrictions are met in the same period. Restricted grants are recorded as changes in net assets with donor restrictions. When a donor restriction expires, net assets are reclassified as net assets without donor restrictions. The net assets with donor restrictions also include scholarship programs that are awarded to qualified students of the University. Included in the other category are net assets subject to donor-imposed restrictions to be maintained permanently by the University, including gifts and pledges wherein donors stipulate that the corpus of the gift be held in perpetuity and that only the income be made available for program operations. A breakdown of these net assets without and with donor restrictions is as follows:

	<u>As of June 30,</u>	
	<u>2025</u>	<u>2024</u>
Net assets without donor restrictions:		
Designated by the Board	\$ —	\$ —
Undesignated	539,756	504,553
	<u>\$ 539,756</u>	<u>\$ 504,553</u>
Net assets with donor restrictions subject to expenditure for specified purposes:		
Grants	\$ 2,212	\$ 2,721
Scholarships	2,719	2,491
GCU CityServe	2,895	1,214
Other	2,592	1,773
	<u>\$ 10,418</u>	<u>\$ 8,199</u>

12. Commitments and Contingencies

Legal Matters

From time to time, the University could be party to various lawsuits, claims, and other legal proceedings that arise in the ordinary course of business or through various indemnification provisions, some of which may be covered by insurance or indemnification. When the University becomes aware of a claim or potential claim, it will assess the likelihood of any loss or exposure. If it is probable that a loss will result and the amount of the loss can be reasonably estimated, the University will record a liability for the loss. If the loss is not probable or the amount of the loss cannot be reasonably estimated, the University will disclose the nature of the specific claim if the likelihood of a potential loss will be reasonably possible and the amount involved is material. With respect to the majority of pending litigation matters, the University's ultimate legal and financial responsibility, if any, cannot be estimated with certainty and, in most cases, any potential losses related to those matters will not be considered probable.

On October 31, 2023, DOE's Federal Student Aid Office of Enforcement recommended a fine against the University related to alleged misrepresentations in written materials provided to students enrolling in certain doctoral programs. The University categorically denied DOE's claims and appealed the fine to the Office of Hearings and Appeals ("OHA") within DOE. On March 26, 2025, OHA entered an order accepting a Joint Stipulation of Dismissal of the fine action with prejudice and an acknowledgment that confirmed ED had "not proved GCU, or any of its employees, officers, agents, or contractors, violated any Title IV requirement...including, but not limited to, any violation of the substantial misrepresentation regulations...".

Except for identified liabilities assumed by the University, GCE retained responsibility for all liabilities of the business arising from pre-closing operations.

Upon resolution of any pending legal matters, the University may incur charges in excess of established reserves. Management does not believe that any such charges would, individually or in the aggregate, have a material adverse effect on the University's financial condition, results of operations or cash flows.

13. Compensation Plans

Deferred Compensation Plan

The University has established a deferred compensation plan as of July 1, 2018 (the "Deferred Compensation Plan"). With each award, the University accrues for the payout over the vesting period including accrued interest at a rate of 5% per annum (each year). Participants vest in their accounts in accordance with the vesting schedule set forth in their participation agreements. As amounts vest, the University will make distributions equal to the vested amounts to participants within 90 days of the end of the Plan Year (July 1-June 30) in which the vesting occurred. A participant who terminates employment prior to becoming vested will forfeit his or her account balance. For the years ended June 30, 2025 and 2024, the University expensed \$2,984 and \$2,876, respectively, for accrued deferred compensation.

401(k) Plan

The University has established a 401(k) Defined Contribution Benefit Plan (the "401(k) Plan"). All employees who are age of 21 or older are eligible to participate in the 401(k) Plan. Eligible employees may elect to make tax-deferred contributions subject to limitations imposed under the Internal Revenue Code and the University has the right to match those contributions. Participant accounts are generally distributed to participants following their termination of employment. The University made discretionary matching contributions to the 401(k) Plan of \$2,362 and \$2,174 for the calendar years ended December 31, 2024 and 2023, respectively. The University has accrued \$5,222 and \$1,382 for its calendar year contribution to the 401(k) Plan as of June 30, 2025 and 2024, respectively.

14. Functional Expenses

The following table presents expenses by both their nature and function:

	For the Year Ended June 30, 2025				
	Instructional Program Services	Fundraising	Auxiliary Enterprises	General & Administrative	Total
Employee and faculty compensation and benefits	\$ 276,659	\$ 1,340	\$ 6,049	\$ 18,958	\$ 303,006
Occupancy costs	20,431	27	1,434	5,356	27,248
Bad debt expense	32,222	—	—	—	32,222
Cost of sales	76,672	—	8,605	—	85,277
Other operating expenses	32,979	1,600	1,517	17,072	53,168
Interest expense	68,722	101	4,183	1,206	74,212
Depreciation and amortization	57,814	87	3,721	1,030	62,652
Total University operations	<u>\$ 565,499</u>	<u>\$ 3,155</u>	<u>\$ 25,509</u>	<u>\$ 43,622</u>	<u>\$ 637,785</u>
Educational service fee	951,798	—	—	—	951,798
Total expenses	<u>\$ 1,517,297</u>	<u>\$ 3,155</u>	<u>\$ 25,509</u>	<u>\$ 43,622</u>	<u>\$ 1,589,583</u>

	For the Year Ended June 30, 2024				
	Instructional Program Services	Fundraising	Auxiliary Enterprises	General & Administrative	Total
Employee and faculty compensation and benefits	\$ 249,684	\$ 1,030	\$ 5,558	\$ 17,200	\$ 273,472
Occupancy costs	18,796	6	1,470	5,530	25,802
Bad debt expense	29,168	—	—	—	29,168
Cost of sales	70,698	—	10,705	—	81,403
Other operating expenses	44,498	962	1,680	13,554	60,694
Interest expense	58,581	79	3,281	1,075	63,016
Depreciation and amortization	57,671	72	3,507	971	62,221
Total University operations	<u>\$ 529,096</u>	<u>\$ 2,149</u>	<u>\$ 26,201</u>	<u>\$ 38,330</u>	<u>\$ 595,776</u>
Educational service fee	883,414	—	—	—	883,414
Total expenses	<u>\$ 1,412,510</u>	<u>\$ 2,149</u>	<u>\$ 26,201</u>	<u>\$ 38,330</u>	<u>\$ 1,479,190</u>

The consolidated financial statements report certain categories of expenses that are attributable to one or more program or supporting functions of the University. Expenses reported by functional categories include allocations of costs for depreciation and amortization, and interest on indebtedness. The University applies various methods to allocate costs among the program and support functions, the most significant of which is by specific identification for depreciation and amortization. The University's property, plant and equipment were specifically identified for instructional program services and auxiliary enterprises. The allocation methodology used for the remaining shared depreciable assets including computer equipment, furniture and fixtures, and vehicles, were allocated based on headcount to instructional program services, fundraising, and general and administrative. The allocation of interest on indebtedness was done utilizing the same total allocation percentages derived for depreciation and amortization expense. The educational service fee was allocated entirely to instructional program services. The educational service fee is calculated as 60% of total revenue, excluding fundraising (see Note 2) as defined in the Master Services Agreement. Under this agreement, GCE provides technological, counseling, marketing, financial aid processing and other support services to support the operation of the University as a whole. Therefore, it is not meaningful or practical to users of the financial statements to allocate the educational service fee to anything other than instructional program services. Since the educational service fee is significant to total operating expenses, the University provided a total for University operations, which correlates with its consolidated statements of activities presentation, and total expenses which includes the educational service fee.

Grand Canyon University
Notes to the Consolidated Financial Statements

15. Regulatory

The University is subject to extensive regulation by federal and state governmental agencies and accrediting bodies. In particular, the Higher Education Act of 1965, as amended (the “Higher Education Act”), and the regulations promulgated thereunder by the Department of Education (the “Department”), subject the University to significant regulatory scrutiny on the basis of numerous standards that schools must satisfy in order to participate in the various federal student financial assistance programs under Title IV of the Higher Education Act.

An institution must, among other things, be licensed or authorized to offer its educational programs by the state in which it is physically located (in the University’s case, Arizona, Utah, Nevada, Missouri, Florida, Idaho, New Mexico, Colorado and Wyoming) and maintain institutional accreditation by an accrediting commission recognized by the Department of Education (in the University’s case, the Higher Learning Commission).

An institution must also demonstrate its compliance to the Department on an ongoing basis. The University has operated under a Provisional Program Participation Agreement (“PPPA”) that was signed on November 14, 2019 following the change of ownership in which the 501(c)(3) acquired the University, but continued to participate as a for-profit institution as determined by the Department of Education. Under that PPPA, the University continued to participate in Title IV programs through September 30, 2022. As required, the University timely filed a renewal application and continued to participate on a month-to-month extension of the PPPA while the Department completed its review of the application. As of June 30, 2023, the University continued to participate in Title IV programs under the terms of the PPPA pursuant to the month-to-month extension. The Department approved and the parties executed a new Provisional Program Participation Agreement on September 29, 2023, which expires June 30, 2026.

The University has been regionally accredited by the Higher Learning Commission (“HLC”) and its predecessor since 1968, most recently obtaining reaccreditation in 2017 for the ten-year period through 2027. Following a comprehensive review of the institution’s academic offerings, governance and administration, mission, finances and resources during 2016, the University’s accreditation was reaffirmed by the HLC’s Institutional Actions Council at its meeting on February 28, 2017, with no requirements for any monitoring or interim reports. The comprehensive review occurs every 10 years, along with a mid-term review in year four. As of June 30, 2025, the University believes that it is in compliance with the applicable HLC standards in all material respects.

In addition to the University’s institutional accreditation with HLC, the University is in candidacy status or holds specialized accreditations for certain programs, including from the Association for Advancing Quality in Educator Preparation (AAQEP), Accreditation Board for Engineering and Technology (ABET), the Accreditation Council for Business Schools and Programs (ACBSP), the Accreditation Council for Education in Nutrition and Dietetics (ACEND), Association of Theological Schools (ATS), the Commission on Accreditation of Athletic Training Education (CAATE), the Council on Social Work Education (CSWE), the Commission on Collegiate Nursing Education (CCNE), the National Addiction Studies Accreditation Commission (NASAC), the Society for Simulation in Healthcare (SSIH), the Commission on Accreditation for Health Informatics and Information Management Education (CAHIIM), the Accreditation Council for Occupational Therapy (ACOTE), and the Council on Academic Accreditation (CAA-ASHA). The University also has approval from the Certified Financial Planner Board of Standards (CFP Board) of the Bachelor of Science in Finance with an Emphasis in Financial Planning program and designation from the Centers of Academic Excellence Cyber Defense (CAE-CD) of the Bachelor of Science in Information Technology with an Emphasis in Cybersecurity program.

The University is licensed and authorized to offer its programs by the Arizona State Board for Private Postsecondary Education, the regulatory agency governing private post-secondary educational institutions in the State of Arizona, where the University is located. The University is also approved to offer its programs in Wyoming by the Wyoming Department of Education. The University is authorized to offer its Accelerated Bachelor of Science in Nursing programs in Nevada by the Nevada Commission on Postsecondary Education, New Mexico Higher Education Department, Idaho State Board of Education, Missouri Coordinating Board for Higher Education, Florida Commission for Independent Education, Colorado Department of Higher Education, and Utah by the Utah Division of Consumer Protection.

Grand Canyon University
Notes to the Consolidated Financial Statements
(In thousands)

The University is an approved institutional participant in the State Authorization Reciprocity Agreement (“SARA”). SARA is an agreement among member states, districts and territories that establishes comparable national standards for interstate offering of post-secondary distance education courses and programs. It is intended to make it easier for students to take online courses offered by post-secondary institutions based in another state. SARA is overseen by a national council (NC-SARA) and administered by four regional education compacts. Arizona is a member of the western SARA compact. There is a yearly renewal for participating in NC-SARA and AZ-SARA and institutions must agree to meet certain requirements to participate. As of June 30, 2024, 49 states are members of SARA. The only state that does not participate in SARA is the State of California, but the University is exempt from registering or being approved by California’s Bureau for Private Post-Secondary Education. The University currently enrolls students in all 50 states and the District of Columbia.

Many states have specific requirements that an individual must satisfy in order to be licensed as a professional in specified fields, including fields such as education, healthcare, social work and counseling. These requirements vary by state and by field. A student’s success in obtaining licensure following graduation typically depends on several factors, including the background and qualifications of the individual graduate. Many states also require that graduates pass a state test or examination as a prerequisite to becoming certified in certain fields, such as teaching and nursing. Many states will certify individuals if they have already been certified in another state. The University’s College of Education is approved by the Arizona State Department of Education to offer Institutional Recommendations (credentials) for the certification of early childhood, elementary, secondary, and special education teachers and school administrators. The University’s College of Nursing and Health Care Professions is approved by the Arizona State Board of Nursing for the Bachelor of Science in Nursing and advanced practice Master of Science in Nursing degrees for Family Nurse Practitioner and Acute Care Nurse Practitioner. Due to varying requirements for professional licensure and certification in states other than Arizona, the University informs students of the requirements associated with obtaining professional licensure or certification and whether, in the University’s assessment of those requirements, its programs meet the various requirements through state specific disclosures in the enrollment agreement and its website.

Because the University operates in a highly regulated industry, it, like other industry participants, may be subject from time to time to investigations, claims of non-compliance, or lawsuits by governmental agencies or third parties, which allege statutory violations, regulatory infractions, or common law causes of action. While there can be no assurance that regulatory agencies or third parties will not undertake investigations or make claims against the University, or that such claims, if made, will not have a material adverse effect on the University’s business, results of operations or financial condition, management believes the University is in compliance with applicable regulations in all material respects.

90/10 Disclosure

The University derives a substantial portion of its revenues from Federal educational assistance received directly by the school or by its students. To continue to participate in the programs authorized by Title IV of the Higher Education Act (“HEA”), the University must comply with the regulations promulgated under the HEA. The regulations require a proprietary school to derive at least 10 percent of its cash basis revenues for each fiscal year from sources other than Federal funds (the “90/10 revenue test”). If a school receives more than 90 percent of its cash basis revenues from Federal funds during its fiscal year, the school becomes provisionally certified for the next two fiscal years. If a school fails to satisfy this 90/10 requirement for two consecutive years, the school will lose its ability to participate in Title IV programs. Using the Department of Education’s cash-basis, regulatory formula for the 90/10 Rule as in effect for its 2025 and 2024 fiscal years, the University derived 68.01% and 67.2%, respectively, of its 90/10 revenue from Federal Student Aid program funds for the years ended June 30, 2025 and 2024.

Composite Score

The Department of Education and Higher Education Act require institutions to meet standards of financial responsibility. The composite score for an institution’s most recent fiscal year must be at least 1.5 for the institution to be deemed financially responsible. For both the years ended June 30, 2025 and 2024, the University’s composite score was 1.9, using the proprietary school calculation.

Grand Canyon University
Notes to the Consolidated Financial Statements

16. Related Party Transactions

During the year ended June 30, 2024, the University did not engage in transactions with companies owned by or affiliated with members of the Board of Trustees. During the year ended June 30, 2025, the University made a \$1,000 investment in a company owned by a member of the Board of Trustees to provide financing to produce a movie. Management evaluated the financial recoverability of this investment and determined that the marketing value was there, but the financial return required an impairment. Therefore, as of June 30, 2025, the carrying value of the University's investment in the company was \$400, which is included in other investments on the accompanying statement of financial position. During the year ended June 30, 2025, the University received a total of \$130 from officers of the University and \$98 from six members of the Board of Trustees. During the year ended June 30, 2024, the University received a total of \$8 from officers of the University and \$6 from a member of the Board of Trustees.

17. Subsequent Events

Events and transactions have been evaluated by the University for possible adjustment and/or disclosure through the date of this report.

SUPPLEMENTARY INFORMATION

For the years ended June 30, 2025 and 2024
(In thousands)

Related-Party Transactions

Related-party transactions include transactions between the University and certain members of its Board of Trustees and its affiliates. As the University participates in the Title IV programs administered by the Department of Education pursuant to the Higher Education Act, the University must comply with the regulations promulgated under the Higher Education Act. Those regulations require that all related-party transactions be disclosed, regardless of their materiality to the financial statements. During the year ended June 30, 2024, the University did not engage in transactions with companies owned by or affiliated with members of the Board of Trustees. During the year ended June 30, 2025, the University made a \$1,000 investment in a company owned by a member of the Board of Trustees to provide financing to produce a movie. Management evaluated the financial recoverability of this investment and determined that the marketing value was there, but the financial return required an impairment. Therefore, as of June 30, 2025, the carrying value of the University's investment in the company was \$400, which is included in other investments on the accompanying statement of financial position. During the year ended June 30, 2025, the University received a total of \$130 from officers of the University and \$98 from six members of the Board of Trustees. During the year ended June 30, 2024, the University received a total of \$8 from officers of the University and \$6 from a member of the Board of Trustees.

90/10 Disclosure

The University derives a substantial portion of its revenues from Federal educational assistance received directly by the school or by its students. To continue to participate in the programs authorized by Title IV of the Higher Education Act ("HEA"), the University must comply with the regulations promulgated under the HEA. The regulations require a proprietary school to derive at least 10 percent of its cash basis revenues for each fiscal year from sources other than Federal funds (the "90/10 revenue test"). If a school receives more than 90 percent of its cash basis revenues from Federal funds during its fiscal year, the school becomes provisionally certified for the next two fiscal years. If a school fails to satisfy this 90/10 requirement for two consecutive years, the school will lose its ability to participate in Title IV programs. Using the Department of Education's cash-basis, regulatory formula for the 90/10 Rule as in effect for its 2025 and 2024 fiscal years, the University derived 68.01% and 67.2%, respectively, of its 90/10 revenue from Federal Student Aid program funds for the years ended June 30, 2025 and 2024, as shown on pages 30 and 31.

Financial Responsibility

The U.S. Department of Education requires additional disclosures deemed necessary to calculate certain ratios for determining sufficient financial responsibility under Title IV. These disclosures are not required by accounting principles generally accepted in the United States of America but are intended for use by the U.S. Department of Education and to ensure compliance with Federal Title IV regulations.

For the year ended June 30, 2025, the University's composite score was 1.9, as calculated on page 37.

The information presented on pages 29 through 37 is required by the U.S. Department of Education and presented for purposes of additional analysis and is not a required part of the basic consolidated financial statements.

The consolidated financial statements and accompanying notes should be read in connection with the supplementary information.

Calculating the Composite Score	Lines		
*Primary Reserve Ratio = Adjusted Equity	31 - 12 - (5 + 11) - (9 + M10) + 28 + (M16 + M18 + M20 + M21 + M24 + M25 + M26)	221,579	0.1394
/Total Expenses and Losses	41 + 45 + 46 + 47	1,589,583	
*Equity Ratio = Modified Equity	31 - (5 + 11) - 12	454,674	0.2276
/Modified assets	14 - (5 + 11) - 12	1,997,814	
Net Income Ratio = Income Before Taxes	49	37,422	0.0230
/Total Revenue and Gains	35 + 43 + 44	1,627,005	

***All pre-implementation right-of-use assets and liabilities are removed from total assets and total liabilities M# - Modified for the right-of-use liabilities pre-implementation and post implementation debt not directly related to purchase of assets.**

Step 1: Calculate the strength factor score for each ratio by using the following algorithms

Primary Reserve strength factor score = 20 x the primary reserve ratio result

Equity strength factor score = 6 x the equity ratio result

Net Income strength factor score = 1 + (33.3 x net income ratio result)

If the strength factor score for any ratio is greater than or equal to 3, the strength factor score for the ratio is 3

If the strength factor score for any ratio is less than or equal to -1, the strength factor score for that ratio is -1

Step 2: Calculate the weighted score for each ratio and calculate the composite score by adding the three weighted scores

Primary Reserve weighted score = 30% x the primary reserve strength factor

Equity weighted score = 40% x the equity strength factor score

Net income weighted score = 30% x the net income strength factor score

Composite Score = the sum of all weighted scores

Round the composite score to one digit after the decimal point to determine the final score

RATIO	Ratio	Strength Factor	Weight	Composite Score
Primary Reserve Ratio	0.1394	2.7879	30%	0.8364
Equity Ratio	0.2276	1.3655	40%	0.5462
Net Income Ratio	0.0230	1.7659	30%	0.5298
				1.9123
TOTAL Composite Score - Rounded				1.9

The consolidated financial statements and accompanying notes should be read in connection with the supplementary information.

Grand Canyon University
Notes to the Schedule of Expenditures of Federal Awards
For the year ended June 30, 2025

1. Basis of Presentation

The accompanying schedule of expenditures of federal awards (the Schedule) includes the federal award activity of the University under programs of the federal government for the year ended June 30, 2025. The information in the Schedule is presented in accordance with the requirements of Title 2 U.S. Code of Federal Regulations (CFR) Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Because the Schedule presents only a selected portion of the operations of the University, it is not intended to and does not present the financial position, changes in net assets, or cash flows of the University.

2. Summary of Significant Accounts Policies

Expenditures reported on the Schedule are reported on the accrual basis of accounting. Such expenditures are recognized following the cost principles contained in the Uniform Guidance, wherein certain types of expenditures are not allowable or are limited as to reimbursement.

3. Indirect Cost Rate

The University has elected to use the 10% de minimis indirect cost rate allowed under the Uniform Guidance for the following Federal Grant Program:

<u>Federal Assistance</u> <u>Listing Number</u>	<u>Program Name</u>
12.902	DOD Information Security Grants
12.903	DOD GenCyber
17.259	DOL – WIOA Youth Activities
47.076	NSF – STEM Education

4. Awards to Subrecipients

The University did not make awards to subrecipients for the year ended June 30, 2025.

Part II

Reports on Internal Control and Compliance

**INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER
FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS
BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN
ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS**

To the Board of Trustees of
GRAND CANYON UNIVERSITY
Phoenix, Arizona

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the consolidated financial statements of Grand Canyon University and Subsidiaries (the "University"), which comprise the consolidated statement of financial position as of June 30, 2025, and the related consolidated statements of activities, and cash flows for the year then ended, and the related notes to the consolidated financial statements, and have issued our report thereon dated December 8, 2025.

Report on Internal Control Over Financial Reporting

In planning and performing our audit of the consolidated financial statements, we considered the University's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the consolidated financial statements, but not for the purpose of expressing an opinion on the effectiveness of the University's internal control. Accordingly, we do not express an opinion on the effectiveness of the University's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements, on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's consolidated financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that have not been identified.

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether the University's consolidated financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the consolidated financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the University's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the University's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

San Diego, California
December 8, 2025

**INDEPENDENT AUDITORS' REPORT ON COMPLIANCE FOR EACH MAJOR
PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE
REQUIRED BY THE UNIFORM GUIDANCE**

To the Board of Trustees
GRAND CANYON UNIVERSITY
Phoenix, Arizona

Report on Compliance for Each Major Federal Program

Opinion on Each Major Federal Program

We have audited Grand Canyon University and subsidiaries' (the "University") compliance with the types of compliance requirements identified as subject to audit in the OMB *Compliance Supplement* that could have a direct and material effect on each of the University's major federal programs for the year ended June 30, 2025. The University's major federal programs are identified in the summary of auditors' results section of the accompanying schedule of findings and questioned costs.

In our opinion, the University complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2025.

Basis for Opinion on Each Major Federal Program

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Our responsibilities under those standards and the Uniform Guidance are further described in the Auditors' Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of the University and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal program. Our audit does not provide a legal determination of the Organization's compliance with the compliance requirements referred to above.

Responsibilities of Management for Compliance

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules, and provisions of contracts or grant agreements applicable to the University's federal programs.

Auditors' Responsibilities for the Audit of Compliance

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on the University's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards, *Government Auditing Standards*, and the Uniform Guidance will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about the University's compliance with the requirements of each major federal program as a whole.

In performing an audit in accordance with generally accepted auditing standards, *Government Auditing Standards*, and the Uniform Guidance, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the University's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- Obtain an understanding of the University's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of the Organization's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

Report on Internal Control over Compliance

A *deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the Auditors' Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance may exist that were not identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.
